tween the 10th and 11th ranges of townships already mentioned, until it intersects the Athabasca river; then by that river and Athabasca lake and Slave lake to the 32nd Correction line, which forms northern boundary of the district, and is near the 60th parallel.

The Saskatchewan district includes nearly the whole of the Main Saskatchewan river and a part of the South Saskatchewan, and contains such well-known places as Battleford, Carleton, Prince Albert. The Forks of the Saskatchewan, where the Press Colonization Company is located, is almost exactly in the centre of the district, and would afford a magnificent site for the capital of the new district.

Assiniboia includes Qu'Appelle, South Saskatchewan and Souris rivers, and contains Fort Pelly, Fort Ellice, Touch Wood Hills, etc.

Alberta includes the Battle, Bow and Belly River countries, and Athabasca takes in the celebrated Peace River district.

Among the Railway subsidies granted by the Government is one for "a railway from Riviere du Loup, in the Province of Quebec, to Edmundston, in the Province of New Brunswick, a subsidy not exceeding $3,200 per mile, nor exceeding in the whole $240,000."

Sir Leonard Tilley moved the resolution to provide for an annual bounty of $150,000 to aid in the development of sea fisheries. He said the Government had experienced great difficulty in determining how the bounty should be distributed, as it was desirable that both the owners of vessels and the men actually engaged in fishing should be reached. The annual report of fisheries showed that the average men engaged in sea fisheries was 60,587; number of vessels, 1,150; estimated tonnage of vessels, 42,000 and average number of boats 22,000. He proposed that the bounty should be distributed by allowing $2 per ton on vessels engaged in the fisheries, and $4 to each of the 10,000 large boats, and $2 to each of the 12,000 small boats. The money would be divided between the owners and the men. He expected that one of the good results which would follow from this bounty would be that more Canadian vessels would engage in the fisheries to the exclusion of American vessels, which would give a stimulus to Canadian ship building. The award by the Halifax Commission for four millions and a half showed that the Maritime Provinces had given up a valuable consideration, and it was only just that they should receive some compensation for the privileges they had surrendered. He said that the information which the Government had at present was not sufficient on which to base positively the mode in which the money would be distributed. The plan he had sketched may be slightly varied by an order in Council, which would shortly be issued, but the general plan would be adhered to.

Mr. Killam opposed the proposition, and said if the Government really wanted to help the fishermen it ought to relieve them from taxation imposed by the National Policy.

Sir Leonard Tilley explained that the recommendations he had made were based on information furnished by members of the House. The Government had not yet been able to settle definitely what the scale of bounty would be to vessels under ten tons. The distribution of the vote in accordance with the number of men employed in the boats would probably be the most popular way of disbursing the bonus, but it would be accompanied with great difficulty in making a fair and equitable distribution and could not very well be adopted. The object of the Government was not only to compensate fishermen, but at the same time to encourage the construction of a class of vessels which was very much needed in Canada.

Sir Charles Tupper and others spoke, and the resolution passed.

Parliament was prorogued Wednesday afternoon. The Governor General in the closing paragraph of the speech refers to the approaching dissolution thus:

"I heartily congratulate you on the rapid and successful development of our manufacturing, agricultural and other industries. I am, however, advised that their progress would have been still greater were it not that capitalists hesitate to embark their means in undertakings which would be injured if not destroyed by a change in the trade and fiscal policy adopted by you in 1879. In order, therefore, to give the people, without further delay, an opportunity of expressing their deliberate opinion on this policy, and at the same time to bring into operation the measure for the re-adjustment of the representation in the House of Commons, it is my intention to cause this Parliament to be dissolved at an early day.

LITERARY NOTES.

SINGING BY THE WAY is the name of a new book for Sunday Schools. Mrs. B. M. Jewett and Dr. Holbrook are the compilers. In their work they seem to have kept before them the idea "that good music and good poetry, being elevating, improving, and pleasing, are as necessary to the young as to the old. Their design and effort have been to give the children the best that could be selected, suitable to the comprehension of the youthful mind." There is a collection of pieces especially adapted to the infant class. Price 35 cts. a copy; $3.60 a dozen. R. M. Carroll & Co., Publishers, Cincinnati, Ohio.

The first number of the sixty-fifth Volume of HARPER'S WEEKLY fully sustains the well-earned reputation of that periodical, both by the interest of its reading matter and the charm of its illustrations.

The reader will naturally turn first to George William Curtis' paper on Longfellow. There could be no finer interpretation of Longfellow's poetic genius or of his character than is given in this article, which is accompanied by an excellent portrait, printed separately on heavy paper.

"Quaint Old Yarmouth" is an exceedingly interesting descriptive article, with seventeen very picturesque illustrations.

Mary Treat contributes a paper entitled "In the Pinetum," describing the spring flowers peculiar to Southern New Jersey, charmingly illustrated.

