waves of sound. These last are made visible by taking advantage of the irregular refraction of light, by the waves set in vibration by sound.

Among the Buddhists the popular explanation of earthquakes is as follows: "Once a great man dared to say in public that he was not afraid of the power of the gods. The gods held a convention and decided to make the man hold up the universe. Naturally, he gets tired, and, shifting his burden from one shoulder to the other, cracks the earth."

A French naturalist says that the walking of insects may be represented by three men in Indian file, the foremost and hindmost of whom keep step with each other, while the middle one walks in the alternate step. The walking of arachnids can be represented by four men in file, the even-numbered ones walking in one step, while the odd-numbered ones walk in the alternate step.

In France postal regulation has been made that when a number of stamps are to be affixed to a letter, they must not be placed close together, but with space between them. The reason is that if a considerable portion of the envelope is covered with stamps it is easy for a dishonest person to remove them, open the envelope under them, abstract the contents of the letter, and paste them on again.

The average public speaker says in an hour what, if printed, would fill fifteen octavo pages. If the ordinary conversation of one day of persons in private life be estimated equivalent to four hours' consecutive speaking, a man says in one week what, if printed, would be an octavo volume of 320 pages. In one year he speaks fifty-two such volumes, and in thirty years he would have an extensive library of 1,500 volumes.

The English anti-vaccinators have made a house-to-house canvass of the town of Burnley, to obtain statistics on the subject of vaccination. Out of 2,000 ratepayers, 1,534 were opposed to compulsory vaccination, 81 favored it, and 1,220 were opposed to vaccination (without regard to compulsion), 31 claimed that deaths in their families arose from vaccination, and 36 thought cases of illness were to be attributed to it.

Slavery has been in process of extinction in Brazil for some years. But under the law adopted the progress made has been slow. Measures have been recently instituted to accelerate the movement by largely increasing the fund for the indemnification of owners, by levying a tax of five per cent. on all public revenues except exports. One-half the cash value of the slaves is to be paid and the balance made up by five years' continued service.

PARLIAMENT.

In reply to Mr. Ross, Sir John Macdonald stated that the government were considering the question of rendering assistance to those settlers in the Northwest whose houses have been destroyed or who have been unable to put in crops during the present year in consequence of the rebellion.

The C. P. R. resolutions were concurred in and a bill upon the same introduced.

On motion to go into committee of supply, Sir Richard Cartwright arraigned the government's financial policy and showed the taxation and national indebtedness. He concluded by moving an amendment which summarized the main points of his speech, and affirmed the necessity of a decrease in this expenditure. Hon. Mr. McLean replied for the government and sought to show that the country's financial condition is satisfactory.

Caron introduced a bill to amend the militia act, 1883, the object being to increase the permanent militia force from 750 men to 1,000 by establishing a school of infantry in London, Ontario, and another half mounted and half not mounted in Winnipeg.

Langevin said it was the intention of the Government to reorganize the system of statistics and to publish each year a volume containing a statistical summary of the several branches of the public service.

In answer to a question minister Caron said he had received a statement of the militia expenditure up to the 23rd June; this showed for pay and subsistance $549,491; clothing and necessaries, $61,244; arms, including 2 gatling guns, $50,433; telegraph construction, $23,050, and Hudson Bay Co., for supplies and transport service, $960,000—making in all $1,644 200. These were not all the expenditures up to that date as General Strange had not been able to send vouchers for the expenditure of his column.

The *Capital* says, that on "Sunday afternoon a small boy named Brady, while out bathing below the Flats with several young lads, had a narrow escape from drowning. He had jumped off a log into the water, which at that place was much deeper than he thought. The little fellow, not knowing how to swim, sank out of sight, and would have probably been drowned had it not been for Master John McGarrigle, who gallantly leaped into the water and rescued him." God says, "remember the Sabbath day and keep it holy." This is for boys as well as adults.

NOVA SCOTIA.

Excellent reports of fisheries come to hand from Cape Breton.

The Scott Act has been carried in Guysboro county by a majority of 239. Only 21 votes were polled against it.

While the steam tug *Eva Johnson* was on her trip to Digby with the mails, one of her tubes gave out slightly scalding the engineer's hands.

