an assumed name, perpetrated the outrage.—*Moncton Transcript.*

The following amounts were deposited and withdrawn at the St. John Dominion Savings' Bank during the month of January, 1884:—

Deposits ..... $99,878.00
Withdrawals ..... 57,806.16

Last week the Moncton Lock Factory shipped 17 cases of its wares to Toronto; the cotton mill shipped about 40 bales of cotton to the same city, and the sugar refinery shipped about 1,000 barrels of sugar, mostly to the Upper Provinces. There are on hand and arriving for the refinery, 4,000 tons of raw sugar.

We learn on good authority that the mail accomodation asked for by the Board of Trade of St. John, viz., a night mail from St. Stephen to McAdam, McAdam to Woodstock, and a night mail with postal car between Woodstock and Andover, has been granted and will go into effect as soon as the arrangements can be perfected, which will likely be within ten days.—*Sun.*

The "Union Line" Steamers, property of the late Mr. Otis Small, was advertised to be sold at auction Wednesday. The steamers, however, were disposed of at private sale. The "May Queen" was purchased by Captains C. W. Brannan and C. Babbit, and Mr. E. I. Simonds; steamer "David Weston" and the 16-64ths of the "Star" by Capt. M. A. Akerly and others. The wharf property at Carleton and Fredericton was withdrawn.

The Peters Combination Lock Company of Moncton is now doing a steady and increasing business, orders being more plentiful than ever before. Shipments are made almost every day, to different parts of Canada. Yesterday large orders were being filled for Clark, Kerr & Thorne of St. John. Some 60 hands are now employed, and it is anticipated that a favorable statement as to the condition and prospects of the Company will be submitted at the coming annual meeting. Owing to the lack of sufficient capital to carry on the business on a satisfactory basis, no dividend was paid last year, though the net earnings were large.—*Times.*

A fire, which appeared like a deliberate attempt to burn down the Y. M. C. Association building on Charlotte street, was discovered on Thursday evening about 6 o'clock by the janitor and Mr. Geo. A. Henderson. Their attention was drawn to it by a strong odor of smoke which was coming up through the ventilators in the floor of the parlor and reading room. Going to the basement they saw the fire burning briskly under a scattered pile of kindlings which had recently been thrown in upon the floor of the old gymnasium hall. A few buckets of water were thrown upon the fire which promptly extinguished it. The janitor believes that the fire was none other than the act of an incendiary, whose object one can scarcely imagine, as there is nothing in the building that could well be plundered or such as a fire fiend would expect to lay his hands on.—*Globe.*

The St. John Cotton Mill is working on full time and the company have a large number of orders on hand. A quantity of the goods manufactured have been for persons in the city, but immense supplies have been forwarded to the Upper Provinces. The looms are nearly all in full operation, and the mill turns out 60 bales per week, and in a very short time this number will be largely increased. At the present time some of the looms are out of repair, and as the defective parts have to be obtained from England some difficulty has been experienced in curing the defect. The machinery is, however, now on its way to this country.

One hundred and forty operatives are employed in the mill, and of this number sixty-eight are males, the remainder being women and girls. At the time the mill was started a number of English operatives were imported, but at the present time over ninety natives of St. John are employed in the mill. Very little difficulty has been experienced in teaching the new operatives, the young ones being especially apt in obtaining the necessary qualifications. The means generally adopted are, to let several looms to an experienced worker who has two or three pupils under him who work for him, and are paid by him, until they are proficient. It has been found that in the course of a month, a new hand can manage two looms and that in two months they can successfully attend to four.

The operatives work sixty hours a week, commencing at 6.45 a.m. till 12.15 p. m., when they have dinner, resuming at 1 p. m. and ending at 6 p. m., giving 10½ hours per day, but on Saturday they leave off work at 3.30 p. m. All wages are paid on Saturday afternoon, and the outlay in cash every week for this and some other sources amounts to $1,000. That amount is, therefore, brought into active circulation in the city every week through the Cotton Mill.

It has been found by experience that the large outlay for machinery is repaying, because the production is much larger than it would have been had an inferior class of mechanism being used.

The magnificent engine in use has answered every expectation. It is noiseless in its motion and runs as true as it is possible for any mechanism to do.

