AYER'S Hair Vigor

youth, faded or gray hair to a natural, rich brown color, or deep black, as may be desired. By its use light or red hair may be darkened, thin hair thickened, and baldness often,

though not always, cured. It checks falling of the hair, and stimulates a weak and sickly growth to vigor. It prevents and cures scurf and dandruff, and heals nearly every disease peculiar to the scalp. As a Ladies' Hair Dressing, the Vigor is unequalled; it contains neither oil nor dye, renders the hair soft, glossy, and silken in appearance, and imparts a delicate, agreeable, and lasting perfume.

MR. C. P. BRICHER writes from Kirby, O., July 3, 1882: "Last fall my hair commenced falling out, and in a short time I became nearly bald. I used part of a bottle of AVER'S HAIR VIGOR, which stopped the falling of the hair, and started a new growth. I have now a full head of hair growing vigorously, and am convinced that but for the use of your preparation I should have been entirely bald."

J. W. BOWEN, proprietor of the McArthur Ohio) Enquirer, says: "AVER'S HAIR VIGOR is a most excellent preparation for the hair. I speak of it from my own experience. Its use promotes the growth of new hair, and makes it glossy and soft. The Vigora is also a sure cure for dandruff. Not within my knowledge has the preparation ever failed to give entire satisfaction.

MR. Angus Fairbairn, leader of the celebrated "Fairbairn Family" of Scottish Yocalists, writes from Boston, Mass., Feb. 6, 1880: "Ever since my hair began to give silvery evidence of the change which fleeting time procureth, I have used AVER'S HAIR VIGOR, and so have been able to maintain an appearance of youthfulness—a matter of considerable consequence to ministers, orators, actors, and in fact every one who lives in the eyes of the public."

MRS. O. A. PRESCOTT, writing from 18 Elm St., Charlestown, Mass., April 14, 1882, says: "Two years ago about two-thirds of my hair came off. It thinned very rapidly, and I was fast growing bald. On using AYER'S ILATE VIGOR the falling stopped and a new growth commenced, and in about a month my head was completely covered with short hair. It has continued to grow, and is now as good as before it fell. I regularly used but one bettle of the Vigor, but now use it occasionally as a dressing." We have hundreds of similar testimorna's

to the efficacy of AYER'S HAIR VIGOR, II needs but a trial to convince the most shepti cal of its value. PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass

COUNTY OF YORK.

CENTLEMEN:—Having been unanimously selected by a large and influential meeting of electors, assembled from different parts of this county, as a suitable person to represent you in Parliament at Ottawa, I now, in response to this nomination, place my services at the disposal of the constituency, and offer myself as a candidate for your suffrages at the election, soon to be held, for the purpose of filling the vacancy caused by the death of our late lamented representative—Mr. Pickard, The speedy construction of the Miramichi Valley Railway is, at the present time, a question of vital importance for the interests of a large portion of the County of York, which has hitherto been without proper means for developing its splendid natural resources.

The construction of a railway and passenger bridge at Frederiction, for the convenience of people on both sides of the river, and as a means of completing our inter-provincial railway connection, is also a pressing necessity at

the present time. All questions affecting the navigation of rivers, like the St. John, are vested by law in the Dominion Parliament, and consequently authority for the construction of this bridge must necessarily be obtained at Ottawa.

claims upon the Dominion Government for liberal sup port, and I am satisfied that an immense impulse can be given to the industries and prosperity of York by their completion. I believe that these claims should be pressed upon the immediate attention of the General Government; and, if I am elected, I shall at once use every means in my power to seems for them the full consider. means in my power to secure for them the full consider I am prepared to give the Administration of the day an independent support, always keeping in view the best interests of this county.

The works above referred to, and other public works

Although the National Policy has been fixed for Canada for several years to come by an overwhelming majority of the electors of the Dominion, I shall ever be ready to support any modifications of the present tariff which experience proves to be conducive to the best interests of this county and the Dominion at large. I regret very much that the shortness of the time at my disposal before the day of election, and the difficulty

possible for me to visit, personally, many parts of this large county. I shall, however use my best endeavors to meet as many of the electors as possible, when I shall be prepared to explain my views on public questions at greater length. I beg to assure you that, if honored with a majority of your votes, I shall devote my best energies to the promotion of the interests of the County of York.