Mrs. Richards, of Elmsdale, N. S., has received four hundred dollars from friends of her late husband, who lost his life in a mine disaster at Leadville, Colorado, a few weeks since.

A North Sydney despatch of the 25th says that at the old Sydney mines colliery that afternoon, the two oldest miners, Niel McInnes, aged 79, and Thos. Meager, aged 72, were knocked down and killed by cars as they were approaching the bottom of the shaft after finishing their day's work.

A school teacher named Fred. Perry, from Arcadia, was out on Fanning Lake at Carleton, in this country, in his sail-boat with Chas. Frost of Carleton and a young brother of his. A squall struck the boat and capsized it. Charles Frost sank at once and was drowned, but the other two kept themselves afloat till rescued by a boat from the shore. Frost's body was recovered. He is a son of Calvin Frost, sailmaker, of Yarmouth town.

Steamer *Inverway*, with a cargo of 2 000 tons coal, worth $40 000, from Pictou for Montreal, ashore at Cabo Charlotte, south side of St. Lawrence river, is a sister ship to the *Inverall*, wrecked on Pictou Island last fall, when thirteen men were drowned. She is owned by the Steamship Invermay Company of Liverpool and was built for the St. Lawrence and West India sugar trade. Both vessel and cargo are insured.

A heavy fire in the woods in the North River section of Kings County, N. S., has destroyed many valuable timber lands, and a number of houses, barns, &c. Several mills were in imminent peril of destruction, but a change of wind carried the flames in another direction. It is said to be the worst fire in that country for many years. At last accounts the flames were still raging through the forest and are likely to continue until a heavy rainfall ensues.

THE NORTH-WEST.

BEAVER RIVER, June 23, (via STRAUBENZIE, June 26)—Rev. Canon McKay, who set out from this place to help the prisoners in, on reaching the camp of the Wood Crees found that the party had gone with them towards Pitt almost a week before. The Crees have Wandering Spirit a prisoner and 40 lodges are coming to the mission here and will arrive in four days to surrender. The few then left will likely disperse.

Advices from Edmunton country say half-breed scouts sent towards Lac la Biche, under Captain Begorge, by Col. Ouimet, came upon wounded men in almost every tepee. Thus we have heard of one other killed and others wounded at the skirmish at Frenchman's Butte. The total loss of the enemy there was three killed and five wounded.

The 65th are under orders to reach Pitt to-morrow and they are jubilant at the prospect of their release from inactivity. A waggon train of supplies will also leave to-morrow forenoon, so that when a general movement is made there will be as little delay as possible. The reason of our remaining was lest the prisoners should come here and to afford protection to the Chipewayans, who were afraid of the 150 Crees at Lac Les Isles until some other arrangements were made regarding them.

FORT PITT, June 23, (via Straubenzie, June 26—Andrew Nault and Alexis Minture charged with inciting Indians to acts of violence and murder were brought before Col. Herchimer to-day. The witnesses against them were W. J. McLean and J. B. Parry, two of the released prisoners. The depositions of Father Legoff, Canon McKay, Capt. Steele and W. B. Cameron were taken before Gen. Middleton. A letter was produced in Minture's handwriting and signed by Nault, addressed to a half-breed at Lac La Biche. It had been intercepted by Canon McKay. The letter spoke of having gained a victory at Frog Lake, asked the half-breeds and Indians join Big Bear, and send Big Bear's and the writer's compliments to the people at Lac la Biche. Father Legoff's deposition was that the Chippewayans would not have joined Big Bear had not Minture urged them to do so. Both were committed for trial.

Eighty teams were sent out to bring in Strange's column from Beaver River. They will not return for several days. The weather is very sultry. The force will probably leave in three or four days, when it is expected Strange's force will have arrived and the Indians sent to the Wood Crees will have returned.

WINNIPEG, June 29—A despatch from Medicine Hat reports that while the members of the Halifax battalion were bathing in the Saskatchewan on Sunday. Private Mully was drowned. He leaves a widow and family to mourn his loss.

BEAR RIVER, June 24, via STRAUBENZIE, June 29—Col. Smith has returned from Cold Lake with his hundred men. Orders have been given to all the mounted men to march towards Pitt to-morrow. The 65th have arrived at Frog Lake Landing. They made a magnificent march of 34 miles yesterday and about 20 to-day. Gen. Strange's command has left Beaver River. It was found that Gen. Middleton had sent messages to the Wood Crees ordering their surrender to him at Pitt.