## NOVA SCOTIA.

Halifax has eleven policemen, whose combined weight is 2,370 pounds, or an average of something over 215 pounds.

The Halifax City School Board has spent two sessions in discussing the question regarding the admission of colored children to the public schools with white children, without coming to a decision.

A little daughter of Mr. F. W. Chipman was accidentally shot on Saturday last by her brother, who was playing with the pistol. The bullet entered her shoulder, inflicting a serious wound. It is thought the child will recover.—*Kent. Chron.*

A private of the Royal Engineers named John Martin, fell from the verandah of the barracks in the artillary park, Halifax, on Friday night, and so severely injured himself that he died in the hospital Sunday evening.—*Halifax Herald.*

Efforts are being made to increase the membership of the Halifax Chamber of Commerce. It has been very inactive of late, and little interest taken in it. It is proposed to reduce the members' fee to $5 a year, in the hopes of securing some new men.

The S. S. Widdington is loading at the Acadia Steamship Company's pier, Annapolis. She will take about 400,000 feet of deals and 1,500 barrels of apples. Another steamer is expected to follow, to take deals and apples about the last of February from Annapolis to London.

Jas. A. Grant, of the Halifax customs department dropped dead in the Grand Union Hotel, Ottawa, on Saturday morning. He had just arrived from Halifax, and on going up to his room told the landlady that he felt dizzy and would like a cup of tea sent up to him in his room. When, a few minutes later, the tea was sent up, he was found dead on the floor. Doctors were summoned, and pronounced the death the result of apoplexy.

Among the Nova Scotians lost in the City of Columbus, was C. A. Willett, of Canning, Cornwallis, who was on his way to Florida to take charge of the orange grove recently purchased by Messrs. Chipman & Sangster. He leaves a wife and family, who reside at Canning. F. L. Hale, of Lakeville, Kings County was also among the drowned. He had been residing for a number of years in Boston. A report that Clarence Griffin of Cornwallis, was also among the drowned, is not true. He was not on board the steamer.—*Herald.*

A telegram from Port Arthur, N. W. T., informs Mrs. John B. Fay, of this town, of the death of her third son, Sidney, and of her stepson, John B., by an explosion in a rock cutting on the C. P. R. Mr. Sidney Fay was only lately married, and he expected after the completion of the present contract to come to this valley and live. He was about 25 years of age. Mr. John B. Fay was a considerably older man, being the second son of the late John B. Fay, Esq., by his first wife. He leaves a wife and young twin children.—*Bridgetown, N. S., Monitor.*

There was a very large increase in the quantity of coal shipped from Stellarton station last year over the previous one. The quantity carried in 1882 was 108,570, while 1883 shows no less than 162,743 tons, an increase of 54,173 tons, equal to 60 per cent. The quantity shipped to Halifax was 39,000 tons, almost indentical with the shipments in 1882. Windsor Junction got 5,709 tons, also about the same quantity as for 1882. To Truro there was an increase in shipments of 1,000 tons; to New Glasgow of nearly 5,000 tons; to Londonderry of 17,000 tons (double the quantity shipped in 1882), while to Chaudiere Junction there were shipped in 1883, 26,000 tons, against 12,700 in 1882. These figures go to show that the I. C. R. is absorbing year by year a large share of the traffic. The total above given does not include coal carried for the use of the railway, or the shipments from the Drummond siding.—*Trades Journal.*

## ENGLISH AND FOREIGN.

The new North Staffordshire Coal and Iron Company, England, has suspended payment. The colliery is one of the largest in the kingdom, employing 1,200 men, with an output of 1,000 tons daily.

The construction of the Baltic and North Sea canal is about to be begun. The canal will be 97 kilometres long, 9 metres deep at low water and 100 metres wide. The largest ships will be able to traverse it, thereby avoiding long detour of the Kattegat.

A serious conflagration occurred at Paris, Feb. 1. A lace factory, several coal depots and shops, and five dwellings were destroyed. One hundred families were rendered homeless.

