BEWARE OF IMITATIONS.

Since Dr. Thomas' Eclectric Oil has become celebrated, a number of unprincipled persons have been endeavoring to palm off Electron and Electric Oil for the genuine DR. THOMAS' ECLECTRIC OIL. Beware of these similar mamed articles. If their originators had any faith in the healing properties of their own medicines they would, like honest men, give them a name of their own, and not try to sell them on the reputation of another ; but as they know their preparations have no merit, they resort to the most unprincipled means of selling them by getting a name as near as possible to *Eclectric.* We therefore task the public when purchasing to see that the name Dr. Thomas' Eclectric Oil is on the front of the wrapper, and the signature of NORTHROP & LYMAN, the proprietors of Canada, on the back.

THAT THE HUMAN SYSTEM requires renovating in the Spring is proved by the loss of appetite, lassitude or debility which comes within the experience of almost everyone. Hanington's Quinine Wine and Iron, used in conjunction with Hanington's Tonic Dinner Pills, restore the appetite, invigorate the system and purify the blood immediately and effectually, as thousands testify who have been benefitted by their use. PAIN CANNOT STAY

Universal Liniment
Is Used !
Universal Liniment
Is warranted equal to any article for all Diseases of Man and Beast.
UNIVERSAL LINIMENT.
AN EXTERNAL application for Sprains and Bruises, Sore Throat, Quinsy, Pains and Soreness in the Bones and Muscles, Paralysis or Numbness in the Limbs, Pains and Stiffness of the Joints, Swellings and Tumors, Rheumatism, Gout, Tic Doloureux, (Neuralgia), or Pains in the Nerves, Milk Leg, White Swellings, Chilblains or Frost Bites, Ringworm, Pains in the Chest, Side and Back, &c., and useful in all cases where Liniments, Rubefacients, Blisters, Sinapisms, &c., or any other kind of Counter-Irritant is required.
Directions for using Universal Liniment.
This Liniment should be liberally applied to the parts affected, three or four times a day, (and even more frequently in severe and dangerous cases), and rubbed well into the skin with the hands and fingers, or with a small piece of flannel, saturated with the Liniment, so that more or less irritation or smarting is produced in the parts to which it is applied.
CHILBLAINS.—They are inflammatory swellings of the feet, especially about the toes and heels, with painful itching and burning ; and are caused by exposure to cold. Sometimes blisters form, whith become bad ulcers. *Treatment.*—Wash with castile or tar soap, and apply UNIVERSAL LINIMENT freely. Wrap them in lint saturated with the Liniment and keep it on during the night. Keep the feet warm and dry during the day.
LAMENESS.—It is the result of over use. There is soreness, accompanied by pain on exertion, in the affected part. The celebrated UNIVERSAL LINIMENT is unequalled in curing lameness. Bathe the tender portion with the Liniment at night, and on going to bed, and again in the morning.
BURNS.—They consist of enlargement or thickening of the sack about a joint, usually that of the big toe of the foot. Caused by tight boots. *Treatment.*—An easy boot or shoe is essential. Bind on lint soaked with the UNIVERSAL LINIMENT and cover with oil silk every night.

AYER'S
Cherry Pectoral.
No other complaints are so insidious in their attack as those affecting the throat and lungs: none so trifled with by the majority of sufferers. The ordinary cough or cold, resulting perhaps from a trifling or unconscious exposure, is often but the beginning of a fatal sickness. AYER'S CHERRY PECTORAL has well proven its efficacy in a forty years' fight with throat and lung diseases, and should be taken in all cases without delay.
A Terrible Cough Cured.
"In 1857 I took a severe cold, which affected my lungs. I had a terrible cough, and passed night after night without sleep. The doctors gave me up. I tried AYER'S CHERRY PECTORAL, which relieved my lungs, induced sleep, and afforded me the rest necessary for the recovery of my strength. By the continued use of the PECTORAL a permanent cure was effected. I am now 62 years old, hale and hearty, and am satisfied your CHERRY PECTORAL saved me.
HORACE FAIRBROTHER."
Rockingham, Vt., July 15, 1882.
Croup.—A Mother's Tribute.
"While in the country last winter my little boy, three years old, was taken ill with croup; it seemed as if he would die from strangulation. One of the family suggested the use of AYER'S CHERRY PECTORAL, a bottle of which was always kept in the house. This was tried in small and frequent doses, and to our delight in less than half an hour the little patient was breathing easily. The doctor said that the CHERRY PECTORAL had saved my darling's life. Can you wonder at our gratitude? Sincerely yours,
MRS. EMMA GEDNEY."
159 West 128th St., New York, May 16, 1882.
"I have used AYER'S CHERRY PECTORAL in my family for several years, and do not hesitate to pronounce it the most effectual remedy for coughs and colds we have ever tried. A. J. CRANE."
Lake Crystal, Minn., March 13, 1882.
"I suffered for eight years from Bronchitis, and after trying many remedies with no success, I was cured by the use of AYER'S CHERRY PECTORAL. JOSEPH WALDEN."
Byhalia, Miss., April 5, 1882.
"I cannot say enough in praise of AYER'S CHERRY PECTORAL, believing as I do that but for its use I should long since have died from lung troubles. E. BRAGDON."
Palestine, Texas, April 22, 1882.
No case of an affection of the throat or lungs exists which cannot be greatly relieved by the use of AYER'S CHERRY PECTORAL, and it will *always cure* when the disease is not already beyond the control of medicine.
