and the Egyptian pronunciation is (as far as types can give it) Ked-o-wah. In the language used in Egypt there is no sound of v, and that letter is orally rendered w, as Derwish Pasha for Dervish, etc.—[*Troy Telegram.*

Every week or two we have advices that some exceedingly cautious and prudent man's stocking full of money has been burned or stolen. There are men who distrust everybody, who cannot trust the banks or the savings institutions or borrowers, and who put their money between the matrasses or under a corner of the carpet. Such a man is Stephen Day, who lives in New Comers-town, Ohio. Mr Day is now 70 years old, and has saved his spare change for three score years and tucked it away in a tin box in his cupboard, until one day last week he counted it over and it counted up $73,-000. Saturday, an enterprising thief, who had learned Mr. Day's peculiarities, stole the box with its contents and escaped. Mr. Day is now inclined to believe that if he were to live his life over again he would take a more favorable view of banking institutions. We recently reported a fire in Maine in which a man lost a considerable sum of money, deposited in his bed. Absolute safety we never attain ; but a tin box or a counterpane is by no means the safest possible bank of deposit.

☞ We understand that Mr. Frank Jordan, of the Savings Bank, has been superannuated, and that Mr. Chestnut, of the Audit Office fills the vacancy.

☞ The Baptist Seminary was opened on Tuesday with about 40 pupils in attendance, and large additions are expected within a few days. The regular work of the term commenced Wednesday morning.

THE NEWS OF THE WEEK.

SAINT JOHN, N. B., OCTOBER 13, 1882

NEW BRUNSWICK.

The following is the statement of the Savings Bank for September, 1882. Deposits, $130,249.32; withdrawals, $86,156.54.

News has reached Fredericton of the death of Miss Gertie Barker, whose unfortunate marriage to Oliver, subsequently convicted of bigamy, will be remembered.

The steam saw mill at Thegomoce, York County, N. B., owned by John Marks, of St. Stephen, and occupied by James Murchie & Sons, of Calais, was burned October 5th. Loss $4,000.

On Thursday evening two special trains collided on the Northern Division of the Intercolonial, not far from Millstream station. Both locomotives and some cars were badly smashed up. No lives were lost.

Maurice Macklin, a resident of Gibson, while out partridge shooting Friday afternoon was accidently shot in the heel by his companion, named Savage. The gun contained a heavy charge of buckshot at the time.

A man named McLeod, of Spring Hill, N. S., attempted suicide on the northern train as it was coming down to Moncton, last week. Dr. Chandler dressed the wound which is of a serious nature. McLeod is about 40 years of age. He had started for Winnipeg a few days ago.

About 7 o'clock last night, a horse driven by two men named Ramsay and Logan ran away on Sawdust street, Portland, smashing the wagon and throwing them out. Ramsay had one of his arms broken, Dr Gilchrist being called upon to render surgical aid. The horse escaped injury.

Fire was discovered in the new house being built by Mr. P. Danaher at the Suspension Bridge, on Monday morning about 2 o'clock. The fire had evidently been kindled by incendiaries, as it was found to be among a few barrels of shavings in the second story, and one of the temporary cotton windows was found cut out. The fire was extinguished by the neighbours with water from a well close by.

A son of Mr. Walter Lane, Portland, was shot in the back, on Thursday, at South West Head, Grand Manan. A gun in the hands of a lad named Kent was discharged, by accident, the boy placing a cap on the gun, not being aware that it was loaded. The contents, small bird shot, entered young Lane's back, badly mutilating the flesh. The wounded boy was brought to the city in the steamer *Dominion* and is now being attended by Dr. Earle.

A SINGULAR FIRE.—Mrs. McNaughton, who resides in a house off Brussels street owned by Mrs Corkery, visited a neighbour's to attend a sick woman on Monday evening last, and left a lamp, with about a quart of oil, burning on the table. In her absence it is supposed the cat knocked the lamp over it and set fire to the table cloth, the window blind, a dress, and a pair of pants which were hanging close by. The curtain roller burnt down into the floor, and then went out. Nothing was known of the fire until Mrs. McNaughton returned in the morning.

The death of Oliver Crossman, a section foreman on the Intercolonial Railway, at Dalhousie, was reported last Friday. The body was found on the track a few yards south of that station, about 8.30 p. m., Tuesday night. Deceased got on board the regular freight train at Eel River, a station a few miles south of Dalhousie, and nothing more was seen of him until he was found on the track. His head was badly cut, and the clothing very much torn. Deceased was about 25 years of age, and unmarried.

