WINNING Souls .- He who would win souls must cultivate a kindness of manner and that courtesy of speech which may fitly be called the ossoms of a heart filled with Christian love. It is the habitually gentle man who, other things being equal, has influence over other men. This is true of ministers as of laymen. The friendly intercourse of the preacher often accomplishes more than his most eloquent sermons. As, "When heated by the sun the traveller spontaneously unbuttons his coat," so when softened by the approaches of an affectionate minister a sinner may open his heart to persua-ions which under other auspices, would be ineffectual.
