the scarcity of water as now exists was never before experienced here.

Mrs. Smith's residence at Douglas was entirely destroyed by fire at 11 o'clock Wednesday night, the fire originating accidentally in the kitchen. The furniture and other contents were also burned, and Mrs. Smith herself had a narrow escape.

At the annual meeting of the stockholders of the People's Bank, the following directors were elected for the ensuing year: Hon. A. F. Randolph, Thomas Temple, John Pickard, M. P., John McDonald, and James Tibbits. At a subsequent meeting of the Directors, Hon. A. F. Randolph was re-elected president.

Our community had scarcely recovered from the surprise occasioned by the death of Mr. Benj. Atherton last week when it was announced that Mr. Bowden, of the Prince William Antimony Mines, is dead. He was in the city last week looking hearty. Mr. Duke, the engineer at Risteen's factory died on Friday after an illness of a couple of days. All these deaths resulted from congestion of the lungs.—*Reporter.*

William Finley, who is employed in the Coldbrook Rolling Mills, met with a serious accident on Friday afternoon. He was working about the mill when a block of iron fell from the beams above, striking him on the head. Dr. Alward was sent for and dressed the wound, which is about two inches in length. The skull, the doctor says, is fractured, but no bones are protruding. On Saturday the injured man was reported easier and doing very well.

The death is announced, at Mount Pleasant, King's County, on the 4th inst., of Mr. William E. Hornbrook, after a lingering illness, aged 28 years. The deceased was formerly a teacher in the Sussex school and had studied two terms in Bellevue Hospital, New York, where it is supposed he contracted the disease of which he died

A Queen's County correspondent writes that Thos. Hetherington, Esq., M. P. P., of Queens, is doing quite a business in cutting lumber this winter. Will produce between 2 and 3 million of logs, 10,000 piles and quite a large lot of hacmatac knees. I am told he employs about—or has hauling for him—100 teams. Mr. Hetherington is indeed the biggest operator on the Canaan waters.

Information having been received that Flora Clarke, proprietoress of the establishment at the corner of Pitt and Britain street, was carrying on an illicit liquor business, a search warrant was issued last evening and put in force, when a quantity of liquor was found on Clark's premises. In consequence she appeared before the Police Magistrate this morning and was fined $40.

We have to record to-day the death of Mrs. Brayley, whose long residence in Fredericton coupled with an eminently christian character and charitable disposition made her generally known and highly esteemed by all classes in the community. Several members of a large and respected family survive her, including the wife of Hon. A. F. Randolph, the wife of Hon. Judge Steadman, and the wife of Henry Chestnut, Esq., in this city.

Messrs. H. C. Charters and W. R. Angus, of this town, have secured the lease for 99 years of the Horsman farm, which adjoins the coal mine recently discovered by Mr. Blake on Lutz Mountain, about 9 miles out of town. The owners claim that excavations made prove that there is also a vein of coal on the farm several hundred yards in width and only a little below the surface. Several loads of coal have been taken from the so-called Blake mine, and those who have tried it pronounce it an excellent article.

A number of lads were coasting on a double runner, Tuesday, on Jackson's hill, Carleton, the hill opposite Miller's. As they started a couple of cows walked down Rodney street, where the hill crosses, and the coasters ran into the animals. One of the cows, trying to get out of the way, stepped on a lad named Wilson, and injured him severely. The boy, who was already lame was picked up in an unconscious condition and conveyed to the house of his grandfather, Ald. Wilson.—*Globe.*

At 4.30 o'clock Wednesday morning a fire broke out in the house owned by Mr. Alexander Kearns, on Sydney street near Brittain, which was quickly extinguished. The fire is supposed to be the work of an incendiary.

