for the Halifax school, and if after inspecting the school in St. John, the Government thought it worthy of a grant they would bestow one on it The item passed.

The House had its first evening session on Monday. The time, it was thought would be chiefly occupied in granting supply, but it was occupied in speech making.

On the item of $2,000 for school houses in poor districts, Mr Willis inquired what information the Government had as to the amount received.

Mr. Fraser explained the system of giving the money, and said some districts were not in a position to ask for the money last year, as they could fulfil all the conditions.

Mr. Morton hoped there would not be a dissenting voice on this item. He would like to see the grant increased, for in some settlements children have to travel four miles to attend school.

In reply to Mr. Blair, Mr. Fraser said the grant was not for any particular county, but all share in it. He had no doubt there were applications sufficient to cover the amount. The item passed.

Tuesday.—Mr. Willis asked the Speaker if the evidence taken from the Clerk of the Pleas Committee would form part of appendix in the journal and was replied to in the affirmative.

In reply to an inquiry from Dr. Vail as to whether it was the intention of the government to grant a subsidy to the ferry between Clifton and Rothesay. Mr. Wedderburn said they would take it into consideration.

The order of the day for supply having been read, Mr. Hutchinson moved in amendment his resolution to the effect that it is undesirable at the present day to fill the vacancies in the Legislative Council. Mr. Hutchinson, during the course of his remarks, maintained that the usefulness of the Council was not at all impaired by the vacancies in that body.

Mr. Blair seconded the resolution. He contended that there was nothing imperative that required the vacancies being filled. He also pointed out the influence such vacancies gave to the Government and maintained that it was but just to wait until people had expressed their views respecting the abolition of the council.

The Attorney-General believed that the adoption of the resolution, would be adverse to the administration of affairs in the Province. The Government's hands ought not to be tied. He wanted to know where they got authority for stating that the Government was considering the advisability of filling the vacancies.

LITERARY NOTES.

HARPER'S MAGAZINE for April is a strikingly beautiful and interesting Number. It contains two full page illustrations printed separately on heavy paper—one, which is placed as a frontispiece to the Number, from a drawing by C. S. Reinhart, illustrating Mr. Lathrop's "Spanish Vistas;" the other, a fine portrait of Mr. Gladstone.

The Number opens with the first of a series of papers entitled "Spanish Vistas," with sixteen illustrations.

"Mr. Gladstone at Hawarden," with seven illustrations besides the portrait of Mr. Gladstone, is a familiar sketch of the English Primier and his home surroundings, and will be read with eager interest.

In "Silver San Juan" Ernest Ingersoll describes an interesting corner of Colorado, and one of the richest mineral fields in that State. The article is illustrated from twelve drawings.

Prof. B. L. Gildorsleeve contributes an interesting paper on Pheidias's masterpiece, the Athena Parthenos, with an illustration of the statuette recently discovered at Athens.

The first of two papers on Wood-Engraving is devoted to the early history of the art. The article is illustrated from fac-similes of old engravings.

David D. Lloyd contributes an exceedingly humorous sketch, entitled "Poor Ogla Moga," a satire upon the treatment of the Indian Question by the ultra-sentimentalists, with six characteristic illustrations.

N. H. Egleston contributes an important paper, entitled "What We Owe to the Trees."

As usual, some of the most interesting matter in the Number is to be found in Mr. Curtis's department, the *Easy Chair*. The other Editorial Departments are well sustained. In particular, the *Drawer* contains some very entertaining contributions, among which may be mentioned Rose Hawthorne Lathrop's poem, "Used Up;" another poem, by I. M. Gregory, entitled "A Modern Witch;" and "How Omens are Verified," by J. H. Williams, of the Norristown *Herald*.

