this latter half of the nineteenth century. Of course it is loosing its force more and more upon the public. It is one of those false ideas that must die, and with its death goes the practice of infant baptism. For when there is no admitted virtue in the rite, then believer's baptism will come to the front as the true teaching of Christ.

ALL SORTS.

[BY PEN AND SCISSORS.]

The "Atla California" says that there are over thirty Mormon churches in Colorado. In Idaho there are over sixty, in Arizona about seventy.

A number of ladies of Marlborough decided to send all the pauper children at the Wiltshire Workhouse to Canada. A thousand girls will be first despatched.

A sexton in Wisted, Conn., having been arrested for robbing the church contribution boxes, the Lowell *Courier* remarks that it could not well be anything more than petty larceny.

A Chicago business man has published a volume containing the Lord's prayer in 180 different languages. In the preparation of the work he was engaged about four years.

The only holiday in the year that the Russian peasants have is March 3, the anniversaay of the emancipation of the serfs by the late Czar, when they abstain from work, spending the day in thanksgiving.

In a Scotch divorce case which recently came before the Court of Sessions, the couple had been married for thirty-five years, and the wife (who was the petitioner), was the mother of fifteen children.

It is computed that there are on our globe 67 deaths a minute, 97,790 a day, and 35,639,835 a year, and that births are 70 a minute 100,000 a day, and 36,792,000 a year.

A London firm of pencil makers manufacture its shavings and sawdust into an article which they call the "Dust of Lebanon." It is sprinkled on a fire to remove the unpleasant smell of cooking noticeable in a room after a meal.

A member of the British Parliament, who pleads in the "Contemporary Review" for a new system of school education, says that twenty-five per cent. of the children in the lower parts of London come to school without breakfast, while they have nothing for dinner save perhaps a crust and a cup of tea.

During the great snow-blockades in the West, one newspaper printed its edition on wall paper, several used brown wrapping paper, and one enterprising editor, not to disappoint his subscribers, printed the regular issue on a bed sheet which was passed around from house to house.

A Maryland paper vouches for the fact that the following names are actually borne by residents of Cambridge, Dorchester County:—"Julia Jane Augusta Dominica Rustis Ro Bo Bustis Jack," and "John Henry Land Runner Run-out-and-Surveyor Bandana Beaver Dam Rendezvous God Bless Busticue."

Every Judge or Justice who persistently rules with a bad cause, and against the highest interests of citizens, ought to be impeached. There is nothing but real justice that will restain partial or prejudiced rulers. When the King is bent on strangling the Nation, the Nation may be justified in strangling the King.

The Indian Agent at Standing Rock Agency, Dakota, reports to the Governmsnt, as an illustration of the change taking place, that over 200 of the leading young men came into the Agency last summer an I had their hair cut. "From an Indian standpoint," he says, "this is quite a step towards civilization, when they part with their long hair braids."

During the year that the London Road Car Company has discontinued its Sunday traffic its receipts have been nearly £1,000 more than the preceding year, and the value of its horses has increased 20 per cent.

The story is told of the Rev. James Patterson, of Philadelphia, that he once said in a circle of his brethren that he thought ministers ought to be humble and poor, like their Master. "I have often prayed," said he, "that I might be kept humble; I never prayed that I might be *poor*. I could *trust the Church for that!*"

As an example of some of the abuses still allowed in the English Church it is stated the rector of a certain London parish has not been seen within the limits of the parish within seven years. His income from the parish is £11,000 a year, while his duties are delegated to a curate at a salary of £175 a year.

The Hon. Zebulon Vance, of North Carolina, is fond of joking the brethren of the read-prayers He tells how his mother, who was a Methodist, was anxious for him to be a preacher in her Church. "But I ain't good enough," objected young Zeb. "But can't you preach awhile in the Episcopal Church till the Lord converts you and then join the Methodist Conference?"

At the Japanese village in London, an ingenious contrivance is being made to send out to the soldiers in the Soudan. It is in the form of an umbrella, made of light bamboo and paper, and will be fastened to the shoulders. The weight will scarcely be felt, and the wearer will thus enjoy all the comforts of a large umbrella without experiencing the inconvenience of holding it up, and his hands will be left entirely free to carry his rifle or other articles."