About 9 o'clock Saturday morning, (in Fredericton) Mr. Andrew Inches, on coming from his house noticed the body of a woman lying on the bank of the river opposite his residence. On examining the body he found it to be a corpse. The woman's name is Mrs. White, the wife of the late Hawtray White, and sister of Thomas Smith, blacksmith, King Street. She has been stopping with her brother for some time, but went out on Friday morning and did not return. She has been accustomed, it appears, to drink more or less.

Operations are now being conducted on a large scale at Lepreaux in the search for paying deposits of anthracite coal, and according to the testimony of members of the company, with good prospects of success. The prospecting is under the direction of an experienced Philadelphia expert, who has sunk a row of pits some fifteen yards apart, running north and south for fully half a mile across the district where the indications are deemed to be most favorable. Not long ago, he is said to have struck a seven feet vein, the drift of which he is investing more closely.

"The Forty Thieves" is the name of a gang of juvenile offenders, several of whom have been trapped by the city police. Jas. Paddock, Edward Brennan, Cornelius Johnson, Jas. Hamilton, Chas. McLaughlan, and John Ward, ranging from 10 to 15 years of age, were before Police Magistrate Peters, yesterday, charged with breaking windows in Leinster street and Elliott Row. McLaughlan did the confessing for himself and the others, but it seems that they have been stealing cigars from S. H. Hart and others. Ward was released of paying $2 for the windows damaged ; Hamilton was released, Johnston got off and the other three were locked up. Still there's more to follow.

COLLISION ON THE I. C. R.—A "rear" collision occurred on the I. C. R. at Boundry Creek station Tuesday morning. No 12 freight from St. John was behind time and Conductor McNaughton's ballast train was awaiting her arrival at Boundry Creek. The ballast had orders to work on the main line, but probably exceeded the time allowed, and was just taking the siding when the freight came up in the rear and a collision occurred. Spurgeon Hillson, of Moncton, a brakeman, off duty at the time, was asleep on a seat in the ballast van, and was pretty badly injured. He had several of his ribs broken and the left side of his head was injured. The van was badly smashed and several cars damaged. Hillson's brother, the only other occupant of the van, was slightly hurt. Dr. Balcom of Moncton went down in a special sent from here to transfer the passengers from the express. Mr. Hillson, who had only been a week on duty, having just recovered from a serious illness, was made as comfortable as possible, and brought to his home, which is on Lutz street, at 6.30 this a. m. The shock and the injuries have left him in a very weak condition.—*Moncton Times, 10th.*

NOVA SCOTIA.

The Marine and Fisheries Department is considering the advisability of adopting a fish pass patented by Mr. James A. Grant, of Halifax, for use in salmon streams. It will allow the fish to ascend to their natural spawning ground and do away with the necessity of maintaining the fish hatcheries at present in use.

Arrangements are being rapidly completed for the District Exhibition to be held in Yarmouth on Thursday and Friday of this week. Lieut. Gov. Archibald will deliver the opening address at the rink. The entries already number over one thousand, and from present appearances the exhibition will be a great success. Excursion rates are secured on all approaching lines of travel to Yarmouth.

The steamer *Cedar Grove*, recently built in England for the lately organized New Brutswick Steamship Co., arrived at Halifax, Oct. 10, from London, with a full cargo of general merchandise for Halifax, St. John and provincial towns. The *Cedar Grove* is a brig-rigged iron ship of 2,700 gross tons, 1,437 nett, and was launched by Messrs. Osborne, Graham & Co., of Hilton-on-Tyne, in August. She draws, when laden, 24 feet of water aft, and 23 forward. She has compound engines of two hundred horse power, and on her trial trip steamed 11 knots an hour. On the passage across against continual northwest and southwest gales, she kept up her speed remarkably, never getting below 8 knots. There are about 1,700 tons of cargo landed at Halifax and 1,000 tons on board for St. John. The steamer is in command of Capt. Jacob Fritz, of St. John, who has been in the employ of Messrs. Troop & Sons, of that city, managing owners of the steamship company, for 35 years.

ENGLISH AND FOREIGN.

EGYPT.