Commander Allan D. Brown, U. S. N., contributes a very clear and thorough historical sketch of the development, during the war, of the torpedo as a weapon of offensive and defensive warfare, with illustrations.

John Fisk continues his series of American historical papers, with a graphic description of the overthrow of the French power in America. Apart from its value as a dramatic narrative it is also a philosophic paper, showing what causes inherent in Anglo-Saxon civilization gave England the ascendency in America.

The Editorial Departments are, as always, full of timely and interesting matter.

☞ Another Roman Catholic priest, the Rev. Frederick Cruciani, has joined the Methodist Mission in Rome, Italy.

☞ A railway train with W. H. Vanderbilt and several railway magnates on board ran from Amherstburg to St. Thomas 111 miles in 117 minutes a few days ago.

☞ Vennor thinks that the recent display of the aurora borealis indicates that the approaching Summer is going to be cold and wet over a very considerable portion of the continent west and south.

☞ The income from all sources of Talmage's Brooklyn Tabernacle for the year ending February 1, 1882, was $28,147.93; the expenses were $22,797.11.

☞ The Merchants' Marine Insurance Company of Halifax, has received through Very Rev. Monsignor Power seven hundred dollars restitution money.

THE NEWS OF THE WEEK.

SAINT JOHN, N. B., MAY 19, 1882.

NEW BRUNSWICK.

The New Brunswick Granite Company are shipping large quantities of their goods to the Upper Provinces.

The Volunteer Camp to be held at Sussex this year will comprise about 1,500 men and will assemble about the end of June.

Wm. Wilcox, of Grand Manan, was seriously injured at Machias on board the schr. *Clara J. Rogers*, by falling from aloft.

Forty thousand bushels of potatoes were shipped from the Sussex railway station to the United States during the past Winter and Spring, realizing the handsome sum of $25,000.

The St. John passenger returns on the Intercolonial are $300 in favor of the first week in the present month, as compared with the corresponding week in 1881.

On the first of June, the steamer *Dominion* will go on the route from St. John to Campobello and Grand Manan, taking passengers and freight on such terms as will, in all probability, build up a large trade between these ports.

On Saturday night the house of Mr. Elkanah Dingee, a short distance below Gagetown, was totally destroyed by fire, Mrs. Dingee and children barely escaping. Mr. D. is mate of the *Star*, and was absent. Nothing saved, and no insurance.

"The New Brunswick Merino Manufacturing Company" has been organized in St. John, with a capital of $50,000. Operations are to be commenced immediately. The manufacture of wool yarns, shirts, drawers and cardigan jackets, will be made a speciality.

The dwelling house of Mr. Milner Belyea, near Belyea's wharf, Greenwich, was totally consumed by fire Thursday morning. There were two families living in the house at the time—Mr. Milner Belyea and Mr. George Belyea. A quantity of furniture and clothing was also burned. The men were all away at the time. The fire caught in the attic from a chimney.

The Fredericton *Herald* had a call the other day from W. J. Smart, Superintendent of the Hibbard Antimony Company, who was on his way to Nova Scotia to hire an additional force of miners. Eighty men are now employed there, and the output is from thirty to forty tons a day, worth from $75 to $90 per ton. The main shaft is 250 feet deep, and the Company have 800 feet of levels. The mine is paying handsomely. He says the Company have a good thing in their Prince William property, and he also speaks very favorably of the prospects of the Brunswick Antimony mine, which adjoins it.

Angus McDonald was killed at St. Martins on Saturday. He was assisting to unload a car of logs. He was at the end of the car, cutting away the stakes. He had removed the second stake from the end and was cutting the third one, leaving the two end ones to bear the lateral pressure, when without a moment's warning they all gave away and three large logs rolled off, and in their descent struck deceased on the back part of the head, doubled him down until his face struck some logs lying on the ground, and left him with one leg on part of his legs below the knee, and the other two on his back just below his shoulder.

On the first week in June the time-table of the Nova Scotia Steamship Company will go in force. Yarmouth is the head-quarters of the Company. On the arrival of the steamer *New Brunswick* at Yarmouth, sometime in the afternoon, she will connect with the steamer *Dominion*, and the latter will then leave for St. John via Westport. Leaving St. John early in the morning the steamer will proceed to Grand Manan and Eastport thence returning to St. John and leaving for Yarmouth again via Westport. The round trip will occupy her the best part of a week, and it is thought a profitable trade can be worked up among the points mentioned.—*News.*

A correspondent of the *Sun* says the suicidal mania has reached this place, Hampton. About noon a few days ago, a woman apparently intoxicated, was seen to run down to the creek at the station and throw herself into the water. A passer by rescued the unfortunate and handed her over to the safe keeping of her husband. As soon as the man had left, the woman once more threw herself into the creek. Her husband, however, pulled her out, and then saying he would put a stop to this fooling, plunged her into the water several times. This hydropathic treatment had the desired effect, and after the woman was pretty thoroughly exhausted by repeated emersions, some neighbors interceded and she was allowed to depart. The parties have lived near Hampton station for twenty years and are known to be intemperate in habits.

