If you will publish the above facts they may thus be brought under the attention of some of the friends of the deceased -Cor. to Carle-

Great excitement prevails at Anagance and vicinity over the mysterious disappearance of a little boy, son of Mr. Daniel Belding, who lives near Anagance, on the portage road. It appears that on Sunday morning last, Mr. Belding and his little boy went out to pull sarsaparilla roots. Woods are quite near to the house, and they did not go more than one or two hundred yards away. As soon as Mr. Belding had obtained some of the roots he gave them to the boy and told him to carry them home. The child started off. In a few minutes Mr. Belding heard loud screams. He started towards the house, thinking the child had arrived home and something had happened to him. Mrs. Belding also heard the screams and started for the woods,

The surprise and anxiety of the father and mother can be imagined when they failed to find the child. They searched but could find no trace of the little one. The neighborhood was alarmed, and everybody turned out to search for the child. All day Sunday was fruitlessly spent in this errand. On Monday the search was resumed, and after some hours' search the tracks of a bear were discovered. There were signs also that the child had been on this spot, and no doubt remained among the spectators that the child had been carried off by a bear. The search was continued but without further success. Mr. and Mrs. Belding were completely broken down by the horrible discovery. A despatch to the Globe Wednesday says the child has not yet

been found. It is alleged that bears have frequently been seen in the same quarter. Last winter a bear weighing over five hundred pounds was killed there and sold in the market here. -Globe.

NOVA SCOTIA.

The Bishop of Nova Scotia recently ordained a woman to the office of Deaconess. The Nova Scotia Brigade Camp will this year be held at Pictou, commencing on July 25th. Lunenburg, N. S., has upwards of 200 fishing vessels, aggregating 10,000 tons, and managed by

The N. S. Glass Works, New Glasgow, are turning out a large amount of glass ware. The number of hands at present on the pay roll is 160. The wages paid weekly amount to over \$1,000. A company has commenced operations in Annapolis, N. S., in the way of manufacturing bricks, tiles and pottery. When arrangements are com-

te, employment will be furnished to sixty men, and \$22,000 capital will be invested. The arbitrators appointed to determine the matters in dispute between the Government and the Halifax and Cape Breton Railway and Coal Company have signed their award. They fixed upon the sum of \$1,069,405 as the amount to be paid by the Government to the Company.

It was generally rumoured on Saturday, and appeared to be invested with an appearance of reliability, that M. H. Richey, Esq., M. P., is to succeed Lieutenant-Governor Archibald. When in Halifax, Sir Charles Tupper is alleged to have stated that there would be no third term, and that expectorant "balsams" dwells in Dr. Wilson's the position had not been offered to Senator Dickey.

The "Mary L. Burrill," a handsome ship of erted over all lung complaints strongly recommend 1,456 tons, was towed over from Little Brook, N. it to the use of families in which any constitutional S., by the tug "G. D. Hunter," at which place weakness or tendency to consumptive taint exists. she was launched on Wednesday week. She is Dr. Wilson's Balsam has the most renovating efowned by Messrs. Wm. Burrill & Co., of Yarmouth, fect when the throat and lungs become diseased. and will class 11 years in Bureau Veritas. Capt. It keeps the action of the lungs free, and subdues Joseph Eldridge, formerly of the "Kate Burrill," the cough. It is innocent in its nature, and harmwill command her. She will be rigged here and less in its action, and is adapted for any and every will load deals for Liverpool.

Rich find of gold-bearing ore are reported to have been made in the township of Bridgewater, Lunenburg County, and considerable excitemen has been caused thereby. A large number of licenses to search have been taken out at the Mines office within the past week. In Digby County also gists. it is alleged that some new and valuable discoveries

of gold lodes have been made. Yarmouth, N. S., had a celebration on Saturday of the 122nd anniversary of the settlement of that prosperous town. There were salutes, calithumphians' and firemen's processions, sports, fireworks, etc. The Yarmouth Times issued for free distribution as a memento of the day, a liliputian representation of the paper. The little sheet contained about it. There is not a mother on earth who has quite a variety of interesting news.

One of the best gold discoveries so far in Halifax County has just been made on the old De Wolf property at Montague, close to the celebrated Rose lead. Three leads, respectively 33, 11 and 17 inches in width, have been found about 12 feet below the surface and give indications of a rich yield. The richest appearing lead yet discovered in the Chezzetcook district, one five inches in width, has also just been found by Mr. John H. Anderson a little to the eastward of the Oxford Mining Company's property. -- Chronicle.

Q. M. Clerk. TONIC CLOTHING, The Yearly Meeting of the Second District, F. C.

---AND---

APPETIZER

The proprietors of HOP TONIC feel warranted in saying that it surpasses all similar preparations of Medicine, as it combines the principle of the Hop with The Annual Meeting of the Sixth District will be held with the Church at Taylor Village, W. Co., Sarsaparilla and other valuable aromatic rects and beginning at 2 o'clock, P. M., on the second Friday barks. G. W. SHARP, Clerk.

It is peculiarly efficacious in diseases arising from impurities of the blood, and is salutary in its effects in creating an appetite and giving tone to the stomach of persons suffering from general debility.

HOP TONIC has already attained a high reputation, and numerous testimonials have been received from persons who have experienced immediate relief from its use. The new Meeting-house at Dover, W. Co., is about completed, and will be opened for Divine Beware of immitations, as HOP TONIC is unlike all other Compounds with similar names. is expected to preach the dedicatory sermon on the

other kind of Counter-Irritant is required. Directions for using

Universal Liniment

sons, three daughters, nineteen grandchildren, and a large connection of other near friends to mourn their loss. This Liniment should be liberally applied to the parts affected, three or four times a day, (and even more frequently in severe and dangerous cases), and rubbed well into the skin with the hands and fingers, or with a small piece of flannel, saturated with the Liniment, so that more or less irritation or smarting is produced in the parts to which it is applied. On the 1st inst., at Des Moines, Iowa, aged 20 years and 6 months, Oliver C. Jones, son of Oliver Jones, of Moncton. parts to which it is applied.

CHILBLAINS.—They are inflammatory swellings of the feet, especially about the toes and heels, with painful itching and burning; and are caused by exposure to cold. Sometimes blisters form, which become bad ulcers. Treatment.—Wash with castile or tar soap, and apply UNIVERSAL LINIMENT freely. Wrap them in lint saturated with the Liniment and keep it on during the night. Keep the feet warm and dry during the day.

Lameness.—It is the result of over use. There is soreness, accompanied by pain on exertion, in the affected part. The celebrated UNIVERSAL LINIMENT is unequalled in curing lameness. Bathe the tender portion with the Liniment at night, and on going to bed, and again in the morning. the morning.

Bunions.—They consist of enlargement or thickening of the sack about a joint, usually that of the big toe of the foot. Caused by tight boots. Treatment.—An easy boot or shoe is essential. Bind on lint soaked with the Universe.

UNIVERSAL LINIMENT and cover with oil silk every