The April WIDE AWAKE opens seasonably with a charming Easter Frontispiece illustrating Mrs. Hitt's Easter-time story of "How Jacky went to Church." Following, comes "Little Peachling," a Japanese Folk-Lore story, the first of the promised Folk-Lore Ballads. Then there is a jolly story for the boys, one of the healthful flavorous wood-stories of pioneer life with which this magazine often provides its readers; this one is by Rev. I. L. Beman, and is entitled, "Too Fond of Maple Sugar." Toward the close of the number is another out-of-door story, "A Quaker Boy's First Fox Hunt." Excellent stories, too, are "How Naomi Flooded the Bog," "The Lost Five Dollar Bill," "Punkapog & Boss," and "A Nantucket Story." Mary A. Lathbury and Mrs. Margaret J. Preston have fine illustrated poems: "Fast Day, A. D. 1648," and "A Deep Sea Dream." The serial, "From the Hudson to the Neva," takes us into a region likely to become very interesting in the near future; and "Their Club and Ours," the serial by a boy, sustains its interest and action admirably. Papers of great value are also found in this number: "Short Stories from the Dictionary," "The Æsthetic Movement," the first of the "Wild Flower Papers," exquisitely illustrated, a stirring "Health and Strength Paper," and a paper on "Tree Culture." These latter articles are in the April Readings for Chautauqua Young Folks' Reading Union, WIDE AWAKE being the official organ of that association. Only $2.50 a year. D. Lothrop & Co., Boston.

☞ Nineteen young women received the title M. D. from a Philadelphia Medical College the other day.

☞ One day last week eight tons of cents arrived in Halifax by the steamer from Liverpool. They were sent to Montreal.

☞ The citizens of Carleton, at a public meeting, passed resolutions praying that the City Council do not grant liquor licenses for that part of the City after the expiry of existing licenses.

☞ The names of probable candidates for the next Provincial Election are being freely mentioned. A little later the rumors will be more definite and reliable.

THE NEWS OF THE WEEK.

SAINT JOHN, N. B., MARCH 24, 1882

NEW BRUNSWICK.

Theall, convicted of killing his wife has been sent to the penitentiary for fourteen years.

Mrs. Cougle, an elderly and very respectable lady was knocked into the ditch by a team, on Sunday evening, (Sussex) and very seriously injured, her shoulder being dislocated.

A smoke house belonging to Rich E. Foster of Grand Harbor, Grand Manan, together with 5,000 boxes of herring hanging, was burned on the first inst. Loss $900. No insurance.

Surveys are being made of Fort Dufferin, with a view of making repairs on it. It is proposed to build a wall around the base of the fort to prevent the sea from washing against it, thus preventing any more land slips.

The small pox excitement at St. Croix continues. Shaw's tannery has been obliged to shut down. A large number have been exposed and much excitement exists. Those most exposed are not allowed to wander at large but are kept in rather close quarters.

Last Friday, a young named Frederick Dwyer, while at work at the spool factory, Petitcodiac, was unfortunate enough to have his hand cut off at the wrist, by a circular saw. He was the main support of his aged parents, who reside across the river from Indiantown.

A Seaman Drowned.—Albert W. Wood, of Sackville, one of the crew of the schr. *E. W Bonnel*, which was wrecked last month, lost his life while endeavoring to save some of the wreckage from the schooner. Capt. Hamm, who was in command of the wrecked schooner, has returned to St. John.

A very serious accident occurred at Grand Manan Wednesday afternoon. Mr. George Dalzell fell off Dixon's wharf and received serious injuries, breaking his collar bone and otherwise fracturing his head and shoulder. Under the careful treatment of Dr. Noyes the patient is doing nicely.

The residence of Mr. Geo. S. Grimmer, Chamcook, four miles from St. Andrews, was entirely destroyed early Sunday morning, and the family had much difficulty in escaping with their lives. The building and contents were worth $25,000, only a small fraction of which is covered by insurance.

Jas. Haliday, who was returning to New Glasgow, N. S., from California, whither he had gone nine months ago to see a brother, died on the train from Bangor yesterday morning. He was 36 years old and leaves a wife and five children. The body was taken in charge by Mr. M. N. Powers and forwarded to the man's home.