SACRED CONCERT.—A well attended sacred concert was held in the Waterloo street F. C. Baptist church Wednesday evening. The first number on the programme was a chorus, Swell the full Chorus, which was well sung. Miss Barrows came next with a solo, Ave Renar, which she sung in her usual fine manner, and in response to the call for an encore sang, beautifully, Don't be Sorrowful, Darling. The quartette, Memories of Galilee, by Messrs. Wetmore, Kain, Wallace and Peters, was well done. Not a Sparrow Falleth, a solo, by Mr. J. H. Wetmore, came next, and was sung in a very creditable manner and followed by the chorus, Hear our Prayer, a beautiful selection. After the intermission Miss Parsons and Mr. Wetmore sang a duett, Forgive My Brother, in a pleasing manner. Miss Barrows was received with applause when she came forward the second time, and she sang in a masterly manner a fine solo, Come Unto Me, which was well received. Miss Barrows kindly responding to the encore with Recollections of Childhood. The quartette Eternity, by Miss Parsons, Mrs. Wetmore, Mr. Wetmore and Mr. Peters, was well done, and followed by a solo, Behold I Show You, by Mr. F. A. Peters, jr., which was encored, Mr. Peters responding. The Doxology was then sung by the full chorus and the entertainment concluded. The accompaniments were played by Miss Eunia. The receipts go to the parsonage fund of the church.—*Telegraph.*

NOVA SCOTIA.

Measles are prevalent at Annapolis.

A big whale was seen enjoying himself around Digby harbor a few days ago.

A colored woman 90 years of age, living at River Philip, N. S., has been furnished by nature with a new set of teeth.

The total loss by the burning of the Lower Stewiacke, N. S., spool mill, on the 2nd inst., was $5,500. The insurance was $4,000.

In the course of a few days, to wit, on the 25th of this month, Symes the Halifax dead meat man will have spent a full year in jail.

Three seamen belonging to the Norwegian barque *Somand*, loading at Bridgewater, N. S., stole the ship's boat on last Sunday night and deserted the vessel. The boat was recovered, but nothing has since been heard of the men.

There is a great scarcity of hay in Cape Breton. Farmers have been feeding grain and potatoes, but it was feared they would lose considerable stock before navigation with the mainland was re-established. Hay is plentiful on the mainland.

The farmers of Kings County, N. S., have made a big thing out of potatoes since last season. They have sold during the winter for shipment to the States as high as 90 cents a bushel, but the price has fallen somewhat lately.

At the recent town meeting, resolutions were passed adopting the 13th September as Truro's natal day, that being the date of the first settlement of the town, providing that it hereafter be observed as a holiday. The 123rd anniversary will be held this year.

The site of the Halifax Cotton Factory now presents a busy scene. Immense quantities of stone and other materials that have been brought in during the winter are being constantly added to. About fifty men have been employd; some in making excavation for the extensive foundations and others in building the masonary.

Amherst is starting a glass factory for the production of pressed goods. Amherst presents special facilities for the purpose, cheap coal, cheap straw, cheap lumber and cheap labour, so there is nothing to prevent a successful glass factory. Small factories located all over the country are better for the general good than large monopolies.

The woollen mill at Oxford failed to supply the demand for their goods, and additions to the buildings have been made. The three flats at present occupied respectively by the carding machines, spinning jacks and looms are to be extended to the length of 164 feet. A brick engine house has been built to accommodate a new engine of about 125 horse power.

A man named Timothy Parker, mail carrier between Walton and Brooklyn, Hants Co., while driving near Brooklyn on Thursday last, was thrown from his carriage and broke three ribs and sustained other injuries, from the effects of which he died on last Sunday. Deceased was 78 years old, and was familiarly known throughout the country.

A painter named Charles Thomas, formerly belonging to the Royal Engineers, was found in a room in his boarding-house at Halifax, Wednesday night, with his throat cut. The man's wife left him and went to Boston a few days ago and since he has been drinking hard. Wednesday he went home under the influence of liquor, and, about 10 o'clock, was discovered lying in his room dead with a razor in his hands.