The prisoners' account of Loon Lake fight gives only four killed, whereas we said sixteen. According to Mr. McLean's account also there was a large number of Strange Indians in the camp. One of the killed was a Qu'Appelle Indian of whom the prisoners knew nothing.

UNITED STATES.

LENNOX, Iowa, June 28.—Rev. C. E. Laughlin, pastor of the Presbyterian Church of this place, and sister, were both drowned to-day in Platte River, while on their way to church.

NEW YORK, June 29—The trial of Mrs. Lusille Yseult Dudley, the English woman, for assault in shooting at O'Donovan Rossa, in February last, was begun here to-day. The court-room was crowded to its utmost capacity. Rossa and his lieutenant, Patrick Joyce, were both in attendance. The greater part of the day was occupied in obtaining a jury.

ERIE, Pa., June 26—Hugh Brown, 80 years old, and living in a shed in the outskirts of West Mill Creek, is under arrest for the murder of Charles Dunn, who was found lying dead in front of Brown's house, Thursday morning. The body, when discovered, had been hacked with an axe which lay near, a cut across the throat had nearly severed the head from the trunk, and from a long gash in the abdomen the bowels protruded. There were many cuts across the breast, and all the ribs were broken. Brown's story was that the dead man, whose name was Charles Dunn, had slept at the shanty one night two years ago, and departed for Lockport, N. Y., since which time the old man had not seen him until his re-appearance last Monday, when he again stayed with Brown all night. On Tuesday there came to the door an ill-looking tramp, who professed to be a member of the Grand Army of the Republic, and asked for shelter. Dunn, who had been a soldier, questioned him, found him to be an imposter, and turned him away, the tramp threatening vengeance as he went. Wednesday morning Brown and Dunn left the shanty together. The former, returning late at night, went to bed without a light, but on rising in the morning discovered the dead body of Dunn. Brown has twice been an inmate of the penitentiary, once for shooting A. Thornton, who interposed between Brown and his wife, to prevent the killing of the latter, and he has also served a term for arson. He is highly connected, and has seven adult children who are in good circumstances.

BOSTON, June 28.—The schooner *Sarah Louise* Captain Hickey, of Calais, reports that June 22nd, at seven P. M., during a heavy blow, bearing north fifteen miles from Petit Manan, picked up in a dory two men, Henry Casildon and Charles Oslen, both belonging to the fishing schooner *Fairy Frost* of Portland, Capt. Frazier, they having lost sight of their vessel June 22nd, in a fog, while tending trawls. They were in the dory twelve hours when picked up. They were landed at York Nubble on the 26th.

SAN FRANCISCO, June 30.—A special from Nogates, Arizona, says it is rumored that the Yaqui Indians have defeated the Mexicans, killing 400, including Gen. Guspia, and wounding Gen. Loaiza.

ENGLISH AND FOREIGN.

A VERY REMARKABLE STATEMENT ON GOOD AUTHORITY.

The following remarkable account of the state of feeling in Russia on the Afghan frontier question during the recent excitement there anent in England is from the pen of "B," the authorative contributor of Contemporary Life and and Thought in Russia to the *Contemporary Review*:—

"Home affairs and interests have been engrossing public attention within the last four months. Every body is feeling in Russia that the present time is not opportune for an enterprising foreign policy and the very inadequate results obtained by the war of 1877-78 have cooled Russian Jingoism for a good while. The Skernevitz meeting and its consequences have been accepted by general opinion, got with enthusiasm, of course, but as a necessary recognition of the real distribution of influence in Europe. On the other hand, the latest complications in Central Asia have not produced the slightest political excitement. A curious contrast to the agitation created in England is presented by the indifference with which the news of movements on the Afghan frontier, interpellations in the House of Parliament, and agreements by telegraph between the courts have been received in Russia. Even the most chauvinistic papers did not try to raise the war-cry against England, certain as they were that it would be met by general disapprobation. No man in his senses ever believed here that a conflict was imminent; but this does not preclude a feeling of uneasiness as to the possible arising of 'exceptional circumstances.' At any rate, if the opinion of the country has any weight in such matters, the prevailing wish for peace and distrust of adventures which may lead to war, must be taken as a favorable augury at least for the immediate future."

