THE Minneapolis *Lumberman* has an article on the gigantic trees of Australia, of which the following is an extract: "The trackless forests in the west of Tasmania contain huge timber, and bushmen report that they have met with specimens of eucalyptus measuring 200 feet from the ground to the first branch, and fully 350 feet in all. Until 1873 there was standing on the eastern slope of Mount Wellington, within four miles of Hobart Town, a eucalyptus measuring 86 feet in girth and more than 300 feet in height, and its ruined boll still forms a grim chamber in which many a merry party have enjoyed a picnic. The famous tree of the Huon forest measures 70 feet in girth six feet from the ground, and is stated to be 240 feet high, but in the deep gorges of this grand forest the writer has seen higher trees than this, though not of quite equal circumference. But Victoria now claims the glory of holding the biggest of all the living 'big trees' in the world, so far as height is concerned. In the Dandenong district at Fernshaw has been discovered a specimen of *Eucalyptui amyrdalina*, or almond-leaf gum, which has been accurately measured as reaching the enormous height of 380 feet before throwing out a single branch, and 430 feet to the top, and having a girth of 60 feet at some distance from the ground. Some idea of what a height of 430 feet represents may be gained from the fact that this gum-tree, if growing by the side of the House of Parliament at Westminster would overtop the Clock Tower by exactly 100 feet.

STEAMERS.—After Sept. 10th, the Thursday trip of the International Line from St. John, and the Saturday trip from Boston will be discontinued, having four trips a week for the remainder of the month.

The Halifax Steam Navigation Company have chartered the steamer "Juliet," of Liverpool, and she will leave London for Halifax and St. John about September 22nd. The "Juliet" is 2,091 tons register, with engines of 250 horse power, Her capability for the trade may be judged from the fact that she can carry 300 head of cattle, or 150 head of cattle and 1,200 sheep, besides 2,500 tons of general cargo. Not only does the above named company propose to make the export of live stock from the Maritime Provinces a prominent feature of their line, but they are in treaty for a refrigerator to provide facilities for carrying dead meat in the stormy months of December, January and February, when the export of live animals would be attended with extra risk. The "Juliet" will take to England the first shipment of the Nova Scotia apple crop. To show the trade which is coming for this line, it may be mentioned that up to the 29th ult. transportation had been engaged for 14,990 cases of lobsters by the Sicily.—*Halifax Mail.*

WONDERS OF THE BODY.—A recent writer makes the following startling statement:

"Suppose your age be 15 or thereabouts. You have two hundred bones and six hundred muscles; your blood weighs twenty five pounds; your heart is five inches in diameter; it beats 70 times per minute, 4,200 times per hour, 100,800 per day, 36,792,000 per year. At each beat a little over two ounces of blood is thrown out of it, and each day it receives and discharges about seven tons of that wonderful fluid. Your lungs will contain a gallon of air, and you inhale 24,000 gallons per day. The aggregate surface of the air cells of your lungs, supposing them to be spread out, exceeds 20,000 square inches."

☞ Writs for the election in Westmorland have been issued; nomination to take place on Saturday, 6th October.

THE NEWS OF THE WEEK.

SAINT JOHN, N. B., SEPT. 21, 1883.

NEW BRUNSWICK.

The I. C. R. authorities have nearly completed a new station at Kent Junction.

A boom house on the upper side of the Nashwaak was destroyed by fire Tuesday night.

Messrs. Troop & Sons' new bark *Highlands* was successfully launched, Monday morning.

Along the Reach a large number of men are engaged in the bass and pickerel fishery, in which they are meeting with good success.

The water in this river is very low at present, in fact, lower than it has been for many years. Lumbermen find it difficult to raft logs on this account.

Hugh Rodgers, an employe in James Harris & Co.'s rolling mill, at Straight Shore, had the thumb of his right hand cut off by the shears Tuesday evening.

A slight fire occurred in a house occupied by James Armstrong, on King street East, Saturday morning, but was extinguished before much damage was done.

Forest fires, it is reported, destroyed a barn a few miles out of town, owned by Mr. Benj. Charters. Several tons of hay were consumed with the other contents of the barn.