LONDON, Oct. 6.—*Daily News'* Cairo correspondent says an important phase of the political situation there is the growing difference between Egyptian ministers in regard to the future form of government. One party favors the autocratic system for some years, and another party advocates the relation and development of the system established under the first constitution.

The *Daily News'* Alexandria correspondent says Arabi telegraphed there for counsel. The persons applied to decline to defend him, it is said, because they are afratd of losing their clients. Arabi will therefore probably be convicted with ease.

The *Daily News'* Berlin correspondent says the negotiations of the powers on the Egyptian question are progressing favorably. The exertions of Germany to bring about a friendly understanding between the powers most interested in the eastern question, are meeting with considerable success.

A correspondent at Cairo says Arabi believes that his life is in danger. There have been certain incidents which might demoralize Circassians guarding him. One of the Khedives entourage has been heard to say that he would like to administer to Arabi a cup of bad coffee, and the Khedive has remarked that he and Arabi could not live in the same country.

PARIS, Oct. 6.—The *Temps* says England entertains a plan for the re-organization of the financial affairs of Egypt by the suppression of the control and an extension of the powers of the public debt commission.

ALEXANDRIA, Oct. 6.—There are 80 cases of typhoid fever in Ramleh hospital.

CAIRO, Oct. 6.—Sultan Pasha has received a gift of £10,000, as a reward for his loyalty.

LONDON, Oct. 7.—The Cologne *Gazette's* Cairo correspondent declares the Egyptian wounded were murdered by the British in the trenches at Tel El Kebir long after all resistance ceased. A letter from a noncommissioned officer of the 42nd Regiment, published in the *Times*, says the orders were to spare none of the enemy and to bayonet every one of them, as they would shoot the soldiers treacherously if the latter passed them.

Both the European residents and Egyptians regard a return to the system of joint control, as being the worse possible solution to the difficulties of the situation.

ROTHERHAM, Eng., Oct. 9.—At a conference of delegates representing 2,800 colliers, it was resolved that notice to employers for an advance of 15 per cent. be given. The masters at a meeting on Friday refused to accede to the demand. It is probable a strike will be ordered.

LONDON, Oct. 10.—The North Staffordshire coal mine owners acceded to the application of miners for the advance of ten per cent. in wages. Twenty thousand men are affected by this decision.

A conference of coal miners representing nine counties of England will meet at Manchester, on Friday, to decide upon the time at which notices shall be given for the general stopage of work, especially in Yorkshire.

PANAMA, Oct. 11.—An Indian from San Blasa district, in this State, on the Atlantic, brings in a report that on Sept 7th, the day on which the earthquakes occurred here, there were four tidal waves, which overwhelmed and destroyed or badly damaged six or seven little villages on the Island and mainland and drowned about 70 persons.

UNITED STATES.

ST. LOUIS, Mo., Oct. 8.—By the premature explosion of a blast, on Friday evening, near Mountain Store, on the Springfield and Memphis Railroad five laborers were killed and six others seriously injured.

ELAPSO, Ill., Oct. 10.—A fire here, this afternoon, burned an entire block of wooden buildings, including the Elapso Hotel and 14 business houses. Loss, $100,000.

COLUMBUS, Ohio, Oct. 11.—Latest returns from the State election indicate a Democratic majority of 20,000.

NEW YORK, Oct. 11.—Henry Ward Beecher formally withdrew from all connexion with the New York and Brooklyn Association of Congregational Churches, yesterday.

A daring murder and robbery occurred at Waupaca, Wis., Sunday night, the victim being H. C. Mead, a wealthy banker, who had been in business there for thirty years. He was an eccentric bachelor, sixty years old ; he slept in the bank and boarded at a hotel. He was missed and search being made he was found dead on the floor of his room in the bank, having evidently been shot from the window as he was sitting at his desk The safe had been opened and several hundred dollars in money and bonds taken. There is no clue to the assassin at present.

A barrel containing 50,000 loaded breech loading caps blew up at the Union metallic cartridge shop, in Bridgeport, Conn., about 5 o'clock on Monday afternoon, with terrible force. The building in which it was located was blown to atoms, but fortunately no one was injured.

An explosion occurred at Milwaukee on Tuesday night, in the hardware establishment of James Khoernschild. A small fire started in the basement and while three firemen were extinguishing the embers the explosion occurred. Two firemen named Brand and Thessen were terribly burned, Brand fatally, loss $50,000.