### THE QUEEN'S SPEECH.

Parliament was opened on Tuesday by royal commission. The Queen's speech announces continuance of friendly relations with all foreign powers. The correspondence with France, relative to Madagascar, has so terminated as to confirm the cordial understanding between the two countries. In conjunction with the President of the United States a commission had been appointed, and is now sitting in Paris to discuss the regulation of the Newfoundland fisheries. An agreement with Portugal, respecting the Congo and adjacent territory, has been formed. Diplomatic relations with Mexico are in a fair way of being soon resumed. A treaty of commerce with Turkey is under discussion. A commercial agreement with Spain has been signed and awaits the action of the Cortes. A revision of the commercial treaty with Japan is nearly completed, and a treaty of commerce and friendship with Corea has been formed.

In home affairs, the aim will be to secure greater efficiency of the administration and enlargement of the powers of the ratepayers, including the regulation of the traffic in intoxicating liquors. A plan will be proposed for the extension of municipal government to the whole metropolis. Bills relating to the security of life and property at sea, to the repression of corruption at elections, and to the promotion of education and morality will be introduced.

The aim of the occupation of Egypt remains the same as heretofore. Such counsels had been offered to the Egyptian Government as a prudent regard for its resources and credit seemed to require. General Gordon has been sent to assist in carrying out the resolutions of the Khedive to withdraw from the interior of the Soudan. Last autumn the condition of things in Egypt was so satisfactory that instructions were given for the evacuation of Cairo, a further reduction of the English military forces and their concentration in Alexandria, but in November the Egyptian army, charged with the maintaining of the rule of the Khedive in the Soudan, suffered a serious defeat. Therefore the order of the evacuation was recalled as a precaution against the possible effect of the military reverse on Egypt itself.

Right Hon. Robert Bourke, moved an amendment to the address, reviewing the late events in Egypt, &c. Barton Henry DeWorms, seconded the amendment. The amendment was rejected by a vote of 77 to 20.

The *La France* asserts that Admiral Courbet lately attacked Bac Ninh, and was repulsed with losses equal to those sustained at Sontay. The same paper says that the French met 25,000 well-armed and strongly posted troops—Chinese regulars—under the walls of Bac Ninh.

M. Rouher, the celebrated Napoleonist is dead.

At Vienna, an ordinance proclaiming a kind of martial law has been issued. Persons may be imprisoned for a week without trial.

Information has been received at New York from Budapest, Hungary, giving details of a bold robbery that took place in that city on January 5th. A massive iron chest containing Austrian bank notes were stolen from the platform in front of the main post office while in transit. The sum of 240,000 florins or about $120,000 were in it. The thieves escaped.

Thirty-three thousand deaths from diphtheria occurred in the Province of Kharkoff, in the southern part of European Russia, between the years 1878 and 1882.

Advices from Sinkat are heartrending. It is said that the people have eaten all the dogs in town, and that only two horses and one bag of barley remain. There will be nothing left on February 1, when, unless relieved, the inhabitants intend to try to cut their way to Suakim. Tewfik Pasha made a sally from Sinkat on the 19th ult. and lost nineteen men. Fifty rebels were killed and many wounded.

### BAKER PASHA DEFEATED.

Advices from Suakim, Feb. 5, report that Baker Pasha has been defeated and suffered great losses.

Later despatches confirm the news of his defeat. Baker Pasha began his advance from the entrenchments at Trinkitat on Sunday. His force consisted of 3,000 troops. He had sent to Cairo an urgent appeal for rifles to replace the old muskets with which numbers of his troops were armed. In reply he received orders to try and force his way to Tokar without delay, and began his march expecting defeat. The fight was begun by a few Arab horsemen attacking Baker Pasha's cavalry which fled. Baker then formed a square, which the enemy surrounded. The Egyptians then fled in confusion and gunners deserted the guns.

Baker Pasha was several times surrounded by the enemy, but with his staff managed to cut his way through. The enemy's force was inferior in numbers to Baker Pasha's. Only three sides of the square formed, owing to the fact that two companies of Egyptian troops stood still, being overcome with fright. The enemy poured into this gap, when the Egyptians threw away their rifles and flung themselves upon the ground, screaming for mercy. The troops on one side of the square killed many of their own men by wild firing. The enemy pursued almost into Trinkitat. Among the killed are Maurice Bey, an Englishman who acted as Baker Pasha's paymaster, and Dr. Leslie, who served in the Russo-Turkish war. The losses amount to 2,000 men killed and wounded, four krupp cannon and two gatlings. Baker also lost all his baggage and camels.