Old residents of Indiantown and Fredericton say that the water in the river has not, in their memory, been so low as this season. It is impossible at present to raft logs in the upper booms.

A boy named David Reed was driving a team over Spurr Cove crossing, early Monday morning, when the engine of a train caught the wagon, smashing it up and throwing the driver and animal on the side of the track. Fortunately the boy and horse escaped any serious injury.

J. C. Northrop of Norton, was killed at Moosehorn gravel pit on Saturday, by falling from the top of the I. C. R. cars, the wheels of which passed over his breast. An inquest was held by Coroner Macpherson, and a verdict of accidental death returned. The jury also found that no blame attached to any of the railway officials.

A portion of the machinery in Messrs. Connors & Son's rope walk at Portland is in operation, and the factory will be running at full blast next week. The delay in starting the rest of the machinery is caused on account of the belt which was recently ordered from Montreal not having arrived here yet. About 46 men are employed at present, and the number will be increased to 90 in a short time.

Yesterday was the day appointed for the celebration of the Fredericton Waterworks. We hope the test has been satisfactory and that the works may continue to give satisfaction from this onward. It is difficult to say why so much ado should be made over the matter, it is no uncommon thing for cities to have waterworks, besides there is another side to the account which may not look pleasant.

An insane woman made three distinct attempts to throw herself into the harbor from the ferry boat on its seven o'clock trip to the Carleton side, Tuesday night, but was prevented in each case by the passengers. On reaching Carleton she jumped on a sloven and was driven up Rodney street a short distance, when the teamster put her off, for which she abused him in no measured terms.—*Sun.*

A boy named Daniel Mason tried to commit suicide at Fairville on Sunday afternoon by attempting to shoot himself through the heart. Fortunately the explosion of the gun only caused a flesh wound in his side. Dr. Macfarlane was promptly in attendance and extracted the shot. The boy is supposed to be insane as he has been very depressed since the death of his mother some month since.

On Friday Mr. Bernard Ring had his right hand badly mutilated while working in James Harris & Co.'s foundry, and on Saturday a little daughter, of nine years, fell, while playing near the house, and broke her right leg a little above the ankle. On Monday Mr. Ring's son, a child of three years, was knocked down by a stone thrown by a companion, and received a deep cut, some three inches long, on the right side of his head. Thus the father, son and daughter, are now all prostrated by accidents.—*Sun.*

NOVA SCOTIA.

It is proposed to erect a flour mill at Halifax.

The Halifax street railway case will probably be appealed to the Privy Council of Great Britain.

Nineteen cattle were killed in Pictou County under the law for the suppression of the Pictou [illegible] disease.

The residence of Dr. B. Woodworth, Esq., M. [illegible]ville, N. S., was burned on Thursday [illegible] last. It is supposed to be the work of an [illegible]. Loss about $6,000, covered by insurance.

[illegible] Michael's (New Glasgow) new vessel is rapidly approaching completion and will likely be launched soon. She is being built under a contract for a firm in P[illegible]delphia, being constructed very strongly, as she is intended for carrying creolite from Greenland.

Messrs. Rhodes & Curry, of Amherst, have been awarded the contract for the erection of the new station house at Amherst, and will commence work immediately. The contract price is close on $60,000, and the building is to be finished about the first of next August.

Margaret Smith, an [illegible]ish lady, 70 years of age, was killed near Shubena[illegible] made by the St. John express on Saturday night. She was walking along the track and got on one [illegible] to let the train pass. The locomotive got by without touching her, but struck her in the face with the end of the baggage car [illegible] in a few minutes after. and she died from the effects of the station. She has been considered slightly deran[illegible] and for some time, The body was taken to Milfo[illegible] been kept over her. but no watch appeared to have been found. Her husband some years ago k[illegible] kept a drug store in Truro.

ENGLISH AND FOREIGN.

LONDON, Sept. 14.—Cortaichy Castle, near Forfar, Scotland, owned by the Earl of Airlie has been burned. Loss over £50,000.

Sept. 17. Latest returns from the agricultural districts of England show a large increase in foot and mouth disease among cattle.

