FROM THE SON: "28 Cedar St., New York, Oct. 28, 1882. Gentlemen: My father resides at Glover, Vt. He has been a great sufferer from Scrofula, and the inclesed letter will tell you what

has had in his case. I think his blood must have contained the humor for at least ten years; but it did not show, except in the form of a scrofulous sore on the wrist, until about five years ago. From a few spots which appeared at that time, it gradually spread so as to cover his entire body. I assure you he was terribly afflicted, and an object of pity, when he began using your medicine. Now, there are few men of his age who enjoy as good health as he has. I could easily name fifty persons

a terrible humor and scrofulous sores. The humor caused an incessant and intolerable itching, and the skin cracked so as to cause the blood to flow in many places whenever I moved. My sufferings were great, and my life a burden. I commenced the use of the SARSAPARILLA in April last, and have used it regularly since that time. My condition began to improve at once. The sores have all healed, and I feel perfectly well in every espect - being now able to do a good day's work, although 73 years of age. Many inquire what has wrought such a cure in my case, and I tell them, as I have here tried to tell you, AYER'S SARSAPARILLA. Glover, Vt., Oct.

All my Seed Is warranted to be fresh and true to name, so far that should it prove etherwise, I agree to refill orders gratis. THOUSANDS HASTENED TO THEIR GRAVES.

Relying on testimonials written in vivid glowing lan-guage of some miraculous cures made by some largely puffed up doctor or patent medicine has hastened thousands to their graves; believing in their almost insane faith that the same miracle will be performed on them, and that these testimonials make the cures, while the so called medicine is all the time hastening them to their graves. We have avoided publishing testimonials, as they do not make the cures, although we have THOUSANDS UPON THOUSANDS

of them, of the most wonderful cures, voluntarily sent us. It is our medicine, Hop Bitters, that makes the cures. It has never failed and never can. We will give

reference to any one for any disease similar to their own if desired, or will refer to any neighbor, as there is not a neighborhood in the known world but can show its cures by Hop Bitters.

A prominent physician of Pittsburgh said to a lady patient who was complaining of her continued ill-health, and of his inability to cure her, jokingly said: "Try Hop Bitters!" The lady took it in earnest and used the Bitters, from which she obtained permanent health. She now laughs at the doctor for his joke, but he is not so well pleased with it as it cost him a good patient. so well pleased with it, as it cost him a good patient.

FEES OF DOCTORS.

The fee of doctors is an item that very many persons are interested in. We believe the schedule for visits is \$3.00, which would tax a man confined to his bed for a year, and in need of a daily visit, St. Lawrence Canals. over \$1,000 a year for medical attendance alone! And one single bottle of Hop Bitters taken in time would save the \$1,000 and all the year's sickness.

SEALED TENDERS, addressed to the undersigned and endorsed "Tender for St. Lawrence Canals," will be received at this office until the arrival of the eastern and western mails on TUESDAY, the 12th day "Oh, how I do wish my skin was as clear and soft as yours," said a lady to her friend.