Tuesday afternoon a lad named William Roast met with a sudden and awful death on the new extension of the railway leading to the deep water terminus. Roast, who is a lad 13 years old, had been working on a steamer all the morning. About 1.20 when some of Mr. Blagdon's men, who were building the new wharf, went up to the cars on a siding just within the fence on Water street, to get some timber, they found the lad standing up between the empty flat cars, held in that position by the buffers. The men pulled the cars apart and the body fell to the ground quite dead.—*Halifax Chronicle.*

A despach from Truro to the *Globe* says: The Custom officials here, on entering their office Monday morning, found the door of the safe blown off. Six hundred dollars in cash and four hundred in cheques were stolen. The burglar's entered by forcing a window, broke the knobs from the safe door and inserted powder, using fuse to explode it. Some parties heard the noise at about 2 o'clock, but it was not sufficient to attract their attention beyond their own premises, the Custom House being isolated. Some rudely constructed appliances left on the premises gives the impression that the burglars have operated before, although not quite professionals. No clue as yet.

ENGLISH AND FOREIGN.

LONDON, May 16.—Gladstone introduced the arrears bill in the Commons last evening. He explained that the bill was limited to tenancies up to £30, Griffith's valuation. The bill is to be administered by the Land Commission, which will be assisted by a County Court Judge, before whom the tenant will be obliged to prove inability to pay arrears. Either the landlord or tenant may apply to the Commission. The bill only deals with two years' arrears, and requires the tenant to pay one year's arrears, from November, 1880, to November, 1881. When that is paid the whole of the remaining arrears will be cancelled. The Government will contribute the remaining one year's rent from the residue of the Irish Church surplus fund.

In the House of Lords this afternoon, Lord Granville, Foreign Secretary, announced that Miss Burke had been granted a pension of £400 yearly.

O'Rourke, Gave, Partner, Maloney and many other suspects were released from prison last night.

LONDON, May 16.—In the Commons, this afternoon, Mr. Gladstone re-iterated that it is not conducive to law and order to explain the details of negotiations with the suspects. He had no communication with Parnell, and there were no official communications nor stipulations. In consequence of Mr. Gladstone's answer, Arthur Balfour, Conservative member for Hertford, moved the adjournment of the House. Mr. Balfour said the compact with the suspects was unexampled in infamy. Mr. Gladstone, speaking with great passion, declared there was not a word of truth in the charge that a compact existed, and that such accusations were a disgrace to those making them.

During the debate in the Commons, last night, revelations were made concerning transactions preceding Parnell's release. O'Shea explained that he had entered into correspondence with Parnell and various members of the Government at his own instance. Mr. Forster read a memorandum of conversation with O'Shea the day after the latter had visited Parnell in Kilmainham jail, in which O'Shea said if the Land Act was amended as Parnell desired, the conspiracy or organization which has been used to get up boycotting and outrages could be used to put them down; that there would be union in the Liberal party, and Parnell hoped to get Sheridan back from abroad; he would be able to put down the conspiracy or agitation in the west, being acquainted with all its details.

LIVERPOOL, May 17.—The police boarded the National Line Steamer *Egypt*, which sailed to-day for New York, just before she left Mersey. The passengers and crew mustered on the vessel, which was then searched, and ten men were discovered stowed in different parts of the steamer. They were taken to the police station. Two appeared to be Americans and three Irishmen. They were fairly well dressed. The remainder are seafaring men.

LONDON, May 17.—The *Standard* says: On the second reading of the Depression Bill, the Government will indicate their readiness to make a considerable number of amendments in committee. The clause relating to public meetings and newspapers will probably be greatly modified. There is a good deal of dissatisfaction among Home Rulers. The Kilmainham compact, it is stated, has indangered Parnell's position as leader.

MARSAILLES, May 17.—The case of the Municipality of Marsailles against the ex-Empress Eugenie to recover possession of a chatean presented to the late Empress by the city, has been decided in favor of the Ex-Empress.

UNITED STATES.

WASHINGTON, May 14.—The Judges of the District Supreme Court have over-ruled all objections in Guiteau's case. He will be hanged June 30th.

Advices received by the Peruvian Minister state that the peace negotiations offered by Mr. Trescott to President Montero have been rejected by the latter.

SAN FRANCISCO, May 16.—Advices from Australia state that Lieutenant Luckcroft, of H. M. S. *Comorant*, has been murdered by natives of the island of Espiritu Santo, one of the new Hebrides.

A destructive hurricane swept over the coast of western Australia. The towns of Roeburne, the site of the pearl fishery, and Post Cossack were totally destroyed. Three lives were lost.

Steamer *Hollander*, 607 tons, sugar laden, and bound for Sydney, was burned at sea. The crew landed at Java. The captain committed suicide.

PANAMA, May 6.—A disastrous fire swept through the town of Manta, Eucador, on April 21st. The business portion of the town was destroyed, involving a loss of $120,000.

NEW YORK, May 17.—Steamer *Rio Grande*, which was partially burned and then scuttled and sunk in Delaware Breakwater, to-day, was owned in this city, was 2,566 tons and worth $250,000.

Publishers' Department.