On Wednesday of last week, Harris McBean, of the Ledge, St. Stephen, while engaged in working in the quarry there, was caught between two large rocks, and had one leg broken and bruised considerably and the other badly injured. So great was the weight of the rock which crushed him that it required several men to move it in order to extricate him. At the same time Joseph Price was badly hurt.

The Queen Hotel and Riverside Hotel stables, Woodstock were burned Friday night, the fire breaking out at 9 o'clock. A heavy wind blew large cinders in all directions, and but for the snow on the roofs a conflagration would have ensued. Many roofs caught, but were promptly extinguished. Mr. Campbell, of the Queen, lost a cow, a lot of hay and oats. The damage is about $100. The loss on the barns is about $1,000.

A Moncton despatch of the 20th says:—To-day, about 12 30 o'clock, as the railway officials were going to dinner, a dispute arose between two of them, S. C. Halls and Stanley Moore, when Moore stabbed Halls in the throat and also inflicted a large wound on the palm of his hand. The disturbance took place in the vicinity of the I. C. R. general offices. Halls bled very freely, and when he reached the Royal Hotel he became so excited that he fainted. He was taken into E. Tingley's store and Dr. Botsford was called and dressed the wound. Moore was afterwards arrested and taken before Mr. Justice Wortman for examination Mr. Thomas stated that Mr. Halls could not give evidence from loss of blood and weakness. Dr. Botsford produced a certificate confirming Mr. Thomas' statement, and the case was adjourned. The accused says Halls assaulted him first and that it was in self-defence the stabbing was done.

Fredericton has had another bigamy case. John Bennet, 23 years of age, who belongs to Halifax, was arrested Monday on a charge of having one wife too many. He was examined before Police Magistrate Marsh and was committed for trial at the County Court, which opened Tuesday. The facts are about as follows, as appears by the evidence: Bennet was married in Carleton, St. John, on July 1st, 1880, by Rev. George A. Hartley, of the Free Baptist Church, to Mary Jane Jones, daughter of Wm. Jones, of Lancaster. They only lived together for a few months, and then Bennet came to Fredricton, where he was employed as hostler in a livery stable. While in this employment he was married to Elizabeth Meade, of Fredericton, on December 12th last, the ceremony being performed by Rev. A. J. Mowatt. Bennet has since been working in Jaffery's furniture factory, St. Mary's. He was arrested Monday morning on the information of Mrs. Eliza Jones, mother of his first wife. Mrs. Jones testified to the marriage, as did also Mr. Hartley, who identified the prisoner and his first wife, who was present in the court, as the parties he had married in July, 1880. The second marriage was proved by the Rev. Mr. Mowatt's testimony. Bennet was on Tuesday indicted by the Grand Jury, and pleaded guilty. On Wednesday he was sentenced to three years in the penitentiary.

NOVA SCOTIA.

The Halifax Gas company has declared a dividend of five per cent. for the last half year.

On Thursday, about one hundred poor children were vaccinated in the Board of Works Office, Halifax.

The Coal Miners of the General Mining Association, at Lingan, C. B., are on strike in consequence of the manager declining to re-employ some discharged union men.

Annapolis is trying to get charge of the garrison grounds for the benefit of the town. These grounds are held by the Imperial Government but are not used in any way.

Messrs. Churchill & Sons, of Hansport, N. S., have two steamers and a schooner on the stocks. One of the steamers is intended to take the place of the *Earl Dufferin*, between Windsor and Parrsboro.

The brigantine *Erin* of Halifax ran ashore Wednesday at Little Hope, near Shelburne. She left here on Friday last for St. John, N. B., to load for Jamaica. The vessel was recently sold to parties in this city.

The schr. *Tracey Jane* of Halifax, 133 tons, Capt. Verge, from St. Domingo for Philadelphia, is a total wreck on Middle reef, Caicos passage. She was owned by H. W. Brown, Halifax, and was insured for $2,500.