PARLIAMENT.

Very little has been done in Parliament since last report. The Easter holidays took most of the week. The rest of the time has been occupied in watching the North-West movement and speculating as to what is being and ought to be done.

LITERARY NOTES.

ST. NICHOLAS for April opens with a frontispiece illustration of "The Gilded Boy," a true story of a Florentine pageant in 1492. Indeed, the romance of history forms a prominent feature of this number. In the "Historic Girls" series E. S. Brooks tells the story of the girlhood of "Zenobia of Palmyra," as based on information recently brought to light by Eastern scholars.

Lieut. Schwatka tells, in "Children of the Cold," of some of the popular games of the Eskimo; while Charles Barnard, in "The Boys' Club," relates how some little New York savages, that have been caught and tamed, amuse themselves in a fine club-house.

Another "Ready for Business" paper discusses the chances for young men in the field of practical chemistry.

"Among the Law-makers" contains an amusing chapter on the pranks of the Senate pages, appropriate to the month ushered in by April Fool's Day. What will greatly interest many readers is the announcement of the names of the winners in the prize-story contest for girls.

MODERN SINGING METHODS. THEIR USE AND ABUSE, by J. Frank Botume, and published by Oliver Ditson & Co., is a very sensible little treatise indeed. So many new theories of the manner of voice production have been advanced, that persons with voices to train are confused. It may be said, also, that many voices have been injured, even ruined, by false methods. Mr. Botume takes a survey of all modern methods, and advises a return to the ways of the Italian masters of a former generation. A little theory, easily understood and long continued, patient and faithful practice, constituted their "method." Price of the book, 35 cents.

☞ Bismarck was seventy on the 1st inst.

☞ R. E. McLeod, Dr. Taylor and J. A. Sinnott are mentioned as possible candidate for the vacant seat for Kings Co.

☞ The friends and admirers of the Rev. Dr. Talmage can obtain a correct and well-finished photograph of the distinguished divine by sending thirty cents in postage-stamps to Mr. Robert Galloway, photographer, 779 Broadway, New York.

THE NEWS OF THE WEEK.

SAINT JOHN, N. B., APRIL 10, 1885.

NEW BRUNSWICK.

The *Official Gazette* contains the following appointments: Walter Dobson, Dorchester, N. B., and J. W. Binney Moncton, N. B., to be measuring surveyors of shipping.

Mr. John Neill's residence at Gibson was totally destroyed by fire Thursday morning; all the furniture was saved. There was no insurance. Loss about $2,000.

The Fredericton Boom Co. are building piers and straightening their booms at Sugar Island and Douglas. The Mitchell and Gill boom are also undergoing repairs, and some new piers are being erected at those places. One hundred and twenty men are employed on the work.

Greenwich, Kings County, is afflicted with a malignant type of diphtheria. In one family alone, named McKinney, five persons are dangerously ill, two others died.

Moose killing is being carried on to a considerable extent in the Miramichi woods, the deep snows greatly assisting the hunters in their work of slaughter.

On Thursday morning last as Joseph Rathburn, of New Ireland, Hampstead, Queens Co., was in the act of felling a tree, he got caught in the snow, and the tree sliding off the stump fell across his leg breaking the bone between the knee and ankle, the broken bone protruding through the skin.

NOVA SCOTIA.

A two year old daughter of David Curren, Halifax, was scalded to death Sunday.

James Ross, collector of customs at Margaree Harbor, C. B., was recently killed by being struck by a falling spar from a vessel.

Alexander McLellan fell through the ice on Antigonish harbor on Saturday and was drowned.

At Five Islands, N. S., 1,300 tons of alluvial deposit have been hauled during the past winter from a field 90x12 rods, for fertilizing purposes.

An appeal for aid to the sufferers by the Vale Colliery disaster is published in the advertising columns of the dailies. We believe that this appeal to our large-hearted citizens will not be made in vain.

The Pictou *Chronicle* of the 2nd inst. announces the deaths of Eliza Smith, aged 87 years, Colon McKay, aged 81 years, Catherine McDonald, aged 79 years, and Margaret Lamont, aged 83 years, all of which occurred in Pictou Co. during the month of March.