ST. JOHN, N. F., Oct. 9.—Steamship "Herder" is reported lying starboard side under water and there is little probability of the hull breaking up unless the wind shifts more to the westward, when a heavy sea would heave in and render the removal of the cargo nearly impossible. There were 288 persons all told on board, namely 170 passengers and a crew of 118. All were landed in safety and are being well cared for by the few families living near the scene of the wreck. The passengers and crew speak in the highest praise of the conduct of Capt. Tischboien and officers. There was no panic among the passengers and no disposition manifested to disobey order. The steamer "Neptune" left to-night for the wreck with a large supply of provisions. The passengers and crew are expected here to-morrow night.

Publishers' Department.

Every Free Baptist Minister in New Brunswick and Nova Scotia is authorized to act as agent for the INTELLIGENCER, and will receive and forward subscriptions, old and new.

HINTS.

Every subscriber, in sending his subscription should give his correct Post Office address. He should never assume that the editor or mailing clerk will know the P. O. Address simply by seeing the subscriber's name.

It is best always to remit by Post-Office order, when one can be obtained.

When fractions of a dollar are to be sent Post stamps can be used. *One cent stamps are preferred.*

When a paper fails to reach a subscriber, or is received by him irregularly, he should promptly notify us. We can have no knowledge of the trouble unless notified.

Young men or middle aged ones, suffering from nervous debility and kindred weaknesses should send three stamps for Part VII of World's Dispensary Dime Series of books. Address WORLD'S DISPENSARY MEDICAL ASSOCIATION, Buffalo, N. Y.

BOGUS CERTIFICATES.

It is no vile drugged stuff, pretending to be made of wonderful foreign roots, barks, &c., and puffed up by long bogus certificates of pretended miraculous cures, but a simple, pure, effective medicine, made of well known valuable remedies, that furnishes its own certificates by its cures. We refer to Hop Bitters, the purest and best of medicines.—*Republican.*

MADOC, Ont., Feb. 16, 1880.

HORACE SEYMOUR writes :—Perry Davis' Pain-Killer as a family *cure all* has been in constant use in my household for a long term of years, and I would never desire a better one. It never fails me. I call it the "Old Reliable."

THE PROGRESS OF MEDICAL ENLIGHTENMENT has led to the abandonment of many antiquated remedies of questionable value, and the adoption of newer and more rational ones. Prominent among the latter is Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, the justly celebrated Blood Purifier, a comprehensive family remedy for liver complaint, constipation, indigestion, loss of physical energy, and female complaints.

One of the greatest trials that housekeepers have to undergo during the hot weather, is that of washing day. Happily there is practical relief for them in the use of James Pyle's Pearline.

oct 6—1m.

MR. SPURGEON ON GOOD HEALTH.

In the March (1880) number of his Magazine, Mr. Spurgeon, in speaking of the gratitude good health ought to inspire, says it is a boon, which many would give a fortune to inherit ; while others who have the blessing, hardly so much as thank the giver for their privileges. Like a pearl or priceless jewel, health is too frequently trampled under foot by the strong who misuse their powers. Speaking of his own health recently restored he says : "It is enough of pleasure to be free from pain." Yes, health, like time, we only note by its loss. Were it not so we would not permit the cough to go unheeded until it takes such a hold that it can with difficulty be shaken off, but would at once resort to Dr. Wilson's Pulmonary Cherry Balsam, a pleasant, swift, and radical cure for Asthma, Bronchits, Influenza, and similar diseases.

For the benefit of our readers we give this week a sure cure for colic or belly ache in horses. To one bottle *Johnson's Anodyne Liniment* add same quantity of molasses and same quantity of water, and pour down the horse's throat.

A man recently asked in a drug store for a box of rough diamonds, but the druggist knew no such remedy. After much parley the druggist found that his customer wanted *Parsons' Purgative Pills.* He says, "That's the only fit name for 'em."

PAIN AND SUFFERING

Is the common lot of all. Our earliest days give manifest proof of this, and we are never long permitted to forget it. If corns should in your case be the thorn in the flesh go at once and buy a bottle of PUTNAM'S PAINLESS CORN EXTRACTOR, and be surprised at the rapidity, the freedom from pain and the success that marks its work. Sold everywhere. N. C. POLSON & CO., Proprietors, Kingston.

"WOMAN AND HER DISEASES"

is the title of an interesting treatise (96 pages) sent, postpaid, for three stamps. Address WORLD'S DISPENSARY ASSOCIATION, Buffalo, N. Y.