A despatch from Suakim, Feb. 6, says: The enemy have surrounded and destroyed Tewfik Bey and four hundred followers between Sinkat and the coast.

All the special despatches (Feb. 6) agree that Tokar and Sinkat are hopelessly lost. The fact that the British gunboats have left Trinkital creates a bad impression and encourages the rebels in their fanaticism. The rebels captured five guns, 36,000 pounds of cannon ammunition, 3,000 rifles and an enormous quantity of cartridges.

## UNITED STATES.

On Jan. 31, the south bound accommodation train on the Indianapolis & Chicago Air Line met with a terrible accident at Broad Ripple Bridge, seven miles from Indianapolis. The engineer had gone to the baggage car for a drink of water, leaving the locomotive in charge of the fireman. When the engine had reached the centre of the bridge the fireman felt the structure sinking. He at the time had his hand on the throttle, which he opened, giving the locomotive all available steam. The engine sprang forward with great force, breaking the couplings between the tender and baggage car. The locomotive kept the track, but the baggage, and smoking cars and passenger coach dropped through the bridge and were piled up in a mass at the foot of the pier. Six persons were killed.

Considerable damage has been done along the Yonghiogheny and Alleghany rivers, Pa., by gorges, and families have been compelled to retire to the second floors of their houses. At Freeport on the Alleghany the ice piled thirty feet high.

Despatches from Pittsburgh, Feb. 6, report the river still rising. All the railways have had to suspend. There has been no lives lost, but in the Yonghiogeny region, where the mining hamlets and portions of towns lying lowland have been submerged, there is great suffering. The pecuniary damage will probably reach hundreds of thousands of dollars.

A boiler exploded in Twichell's saw mill, near Blanchard, Mich., last Friday, killing three men, and wounding several others.

Bernard Short, a prominent citizen of Lancaster, Pa., was found lying on the turnpike last Friday morning with part of his head torn off. He is supposed to have been murdered.

At Alliance, Iowa, last Friday a terrible gasoline explosion occurred in F. M. Ore's stove and tinware store demolishing the building and burying a number of persons in the ruins. Four have been extricated and four more are known to have been in the building when the explosion occurred. It is rumored that a child turned the spigot of a gasoline tank and the escaping gas ignited by the fire in the stove.

At Grand Rapids, Mich., Feb. 2, an unknown assassin attempted to shoot Rev. Father Joblosky the pastor of the Polish Roman Catholic Church there. While he was sitting in his study three shots were fired at him, two of which barely missed his head. Disaffected members of his church are suspected of the crime.

Last Thursday (Jan. 31) a destructive conflagration occurred in the Esplanade, Toronto, destroying Joseph Adamson's and Chapman & Son's elevators, in both of which large quantities of grain were stored. Both buildings and contents were a total loss.

## Publishers' Department.

### AGENTS.

**Every Free Baptist Minister in New Brunswick and Nova Scotia is authorized to act as agent for the INTELLIGENCER, and will receive and forward subscriptions, old and new.**

Barnes & Co., St. John. W. H. Vanwart, Fredericton. E. J. Clarke, Woodstock. Gideon Tracey, Hartland, C. Co. W. D. Hartt, Upper Woodstock. C. H. Ferguson, Waterville, C. Co. Thos. O'Donnell, Lakeview, Q. Co. John Alexander, Fredericton Junction. Dr. Burnett, Sussex. G. L. Good, Millstream, K. Co.

BELLS! BELLS! BEAUTIFUL BELLS!

"Those evening Bells! Those evening Bells!
How many a tale their music tell,
Of youth and home, and that sweet time
When first I heard their soothing Chime."

How vividly do the McShane Celebrated Bells recall Moore's beautiful lines as above quoted? It is difficult to find any sweeter toned, or more beautifully shaped Bells. The McShane Church Bells undoubtedly take the lead in first-class Church Bells, Chimes, Peals, &c. The foundry is situated in Baltimore, Md., owned by the Messrs. Henry McShane & Co., and is one of the many prominent establishments of that thriving city which has earned a world-wide reputation for the beauty and superiority of its productions. Among the most recent of their shipments are a peal of two Bells to the West Indies. One fine Bell to Egypt, two excellent Bells to China, and a very fine one to Mexico. Besides these, they have just sent a 5000lb. Bell to Indiana. A Chime of 6 to Detroit, Mich., and a Chime of 9 just completed and satisfactorily inaugurated to Mass., near Boston, to the delight of the surrounding community. They have also just been awarded another prize medal for the superiority of their Bells over all competitors. It appears, therefore, that the McShane Bells are entitled to all the honor, and far-famed reputation which they are constantly receiving.