The burning of Blackadar & Co.'s mill at Hectanooga, N. S., is said to have been caused as follows:—The watchman attempted to build a fire in a stove, and believing to have failed, went into another department of the mill and proceeded to "bunch" shingles, when the fire in the stove revived to such an extent as to cause the ignition of a pile of wood near, and so the flames were shortly beyond control.

Liverpool, N. S., says the Yarmouth *Herald*, is infested with burglars. On Sunday, Tuesday and Wednesday nights of last week, the store of T. F. Campbell, the freight house of the Fishwick line, and the store of A. McNutt, were respectively broken into. Campbell lost $50 and the Fishwick Co. some clothing purloined from a passenger's trunk.

The sailors boarding house and saloon on Lower Water street, Halifax, occupied by James Penny, was burned at three o'clock Sunday morning. James Fuller, aged 50, a shoemaker, was burned to death, and eight fishermen and sailors sleeping in the upper story had a remarkable narrow escape and were only saved by jumping from the roof to the telegraph wires and sliding down the post. The wife and children of the proprietor were got out of the back windows in their night clothes. The whole of the inmates only escaped being burned up by a miracle.

P. E. ISLAND.

A fire started at 10 o'clock on Sunday night (April 6) in Alberton, P. E. I., which destroyed Jenk Rogers' store, warehouse and stock; A. Clark's building and lobster tins; Henderson & Gordon's store and stock; Alex. McLeod's stock, Wallace's store, Predham's photograph saloon, and the dry goods store of Birch & Dyer. Loss, $30,000; insurance about $15,000.

THE NORTH WEST.

TORONTO, April 7.—The *Mail's* Qu'Appelle special says:—From all we can gather here Riel is greatly disappointed. He had expected a general movement of Indians and half-breeds from the American frontier just below Wood Mountain together with a general Indian uprising. There is no doubt that the Indians in Northern country are with him, but the action of the American authorities has summarily cut off his hopes of assistance from the south of the line. It is now generally believed, therefore, that while he may make a show of resistance at or near Clark's Crossing, he will not attempt a stand-up fight with the troops. In all probability he will beat a retreat across the North Saskatchewan into the Northern Forest, and Gen. Middleton must abandon pursuit. This vast forest consists of beech, poplar, birch, and hazel with dense underbush and buffalo grass, and is utterly impassable for troops. The idea is that the rebel chief will remain in this shelter and endeavor to patch up terms with the Dominion Government, the prime condition being that they shall accept the terms of his bill of rights. As the Government cannot, of course, treat with a rebel in arms, Riel will doubtless be compelled to spend the summer in the forest unless he can give the troops the slip and get into American territory, where the lawyers will have to settle the question of his extradition. Everything is going on well, but the weather is still raw and the ground saturated with water. It is said on good authority this afternoon that Riel will plant a large force on the high sandy banks of the South Saskatchewan.

Another special says:—There is considerable anxiety as to the situation in Prince Albert and that an urgent appeal for the immediate despatch of a large force to the rescue has been made is beyond doubt and that relief was necessary is shown by the sudden advance of the troops from Qu'Appelle northward this morning. There is no doubt the situation at Prince Albert is very critical. A courier who left Battleford on April 1st, reached here to-day. He reports that when he left all the white people were still safely secured from attack in the barracks, with ample provisions and ammunition until relief comes. The Indians are still in sight of the town, but no further disturbance was anticipated from them. The families which left Battleford on the 30th ult. arrived safely here to-day, and are under the escort of Judge Rouleau. They will probably reach Winnipeg to-morrow night.

The *Globe's* special says: Troops camped 15 miles from Qu'Appelle last night. The Hudson Bay Co. to-night received word that Applegarth, the Indian instructor, (reported killed), has escaped and crossed the prairie to Swift Current. Advices by mail from Edmonton show that the half-breeds and Indians there are in an excited state, and any rebel successes would likely cause them to rise. Factor MacDonald, at Fort Qu'Appelle, says nothing is to be apprehended from the half-breeds in that vicinity. The McLeod district seems to be all quiet and friendly. Waubedesca, chief of the Minnesota Sioux, near Brandon, is reported as being in a surly mood. He would not allow four of his band, who were employed by the Government to act as guides, to go west. He says two thousand soldiers are not enough to meet the Crees who will probably all fight. A Medicine Hat despatch says the water in the river here is very low, only about 22 inches, but a river captain says there is sufficient to run the boats down the stream. A man from Red Lake reports that the water is high from that point down.