Sept. 18.—Earl Spencer, Lord Lieutenant of Ireland, has issued an order abolishing the office of special resident magistrate for Dublin, and appointed four divisional magistrates, who will direct the movements of resident magistrates and police.

O'Donnell, the murderer of Carey, was landed at Southampton at 9 o'clock this morning and placed on board the train for London. The train arrived at Vauxhall at noon, where the prisoner was met by a large force of police and escorted to the prison van. Then under the escort of police, he was driven to Millbank jail.

LONDON Sept. 13.—The *Standard* has a long despatch from Hong Kong giving further details of the Canton riots. Ten English establishments, one American, 1 French and 2 German, were burned to the ground, and two English, one German and one French house were sacked by the mob. Consuls have sent an identical note to the viceroy, holding him responsible for the destruction. The arrival of two British and one French gunboat at midnight Tuesday restored confidence. There is still great excitement in Canton. Placards are posted on the walls applauding the action of the people in attacking the settlement, and calling upon them next time to destroy the European devils as well as their property. The consuls will all admit the situation is very serious and that the future of the European colony is gloomy in the extreme. It is now almost open war between them and the populace of Canton, and it will be necessary to have ships of war there for protection for a long time to come.

Sept. 15.—A Hong Kong despatch gives details of the battle between the French forces and the Black Flags on the 1st inst. The French took 20 prisoners who were beheaded forthwith. Although the movement of the French troops was a success, yet the result shows that very large reinforcements will be needed to clear Tonquin of black flags, as an earthwork of no great strength kept the French supported by gunboats, three days at bay. Sixty men of an available force of 1,500 means a large French loss, while 500 Black Flags killed are as nothing. Operations are again suspended.

Sept. 14.—French accounts of the battle with the Black Flags state that on Saturday, Sept. 1, the French forces from Hanoi advanced to within 12 miles of Sontay, where the enemy was found in casemate forts, upon which the fire of the French had no effect. After three days hard fighting the French troops, aided by a heavy fire from the fleet under Admiral Bouet, carried the enemy's works at the point of the baynot, capturing two towns and two Black Flag standards. The French loss were two officers and 14 men killed and 12 officers and 40 men wounded. After the victory Admiral Bouet withdrew his fleet to Hanoi to wait reinforcements, leaving three hundred men to hold the captured town.

HONG KONG, Sept. 17.—Gen. Bouet has arrived here from Hanoi. Warlike operations in Tonquin have been suspended until the arrival of reinforcements from France.

HONG KONG, Sept. 18.—Nine hundred black flags defend Sontag. It is believed Gen. Bouet's arrival here means removal from active command. The black flags threaten French outposts which have withdrawn to Hanoi.

BERLIN, Sept. 15.—There was a general illumination of Wittenburg, last evening, in honor of the Luther celebration. Dense crowds thronged the streets singing national and religious songs especially Luther's hymn Eniefesteburg. The cabinet order of Emperor William and the speech of the Crown Prince Fredrick William created a profound sensation throughout Protestant Germany. The emphathetic avowal of staunch Protestant convictions and earnest faith in the lasting benefits of the reformation have been received with sincere sympathy by the entire Protestant world.

Sept. 16.—Disastrous floods are prevailing in the district of Taranto, Italy. Many lives have been lost and a large number of cattle swept away.

The disturbance on the Banat frontier of Hungary is subsiding. A conflict between military and people took place at Costainicza, in Croatia, many persons being killed and wounded.

PARIS, Sept. 16.—It is reported that China and France may submit the differences between them to the joint meditation of England and the United States.

MARSEILLES, Sept. 16.—Two transports, now loading with troops for Tonquin, have been ordered to hasten their departure, as Gen. Bouet makes urgent demands for aid.

Sept. 18.—Advices from West Africa state that a battle has been fought in Asandee, resulting in the defeat, with great slaughter, of the forces of King Kaffie Kalcalli. The King fled from Coomassie, his capital, after the engagement.

A number of Henry M. Stanley's party, who has arrived at Modeiro, reports that the French burned Loango because the natives refused to sell certain territory to them.