The Yarmouth ship *Charles*, Capt. Nickerson, made the round voyage from New Orleans to Havre, and back to New Orleans in 87 days—allowing sufficient time to discharge cargo of cotton at Havre. The *Charles* is owned by Capt. John Murphy.

W. A. Harris, the suspended station master at Windsor Juncton, who was under arrest on a charge of manslaughter through having been the cause of the late fatal accident on the Inter Colonial, was honorably discharged by the Court. The books show that the figures were tampered with at Truro station.

A lot of russets, shipped by Mr. A. Videto, of Bridgetown, per steamer *Copia*, in charge of Mr. Frank C. Whitman, were sold in London at an average of 28s. per bbl., giving the shipper $5 50 clear of all charges. The highest sale was a lot of Roxbury russets at 33s. The *Copia* will leave Annapolis for London direct about the 5th April, and has over 8,000 bbls. apples already engaged.

A drowning accident occured at Richmond, on Tuesday evening, of last week. The cook of the St. John ship *Endymion*, lying at Richmond wharf, Halifax, while attempting to go on board his vessel fell between the side of the ship and the wharf and was drowned. The second mate threw lines but the unfortunate man did not succeed in catching them. It is supposed that when he fell he struck his head, and then sank to the bottom.

Mr. D. A. McDonald brought into Halifax, from the gold claim operated by him at Caribou, a bar of the precious metal weighing 100 ounces, worth about $2,000. It is stated that the cost of producing this fine yield, labor, crushing, etc., was only about $375. The lead from which it is taken is three feet and a half wide, and the yield per ton averages two ounces. This fine property has been sold to Messrs. Adams & DeCamp, of New York, for $80,000.

Notice to Fredericton Subscribers!

A number of our Fredericton subscribers have for several years received their papers at the store of Mr. Geo. F. Atherton. Mr. Atherton, intending in a few weeks to move from the city, we have arranged to have the papers left at the store of Mr. W. H. Vanwart. The subscribers who have been in the habit of calling at Mr. Atherton's for their papers will please remember this change, and after this week call at Mr. Vanwart's. If any of them would prefer to call at the Post-office they will please notify us and we will make the change.

Mr. VanWart will also act as agent for the INTELLIGENCER, and receive subscriptions. Subscribers from the country visiting Fredericton may find it convenient to pay to him.

Every Free Baptist Minister in New Brunswick and Nova Scotia is authorized to act as agent for the INTELLIGENCER, and will receive and forward subscriptions, old and new.

HINTS.

Every subscriber, in sending his subscription should give his correct Post Office address. He should never assume that the editor or mailing clerk will know the P. O. Address simply by seeing the subscriber's name.

It is best always to remit by Post-Office order, when one can be obtained.

When fractions of a dollar are to be sent Post stamps can be used. *One cent stamps are preferred.*

When a paper fails to reach a subscriber, or is received by him irregularly, he should promptly notify us. We can have no knowledge of the trouble unless notified.

RENEWALS!

Prompt renewals will greatly encourage us in the work.

Hundreds of subscriptions should reach us immediately. We hope yours will be one of them.

If you have not already done so, please send your subscription at once.

A GOOD HOUSEWIFE, when she is giving her house its spring renovating, should bear in mind that the dear inmates of her house are more precious than many houses, and that their systems need cleansing by purifying the blood, regulating the stomach and bowels to prevent and cure the diseases arising from spring malaria and miasam, and she must know that there is nothing that will do it so perfectly and surely as Hop Bitters, the purest and best of medicines.—*Concord (N. H.) Patriot*

"GOLDEN MEDICAL DISCOVERY" for all scrofulous and virulent blood poisons, is specific. By druggists.

MOTHERS! MOTHERS!! MOTHERS!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere at 25 cents a bottle. jan. 28—1y.