LONDON, June 27.—A report comes from Paris tonight to the effect that two French torpedo boats belonging to the China squadron, which has been missing since April last, were sunk, during a fight with Chinese war vessels. The fact of the disaster has hitherto been suppressed, and it is expected that, when a full official inquiry is instituted in regard to the condition of the French squadron of Chinese waters, it will be found to have suffered more severely than the public has been allowed to know, and that similar calamities have befallen other vessels of the fleet.

PARIS, June 24.—M. DeLesseps, in a conversation with a journalist yesterday, said he was convinced that unless England withdrew from Egypt, the Egyptian dispute would end in an Anglo-French war. To prevent such result he was in favor of a return to the arrangement of 1841, whereby Mehemet Ali's family were to reign perpetually as viceroys of Egypt according to the Mohammedan order of succession, the oldest member of the family succeeding, instead of the oldest son.

CAIRO, June 29—Orders to the camel corps to embark have been rescinded. It is reported that the Government meditate reoccupying Dongola.

LONDON, June 29—Two million Cartridges have been shipped from Woolwich to Egypt, presumably in connection with the Government's intention of reoccupying Dongola.

BEWARE OF IMITATIONS.

Since Dr. Thomas' Eclectric Oil has become celebrated, a number of unprincipled persons have been endeavoring to palm off Electron and Electric Oil for the genuine DR. THOMAS' ECLECTRIC OIL. Beware of these similar named articles. If their originators had any faith in the healing properties of their own medicines they would, like honest men, give them a name of their own, and not try to sell them on the reputation of another; but as they know their preparations have no merit they resort to the most unprincipled means of selling them by getting a name as near as possible to *Eclectric*. We therefore ask the public when purchasing to see that the name Dr. Thomas' Eclectric Oil is on the front of the wrapper, and the signature of NORTHROP & LYMAN, the proprietors for Canada, on the back.

THE PLEASURE OF BATHING IS GREATLY increased by mixing in the tub half or even a quarter of a bottle of MURRAY & LANMAN'S FLORIDA WATER. Instantly the whole atmosphere of the bath-room is as fragrant as a blooming flower garden, the mind becomes buoyant, and the body emerges refreshed and strengthened.

THE CHEAPEST AND BEST.

On account of its purity and concentrated strength and great power over disease, Burdock Blood Bitters is the cheapest and best blood cleansing tonic known for all disordered conditions of the blood. 2i

No injurious effects can follow the use of Ayer's Ague Cure in the treasment of malarial diseases. It contains, besides a specific and unfailing antidote for miasmatic poison, other remedial agents which unite to expel the poisonous humors, purify the system, and leave it in a healthy and reinvigorated condition.

ACCIDENTAL.

A. Chard, of Sterling, in a recent letter, states that he met with an accident some time ago, by which one of his knees was severely injured. A few applications of Hagyard's Yellow Oil afforded immediate and complete relief. 2i

C. A. Livingstone, Plattsville, says: "I have much pleasure in recommending Dr. Thomas' Eclectric Oil, from having used it myself, and having sold it for some time. In my own case I will say for it that it is the best preparation I have ever tried for rheumatism."

A PRINCELY FORTUNE.

A man may possess the fortune of a prince but can never possess happiness without good health; to secure which the blood must be kept pure and every organ in proper action. Burdock Blood Bitters purify the blood and regulate all the organs. 2i

In no other medicinal preparation have the results of the most intelligent study and scientific inquiry been so steadily and progressively utilized as in Ayer's Sarsaparilla. It leads the list as a truly scientific preparation for all blood diseases.

WHERE TO KEEP IT.

Keep it in your family. The best remedy for accidents and emergencies, for Burns, Scalds, Bruises, Soreness, Sore Throat, Croup, Rheumatism, Chilblains and Pain or Soreness of all kinds, is that marvellous healing remedy, Hagyard's Yellow Oil. 2i

PEARLINE. With this article the family washing can be done with ease, with economy and despatch, and as it is thoroughly disinfectant, it will be seen that whenever used the result is pure and healthful. As there are imitations of this in the market, be sure and get the genuine, manufactured only by JAMES PYLE, New York.