Two men were hung in Alexandria for participation in the massacres after the evacuation by Arabi Pacha.

UNITED STATES.

PHILADELPHIA, Sept. 16.—Pleuro pneumonia has appeared among cattle in Delaware, Chester and York Counties in this State. So far, about 250 head of cattle in those counties have been affected, dozens of which have been killed. The disease is traced to a herd of cattle brought from Baltimore to West Chester, Chester County.

ATLANTA, GA., Sept. 14.—A special to the *Constitution* says that Jacksonville Ala., was destroyed by fire this morning. Loss $50,000. The fire is supposed to be incendiary.

HAVANA, Sept. 15.—There have been 18 deaths from yellow fever here this week.

GUAYMAS, Mexico, Sept. 17.—It is clearly established that the disease raging here is yellow fever. All who can are fleeing from the city. A medical corps is being reinforced as rapid as possible. Twelve numbers of a lately arrived opera troupe have died; 18 deaths were reported yesterday, and many other cases are not reported. The streets are almost deserted, the only sounds heard being the rumbling of the dead cart. The Board of Health has issued orders that the dead shall be immediately removed and buried.

SAN FRANCISCO, Sept. 17.—A party of twelve Americans, who had fled from Guaymas, arrived here last night. They said the people were leaving the city by hundreds. There was hardly a house but contained some victim of yellow fever. The authorities had given over the work of burying the dead to hired Indians, who went from house to house, carrying the bodies of those they supposed to be dead or dying. The bodies were buried so rapidly that mistakes were made, and many were put underground while still alive. This was mainly due to the disease which, at a favorable turning point in a comatose state, is mistaken by the Indian undertaker for death. The whole city was panic stricken. Merchants had closed their stores and nailed up the doors and all the restaurants were closed. There was no assistance obtainable.. Reports from Hermosillo state that the fever is raging there. At Mazatlan its ravages are even more frightful than in Guaymas. All who can are leaving for the mountains, carrying off what bedding they can pack and a little food.

PITTSBURG, Sept. 15.—Last night, Richard Brown, wife and five children, were poisoned from eating canned corned beef. One of the children, 12 years old, died this morning. All the others are in a serious condition.

NEW YORK, Sept. 18.—*Times* this morning celebrates its 32nd birthday by reducing its price from four cents to two. The price of the Sunday edition is reduced from five to three cents.

LIMA, Sept. 18.—It is reported from Nunameayo that 3,000 Monteros, who had collected near Izzuchaca for the purpose of sacking that city, were attacked by a small body of men belonging to the Pacific forces and after a quarter of an hour's fighting the Monteros were defeated with 200 men killed.

Monday afternoon three men, named Joseph Perras, B. B. Viger and Charles Hotte, attempted to cross the St. Lawrence River near Montreal in a sail boat, and when half way over the boat capsized. Perras and Viger were drowned. Hotte saved himself by clinging to the upturned boat until he was picked up.

REST AND COMFORT TO THE SUFFERING.

"BROWN'S HOUSEHOLD PANACEA" has no equal for relieving pain, both internal and external. It cures Pain in the Side, Back or Bowels, Sore Throat, Rheumatism, Toothache, Lumbago and any kind of a Pain or Ache. "It will most surely quicken the Blood and Heal, as its acting power is wonderful." "BROWN'S Household Panacea," being acknowledged as the great Pain Reliever, and of double the strength of any other Elixir or Liniment in the world, should be in every family handy for use when wanted, "as it really is the best remedy in the world for Cramps in the stomach, and Pains and Aches of all kinds," and is for sale by all Druggists at 25 cents a bottle. feb2—1y

WELLS' "ROUGH ON CORNS."

Ask for Wells' "Rough on Corns." 15c. Quick, complete, permanent cure. Corns, warts, bunions.

Publishers' Department.

SPECIAL NOTICE.

Every Free Baptist Minister in New Brunswick and Nova Scotia is authorized to act as agent for the INTELLIGENCER, and will receive and forward subscriptions, old and new.

AGENTS.

All Free Baptist Ministers in New Brunswick and Nova Scotia.