TWO ORGANS.

Regulate first the stomach, second the liver; especially the first, so as to perform their functions perfectly and you will remove at least nineteen-twentieths of all the ills that mankind is heir to, in this or any other climate. Hop Bitters is the only thing that will give perfectly healthy natural action to these two organs.—*Maine Farmer.*

feb1—2i

If you feel dull, drowsy, debilitated, have frequent headache, mouth tastes bad, poor appetite, tongue coated, you are suffering from torpid liver, or "biliousness." Nothing will cure you so speedily and permanently as Dr. Pierce's "Golden Medical Discovery." By all druggists.

SKINNY MEN.

"Wells' Health Renewer" restores health and vigor, Dyspepsia, Impotence, Sexual Debility. $1.

MOST EXCRUCIATING are the twinges which rack the muscles and joints of the rheumatic. Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, by promoting increased action of the kidneys, by which the blood is more effectually depurated, removes through the natural channel certain acrid elements in the circulation which produce rheumatism and gout. The medicine is also a fine laxative antibilious medicine and general corrective.

CURE FOR CHILBLAINS.

Bathe the feet for ten or fifteen minutes in water as hot as can be borne; then apply Hagyard's Yellow Oil, and a cure is certain. Yellow Oil cures Rheumatism, Neuralgia, Deafness, Lameness, and Pain generally; and internally cures Colds, Sore Throat, Croup, Asthma and many painful affections.

feb 1—2i

THE FIRES THAT RAGE in the bowels of the earth are like the impurities that rankle in the blood, the former break out in volcanoes, like Ætna and Vesuvius, the latter in Boils, Carbuncles, Erysipelas and Scrofulitic sores. Purify the blood and all these disappear. Hanington's Quinine Wine and Iron, and Tonic Dinner Pills, cleanse and enrich the blood, and may always be relied upon to cure all eruptive diseases. Beware of imitations. See that you get "Hanington's," the *original* and *genuine.* For sale by all druggists and general dealers in Canada.

feb1—1m

BEWARE OF IMITATIONS.

Since Dr. Thomas' Eclectric Oil has become celebrated, a number of unprincipled persons have been endeavoring to palm off Electron and Electric Oil for the genuine DR. THOMAS' ECLECTRIC OIL. Beware of these similar named articles. If their originators had any faith in the healing properties of their own medicines they would, like honest men, give them a name of their own, and not try to sell them on the reputation of another; but as they know their preparations have no merit they resort to the most unprincipled means of selling them by getting a name as near as possible to *Eclectric.* We therefore ask the public when purchasing to see that the name Dr. Thomas' Eclectric Oil is on the front of the wrapper, and the signature of NORTHROP & LYMAN, the proprietors for Canada on the back.

DANGEROUS DISEASES.—How many life-long maladies spring from neglecting trifling causes! The Cough readily cured by Dr. Wilson's Pulmonary Cherry Balsam, becomes, through carelessness, the irremediable torment for after life. With a knowledge of the curative powers this Balsam possesses, those who fail to use it for extirpating the first symptoms of a Cough, which, if now neglected, may end in consumption, will have to bear the punishment of their own folly. Dr. Wilson's Balsam will remove your cough, and prevent you Lungs from ulcerating. By the use of this excellent, speedy, safe, and agreeable preparation, a great benefit will be conferred upon the present and succeeding generation.

MRS. A. NELSON, Brantford, writes: "I was a sufferer from Chronic Dyspepsia for eleven years. Always after eating, an intense burning sensation in the stomach, at times very distressing, caused a drooping and languid feeling, which would last for several hours after eating. I was recommended by Mr. Popplewell, Chemist, of our city, to try Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, and I am thankful to say that I have not been better for years; that burning sensation and languid feeling has all gone, and food does not lie heavy on my stomach. Others of my family have used it with best results."