Every Free Baptist Minister in New Brunswick and Nova Scotia is authorized to act as agent for the INTELLIGENCER, and will receive and forward subscriptions, old and new.

HINTS.

Every subscriber, in sending his subscription should give his correct Post Office address. He should never assume that the editor or mailing clerk will know the P. O. Address simply by seeing the subscriber's name.

It is best always to remit by Post-Office order, when one can be obtained.

When fractions of a dollar are to be sent Post stamps can be used. *One cent stamps are preferred.*

When a paper fails to reach a subscriber, or is received by him irregularly, he should promptly notify us. We can have no knowledge of the trouble unless notified.

$200.00 Reward!

Will be paid for the detection and conviction of any person selling or dealing in any bogus, counterfeit or imitation HOP BITTERS, especially Bitters or preparations with the word HOP or HOPS in their name or connected therewith, that is intended to mislead and cheat the public, or for any preparation put in any form, pretending to be the same as HOP BITTERS. The genuine have cluster of GREEN HOPS (notice this) printed on the white label, and are the purest and best medicine on earth, especially for Kidney, Liver and Nervous Diseases. Beware of all others, and of all pretended formulas or recipes of HOP BITTERS published in papers or for sale, as they are frauds and swindles. Whoever deals in any but the genuine will be prosecuted.

HOP BITTERS MFG. CO.,
Rochester, N. Y.

TERRIBLE SUFFERINGS.

DR. R V. PIERCE, Buffalo, N. Y.:—I have a friend who suffered terribly. I purchased a bottle of your "Favorite Prescription," and, as a result of its use, she is perfectly well.
J. BAILEY, Burdett, N. Y.

Dr. Pierce's "Golden Medical Discovery" and "Pleasant Purgative Pellets" purify the blood and cure constipation.

Whoever would be well must see that every organ of the body does its share of duty. Every one may insure this by taking an occasional dose of Dr. Wilson's Antibilious and Preserving Pills. Stomach, liver and bowels are all reached by the purifying power of these Pills.

THAT THE HUMAN SYSTEM requires renovation in the Spring is proved by the loss of appetite, lassitude or debility which comes within the experience of almost every one. Aware of this it was the custom of our grandmothers to prepare decoctions of Burdock, Dandelion and Cherry bark for the purpose of restoring the stomach to a healthy tone, and purifying the blood, but the medicinal skill of the present day finds such things ineffective and sometimes injurious. Hanington's Quinine Wine and Iron, used in conjunction with Hanington's Tonic Dinner Pills, restore the appetite, invigorate the system and purify the blood immediately and effectually, as thousands testify who have been benefited by their use. Beware of imitations. See that you get "Hanington's," the *original* and *genuine*. For sale by all druggists and general dealers in Canada. may 5.—1m.

The people of this country have spoken. They declare by their patronage of *Dr. Thomas' Eclectric Oil*, that they believe it to be an article of genuine merit, adapted to the cure of soreness or lameness, hurts of various kinds, tumors, throat and lung complaints, liver and kidney disorders, and other maladies.

REST AND COMFORT TO THE SUFFERING.

"BROWN'S HOUSEHOLD PANACEA" has no equal for relieving pain, both internal and external. It cures Pain in the Side, Back or Bowels, Sore Throat, Rheumatism, Toothache, Lumbago and any kind of a Pain or Ache. "It will most surely quicken the Blood and Heal, as its acting power is wonderful." "Brown's Household Panacea," being acknowledged as the great Pain Reliever, and of double the strength of any other Elixir or Liniment in the world, should be in every family handy for use when wanted, "as it really is the best remedy in the world for Cramps in the Stomach, and Pains and Aches of all kinds," and is for sale by all Druggists at 25 cents abottle. jan. 28—1y.

RHEUMATISM manifests itself in various ways, and results from various causes. In a changeable climate like ours few are exempt from its attacks. It finds a seat in every part of the body, and is migratory in its habit, transferring itself from the shoulder to the hip, or from the wrist to the ankle, in some instances in a few hours. The pain of Rheumatism is excruciating, but is speedily overcome by the use of "*Penetrating*" Liniment. For sale by all druggists and general dealers in Canada.

NO LADY WHO DELIGHTS IN FLOWERS, and likes to see them do well and bloom abundantly, should be without *Huntington's Food for Flowers*. Ordinary packages 30 cents.—sufficient for 20 plants for one one year. may 5—1m.

If you are going West, purchase your Tickets from G. A. Freeze, the agent on Water Street, St. John. Passengers for Winnipeg or other western points have choice of route. Cushioned seats provided for all classes and baggage checked through. ap23-1y

MOTHERS! MOTHERS!! MOTHERS!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere at 25 cents a bottle. jan. 28—1y.