All who are of a full habit, or subject to apoplexy or epileptic fits, should never be without a supply of Dr. Wilson's Anti-bilious and Preserving Pills, as they will find a safeguard in occasional doses of them. In every instance they have been attended with the most successful results.

☞ Nothing so simple and perfect for coloring as the Diamond Dyes. For carpet rags, better and cheaper than any other dye-stuff.

NEURALGIA, by which so many lives are made wretched, is always alleviated, and in many instances permanently cured, by "*Penetrating*" Liniment. Why suffer, when a 25 cent bottle is sure to afford relief, and likely to affect a cure. Its penetrating properties are such that its effects on this disease are manifested in a few minutes. For sale by all druggists and general dealers in Canada.

NO LADY who delights in flowers, and likes to see them do well and bloom abundantly, should be without *Hanington's Food for Flowers.* Ordinary packages 30c. sufficient for twenty plants for one year. oct 6—1m.

Mr. Abraham Gibbs, Vaughan, writes : "I have been troubled with Asthma since I was ten years of age, and have taken hundreds of bottles of different kinds of medicine, with no relief. I saw the advertisement of Northrop & Lyman's Emulsion of Cod Liver Oil with Lime and Soda, and determined to try it. I have taken one bottle, and it has given me more relief than anything I have ever tried before, and I have great pleasure in recommending it to those similarly afflicted.

MOTHERS! MOTHERS!! MOTHERS!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it ; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere at 25 cents a bottle. jan. 28—1y.

A PERSISTENT FRIEND'S SUCCESS.

'Tis wonderful to what an extent men as a whole depend upon their friends for guidance. Sometimes these friends are honest and capable while at others the contrary is the case. The following incident is eloquent in the unconscious praises of one of the former class. "I have suffered from the rheumatism during the last winter more than I now can write. It makes me shudder now to think of my pains with every change of weather. A friend brought me a bottle of Dr. Dow's Sturgeon Oil Liniment and insisted on my using it. I did so and am now as well as ever." Mr. B. G. Agler, Marchville, Ont., also is aware that this liniment cures lumbago, sciatica, and other and painful diseases of like nature.

We have no nervous tonic at once so reliable and convenient as Fellows' Compound Syrup of Hypophosphites, and we, therefore, gladly recommend it in the diseases of such organs as depend for health upon involuntary muscular action.

* Lynn, Mass., always was a good place for health, but it has become a modern Bethesda since Mrs. Lydia E. Pinkham, of 233 Western Avenue, made her great discovery of the Vegetable Compound, or panacea for the principal ills that afflict the fair creation. This differs, however, from the ancient scene of marvelous cures in this important particular : The healing agent, with all its virtues, can be sent to order by express or mail all over the world.

Amos Hudgin, Toronto, writes : "I have been a sufferer from Dyspepsia for the past six years. All the remedies I tried proved useless, until Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure was brought under my notice. I have used two bottles with the best results, and can with confidence recommend it to those afflicted in like manner."

*** "Do not grasp at the shadow and lose the substance," Kidney-Wort is able to convert you from a shadow of your former self into the substance of established health. Said a sufferer from kidney trouble when asked to try Kidney-Wort for a remedy. "I'll try it, but it will be my last dose." It cured him and now he recommends it to all. If you have disordered kidneys don't fail to try it.

N. McRae, Wyebridge, writes : "I have sold large quantities of Dr. Thomas' Eclectric Oil ; it is used for colds, sore throat, croup, &c., and in fact for any affection of the throat it works like magic. It is a sure cure for burns, wounds, and bruises."

PERSONS OF SEDENTARY HABITS are frequently troubled with excessive languor, (especially in the mornings) want of appetite, dimness of vision, confused mind, and imperfect memory. A few doses of Hanington's Quinine Wine and Iron, and Tonic Dinner Pills, speedily remove these manifestations of a debilitated stomach. Beware of imitations. See that you get "Hanington's," the *original* and *genuine.* For sale by all druggists and general dealers in Canada.

☞ AFTER AN ATTACK OF FEVER, MEASLES, Diphtheria, or any wasting disease, Hanington's Quinine Wine and Iron is the best medicine to take. It gives lasting strength. oct 6—1m.

