AYER'S Cherry Pectoral.

No other complaints are so insidious in their attack as those affecting the throat and lungs: none so trifled with by the majority of sufferers. The ordinary cough or cold, resulting perhaps from a trifling or unconscious exposure, is often but the beginning of a fatal sickness. AYER'S CHERRY PECTORA' has well proven its efficacy in a forty years' fight with throat and lung diseases, and should be taken in all cases without delay.

"In 1857 I took a severe cold, which affected my lungs. I had a terrible cough, and passed hight after night without sleep. The doctors gave me up. I tried AYER'S CHERRY PECTORAL, which relieved my lungs, induced sleep, and afforded me the rest necessary for the recovery of my strength. By the continued use of the PECTORAL a permanent cure was effected. I am now 62 years old, hale and hearty, and am satisfied your CHERRY PECTORAL saved me.

HORACE FAIREROTHER."

Croup. - A Mother's Tribute. Croup. —A Mother's Tribute.

"While in the country last winter my little boy, three years old, was taken ill with croup; it seemed as if he would die from strangulation. One of the family suggested the use of AVER'S CHERRY PECTORAL, a bottle of which was always kept in the house. This was tried in small and frequent doses, and to our delight in less than half an hour the little patient was breathing easily. The doctor said that the CHERRY PECTORAL had saved my darling's life. Can you wonder at our gratitude? Sincerely yours,

MISS. EMMA GEDNEY."

159 West 128th St., New York, May 16, 1882.

"I have used AYER'S CHERRY PECTORAL in my family for several years, and do not hesitate to pronounce it the most effectual remedy for coughs and colds we have ever tried.

A. J. CRANE."
Lake Crystal, Minn., March 13, 1882. "I suffered for eight years from Bronchitis, and after trying many remedies with no success, I was cured by the use of AYER'S CHERRY PECTORAL. JOSEPH WALDEN."

Byhalia, Miss., April 5, 1882.

"I cannot say enough in praise of AYER'S CHERRY PECTORAL, believing as I do that but for its use I should long since have died from lung troubles.

E. BRAGDON." from lung troubles. E. BR Palestine, Texas, April 22, 1882. No case of an affection of the throat or lungs exists which cannot be greatly relieved by the use of AYER'S CHERRY PECTORAL, and it will always cure when the disease is

not already beyond the control of medicine. PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass.

GATES' Acadian Liniment

Nerve Ointment

Rheumatism § Diphtheria.

-CURE-

TRURO, February 1st, 1879. MESSRS. C. GATES, SON & Co.: Gentlemen-I came home two weeks ago and found my boy perfectly help-less and crying with pain. I took your

Acadian Liniment and Nerve Ointment, mixed them together and bathed the painful parts, and they killed the pain immediately. I called in a doctor to see what ailed the child, and he pronounced it Inflammatory Rheumatism. I believe that pain cannot stay where they are properly tried. I have seen people who had Diphtheria use

Your Acadian Liniment, in preference to the Doctor's gargle, as it gave them more relief. When the throat is coated, it can be used as it is in the bottle, without being diluted. I believe