A PALE FACE, HAGGARD, COUNTENANCE—an attenuated, feeble frame—an impaired appetite,—these indicate a lack of vitality in the system and an absence of nutrifying properties in the blood. If the enfeebled physique is not speedily built up in such a case, it will assuredly succumb to the inroads of disease. That fine tonic and fortifying agent, Northrop & Lyman's Quinine Wine, is admirably adapted to the needs of the weak and nervous. It is a prompt and certain aid to digestion, checks undue waste of the muscular and nervous tissues, and besides bracing the system to resist those maladies to which the dibilitated are specially prone. As an appetizer, it has no superior, and it is highly conducive to a regular state of the bowels and liver. In cases of periodic fever of a malarial type, it is specially efficacious, if taken when the fit has passed off. Fever and ague, bilious remittent, dumb ague and ague-cake, are among the forms of disease begotten of miasma, which it eradicates. The choice Sherry Wine, which holds its other ingredients in solution, is an admirable vehicle for diffusing its tonic and corrective principles through the system. Its flavor is agreeable, its ingredients the purest and most efficacious, and its effects are not fleeting, but lasting and thorough. A restoration of health and vigor may be looked forward to by weakly and nervous persons who use it, always supposing that there is no irremediable organic disease to thwart its good effects. It may be truthfully said of it that it is a pure, wholesome tonic, with alterative properties of a high order, but to claim for it the virtues of a panacea would of course be absurd. Nothing could be farther from the wish of its proprietors than to exaggerate the virtues of this really valuable medicine. Ask your druggist for the Quinine Wine, prepared by Northrop & Lyman, Toronto. jan. 27—2m—eow.

TO CONSUMPTIVES.—The production of a remedy that "may truly be said to so alter the prospects of the Consumptive as to give hope of cure in not a few cases, and of much prolonging of life in by far the greater number"—"the only remedy worthy of the name, which, if carefully and faithfully used may arrest and cure the disease, and it is pretty sure to *retard it and prolong life more than any other known remedy*," it is a great desideratum. Yet, this desideratum is fully met in ROBINSON'S PHOSPHORIZED EMULSION OF COD LIVER OIL WITH LACTO-PHOSPHATE OF LIME, which is universally acknowledged wherever introduced, to be the *best* preparation of Cod Liver Oil extant, and which if "carefully, faithfully" and presistently used,, will rarely fail to produce marked beneficial results.

Prepared solely by Hanington Bros., Pharmaceutical Chemists, St. John, N. B., and for sale by Druggists and General Dealers. Price $1.00 per bottle; six bottles for $5.00. march 3—1m.

REST AND COMFORT TO THE SUFFERING.

"BROWN'S HOUSEHOLD PANACEA" has no equal for relieving pain, both internal and external. It cures Pain in the Side, Back or Bowels, Sore Throat, Rheumatism, Toothache, Lumbago and any kind of a Pain or Ache. "It will most surely quicken the Blood and Heal, as its acting power is wonderful." "Brown's Household Panacea," being acknowledged as the great Pain Reliever, and of double the strength of any other Elixir or Liniment in the world, should be in every family handy for use when wanted, "as it really is the best remedy in the world for Cramps in the Stomach, and Pains and Aches of all kinds," and is for sale by all Druggists at 25 cents abottle. jan. 28—1y.

THE BEST TONIC AND BLOOD PURIFIER.—"Hanington's Quinine Wine and Iron," for the cure of indigestion, weakness, loss of appetite, depression, want of energy, and all troubles arising from the blood and a low state of the system. Price 50cts. per bottle; six bottles for $2.50.

A COMMON ACCIDENT.

Mr. Henry T. Bates, Springfield, N. B., gives an account of an accident through jumping from a carriage. This occurred some months ago, and the injury was so severe that until recently he was laid up and unable to walk without a crutch. He ultimately was cured by the use of two bottles of Dr. Dow's Sturgeon Oil Liniment. It would be interesting if it were possible to trace out the suffering and the loss occasioned during three months that might have been prevented by the use of Dr. Dow's Sturgeon Oil Liniment at the beginnig of the improvement instead of at the end. Such cases as these show the value of this really excellent remedy.

FROM ROSWELL M. KENNY, M. D., OF MANNSVILLE, N. Y.