Another fire occurred about five o'clock Wednesday afternoon in the store of John Wilson, corner of Queen and Carmarthen street, but was extinguished before the fire brigade arrived. The damages was trifling.—*Tel.*

Messrs. Geo. H. White, John H. McRobbie and Thomas Clerke have become associated as a firm for the manufacture of boots and shoes at Sussex, and will occupy the factory at that place. Mr. White is well known as one of the leading capitalists of Sussex; Mr. McRobbie has been connected with the boot and shoe trade in St. John for some twenty years, and is no doubt well posted in the different phases of the business; Mr. Clerke has had experience in factories, both here and at Sussex. The firm start under favourable circumstances.—*Tel.*

NOVA SCOTIA.

Quite a number of operatives for the Windsor cotton mill arrived by the last English steamer to Halifax.

Dr. Howard, a former residence of Oxford, Cumberland County, N. S., while on his way to Manitoba, was robbed of $600 by confidence men.

In the Nova Scotia Legislature a bill has been introduced to abolish imprisonment for debt except in case of fraud.

A lady noticed a live seal on the side of the road about a mile from the river, at Windsor Forks. A man coming along shortly after hit it on the head and killed it.

Nearly fifty operatives have left England for the Halifax cotton factory. Work is expected to commence in about a fortnight's time, and about 150 hands in all will be employed at the start.

Train master John Murray of the North street depot, died suddenly on Friday last in the ticket office at the station. He was conductor on the first train from Halifax nearly thirty years ago.

Mr. Chas. Denton, of Westport, N. S., met with a serious accident. He was out shooting and his gun burst, the splinters fracturing his cheek bone and damaging his face.

Mr. T. W. Tomlinson, of Lawrencetown, Annapolis, while sitting before a fire warming himself in a hotel at North East Harbor, Shelburne County, suddenly fell from his chair and expired. Heart disease was the cause.

Dr. Arthur Moren, who has acceptably served for many years as city medical officer, died suddenly at his residence last week of hemorrhage of the lungs. He was also surgeon to the 1st Halifax Garrison Artillery, which corps attended his funeral.

The old saying,—trouble seldom comes singly—has again been verified: Last week Mr. Andrew Johnson, of Digby, cut his foot nearly off, and died from the effects. At nine o'clock the same night an infant daughter died, and another little girl of seven years lies dangerously ill.

The *Yarmouth Times* says that the people of that town have formed a joint stock company with a capital of $20,000, to build a large hotel after the most approved United States pattern. A large section will be for purely summer travel, to be closed in winter.

The Halifax *Citizen* says: A number of people ventured on the ice covering the upper part of the harbor, between the sugar refinery and Oland's brewery, yesterday, and found it quite firm and safe all the way across. A few youths enjoyed themselves skating on it near the shore on Saturday.

Mr. John McLellan, son of Alderman McLellan of Halifax, a young man of about 29, was cutting meat in his store in Argyle street, when the large sharp butcher knife slipped and with much force plunged into the inside of his left leg, near the hip, inflicting a most dangerous wound, from which the life blood ebbed in profusion. He is in a very critical condition.

The manager of the Chignecto mine with a force of men erected a dam in the Bennett level where the fire is is burning, and the water has been turned on, and it is confidently expected that in a short time it will extinguish the fire. Preparations are also going on to start the other portions of the mine. It is thought all the men will be at work the middle of this week.—*Stellarton Trades Journal.*

The verdict on the body of Frank Delong in substance is: That the deceased came to his death by being run over by a lumber train on the Western Counties Railway, while said train was backing down Water street. Had there been a brakesman on the rear car, as required by law, the accident would probably not have happened.—It is rumored that S. H. Pelton, Q. C., who has been watching the case in the interest of the widow, will bring a suit against the railway company for heavy damages.