W. H. Vanwart, Fredericton. E. J. Clarke, Woodstock. Gideon Tracey, Hartland, C. Co. W. D. Hartt, Carleton County. C. H. Ferguson, Waterville, C. Co. Thos. O'Donnell, Queens Co. John Alexander, Fredericton Junction.

(The list of Agents will be completed as soon as possible.)

HINTS.

Every subscriber, in sending his subscription should give his correct Post Office address. He should never assume that the editor or mailing clerk will know the P. O. Address simply by seeing the subscriber's name.

It is best always to remit by Post-Office order, when one can be obtained.

When fractions of a dollar are to be sent Post stamps can be used. *One cent stamps are preferred.*

When a paper fails to reach a subscriber, or is received by him irregularly, he should promptly notify us. We can have no knowledge of the trouble unless notified

IS IT POSSIBLE

That a remedy made of such common, simple plants as Hops, Buchu, Mandrake, Dandelion, &c., make so many and such marvellous and wonderful cures as Hop Bitters do? It must be, for when old and young, rich and poor, Pastor and Doctor, Lawyer and Editor, all testify to having been cured by them, we must believe and doubt no longer.—*Post.* sept. 21—2i.

Young, middle-aged, or old men, suffering from nervous debility or kindred affections, should address, with two stamps for large treatise, WORLD'S DISPENSARY MEDICAL ASSOCIATION, Buffalo, N. Y

THAT HUSBAND OF MINE

Is three times the man he was before he began using "Wells' Health Renewer." $1. Druggists.

It is highly consolatory to know that some invention has at length been found to check the scourge of the North American continent—consumption. Dr. Wilson's Pulmonary Cherry Balsam stands unrivalled for the cure of all diseases of the Lungs. The sufferers have only to use the means which have been placed within their reach to convince the most skeptical among them of the curative powers it exercises over such diseases. The most desperate cases, whether of long or short duration, have failed to resist the power of this soothing Balsam, and the worst cases have only served to exemplify the striking success which follows the proper use of it.

Consumption is a disease contracted by a neglected cold—how necessary then that we should at once get the best cure for Coughs, Colds, Laryngitis, and all diseases of the Throat and Lungs,—one of the most popular medicines for these complaints is Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda. Mr. J. F. Smith, Druggist, Dunville writes: "It gives general satisfaction and sells splendidly."

"PENETRATING" Liniment will be found excellent for use on Horses and Cattle. It is especially good for *Harness Galls, Cuts, Bruises and Lameness.* Rubbed on the throat and behind the ears it cures *Distemper.* Scratches yield readily to its use. No man is able to keep a horse who is not able to keep a bottle of "*Penetrating*" Liniment in his stable. For sale by all druggists and general dealers in Canada.

NO LADY who delights in flowers, and likes to see them do well and bloom abundantly, should be without *Hanington's Food for Flowers.* Ordinary packages 30c.—sufficient for twenty plants for one year. sept. 7—1m.

TO CONSUMPTIVES.—The production of a remedy that "may truly be said to alter the prospects of the Consumptive as to give hope of cure in not a few cases, and of much prolonging of life in by far the greater number"—"the only remedy worthy of the name, which, if carefully and faithfully used may arrest and cure the disease, and it is pretty sure to *retard it and prolong life more than any known remedy,*" it is a great desideratum. Yet, this desideratum is fully met in ROBINSON'S PHOSPHORIZED EMULSION OF COD LIVER OIL WITH LACTO-PHOSPHATE OF LIME, which is universally acknowledged wherever introduced, to be the *best* preparation of Cod Liver Oil extant, and which, if "carefully, faithfully" and persistently used, will rarely fail to produce marked beneficial results.

Prepared solely by Hanington Bros., Pharmaceutical Chemists, St. John, N. B., and for sale by Druggists and General Dealers. Price $1.00 per bottle; Six bottles for $5.00. sept. 7—1m.

Mr. W. A Wing, Westport, writes: "I wish to inform you of the wonderful results which followed the use of Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda. A cough of six months' standing had reduced me to such an extent that I was unable to work. I tried many remedies without effect; at last I used this Emulsion, and before three bottles were used I am glad to say I was restored to perftet health.