"I do not hesitate to say that the PERUVIAN SYRUP, has claims to confidence equal if not superior to those of any medicine that has ever come to my knowledge. I have used it with great success for Dyspepsia and Epilepsy." Sold by dealers generally.

SLEEPING LIKE A TOP.

"How did you sleep last night, Michael?"
"Like a top, sure." "That was good for you."
"Indade it wasn't; for I was turnin' round and round all the night, from the cough I caught yesterday afternoon, by standing up to my knees in snow and water." "I can cure that for you easy enough. Get a bottle of Dr. Wilson's Pulmonary Cherry Balsam. It cures everything like that." This is the way this remedy is recommended. During the unsettled weather of the Spring and Fall it is especially needful to have it on hand. A bottle should always be on the shelf. A disease which in a few months would result fatally, by it, will be cured at the very beginning, and endless expense and suffering saved, and, what is more important, perhaps a life.

A lifetime of torture is often endured by the rheumatic. Their pangs may, however, be promptly relieved and the disease eradicated with *Dr. Thomas' Eclectric Oil*, which is, moreover, a swift and thorough remedy for neuralgia, lame back, sores, bruises, irost bite, corns, excoriated nipples, inflamed breasts, liver complaint, and all affections of the breathing organs.

Dr. Wilson's Anti-bilious and Preserving Pills are the most effective remedy for indigestion, and bilious and liver complaints. For elderly persons, and those who are prone to be costive, no safer and better regulator can be found.

W. W. McLellan, Lyn, P. O., writes—"I was afflicted With Rheumatism, and had given up all hopes of a cure. By chance I saw *Dr. Thomas' Eclectric Oil* recommended. I immediately sent (fifty miles) and purchased four bottles, and with only two applications I was able to get around, and although I have not used one bottle, I am nearly well. The other three bottles I gave round to my neighbors, and I have had so many calls for more, that I feel bound to relieve the afflicted by writing to you for a supply."

WORTH KNOWING.

One bottle of *Johnson's Anodyne Liniment* will effectually cure bronchitis, inflammatory sore throat, sore lungs, bleeding at the lungs, chronic hoarseness, hacking cough, whooping cough, and lame stomach.

HOW TO MAKE MONEY.

Twenty-five cents worth of *Sheridan's Cavalry Condition Powders* fed out sparingly to a coop of twenty-five hens will increase the product of eggs 25 per cent. in value in tihrty days

CONSUMPTION.—For the cure of this distressing disease there has been no medicine yet discovered that can show more evidence of real merit than ALLEN'S LUNG BALSAM,. This unequaled expectorant for curing consumption and all diseases leading to it, such as Affections of the Throat, Lungs, and all diseases of the pulmonary organs, is introduced to a suffering public after its merits for the cure of such diseases have been fully tested by the Medical Faculty. The BALSAM is consequently, recommended by physicians who have become acquainted with its great success.

DON'T PAUSE TO CONSIDER,

But when you find your hogs, sheep, poultry, horses, or cattle of any description, lean or suffering from the want of health, just mix their feed with HARVELL'S CONDITION POWDERS, and settle the matter at once! These great specifics are sold everywhere.

On the 17th of February, at the F. C. Baptist Parsonage, Waterloo Street, by Rev. J. E. Parsons, Mr. Duncan C. Slipp of Hampstead, Queen's Co., and Miss Ruby S. Fox, of Lower Gagetown, Queen's Co.

On the 15th inst., by the same, at the residence of J. B. Emery, Esq., Spring street, Mr. John H. Clark and Miss Fannie Burns, both of Musquash, St. John Co.

On the 15th of May, at the residence of the bride's father, by the Rev. Jacob Gunter, Mr. Ellis Mersereau, to Miss Annie E. Mersereau, all of Blissville, Sunbury Co.

On the 15th inst., at the residence of the bride, by Rev. W. Harrison, Mr. James I. Davis of Hampstead, to Miss Fannie M. Fox, youngest and seventh daughter of William Fox, of Lower Gagetown, Queen's Co.