The steamer "Violet," Capt. Storm, from New Orleans, Feb. 8th, via Louisburg, C. B., where she bunkered, bound to Bremen with a cargo of cotton and grain, arrived at this port yesterday, having had her bow stove by ice. After leaving Louisburg, 17 days ago, the steamer encountered heavy drift ice 40 miles east of that place and was in it for 11 days. Her starboard was stove and her collision compartment is full of water. The ship is tight otherwise, and her cargo is uninjured. She docked at Pickford & Black's wharf yesterday, and part of her cargo will have to be discharged to get at the damage.—*Halifax Herald.*

The waters of the harbor last week put on a two inch coat of ice, which extended some distance past St. George's Island. The thermometer during the night only went 2 degs. below zero, but the water has been so very cold owing to floating ice outside and the very heavy frosts, that the dead calm gave it a chance to crystalize. This morning, the ferry boats had some trouble in making their first trips. The Stanmore, which arrived to day, and other steamers, cut it up badly, and it is very doubtful if the ice will have a chance of getting strong this season. The harbor was last frozen over on the 10th of February, 1875, when it remained so for 16 days.—*Halifax Recorder.*

Conductor Joe Edwards, of the W. & A. R., has organized a novel and original excursion. He has formed a travelling company of seventeen persons, all males, and intends visiting all the principal places in the Eastern States. They are styled the "Blue Nose Wanderers." They left yesterday for St. John via Annapolis. Following are the names of the excursionists and where they hail from:—Joseph Lyons, C. Dodge, Dr. Mulloney, Kentville; Wm. Glassie, J. Preest, Halifax; J. A. Mumford, M. McCush, Hantsport; Chas. Randolph, Wm. Lithgow, Bridgetown; Arthur King, N. A. Gayaza, George Corbett, H. McMullen, Edward Perry, Joe Edwards, G. L. Flanders, Annapolis; Joseph VonMalder, Windsor.—*Windsor Mail.*

ENGLISH AND FOREIGN.

ENGLAND.

LONDON, March 5.—Mr. Gladstone entered the Commons this afternoon for the first time since his return from Cannes. He was received with loud and long continued cheers from all sides of the House. Lord Edmund Fitzmaurice, Under Foreign Secretary, in response to an inquiry, informed Puleston (Conservative) that the surrender of J. P. Sheridan had been asked of the United States Government, but he was unable to say anything further regarding the matter. Portmaster General Fawcett, who has been ill for some time past, reappeared in the House to-day, and was cheered and congratulated on his recovery. In reply to a question by Baxter, Fawcett said he would make enquiries with regard to improving the mail service with America.

March 6.—A severe gale, accompanied by snow, has prevailed for the past twenty hours. Two vessels and three men have been lost at Dundee; three vessels at Scarborough; one at the Isle of Man and two lives at Whitestable.

Two vessels have been wrecked at Scheveningen, Holland. Fourteen persons were drowned.

IRELAND.

DUBLIN, March 5.—The Town Council has expelled James Carey, the informer, from membership and has declared his seat vacant.

Flynn, a bailiff of Lord Ardilaun, who was brutally beaten near Clonbur, County Mayo, last week, has died.

In the Commons, to-day, Parnell asked a question touching the starving condition of the people in Ireland, and Trevelyan, in reply, denied the existence of such distress as mentioned in Parnell's question.

DUBLIN, March 7.—It is reported that great distress prevails in the County Mayo. Over 30 persons in the poor house are suffering from famine fever. There are 700 names on the list of persons needing relief.

GERMANY.

BERLIN, March 7.—The Prince of Wales has been created a Field Marshal of the German Empire.

AUSTRIA.

VIENNA, March 2.—The Government of Hungary has undertaken to complete the removal, by dynamite, of the rocks at the Iron Gate of the Danube. They expect to be reimbursed the cost of the work by tolls imposed on vessels navigating the river.

INDIA.

CALCUTTA, March 5.—Most intense excitement continues to be felt among Europeans because of the proposed law giving native magistrates criminal jurisdiction over the whites in certain cases. A correspondent says he is certain, from inquiry, that if the obnoxous measure is pressed, ninety per cent. of the white volunteers in Bengal would resign as a protest against it. At a great meeting held here even violence toward native magistrates was threatened.

UNITED STATES.

NEW YORK, March 3.—The steamship *Spain*, having the Malagassay envoys on board, arrived this morning.