ADVICE TO MOTHERS.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the pain of cutting teeth? If so, send at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP FOR CHILDREN TEETHING. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhœa, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. MRS. WINSLOW'S SOOTHING SYRUP FOR CHILDREN TEETHING is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle.

feb1—1y.

REST AND COMFORT TO THE SUFFERING.

"BROWN'S HOUSEHOLD PANACEA" has no equal for relieving pain, both internal and external. It cures Pain in the Side, Back or Bowels, Sore Throat, Rheumatism, Toothache, Lumbago and any kind of a Pain or Ache. "It will most surely quicken the Blood and Heal, as its acting power is wonderful." "Brown's Household Panacea," being acknowledged as the great Pain Reliever, and of double the strength of any other Elixir or Liniment in the world, should be in every family handy for use when wanted, "as it really is the best remedy in the world for Cramps in the Stomach, and Pains and Aches of all kinds," and is for sale by all Druggists at 25 cents a bottle.

feb1—1y.

DON'T DIE IN THE HOUSE.

"Rough on Rats" clears out rats, mice, roaches, bed-bugs, flies, ants, moles, chipmunks, gophers. 15c.

Mr. C. P. Brown, Crown Land agent, Sault Ste. Marie, writes: "Two or three of my friends and myself were recommended to try Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda, in preference to Compound Syrup of Hypophosphites. We prefer your Emulsion, and think it better for the system than the Syrup, &c.

AN OPEN LETTER.

Messrs. T. MILBURN & Co.

*Dear Sirs,*—I can honestly recommend Hagyard's Yellow Oil as the best reliever of rheumatic pains of all the many specifics offered for sale, and as a sufferer for years I have tried every known remedy.

I remain respectfully yours,
JOHN TAYLOR,
190 Parliament St., Toronto.
feb1—2i

Who has not seen the fair, fresh young girl transformed in a few months into the pale, haggard dispirited woman? The sparkling eyes are dimmed, and the ringing laugh heard no more. Too often the causes are disorders of the system which Dr. Pierce's "Favorite Prescription" would remedy in a short time. Remember, that the "Favorite Prescription" will unfailingly cure all "female weaknesses," and restore health and beauty. By all druggists. Send three stamps for Dr. Pierce's treatise on Diseases on Women (96 pages). Address WORLD'S MEDICAL ASSOCIATION, Buffalo, N. Y.

Dr. Wilson's Family Anti-Bilious Pills have become a standard medicine, universally approved and justly esteemed the best pills now known. They may be taken with perfect safety and decided advantage in every variety of disease, and in every peculiarity of circumstance and situation, by all ages and both sexes, whenever a cathartic, laxative, or alterative may be required. As a medicine for females they are unequalled. Acting upon the secretions and excretions, they remove from the system all impurities.

A LONG TIME.

Fifteen years of suffering from the tortures of Dyspepsia is indeed a long time. A. Burns, blacksmith, of Cobourg, was thus afflicted, but it only required four bottles of Burdock Blood Bitters to completely cure him.

feb1—2i

COUGHS AND COLDS that we so frequently neglect, and which so often prove the seed sown for a harvest of Consumption, should have immediate and thorough treatment. A teaspoonful of "PHOSPHORIZED" Emulsion taken whenever the Cough is troublesome, will relieve the patient, and preserved in, will effect a cure in the most obstinate cases. Always ask for "PHOSPHORIZED" Emulsion, and be sure you get it.

NO LADY who delights in flowers, and likes to see them do well and bloom abundantly, should be without *Hanington's Food for Flowers.* Ordinary packages 30c.—sufficient for twenty plants for one year.

feb1—1m

IN DIXIE'S LAND.

J. Kennedy, dealer in drugs, &c., Dixie, Ontario, recommends Hagyard's Pectoral Balsam to his customers, it having cured his wife of a bad cough It is the safest and surest remedy for all Throat and Lung troubles, such as Asthma, Bronchitis, Whooping Cough and most pectoral complaints.

feb1—2i

We cannot too strongly recommend Dr. Dow's Sturgeon Oil Liniment for its beneficial effects. It may be safely and successfully applied under all circumstances. Its use affords a speedy relief to that noble animal the horse, when suffering from Lameness, from whatever cause, rendering him useful instead of useless.