IT IS A PITIABLE SIGHT to behold a young person, enfeebled, nervous, pale and obviously sinking into a premature grave. Yet how often do we see men and women, long ere the meridian of life is reached, in the condition described. The best invigorant for the nervous and weak of all ages and of both sexes is Northrop & Lyman's Quinine Wine, a highly sanctioned and widely popular remedy for general debility, dyspepsia, an irregular habit of body, and depression of spirits. It is also a specific of matchless efficacy for fever of a periodic type. The doses in case of bilious, remittent and unremittent, should not be taken during the fever fit, but if the directions are followed a cure may be confidently looked for. Both muscular and nerve-power is increased by this celebrated tonic, which also renews the appetite, and yields refreshing slumber. Its flavor is aromatic, and free from medicinal taste, and the stimulant united with it is the purest and choicest sherry. Many persons are deterred from the use of otherwise desirable medicines by the presence of some ingredient unsuited to a delicate constitution. No such objection as this can be urged against the Quinine Wine, which is eminently wholesome. It is not a mere palliative of the disordors and disability to which it is suited. It re-establishes health upon a permanent basis, by entirely removing the cause of its loss. When purchasing see that you get the Quinine Wine prepared by Northrop & Lyman, Toronto. Sold by all Druggists. april 8—2m eow.

SHUNTED ONTO THE RIGHT TRACK.

"I was taken alarmingly ill and confined to my bed with a severe cold. I had a hard, dry, cough, raised considerable sticky phlegm and was well started on the way for consumption. Just then I began using Dr. Wilson's Pulonary Cherry Balsam which made a well man of me."

Thus writes Mr. O. Beck, Clandeboys, Ont., and in a similar strain write hundreds of others who are willing to sacrifice the natural desire to make no public display of their ailments in order that the world may benefit by their experience. Wilson's Pulmonary Cherry Balsam undoubtedly has performed a great many wonderful cures of throat and lung diseases and those cured can hardly do less than express their gratitude for the benefit of others similarly situated.

ALBANY BEEF.

Albany beef is the name given to the flesh of the short nosed sturgeon which are caught in large numbers in the Hudson river. These fish are from two to five feet long and the meat though rather coarse in texture affords a cheap and good substitute for more expensive food to very many. But there are very many thousands who remember the sturgeon from a very different reason, its connection with the name of Dr. Dow's Sturgeon Oil Liniment which is a radical cure for every form of Rheumatism, weakness of joints, contraction of muscles, lame back, etc., and everything that can be reached by such means. It performs the most remarkable cures on those who use it and suits all people, all sexes, and all ages.

Dr. R. V. PIERCE, Buffalo, N. Y.:—*Dear Sir*—For many months I was a great sufferer. Physicians could afford me no relief. In my despair I commenced the use of your "Favorite Prescription." It speedily effected my entire and permanent cure. Yours thankfully,
MRS. PAUL R. BAXTER, Iowa City, Ia.

A. B. Def Rochers, Arthabaskaville, P. Q., writes: "Thirteen years ago I was seized with a severe attack of Rheumatism in the head, from which I nearly constantly suffered, until after having used *Dr. Thomas' Eclectric Oil* for nine days, bathing the head, etc., when I was completely cured, and have only used half a bottle."

A CERTAIN REMEDY FOR CORNS.

This is the universal testimony and expressed by every one who has used PUTNAM'S CORN EXTRACTOR. Thousands in Canada have used it with gratifying results, and if you will take the trouble to ask any Druggist he will give you the names of many persons of your acquaintance who have been radically cured of the worst kind of corns. Sold everywhere. Safe, sure, painless, and vegetable in composition. Try it. It never fails.

Instantly is none too quick to relieve croup. Many children have died while a fire was making. *Johnson's Anodyne Liniment* gives instant relief and is a sure cure. Half teaspoonful on sugar. Every family should keep it in the house.

The adulteration of condition powders has got to such a pitch that one can now buy a pound pack of *dust and ashes* for 25 cents. There is only one kind now known that are strictly pure, and those are *Sheridan's Cavalry Powders.*

In the cure of Consumption there is probably no known medicine equal to the Syrup of Hypophosphites prepared by Mr. James I. Fellows, chemist, St. John, N. B. A number of cases have come under our notice the past year when the results which have followed its use have been astonishing. We write this unsolicited by any one, and advise the afflicted to try it.
EDITOR "COLONIAL FARMER."

FOR A SUDDEN COLD.—Take one teaspoonful of Perry Davis' Pain Killer in a cup of hot water, well sweetened with loaf sugar. It is better to take this dose just before going to bed.

The pyramids of Egypt were built who knows what for, but every one knows that the Esterbrook Steel Pens were made to suit the different tastes, habits, and styles of the various writers.

WHOOPING COUGH.—If your children are suffering with this distressing malady and nearly coughing themselves to death, send to your Druggist and buy a bottle of ALLEN'S LUNG BALSAM, and relief, we can confidently assure you, will be immediate and sure.