DIED.

In Carleton, St. John, on the 22nd inst., May, eldest daughter of Israel E. and Loretta Smith, aged 12 years.

On the 18th inst., after a lingering illness, Melvin, third son of Robert and Magdalene McLeod, in the 31st year of his age. His end was peace.

In Barrington, N. S., on February 24th, James William Butler, only son of the late Capt. John and Maria Butler, aged 19 years. His end was peace.

Also on March 7th, Bessie, the eldest daughter of the same, aged 15 years. Jesus only was her hope.

At Marysville, York Co., on the 12th inst., of consumption of the lungs, Hannah A., in the 42nd year of her age, beloved wife of Mr. George A. Brown. We can justly say that her life was adorned by a Christian humility, her sickness was borne with true Christian resignation and her death was a glorious testimony to the sustaining influence of the Christian religion while going down into "the valley of the shadow of death," to the great world of life beyond. She has left many sorrowing relatives and friends to mourn their loss; and the community in which she lived will not soon forget her kindliness of heart and life.—[COM.

The Blood is the Life.

GOLDEN ELIXIR

THE GREAT BLOOD PURIFIER.

Pure blood makes sound flesh, strong bone and a clear skin. If you would have your flesh firm, your bones sound, and your complexion fair, use GOLDEN ELIXIR.

List of Diseases Cured by Golden Elixir.

Chronic Skin Diseases, Humors in the Blood, Scrofulous Diseases, Fever Sores, Chronic or Old Ulcers, Salt Rheum, Rickets, White Swellings, Scald Heads, Uterine Affections, Cankers, Glandular Swellings, Wasting and Decay of the Body, Pimples and Blotches, Tumors, Dyspepsia, Erysipelas, Kidney and Bladder Diseases, Chronic Rheumatism and all diseases of the Blood.

GOLDEN ELIXIR is the greatest blood purifier in medicine. It acts through the bowels, liver and skin. It absorbs poisons that float in the blood and purges them from the system.

To combat the tendency to premature decline, no remedy in the world possesses the nourishing and strengthening properties of GOLDEN ELIXIR. It enriches the blood, perfects digestion, stimulates the liver and kidneys, purifies and vitalizes every function and process of the system.

We assert that there is no known remedy that possesses the curative power over diseases that GOLDEN ELIXIR furishes. It cures step by step surely from the foundation, and restores the injured parts to their sound condition. The wastes of the body are stopped and healthy blood is supplied to the system from which new material is formed.

If those who are taking GOLDEN ELIXIR for the cure of Chronic, Scrofulous, Syphilitic diseases, however slow may be the cure, "feel better" and find their general health improving, their flesh and weight increasing, or even keeping its own, it is a sure sign that the cure is progressing. In these diseases the patient either grows better or worse, the virus of the disease is not inactive; if not arrested and driven from the blood, it will spread and continue to undermine the constitution. As soon as GOLDEN ELIXIR makes the patient "feel better," every hour you will grow better and increase in health, strength and flesh.

GOLDEN ELIXIR acts directly on the blood, vitalizing and enriching it to a surprising degree, building up the system and throwing off the germs of disease. It thoroughly recruits the general bodily health and restores the nervous system to a proper healthy condition, no matter from what cause impaired.

GOLDEN ELIXIR may be considered a specific for Scrofula and blood diseses; its remarkable, rapid and lasting effects in these complaints are most wonderful.

GOLDEN ELIXIR cures all humors, from the worst Scrofula to a common Blotch, Pimple or Eruption, Erysipelas, Salt Rheum, Fever Sores, Scaly or Rough Skin; in short, all diseases caused by bad blood are conquered by this powerful, purifying and invigorating medicine.

Especially has it manifested its potency to curing Tetter, Rose, Rash, Boils, Carbuncles, Sore Eyes, Scrofulous Sores and Swellings.