Persons of weekly constitution derive from Northrop & Lyman's Emulsion of Cod Liver Oil and Hypophosphites of Lime and Soda a degree of vigor obtainable from no other source, and it has proved itself a most efficient protection to those troubled with a hereditary tendency to consumption. Mr. Bird, Druggist, of Westport, says: "I knew a man whose case was considered hopeless, and by the use of three bottles of this Emulsion his weight was increased twenty pounds."

A GOOD COSMETIC.

The best cosmetics are good soap and water, to obtain purity of the skin; while for boils, blotches, obstinate humors and impurities of the blood, Burdock Blood Bitters is the best of all purifiers.

feb1—2i

No other medicine is so reliable as Ayer's Cherry Pectoral for colds, coughs, and all derangements of the respiratory organs tending toward consumption. In all ordinary cases it is a certain cure, and it affords sure relief for the asthmatic and consumptive, even in advanced stages of disease.

Mr. Parpetus Boileau, Ottawa, writes: "I was radically cured of piles, from which I had been suffering for over two months, by the use of Thomas' Eclectric Oil. I used it both internally and externally, taking it in small doses before meals and on retiring to bed. In one week I was cured, and have had no trouble since. I believe it saved my life."

If a well be poisoned, woe be to those who drink thereat. It is worse to poison the fountain of life for one's self, and for prosperity. Often by carelessness, or misfortune, or inheritance, this has been done. Ayer's Sarsaparilla frees the blood, the vital stream, and restores appetite, strength, and health.

FOR THICK HEADS,

Heavy stomachs, bilious conditions, "Wells" May Apple Pills" anti-bilious, cathartic. 10 and 25c.

SANITAKIUM, Cal. The dry climate cures. Nose, Throat, Lungs, full idea, 36p, route, cost free.

nov2—1y—eow

The attention of our readers is respectfully called to the advertisement, in another column, of D. M. Perry & Co., Windsor, Ontario, the celebrated seedsmen. They do the largest business in their line in the United States; raise the bulk of their seed on their own farms, by the most approved methods, and have obtained a world-wide reputation for the quality and variety of the seed they put upon the market, and their integrity in filling all orders entrusted to them. Their beautiful Seed Annual for 1884, sent free to all who apply for it, will be found of practical value to all who desire to purchase seeds true to name.

BLOOD RELATIONS.

The best blood relations consist of a perfect circulation of healthy, vital fluid—pure blood and proper circulation may be established in the system by the use of that grand blood purifier, Burdock Blood Bitters.

feb1—2i

THE BILIOUS,

dyspeptic or constipated, should address, with two stamps for pamphlet, WORLD'S DISPENSARY MEDICAL ASSOCIATON, Buffalo, N. Y.

MRS. PARTINGTON SAYS,

Don't take any of the quack rostrums, as they are regimental to the human system; but put your trust in Hop Bitters, which will cure general dilapidation, costive habits and all comic diseases. They saved Isaac from a severe extract of tripod fever. They are the *ne plus unum* of medicines.—*Boston Globe.*

## EDUCATION SOCIETY MEETING.

A meeting of the Free Baptist Education Society will be held in St. John on Wednesday, Feb. 20th, at 10 A. M.

Important business will be considered, and a full attendance is desired.

JOSEPH MCLEOD,
Secretary.

Jan. 30, 1884.

## RENEWALS!

We have again to ask those who have not yet paid to make an effort to do so right away. Many hundreds of subscriptions are now due, some of them a good while past due, and from them all we desire and need to have remittances. They will do us a great favor by forwarding subscriptions at once. Do not delay, please.

*Acknowledgments for Religious Intelligencer, Feb. 8.*

## ARREARS!

A considerable number of subscribers have allowed themselves to fall in arrears. Some owe for one year, and some for a longer period. It should not be necessary to say to this class of subscribers that they ought to pay at once. The aggregate of the sums due by them is very large, and is greatly needed just now. Will each one who is indebted to the INTELLIGENCER in any amount, large or small, do us the kindness to send it immediately? We now need every dollar that is due, and this is one reason why we earnestly urge every one owing the paper to immediately forward the amount. We feel sure that there are very few, if any, who cannot do this if they will make an effort. Every dollar counts at any time, and especially when there are large bills for printing and other expenses of publication to pay. Please do not neglect this call!