March 7.—At a fire this morning in Cambridge Flats, Mrs. Wakeman and daughter, who occupied the fourth floor, were suffocated. The building was damaged to the amount of $70,000; furniture $40,000.

ALBANY, N. Y., March 2.—The Governor has vetoed the bill reducing the rate of fare on the New York Elevated Railroad known as the "Five cent fare bill."

March 3.—Dunlap's elevator was destroyed by fire. By the falling walls, four men were killed and seven badly injured. Loss $215,000.

WASHINGTON, March, 2.—The Republican members of the Senate held a caucus and selected Mr. Edmunds as their candidate for President, *pro tem*, to succeed Davis. There was no opposition.

March 3.—Secretary Chandler received a cable message from Minister Hunt at St. Petersburg, stating that Ensign Hunt and party, including Bartlett and other survivors of the "Jeannette," arrived at St. Petersburg this morning, all in good health.

March 5.—The United States Congress, before its final adjournment on Sunday, passed the tariff bill, which will probably decrease the revenues forty millions. (Why not take some other day?)

March 6.—President Arthur has accepted the resignation of James Gilfillan as treasurer of the United States. Assistant Treasurer Wyman is mentioned as most likely to receive the appointment as his successor.

ATLANTA, Ga., March 4.—Governor Alexander H. Stephens died at 12 o'clock last night.

SAN FRANCISCO, March 2.—The city was in darkness last night. All the street lamps were extinguished and removed for the lack of funds to pay the gas bills.

ST. LOUIS, Mo., March 4.—The latest news from the overflowed country along the Mississippi river is that what are known as "sunk lands" in St. Francis river region are entirely submerged and that nearly as far down as Helena there are but few places above water. People are living in the upper stories of houses, where there is more than one story to the house, or are floating around on rafts or in boats. Most of the inhabitants, however, have deserted their houses and gone to the high lands back from the river. The streets of New Madrid are submerged to a depth of from two to four feet and there is water in almost every house. The whole country back of that place as far as Cairo on the Missouri side, and from Hickman south for over fifty miles, is inundated. Corn, live stock and fences have been destroyed, but no great amount of suffering among the people is reported.

NEW ORLEANS, La., March 4.—News has been received here that the steamboat Yazoo, hence last evening for Bayou Macon and Tensas, while turning a point last night during the high wind, was capsized and sunk near Red Church, and that the boat and cargo are a total loss. 16 lives were lost.

March 5.—A special from Greenville, Miss., says a serious break is reported in the Pastoria levee, Chicat County, Ark., which will inundate all the plantations outside of Lake Chicot, except such as are protected by private levees. The plantations in the bed of the lake are also said to be in danger. The Mississippi River is overflowing all along its banks.

Dr. W. Armstrong, Toronto, writes: "I have been using Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda, for Chronic Bronchitis with the best results. I believe it is the best Emulsion in the market. Having tested the different kinds, I unhesitatingly give it the preference when prescribing for my consumptive patients, or for Throat and Lung affections.

Mr. C. E. Riggins, Beamsville, writes: "A customer who tried a bottle of Northrop & Lyman's Vegetable Discovery says it is the best thing he ever used; to quote his own words, 'It just seemed to touch the spot affected.' About a year ago he had an attack of bilious fever, and was afraid he was in for another, when I recommended this valuable medicine with such happy results."

C. A. Livingstone, Plattsville, Ont., says: I have much pleasure in recommending Dr. Thomas' Eclectric Oil, from having used it myself, and having sold it for some time. In my own case I will say for it that it is the best preparation I have ever tried for rheumatism.

The spring months are a very trying season of the year to those constitutionally inclined to disorders of the respiratory organs. The usually mild weather sometimes so prevalent about the midspring encourages many to hope that they have escaped their customary complaints. This second winter, which generally succeeds such a mild spell, no doubt disappoints hundreds, many of whom need not be disheartened since they can defy any cough from becoming dangerous by using Dr. Wilson's Pulmonary Cherry Balsam, and from experience of it, duty compells us to say, it seems designed for the express purpose of securing to the weak and infirm the means of preserving good and robust health.