If you feel dull, drowsy, debilitated, have sallow color or skin, or yellowish brown spots on face or body, frequent headaches or dizziness, bad taste in the mouth, throat heats or chills alternated with hot flushes, irregular appetite and tongue coated, you are suffering from torpid liver or biliousness. As a remedy for all such cases GOLDEN ELIXIR has no equal as it effects a perfect and radical cure.

GOLDEN ELIXIR PURIFIES THE BLOOD, PREVENTS DISEASES, RESTORES THE HEALTH.

For sale by Druggists and General Dealers.

Valuable Truths.

If you are suffering from poor health, or languishing on a bed of sickness, take cheer, for GOLDEN ELIXIR will cure you.

If you are simply ailing, if you feel weak and dispirited, without clearly knowing why, GOLDEN ELIXIR will revive you.

If you are a minister and have overtaxed yourself with pastoral duties; or a mother, worn out with care and work, GOLDEN ELIXIR will restore you.

If you are a man of business or laborer, weakened by the strain of your every-day duties, or a man of letters toiling over your midnight work, GOLDEN ELIXIR will strengthen you.

If you are suffering from over-eating or drinking, or any dissipation or indiscretion, or are young and growing too fast, as is often the case, GOLDEN ELIXIR will relieve you.

If you are in the workshop, on the farm, at the desk, anywhere, and feel that your system is overtaxed, or needs cleansing, toning or stimulating, WITHOUT INTOXICATING, GOLDEN ELIXIR is what you need.

If you are old, your blood thin and impure, your pulse feeble, your nerves unsteady, and your faculties waning, or have Neuralgia, Rheumatism, or Gout, GOLDEN ELIXIR will cure you and give you new life and vigor.

If you have a painful, dangerous cough, caused by derangement of the Liver, often taken for and called Consumption, GOLDEN ELIXIR will speedily cure you.

If you are a laborer—whether man, woman or child—your cheapest, best, and only safe preventive and cure for all sickness or disease, incident to your hard labor or confinement in impure, bad air of factories and close rooms, is GOLDEN ELIXIR. It purifies the blood and cleanses the system from all humors and cause of disease, whether of the skin or internally, from whatever cause, no matter how serious or long-standing.

No form of medicine is so effective, easy, handy and safe to use as in the liquid form, and GOLDEN ELIXIR is the purest, safest, cheapest and best of all. Try it.

Horseman's Friend!

FELLOWS'

LEEMING'S ESSENCE

for lameness in horses, stands pre-eminently above all other preparations used by horsemen as a remedy for Splints, Spavins, Curbs, Ringbone, Sidebone, Strains of the Back Sinews, Hock, Knee Fetlock, Pastern and Coffin Joints, etc. Every well regulated stable should keep a supply of the ESSENCE on hand.

Read the following certificates which are genuine and the parties will be happy to furnish any information by mail.

ST. JOHN, N. B., Oct. 27th, 1881.

MESSRS. FELLOWS & CO.:
Dear Sirs,—FELLOWS' LEEMING'S ESSENCE is without question a great remedy for most cases for which it is prescribed. I have used it successfully for a series of years and I know of many others who speak of it in the highest terms as a most efficient cure for Ringbone, Spavins, Strains, etc.

A. PETERS,
Proprietor of the Victoria Livery Stables, St. John, N. B.

ST. JOHN, N. B., July 8th, 1881.

MESSRS. FELLOWS & CO.:
Sirs,—I willingly bear testimony to the efficacy of FELLOWS' LEEMING'S ESSENCE as a cure or helper in very many cases of Splint, Ringbone, Spavin, Strains of the Back Sinews, Stifle, Fetlock, Pastern and Coffin Joints, etc. Every horseman should have a supply of the ESSENCE in his stable.

S. T. GOLDING,
Livery Stable, St. John, N. B.

ST. JOHN, N. B., Jan. 18th, 1882.

MESSRS. FELLOWS & CO.:
Dear Sirs.—I have used FELLOWS' LEEMING'S ESSENCE for several years past with great success, and therefore most cheerfully recommend it as one