MOTHERS! MOTHERS!! MOTHERS!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere at 25 cents a bottle. feb2—1y.

BEWARE OF IMITATIONS.

Since Dr. Thomas' Eclectric Oil has become celebrated, a number of unprincipled persons have been endeavoring to palm off Electron and Electric Oil for the genuine DR. THOMAS' ECLECTRIC OIL. Beware of these similar named articles. If their originators had any faith in the healing properties of their own medicines they would, like honest men, give them a name of their own, and not try to sell them on the reputation of another; but as they know their preparations have no merit they resort to the most unprincipled means of selling them by getting a name as near as possible to *Eclectric.* We therefore ask the public when purchasing to see that the name Dr. Thomas' Eclectric Oil is on the front of the wrapper, and the signature of NORTHROP & LYMAN, the proprietors for Canada on the back.

No other medicine of the day possesses such power to restrain those inordinate flows incidental to the gentle sex, and which are the sad result of nervous debility or enfeebled existance. Numbers of Females owe their existance and the actual enjoyment of health to the use of Dr. Wilson's Family Anti-bilious Pills. Their nature is so simple that they may be taken by the most delicate female with perfect freedom and safety.

LEADING DRUGGISTS on this continent testify to the large and constantly increasing sales of Northrop & Lyman's Vegetable Discovery and Dyspepsia Cure, and report its beneficent effects upon their customers troubled with Liver Complaint, Constipation, Dyspepsia, Impurity of the Blood, and other physical infirmities, and as a female medicine, it has accomplished remarkable cures.

How to mitigate the toil of wash day during these hot summer months is worth knowing, we are assured that James Pyle's Pearline does it effectually, without the slightest danger of the finest fabrics. aug. 24—1m.

BEWARE OF IMITATIONS.—The *original* and *genuine* "Quinine Wine and Iron" was originated and prepared solely by Hanington Brothers, Chemists, St. John, N. B., under the name of "Hanington's Quinine Wine and Iron," and can be purchased of all druggists and general dealers throughout the Dominion of Canada. To guard against imposition see that Hanington's name is on the outside wrapper, and that the "Hanington Brothers" is blown on each bottle, none other is genuine. For sale by all druggists and general dealers in Canada. sept. 7—1m.

BED-RIDDEN AND CURED.

MR. E. HUESTIS, of Emporia, Kansas, says that his wife had been sick nearly seven years, and for the last four months bed-ridden. She has been treated by a number of physicians and only grew worse. Her attention was called to Dr. Pierce's "Golden Medical Discovery" and "Favorite Prescription," which she commenced using. In one week she could sit up, and in three weeks could walk about. By druggists.

RHEUMATISM.—Though this disease has baffled the skill and been pronounced by some medical men as irremediable, the numerous certificates Dr. Dow daily receives in favor of his Sturgeon Oil Liniment are a direct refutation to such ill-founded and fallacious conclusions. Sprains, weakness of joints, and contracted muscles, have been cured in their worst stages by this magical preparation.

BEATTY'S ORGANS FOR $35.00.

Special attention is called to Mayor Beatty's Parlor Organ advertisement in another column Any of our readers who are in want of a Cabinet Organ at a reduced price should order at once from the advertisement, as the time is limited to only seven days from date of this paper.

Mr. Parpetus Boileau, Ottawa, writes; "I was radically cured of piles, from which I have been suffering for over two months, by the use of Thomas' Eclectric Oil. I used it both internally and externally, taking it in small doses before meals and on retiring to bed. In one week I was cured, and have had no trouble since. I believe it saved my life."

Try Ayer's Pills and be cured. Misery is a mild word to describe the mischief of body and mind caused by habitual constipation. The regular use of Ayer's Cathartic Pills, in mild doses, will restore the torpid viscera to healthy action.

THERE'S WHERE THE SHOE PINCHES.

Corns are a capital eradicator. They tell to a hair's breadth whether your shoemaker has made allowance for their dimensions or not. Corns will require an accident policy at once, for PUTNAM'S PAINLESS CORN EXTRACTOR removes them in a few days. No pain, no discomfort, and permanent benefit. Try it. Sold by druggists everywhere. N. C. POLSON & CO., Kingston, Proprietors.