## MARRIED.

At the Fredericton Free Baptist Church, on the 5th inst., by Rev. Joseph McLeod, Mr. John Tippets and Mrs. Charlotte Fulton, both of Sheffield, S. Co.

At Hartford, on the 30th ult., by Rev. Thomas Vanwart, Mr. Charles M. Estey to Miss Matilda Simondson, all of Wilmot.

## DIED.

In this city, suddenly, on Sunday, 3rd inst., Mary Ann, beloved wife of Richard M. Magee, and only daughter of Daniel Allan, Esq., in her 32nd year, leaving a husband and two children to mourn their sad loss.

In Fredericton, at the residence of his daughter, Mrs. James Yerxa, on the 31st ult., Mr. Wm. Blyther, aged 76 years.

At Arthurette, V. Co., on the 5th November last, Jane, wife of Tamberlin Campbell, in the 68th year of her age. Sister Campbell professed religion 30 years ago, under the labors of Elder E. Sisson, was baptized by Elder C. Bell and united with the church in Arthurette. Sister Campbell has lived a consistent Christian life up to her death, leaving a husband and eleven children to mourn their loss. Sermon by Samuel Sprague, from Matthew 14th chap., 12th verse—"and went and told Jesus."

At Arthurette, V. Co., on the 7th ult., at her son's residence, after a long and protracted illness, Marriam, widow of the late James Giberson, in the 92nd year of her age, leaving 12 children, 71 grandchildren, 85 great-grandchildren, beside a large circle of friends to mourn their loss. Sermon by the Rev. John Henderson, from Thessalonians, 4th chap., 14th verse. "Even to them also which sleep in Jesus will God bring with him. [*Telegraph* please copy.]

At Peel, Carleton Co., on the 30th Dec., after six days severe suffering, Martha J., beloved wife of George F. Jones and daughter of the late Nathaniel and Ruth Gray, aged 40 years and 3 months, leaving a disconsolate husband eight children, an aged mother, one brother and one sister to mourn their loss. She was highly esteemed by all who knew her. Her end was peace. Also on the 26th Jan., Nellie Gray, child of George F. and the late Martha J. Jones, aged one year and ten months.

At New Glasgow, N. S., on the 1st inst., after a short illness, Rev. George Walker, aged 79 years, during thirty of which he was the devoted pastor, first of Primitive Church, and more lately of United Church in New Glasgow.

# A FEW HINTS

FOR THE USE OF

AYER'S PILLS

DOSE.—*To move the bowels gently, 2 to 4 Pills; thoroughly, 4 to 6 Pills. Experience will decide the proper dose in each case.*

For **Constipation**, or **Costiveness**, no remedy is so effective as AYER'S PILLS. They insure regular daily action, and restore the bowels to a healthy condition.

For **Indigestion**, or **Dyspepsia**, AYER'S PILLS are invaluable, and a sure cure.

**Heart-burn, Loss of Appetite, Foul Stomach, Flatulency, Dizziness, Headache, Numbness, Nausea,** are all relieved and cured by AYER'S PILLS.

In **Liver Complaint, Bilious Disorders, and Jaundice,** AYER'S PILLS should be given in doses large enough to excite the liver and bowels, and remove constipation. As a cleansing medicine in the Spring, these PILLS are unequalled.

**Worms,** caused by a morbid condition of the bowels, are expelled by these PILLS.

**Eruptions, Skin Diseases,** and **Piles,** the result of Indigestion or Constipation, are cured by the use of AYER'S PILLS.

For **Colds,** take AYER'S PILLS to open the pores, remove inflammatory secretions, and allay the fever.

For **Diarrhœa** and **Dysentery,** caused by sudden colds, indigestible food, etc., AYER'S PILLS are the true remedy.

**Rheumatism, Gout, Neuralgia, and Sciatica,** often result from digestive derangement, or colds, and disappear on removing the cause by the use of AYER'S PILLS.

**Tumors, Dropsy, Kidney Complaints,** and other disorders caused by debility or obstruction, are cured by AYER'S PILLS.

**Suppression,** and **Painful Menstruation,** have a safe and ready remedy in

AYER'S PILLS.

Full directions, in various languages, accompany each package.