If you are bilious, take Dr. Pierce's "Pleasant Purgative Pellets," the original "Little Liver Pills." Of all Druggists.

Millstream Sabbath School for Mission Band, ... $5.35
Elijah Cosman for school work, ... 15.00
MRS. WM. PETERS, Treasurer.

MARRIED.

On the 15th inst., at the Free Baptist Parsonage, Waterloo Street, by Rev. J. T. Parsons, Mr. Robert Currie and Miss Annie A. Hughson, both of St. John City.

In Fredericton on the 13th inst., by Rev. Jos. McLeod, assisted by Rev. G. W. McDonald, Miss Annie P. Carman to Mr. F. A. Cooper, both of Fredericton.

At Tracey's Mills, Carleton County, May 11th, by Rev. A. Taylor, Mr. William E. Hovey of the Parish of Wicklow, to Miss Jane Tracy of the Parish of Wilmot.

At the Lorne House, Upper Woodstock, on the 2nd inst., by Rev. G. T. Hartley, Mr. Daniel Alonzo Clayton, of Douglas, York County, N. B., and Miss Cynthia McGuire, of Waterville, Carleton County.

On the 29th ult., at his residence, by the Rev. Wm. Downey, Mr. Herbert Robinson of North Head, Grand Manan, and Miss Mary E. Myers of Lubec, Me., U.S.A.

DIED.

At Forks Stream, Canaan, Q. Co., Leonard Keirstead. He suffered much through the winter, but his sufferings were more than compensated by the Lord's presence with him, and the blessing of his family. He was the last of the old brethren, the original settlers of the place. He leaves a widow and a large family of sons and daughters to mourn their loss. May they live so as to enjoy the blessing of the God of their father.—COM.

The Blood is the Life.

GOLDEN ELIXIR

THE GREAT BLOOD PURIFIER.

Pure blood makes sound flesh, strong bone and a clear skin. If you would have your flesh firm, your bones sound, and your complexion fair, use GOLDEN ELIXIR.

List of Diseases Cured by Golden Elixir.

Chronic Skin Diseases, Humors in the Blood, Scrofulous Diseases, Fever Sores, Chronic or Old Ulcers, Salt Rheum, Rickets, White Swellings, Scald Heads, Uterine Affections, Cankers, Glandular Swellings, Wasting and Decay of the Body, Pimples and Blotches, Tumors, Dyspepsia, Erysipelas, Kidney and Bladder Diseases, Chronic Rheumatism and all diseases of the Blood.

GOLDEN ELIXIR is the greatest blood purifier in medicine. It acts through the bowels, liver and skin. It absorbs poisons that float in the blood and purges them from the system.

To combat the tendency to premature decline, no remedy in the world possesses the nourishing and strengthening properties of GOLDEN ELIXIR. It enriches the blood, perfects digestion, stimulates the liver and kidneys, purifies and vitalizes every function and process of the system.

We assert that there is no known remedy that possesses the curative power over diseases that GOLDEN ELIXIR furishes. It cures step by step surely from the foundation, and restores the injured parts to their sound condition. The wastes of the body are stopped and healthy blood is supplied to the system from which new material is formed.

If those who are taking GOLDEN ELIXIR for the cure of Chronic, Scrofulous, Syphilitic diseases, however slow may be the cure, "feel better" and find their general health improving, their flesh and weight increasing, or even keeping its own, it is a sure sign that the cure is progressing. In these diseases the patient either grows better or worse, the virus of the disease is not inactive; if not arrested and driven from the blood, it will spread and continue to undermine the constitution. As soon as GOLDEN ELIXIR makes the patient "feel better," every hour you will grow better and increase in health, strength and flesh.

GOLDEN ELIXIR acts directly on the blood, vitalizing and enriching it to a surprising degree, building up the system and throwing off the germs of disease. It thoroughly recruits the general bodily health and restores the nervous system to a proper healthy condition, no matter from what cause impaired.

GOLDEN ELIXIR may be considered a specific for Scrofula and Blood Diseases; its remarkable, rapid and lasting effects in these complaints are most wonderful.

GOLDEN ELIXIR cures all humors, from the worst Scrofula to a common Blotch, Pimple or Eruption, Erysipelas, Salt Rheum, Fever Sores, Scaly or Rough Skin; in short, all diseases caused by bad blood are conquered by this powerful, purifying and invigorating medicine.

Especially has it manifested its potency to curing Tetter, Rose, Rash, Boils, Carbuncles, Sore Eyes, Scrofulous Sores and Swellings.

If you feel dull, drowsy, debilitated, have sallow color or skin, or yellowish brown spots on face or body, frequent headaches or dizziness, bad taste in the mouth, throat heats or chills alternated with hot flushes, irregular appetite and tongue coated, you are suffering from torpid liver or biliousness. As a remedy for all such cases GOLDEN ELIXIR has no equal as it effects a perfect and radical cure.