ENGLISH AND FOREIGN.

A PROCLAMATION ISSUED BY THE SULTAN AGAINST EL MAHDI.

SUAKIN, April 8.—A number of hostile Arabs, early this morning, approached the headquarters of the British forces and fired one hundred shots at long range and then retreated. The British have occupied Handoub and the adjacent wells. Four miles of the Suakin. Berber railway has been constructed. The country around Handoub appears quite clear of the enemy. The guards and Australian contingent have reached Handoub without meeting serious opposition from the Arabs that are expected.

CONSTANTINOPLE, April 8.—An official proclamation has been issued stating that the Mahdi, acting in oppositions to the principles of Islamism, has possibly carried his seditious audicity to the extent of issuing further incendiary manifestoes in Hedjaz and Yemen against the Ottoman domination. Musaulmans will regard the Soudanese agitator as an imposter and robber-chief of the worst kind, and will treat the new appeal of fanaticism and barbarism with the same profound contempt as heretofore.

SUAKIN, April 8.—Graham has arrrived at Handoub. The chief of the Amarars is negotiating with him for the submission of his tribe to the British. An escaped prisoner from Osman Digna's camp reports that the Arabs are thoroughly cowed. Tamai is held by only 200 men and they are short of provisions. He says there is abundance of good water beyond Tamai.

PEACE WITH CHINA.

LONDON, April 8.—The Paris correspondent of the *Times* says that peace negotiations between France and China were conducted through M. Ferry, President Grevy having authorized M. Billot to act for him. When the Chinese Government heard of the fall of M. Ferry it telegrahed to Campbell, the Chinese representative, to get Ferry's successor to sign preliminaries of peace. Ferry, however, continued to work, and delayed notifying President Grevy of the signature of preliminaries until the committee of the chamber had retired to consider the demand for the Tonquin credit, keeping the new ministry ignorant of the facts. The preliminaries of peace stipulate that hostilities shall cease on the 10th inst., and that the Chinese shall evacuate Red River delta on the 20th, and the other positions gradually, while the French shall occupy Formosa and Phenghoo, enforce the blockade of rice ports and search neutrals until a definite treaty of peace has been signed. It is believed France asks indemnity for Frenchmen wounded in battle.

NEGOTIATIONS WITH RUSSIA LIKELY TO FALL THROUGH.

LONDON, April 8.—Earl Granville has forwarded a despatch to Sir Edward Thornton, British Ambassador at St. Petersburg, refusing to accede to the request of M. DeGiers, to extend the line of the debatable zone on the disputed Russo-Afghan frontier to the Paropamisus Mountians. Earl Granville insists that the Lessar line be the furthest limit, and urges an early meeting of the joint boundary commission. It is expected Russia will yield these points, but it is thought to be certain that the boundary commission will disagree.

The Standard remarks editorially that it is premature to say negetiations between England and Russia are broken down, but it is unquestionable that the relations between the two nations have reached an extremely critical stage. "We are no nearer," the *Standard* says, "an understanding now than when Russia refused to withdraw the Cossacks from Pul-i-Katun. In face of the impediments still being presented to the meeting of the commission, we will be obliged to ask whether Russia wants peace or useful delay before resorting to war.

LONDON, March 27.—The examination of Cunningham and Barton having been finished both men were, this afternoon, formally committed for trial on a charge of treason and felony.

Publishers' Department.

BEWARE OF IMITATIONS.