If you are going West, purchase your Tickets from G. A. Freeze, the agent on Water Street, St. John. Passengers for Winnipeg or other western points have choice of route. Cushioned seats provided for all classes and baggage checked through. ap23-1y

Mrs. O'Hearn, River Street, Toronto, uses Dr. Thomas' Eclectric Oil for her cows for Cracked and Sore Teats ; she thinks there is nothing like it. She also used it when her horses had the Epizootic with the very best results.

ORGANS AND PIANOS.

The Mason Hamlin Co. whose Cabinet Organs have long been the most famous in the world, have issued a new catalogue, adding a number of new styles to the more than one hundred they have made before. They now furnish an organ with sufficient power and compass for ordinary use, for $22.00, from which the prices increase by small additions to $500.00 or more.

They received last week an order for one of their largest organs, for the personal use of Dr. FRANZ LISZT, of Pesth, Hungary ; than whom there is certainly no more eminent musician living.

This Company has also commenced the manufacture of piano-fortes, embodying important improvements, which are said not only to improve this instrument in general excellence, but especially to add to its durability. Tests during the last two years are said to prove that they will not require tuning one-quarter as much as has been necessary in pianos without these improvements. The reputation of the Mason & Hamlin Co. is sufficient to insure that they will produce only the very best instruments. —*Christian at Work.*

REST AND COMFORT TO THE SUFFERING.

"BROWN'S HOUSEHOLD PANACEA" has no equal for relieving pain, both internal and external. It cures Pain in the Side, Back or Bowels, Sore Throat, Rheumatism, Toothache, Lumbago and any kind of a Pain or Ache. "It will most surely quicken the Blood and Heal, as its acting power is wonderful." "Brown's Household Panacea," being acknowledged as the great Pain Reliever, and of double the strength of any other Elixir or Liniment in the world, should be in every family handy for use when wanted, "as it really is the best remedy in the world for Cramps in the Stomach, and Pains and Aches of all kinds," and is for sale by all Druggists at 25 cents a bottle. jan. 28—1y.

Dr. J. Corlis, St. Thomas, writes : "During ten years' active practice I have had occasion to prescribe Cod Liver Oil and Hypophosphites. Since Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda came under my notice, I have tried it, and take great pleasure in saying that it has given great satisfaction, and is to be preferred to any I have ever used or recommended. I have used it in my own family almost as a beverage during heavy colds, and in every instance a happy result has followed. I cheerfully recommend its use in all cases of debility arising from weakness of the muscular or nervous system."

SET BACK 42 YEARS.

"I was troubled for many years with Kidney Complaints, Gravel, &c. ; my blood became thin ; I was dull and inactive ; could hardly crawl about ; was an old worn out man all over ; could get nothing to help me, until I got Hop Bitters, and now I am a boy again. My blood and kidneys are all right, and I am as active as a man of 30, although I am 72, and I have no doubt it will do as well for others of my age. It is worth a trial.—(Father.) —*Sunday Mercury.*

A DEAD SHOT

may be taken at liver and bilious disorders with Dr. R. V. Pierce's "Pleasant Purgative Pellets." Mild yet certain in operation ; and there is none of the reaction consequent upon taking severe and drastic cathartics. By druggists.

NOTICE.

Harmony Quarterly Meeting Free Baptists of Nova Scotia, will meet at Caledonia Corner, Queen's Co., N. S., with Harmony Church, Saturday, Lord's Day, and Monday, Oct. 21, 22 and 23, 1882. Social Conference 2.30 p. m., Saturday.

S. NASON ROYAL, Q. M. Clerk.

Sufferers
—WITH—
SORE EYES!
READ THIS!

C. Gates, Son & Co.—

Gentlemen,—This is to certify that four years ago I purchased from your travelling agent a bottle of your valuable EYE RELIEF, on account of suffering with weak and sore eyes, and by using it as directed, in less than one week I found my eyes quite strong, and suffered no more pains as before with them. A man came into my store unable to work, having had his eye struck wit a piece of coal while cutting it with a pick in the pit. I told him I had some of GATES' EYE RELIEF tha had cured mine, and that I would let him try it, which he did, and in three days brought the phial back with his eye quite well. I have also given others a trial of it with the same magic effects. I have been thinking for the last six months how I could get another bottle, not knowing it was in the place. Dear sirs, you can make use of this as you think proper.

Yours truly,
DONALD McINNIS.

Sold by druggists and dealers throughout the Maritime Provinces.