SURE TO CONQUER.

The most troublesome cough is sure to yield if timely treated with Hagyard's Pectoral Balsam. Pleasant to take and safe for young or old. 2i

Life is full of disappointments. We recently offered to cure a bad case of Rheumatism for a year's subscription in advance, but just as we were on the point of lifting the shekles, a sympathizing friend suggested *Johnson's Anodyne Liniment*, and the money and the patient vanished instanter.

Parson's Purgative Pills make new rich blood, and will completely change the blood in the entire system in three months. Any person who will take one pill a night from one to twelve weeks may be restored to sound health, if such a thing is possible.

A GOOD GUARANTEE.

H. B. Cochran, druggist, Lancaster, Pa., writes that he has guaranteed over 300 bottles of Burdock Blood Bitters for dyspepsia, bilious attacks and kidney troubles. In no cases has it disappointed those who used it. In Canada it gives the same general satisfaction. 2i

Mrs. Harry Pearson, Hawtrey, writes: For about three months I was troubled with fainting spells and dizziness which was growing worse, and would attact me three or four times a day. At last my husband purchased a bottle of Northrup & Lyman's Vegetable Discovery, from which I derived considerable benefit. I then procured another, and before it was used my affliction was completely gone, and I have not had an attack of it since.

Why will you allow a cough to lacerate your throat or lungs and run the risk of filling a consumptive's grave, when, by the timely use of Bickles Anti-Consumptive Syrup the pain can be allayed and the danger avoided. This Syrup is pleasant to the taste, and unsurpassed for relieving, healing and curing all affections of the throat and lungs, coughs, colds, bronchitis, etc., etc.

NOTICE.

Geo. W. Sharp, clerk of Sixth District, writes us that "The Sixth District Meeting of the F. C. Baptists will be held with the church at Lewis Mountain, commencing on the 2nd Friday in July, at 2 o'clock, p. m., and that he has written to D. Pottinger, Esq., to grant the usual reduction of fare to delegates who go by train, and that Mr. P. has informed him that he has referred the matter to Mr. Busby, the General Passenger Agent, but that he has not heard from that gentlemen yet; but Bro. Sharp has no doubt it will be all right. Delegates, he says, going to the meeting will have to purchase first-class tickets to Pollit River platform, that being the nearest point." We have no doubt but what the usual return tickets will be granted.

A MARVELOUS STORY

TOLD IN TWO LETTERS.

FROM THE SON: "28 Cedar St., New York, Oct. 28, 1882.

"*Gentlemen:* My father resides at Glover, Vt. He has been a great sufferer from Scrofula, and the inclosed letter will tell you what a marvelous effect

Ayer's Sarsaparilla

has had in his case. I think his blood must have contained the humor for at least ten years; but it did not show, except in the form of a scrofulous sore on the wrist, until about five years ago. From a few spots which appeared at that time, it gradually spread so as to cover his entire body. I assure you he was terribly afflicted, and an object of pity, when he began using your medicine. Now, there are few men of his age who enjoy as good health as he has. I could easily name fifty persons who would testify to the facts in his case.

Yours truly, W. M. PHILLIPS."

FROM THE FATHER: "It is both a pleasure and a duty for me to state to you the benefit I have derived from the use of

Ayer's Sarsaparilla.

Six months ago I was completely covered with a terrible humor and scrofulous sores. The humor caused an incessant and intolerable itching, and the skin cracked so as to cause the blood to flow in many places whenever I moved. My sufferings were great, and my life a burden. I commenced the use of the SARSAPARILLA in April last, and have used it regularly since that time. My condition began to improve at once. The sores have all healed, and I feel perfectly well in every respect—being now able to do a good day's work, although 73 years of age. Many inquire what has wrought such a cure in my case, and I tell them, as I have here tried to tell you, AYER'S SARSAPARILLA. Glover, Vt., Oct. 31, 1882. Yours gratefully,

HIRAM PHILLIPS."

AYER'S SARSAPARILLA cures Scrofula and all Scrofulous Complaints, Erysipelas, Eczema, Ringworm, Blotches, Sores, Boils, Tumors, and Eruptions of the Skin. It clears the blood of all impurities, aids digestion, stimulates the action of the bowels, and thus restores vitality and strengthens the whole system.