Since Dr. Thomas' Eclectric Oil has become celebrated, a number of unprincipled persons have been endeavoring to palm off Electron and Electric Oil for the genuine DR. THOMAS' ECLECTRIC OIL. Beware of these similar named articles. If their originators had any faith in the healing properties of their own medicines they would, like honest men, give them a name of their own, and not try to sell them on the reputation of another; but as they know their preparations have no merit they resort to the most unprincipled means of selling them by getting a name as near as possible to *Eclectric*. We therefore ask the public when purchasing to see that the name Dr. Thomas' Eclectric Oil is on the front of the wrapper, and the signature of NORTHROP & LYMAN, the proprietors for Canada, on the back.

THE REVOLT which is caused in a dyspeptic stomach by a meal digestible by one which is in average health, can be permanently subdued and the tone of the organ restored by the systematic and persistent use of Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, which imparts tone to the digestive viscera, and removes all impurities from the blood.

INHUMAN CRUELTY.

It is a barbaric cruelty to torture the weak stomachs of chronic invalids with harsh purgatives and sickening drugs, when Burdock Blood Bitters will regulate the stomach, bowels, liver and kidneys in so agreeable and effectual a manner.

ITCHING PILES—SYMPTOMS AND CURE.

The symptoms are moisture, like perspiration, intense itching, increased by scratching; very distressing, particularly at night: seems as if pinworms were crawling in and about the rectum; the private parts are sometimes affected. If allowed to continue very serious results may follow. "SWAYNE'S OINTMENT" is a pleasant, sure cure. Also, for Tetter, Itch, Salt Rheum, Scald Head, Erysipleas, Barbers' Itch, Blotches, all scaly, crusty Skin Diseases. Box, by mail, 50 Cts.; 3 for $1.25. Address, DR. SWAYNE & SON, Phila., Pa. Sold by Druggists. ap11—1y

One or two bottles of Northrop & Lyman's Vegetable Discovery will purify the blood, remove Dyspepsia, and drive away that extreme tired feeling which causes so much distress to the industrious, and persons of sedentary habits. Mr. W. E. Ellis, Druggist, Fenelon Falls, writes: "The Vegetable Discovery is selling well and giving good satisfaction."

DELICATE WOMEN, *Pale-Faced Sickly* Children, the aged and infirm alike, are benefited by the Strengthening and Blood-making Power of "Hannington's Quinine Wine and Iron." It stimulates the circulation, improves the Appetite, and removes all impurities from the Blood. It is the *best* medicine you can take to give you lasting strength. *Acting quickly* through the blood, it cures Boils, Pimples, Blotches, Salt Rheum, Eczema, Tetter, and other diseases arising therefrom. Beware of imitations. See that you get "Hanington's," the *original and genuine*. For sale by all druggists and general dealers in Canada. ap3 1m.

A GOOD RECORD.

Among the many thousand bottles of Hagyard's Yellow Oil sold annually in Canada not one has ever failed to give satisfaction. It cures rheumatism, colds and all painful complaints and injuries.

"PHOSPHORIZED" Emulsion by its stimulating action upon the organs of digestion and assimulation, and by its powerfully alterative tonic and nutritive properties, purifies the blood from all taint, and increases its solid constituents. Always ask for "PHOSPHORIZED" Emulsion, and be sure you get it.

NO LADY who delights in flowers, and likes to see them do well and bloom abundantly, should be without *Hanington's Food for Flowers*. Ordinary packages 30cts.—sufficient for twenty plants for one year.

A GOOD TEST.

For over sixteen years G. M. Everest, of Forest, has sold Hagyard's Pectoral Balsam, and its sales are steadily increasing. It cures coughs, colds and all lung complaints; is pleasant to take and always reliable.

Why will you allow a cough to lacerate your throat or lungs and run the risk of filling a consumptive's grave, when, by the timely use of Bickle's Anti-Consumptive Syrup the pain can be allayed and the danger avoided. This Syrup is pleasant to the taste, and unsurpassed for relieving, healing and curing all affections of the throat and lungs, coughs, colds, bronchitis, etc., etc.

Hall's Hair Renewer renews, cleanses, brightens, and invigorates the hair, and restores faded or gray hair to its youthful color and lustre. People with gray hair prefer to use the Renewer, rather than proclaim to the world, through their bleached locks, that they are becoming aged, and passing on to decay.

A REMARKABLE RECOVERY.

