## Directions for using Universal Liniment.

This Liniment should be liberally applied to the parts affected, three or four times a day, (and even more frequently in severe and dangerous cases), and rubbed well into the skin with the hands and fingers, or with a small piece of flannel, saturated with the Liniment, so that more or less irritation or smarting is produced in the parts to which it is applied. more or less irritation or smarting is produced in the parts to which it is applied.

CHILBLAINS.—They are inflammatory swellings of the feet, especially about the toes and heels, with painful itching and burning; and are caused by exposure to cold. Sometimes blisters form, which become bad ulcers. Treatment.—Wash with castile or tar soap, and apply UNIVERSAL LINIMENT freely. Wrap them in lint saturated with the Liniment and keep it on during the night. Keep the feet warm and dry during the day.

LAMENESS.—It is the result of over use. There is soreness, accompanied by pain on exertion, in the affected part. The celebrated UNIVERSAL LINIMENT is unequalled in curing lameness. Bathe the tender portion with the Liniment at night, and on going to bed, and again in the morning. the morning.