Mr. Henry Marshall, Reeve of Dunn, writes: "Some time ago I got a bottle of Northrop & Lyman's Vegetable Discovery from Mr. Harrison, and I consider it the very best medicine extant for Dyspepsia." This medicine is making marvellous cures in Liver Complaint, Dyspepsia, etc., in purifying the blood and restoring manhood to full vigor

"Blood-food" is the suggestive name often given to Ayer's Sarsaparilla, because of its blood-purifying qualities.

Since vitality or nervous strength is engendered most speedily by the use of Fellows' Syrup of Hypophosphites, it is *the* remedy calculated not only to mitigate the violence of wasting diseases, and induce a rapid recovery, but also to protect such as use it from being attacked.

GENERAL DEBILITY AND LIVER COMPLAINT.

R. V. PIERCE, M. D., Buffalo, N. Y.:—*Dear Sir*—My wife has been taking your "Golden Medical Discovery" and "Pellets" for her liver and general debility, and has found them to be good medicines, and would recommend them to all sufferers from Liver Complaint, Sour Stomach, and General Debility. Yours fraternally, N. E. HARMON, Pastor M. E. Church, Elsah, Ill.

CATARRH OF THE BLADDER.

STINGING irritation, inflammation. All kidney and Urinary Complaints, cured by "Buchu-paiba." $1.

HOW TO GET SICK.

Expose yourself day and night, eat too much without exercise; do too hard work without rest; doctor all the time; take all the vile nostrums advertised; and then you will want to know

HOW TO GET WELL,

Which is answered in three words—Take Hop Bitters!—*Express.* sept. 21—2i.

MISSIONARY AID SOCIETY.

Will the Secretary of each Missionary Aid Society, in the Second District, please send their Yearly Report to the District Secretary, by the 25th inst., or as soon after as possible, so that she can report to the Corresponding Secretary at the proper time.

MRS. S. HAYDEN SHAW, District Secretary.

Hartland, C. Co., Sept. 17, 1883.

CONFERENCE WORK.

It will be remembered that it was ordered at our Sabbath-school Convention last year that a lesson should be taught in the session of this year. The Executive have made arrangements to have that lesson taught, the lesson will be from 1st Samuel, 7th chap., 3-17 verses. The Executive respectfully requests all those who will attend the Conference to make themselves conversant with the lesson and take part in the exercises. It is presumed that the lesson will be taught on Saturday evening.

WM. PETERS, Per the Executive.

Acknowledgments for Religious Intelligencer, Sept. 21.

HOP TONIC!

—THE BEST—

TONIC

—AND—

APPETIZER!

The proprietors of HOP TONIC feel warranted in saying that it surpasses all similar preparations of Medicine, as it combines the principle of the Hop with Sarsaparilla and other valuable aromatic roots and barks.

It is peculiarly efficacious in diseases arising from impurities of the blood, and is salutary in its effects in creating an appetite and giving tone to the stomach of persons suffering from general debility.

HOP TONIC has already attained a high reputation, and numerous testimonials have been received from persons who have experienced immediate relief from its use. Beware of immitations, as HOP TONIC is unlike all other Compounds with similar names.

HOP TONIC IS SOLD BY

Druggists and General Dealers.

There is no excuse for suffering from

CONSTIPATION

and a thousand other diseases that owe their origin to a disordered state of the Stomach and Bowels, and inaction of the Digestive Organs, when the use of

Fellows' Dyspepsia Bitters

will give immediate relief, and in a short time effect a permanent cure. After constipation follows

BILIOUSNESS, DYSPEPSIA, INDIGESTION, DISEASES of the KIDNEYS, TORPID LIVER, RHEUMATISM, DIZZINESS, SICK HEADACHE, LOSS OF APPETITE, JAUNDICE, APOPLEXY, PALPITATIONS, ERUPTIONS AND SKIN DISEASES, etc.,

all of which these Bitters will speedily cure by removing the *cause.* Keep the *Stomach, Bowels, and Digestive Organs in good working order, and* PERFECT HEALTH will be the result. LADIES and others subject to SICK HEADACHE will find relief and permanent cure by the use of these Bitters. Being tonic and mildly purgative they

PURIFY THE BLOOD

BY EXPELLING ALL MORBID SECRETIONS.