A council of doctors declared Mrs. Adalaide O'Brien, of 372 Exchange St., Buffalo, incurable. Her liver was badly disordered; she vomited green mucous; could retain no food; skin yellow and full of humors. She was rapidly sinking, but Burdock Blood Bitters cured her.

MURRAY & LANMAN'S FLORIDA WATER.—The most delicate invalids, the greatest sufferers with sea-sickness, and those whose nervous systems are most sensitive, prefer it before all others, and use it to the exclusion of all others, not for a time only but always and continuously. The sense of smell never tires of its soft, refreshing color.

USEFUL TO KNOW.

Everyone should know that Hagyard's Yellow Oil will give prompt relief; applied externally will stop any pain; and taken internally cures colds, asthma, croup, sore throat and most inflammatory complaints.

JAMES PYLE'S PEARLINE has indeed become an article of established value in domestic economy, and now is the time for every family to test it, for house-cleaning as well as for laundry purposes. A more useful article for housekeepers is not to be found, and they who neglect a trial of it deprive themselves of a great convenience. Sold by grocers generally, but see that counterfeits are not urged upon you.

WEATHER PROBABILITIES.

Fortelling the weather is a useful science, but relieving the effects of its sudden changes is a better one. Hagyard's Pectoral Balsam cures coughs and colds, incident to sudden changes.

Johnson's Anodyne Liniment is, without doubt, the safest, surest, and best remedy that has ever been invented for internal and external use. It is applicable to a great variety of complaints, and is equally beneficial for man or beast. Find out about it and thank us for the advice.

No man in his senses should buy worthless horse and cattle powder, simply because it is put up in *large* packs. *Sheridan's Cavalry Condition Powders* are put up in small 25c packs, but are absolutely pure and are immensely valuable. Large cans $1.00 each.

The people of this country have spoken. They declare by their patronage of Dr. Thomas' Eclectric Oil, that they believe it to be an article of genuine merit, adapted to the cure of rheumatism, as well as relieves the pains of fractures and dislocations, external injuries, corns, bunions, piles and other maladies.

By the lack of open air exercise, and the want of sufficient care in the matter of diet, the whole physical mechanism often becomes impaired during the winter. Ayer's Sarsaparilla is the proper remedy to take in the spring of the year to purify the blood, invigorate the system, excite the liver to action, and restore the healthy tone and vigor.

MARRIED.

At the residence of the bride's father, on the 25th of March, by the Rev. Joseph Noble, Mr. J. C. Maclum to Miss Lizzie S. Hamilton, both of Hampton, Queens County.

On the 18th of March, at his residence, by Elder John S. Jones, Miss Henrietta Hanson to Mr. John Graham, of York County.

At the residence of the officiating minister, Woodstock, on the morning of the 28th ult., by Pastor G. N. Ballentine, Elder F. W. Blackmer, of Woodstock, and Miss Lillie Burpee, of Jacksontown.

At Central Argyle, on the 28th ult., by the Rev. Wm. Miller, Joseph Howe Shaw, Esq., to Mrs. Irene Babine, both of Argyle. No cards.

At Bangor, March 31st, by Rev. G. B. Ilsley, Mr. John S. Fairly and Miss Maggie Johnson, both of Fredericton, N. B.

DIED.

At Geary, S. Co., on the 9th ult., Mrs. Wilbur Carr, aged 24 years.

At Waterville, S. Co., on the 27th ult., Mrs. Harriett Brown, aged 68 years.

At Woodstock, March 27th, of consumption, Andrew C. aged 26 years and 5 months, eldest son of the late Charles and Eliza J. Stephenson.

At Deer Island, on the 30th ult., after a lingering illness of consumption, Leverette Holder, in the 35th year of his age, leaving a widow and two children to mourn their loss.

At Sheffield, on Thursday, 26th ult., Elizabeth, aged 59 years, beloved wife of Stephen Burpee, after a lingering and severe illness.

At Dumfries, York Co., on the 27th ult., after a somewhat protracted illness, Mr. Henry Holder, aged 54 years. For a number of years he was an active and leading member of the F. B. Church in Dumfries. His wife died two or three years ago, and two children, a son and daughter, survive him. In the absence of a minister of his own denomination, Rev. Mr. Ross, (Presbyterian), officiated at the funeral.