REST AND COMFORT TO THE SUFFERING.

"BROWN'S HOUSEHOLD PANACEA" has no equal for relieving pain, both internal and external. It cures Pain in the Side, Back or Bowels, Sore Throat, Rheumatism, Toothache, Lumbago and any kind of a Pain or Ache. "It will most surely quicken the Blood and Heal, as its acting power is wonderful." "Brown's Household Panacea," being acknowledged as the great Pain Reliever, and of double the strength of any other Elixir or Liniment in the world, should be in every family handy for use when wanted, "as it really is the best remedy in the world for Cramps in the stomach, and Pains and Aches of all kinds," and is for sale by all Druggists at 25 cents a bottle. feb2—1y

BEWARE OF IMITATIONS.

Since Dr. Thomas' Eclectric Oil has become celebrated, a number of unprincipled persons have been endeavoring to palm off Electron and Electric Oil for the genuine DR. THOMAS' ECLECTRIC OIL. Beware of these similar named articles. If their originators had any faith in the healing properties of their own medicines they would, like honest men, give them a name of their own, and not try to sell them on the reputation of another; but as they know their preparations have no merit, they resort to the most unprincipled means of selling them by getting a name as near as possible to *Eclectric.* We therefore ask the public when purchasing to see that the name Dr. Thomas' Eclectric Oil is on the front of the wrapper, and the signature of NORTHROP & LYMAN, the proprietors of Canada on the back.

MOTHERS! MOTHERS!! MOTHERS!!!

SPECIAL HOME MISSION NOTICE.

As may be seen by Resolution 51 of the Minutes of our recent General Conference, the Executive of the Home Mission Society was empowered to devise ways and means for establishing a Mission in Manitoba and the North West. Correspondence with friends in Winnipeg, has led the Executive to the conclusion, that in that city the work should be commenced. The want of means is the great hindrance, and the Board has decided to bring the matter before the public in this way. We hereby earnestly appeal to all the friends of this Mission to assist us with their means. Unless the money is forthcoming it will be useless to undertake the work. Will our brethren and friends interested, send in cash or pledges for this Mission, the amounts they will give towards it. Address, Rev. J. T. Parsons, Treasurer, H. M. Society, St. John.

Having professed religion when young, she maintained a Christian course during life, and died lamented by all who knew her. She leaves a sorrowing husband and four sons to lament their loss.

At Hainesville, York Co., on the 4th inst., of typhoid fever, Charles, eldest son of William and Altina Sharp, aged 20 years. The departed was a young man of much promise.

At Greenwich, Kings County, on the 12th ult., after a lingering illness, which he bore with resignation to the divine will, William J. Halewood, aged 43 years and 11 months, leaving three daughters and one sister to mourn their loss.

At Fredericton, at the residence of A. F. Randolph, on the 1st inst, Mrs. James Brayley, aged 78 years.

At Deer Island, on the 12th ult., Mercy, aged 82 years, relict of the late Mark Lord.

At Deer Island, on the 21st ult., F. Curtis Wilson, aged 46 years.

At Springfield, Cumberland, of diphtheria, Jan. 24, Delbert L., aged 5 years and 2 months; Jan. 25, Wilbert R., aged 2 years and 5 months; Feb. 4, Ralph A., aged 3 years and 9 months, children of Joseph F. and Emma Bent.

At Yarmouth, N. S., on the 27th ult., Mr. Frank Dulong, aged 28 years, leaving a wife and three children.

At Cape Sable Island, on the 21st ult., Dr. James J. Clark of Barrington, aged 56 years.

At Barrington, on Feb. 4th, Elizabeth, widow of the late Nehemiah Wilson, aged 82. Our departed sister for nigh 60 years, if not longer, was a faithful Christian, and a devoted member of the F. B. Church. Kind, peaceful and gentle, she was deeply beloved by a large circle of friends. Her sun has set but to rise in the peaceful haven of eternal rest. "Blessed are the dead who die in the Lord."