PRICE 25 CENTS PER BOTTLE.

For sale by all Druggists.

PAIN CANNOT STAY

—WHERE—

Universal Liniment

Is Used!

Universal Liniment

Is warranted equal to any article for all Diseases of Man and Beast.

UNIVERSAL LINIMENT.

AN EXTERNAL application for Sprains and Bruises, Sore Throat, Quinsy, Pains and Soreness in the Bones and Muscles, Paralysis or Numbness in the Limbs, Pains and Stiffness of the Joints, Swellings and Tumors, Rheumatism, Gout, Tic Doloureux, (Neuralgia), or Pains in the Nerves, Milk Leg, White Swellings, Chilblains or Frost Bites, Ringworm, Pains in the Chest, Side and Back, &c., and useful in all cases where Liniments, Rubefacients, Blisters, Sinapisms, &c., or any other kind of Counter-Irritant is required.

Directions for using Universal Liniment.

This Liniment should be liberally applied to the parts affected, three or four times a day, (and even more frequently in severe and dangerous cases), and rubbed well into the skin with the hands and fingers, or with a small piece of flannel, saturated with the Liniment, so that more or less irritation or smarting is produced in the parts to which it is applied.

CHILBLAINS.—They are inflammatory swellings of the feet, especially about the toes and heels, with painful itching and burning; and are caused by exposure to cold. Sometimes blisters form, which become bad ulcers. *Treatment.*—Wash with castile or tar soap, and apply UNIVERSAL LINIMENT freely. Wrap them in lint saturated with the Liniment and keep it on during the night. Keep the feet warm and dry during the day.

LAMENESS.—It is the result of over use. There is soreness, accompanied by pain on exertion, in the affected part. The celebrated UNIVERSAL LINIMENT is unequalled in curing lameness. Bathe the tender portion with the Liniment at night, and on going to bed, and again in the morning.

BUNIONS.—They consist of enlargement or thickening of the sack about a joint, usually that of the big toe of the foot. Caused by tight boots. *Treatment.*—An easy boot or shoe is essential. Bind on lint soaked with the UNIVERSAL LINIMENT and cover with oil silk every night.

MARVELOUS STORY

TOLD IN TWO LETTERS.

FROM THE SON: "29 Cedar St., New York, Oct. 28, '82. Gentlemen: My father resides at Glover, Vt., and he has been a great sufferer from Scrofula, and the inclosed letter will tell you what a wonderful effect

Ayer's Sarsaparilla

has had in his case. I think his blood must have contained the humor for at least ten years; but it did not show, except in the form of a scrofulous sore on the wrist, until about five years ago. From a few spots which appeared at that time, it gradually spread so as to cover his entire body. I assure you he was terribly afflicted, and an object of pity, when he began using your medicine. Now, there are few men of his age who enjoy as good health as he has. I could easily name fifty persons who would testify to the facts in his case.

Yours truly, W. M. PHILLIPS."

FROM THE FATHER: "It is both a pleasure and a duty for me to state to you the benefit I have derived from the use of

Ayer's Sarsaparilla.

Six months ago I was completely covered with a terrible humor and scrofulous sores. The humor caused an incessant and intolerable itching, and the skin cracked so as to cause the blood to flow in many places whenever I moved. My sufferings were great, and my life a burden. I commenced the use of the SARSAPARILLA in April last, and have used it regularly since that time. My condition began to improve at once. The sores have all healed, and I feel perfectly well in every respect—being now able to do a good day's work, although 73 years of age. Many inquire what has wrought such a cure in my case, and I tell them, as I have here tried to tell you, AYER'S SARSAPARILLA. Glover, Vt., Oct. 31, 1882. Yours gratefully, HIRAM PHILLIPS."

AYER'S SARSAPARILLA cures Scrofula and all Scrofulous Complaints, Er