GOLDEN ELIXIR PURIFIES THE BLOOD, PREVENTS DISEASES, RESTORES THE HEALTH.

For sale by Druggists and General Dealers.

Valuable Truths.

If you are suffering from poor health, or languishing on a bed of sickness, take cheer, for GOLDEN ELIXIR will cure you.

If you are simply ailing, if you feel weak and dispirited, without clearly knowing why, GOLDEN ELIXIR will revive you.

If you are a minister and have overtaxed yourself with pastoral duties; or a mother, worn out with care and work, GOLDEN ELIXIR will restore you.

If you are a man of business or laborer, weakened by the strain of your every-day duties, or a man of letters toiling over your midnight work, GOLDEN ELIXIR will strengthen you.

If you are suffering from over-eating or drinking, or any dissipation or indiscretion, or are young and growing too fast, as is often the case, GOLDEN ELIXIR will relieve you.

If you are in the workshop, on the farm, at the desk, any where, and feel that your system is overtaxed, or needs cleansing, toning or stimulating, WITHOUT INTOXICATING, GOLDEN ELIXIR is what you need.

If you are old, your blood thin and impure, your pulse feeble, your nerves unsteady, and your faculties waning, or have Neuralgia, Rheumatism, or Gout, GOLDEN ELIXIR will cure you and give you new life and vigor.

If you have a painful, dangerous cough, caused by derangement of the Liver, often taken for and called Consumption, GOLDEN ELIXIR will speedily cure you.

If you are a laborer—whether man, woman or child—your cheapest, best, and only safe preventive and cure for all sickness or disease, incident to your hard labor or confinement in impure, bad air of factories and close rooms, is GOLDEN ELIXIR. It purifies the blood and cleanses the system from all humors and cause of disease, whether of the skin or internally, from whatever cause, no matter how serious or long-standing.

No form of medicine is so effective, easy, handy and safe to use as in the liquid form, and GOLDEN ELIXIR is the purest, safest, cheapest and best of all. Try it.

THE

Horseman's Friend!

FELLOWS'

LEEMING'S ESSENCE

for lameness in horses, stands pre-eminently above all other preparations used by horsemen as a remedy for Splints, Spavins, Curbs, Ringbone, Sidebone, Strains of the Back Sinews, Hock, Knee Fetlock, Pastern and Coffin Joints, etc. Every well regulated stable should keep a supply of the ESSENCE on hand.

Read the following certificates which are genuine and the parties will be happy to furnish any information by mail.

ST. JOHN, N. B., Oct. 27th, 1881.

MESSRS. FELLOWS & CO.:

DEAR SIRS,—FELLOWS' LEEMING'S ESSENCE is without question a great remedy for most cases for which it is prescribed. I have used it successfully for a series of years and I know of many others who speak of it in the highest terms as a most efficient cure for Ringbone, Spavins, Strains, etc.

A. PETERS,
Proprietor of the Victoria Livery Stables, St. John, N. B.

ST. JOHN, N. B., July 8th, 1881.

MESSRS. FELLOWS & CO.:

SIRS,—I willingly bear testimony to the efficacy of FELLOWS' LEEMING'S ESSENCE as a cure or helper in very many cases of Splint, Ringbone, Spavin, Strains of the Back Sinews, Stiffe, Fetlock, Pastern and Coffin Joints, etc. Every horseman should have a supply of the ESSENCE in his stable.

S. T. GOLDING,
Livery Stable, St. John, N. B.

ST. JOHN, N. B., Jan. 18th, 1882.

MESSRS. FELLOWS & CO.:

DEAR SIRS.—I have used FELLOWS' LEEMING'S ESSENCE for several years past with great success, and therefore most cheerfully recommend it as one of the very best remedies in use in all cases for which it is prescribed.

J. B. HAMM,
Proprietor of Livery and Sale Stables, St. John, N. B.

ITALY 1881.

ESPOSIZIONE MUSICALE IN MILANO
Sotto il Patrocinio di S. M. la Regina,
Palazzo Del R. Conservatorio
AT THE GREAT ITALIAN MUSICAL EXPOSITION

Recently closed at Milan, was probably the MOST EXTRAORDINARY COLLECTION OF MUSICAL INSTRUMENTS, old and new, ever brought together; fully illustrating the great progress which has been made and present high excellence in this department of manufactures. After exhaustive examinations, tests and comparisons, extending through a period of several months, more than 350 Awards were made to musical art and manufacture. For REED INSTRUMENTS, including Organs and Harmoniums of all descriptions, European and American,

THE GRAND SILVER MEDAL,
being the only highest award in this department, was conferred upon the