At his residence, Third Tier, Jacksontown, C. Co., on Sunday, the 8th of March, Daniel Tracey, in the 84th year of his age. Bro. Tracey was a member of the Third Tier Church for many years. During some special meetings held by Rev. T. O. DeWitt, last fall, our Bro. was greatly blest, and frequently during the meetings he, with strong faith, testified that Jesus was his Saviour. We know that "For him to live was Christ, and to die was gain." The funeral was largely attended. The ministers present were, Bros. Taylor, G. T. Hartley, Philips, Vanwart, Hartt and the writer who preached a sermon from Col. iii: 3, "Your life is hid with Christ in God. W. DEWARE.

At Plymouth, Yarmouth Co., N.S., April 1st, after a long and painful illness, which she bore with Christian fortitude, Louisa D., eldest daughter of Ebenezer and Wealthy J. Sims, aged 24 years and 6 months. Her end was peace.—St. John and Boston papers please copy.

At Barrington, 2nd ult., Matilda, the beloved wife of Captain John O. Cromwell, aged 65 years. "The memory of the just is blessed." Halifax papers please copy.

At Barrington, N. S., March 28th, of paralysis of the heart, Jennie C., beloved daughter of Archibald and Hannah Hopkins, aged 22 years. Suddenly cut off in the bloom of life, having attained to much that added to its value and usefulness. Possessed of much energy and ability, directed by a noble, loving, generous spirit, she was greatly esteemed and beloved. Born of Christian parents, trained and educated by Christian influences, she, when quite young, accepted her Saviour and united with the F. B. Church, and strove to discharge faithfully every duty. Holding various offices in connection with the church and Sabbath-school, "she hath done what she could" to serve and honor her Master. Revs. J. I. Porter and J. W. Freeman assisted the writer in the funeral services. A very large number of relatives and friends were present, thus manifesting sympathy for the bereaved and afflicted family. T. H. S.

ROYAL BAKING POWDER

Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight, alum or phosphate powders. *Sold only in cans.*

ROYAL BAKING POWDER CO., 106 Wall St., N. Y. oct17 1y

WELCOME SOAP

Never varies, does not contain one particle of the adulterations used to reduce the cost of

PURE GOODS

But DOES possess the FULL VALUE of every Legitimate Washing Quality, which gives it every advantage over Soaps of doubtful character; practically recommended by other manufacturers in imitating it. None should be deceived, however, as the word WELCOME and the Clasped Hands are stamped on every bar

"WHICH WAY?"

That every article used for the same purpose is of equal value no one admits. As in all natural productions so in the manufactured; all have their degree of merit, and Soap is as conspicuous in its variety as anything else. But in this, as the demand for the *Pure* and *Reliable* increases, so does the value of the productions of CURTIS DAVIS & Co., especially their "WELCOME" and "UNEQUALLED EXTRA" brands, being practically recommended by other manufacturers, who imitate them in every conceivable way. But, while this compliment may be appreciated, what can be said in favor of such competition, or the character of such goods and their makers? No one should be deceived, as the original has the name of CURTIS DAVIS, in full, either on the bar or wrapper, and it is their purpose to let their reputation stand on this class of goods.

SCROFULA

and all scrofulous diseases, Sores, Erysipelas, Eczema, Blotches, Ringworm, Tumors, Carbuncles, Boils, and Eruptions of the Skin, are the direct result of an impure state of the blood.

To cure these diseases the blood must be purified, and restored to a healthy and natural condition. AYER'S SARSAPARILLA has for over forty years been recognized by eminent medical authorities as the most powerful blood purifier in existence. It frees the system from all foul humors, enriches and strengthens the blood, removes all traces of mercurial treatment, and proves itself a complete master of all scrofulous diseases.

A Recent Cure of Scrofulous Sores.

"Some months ago I was troubled with scrofulous sores (ulcers) on my legs. The limbs were badly swollen and inflamed, and the sores discharged large quantities of offensive matter. Every remedy I tried failed, until I used AYER'S SARSAPARILLA, of which I have now taken three bottles, with the result that the sores are healed, and my general health greatly improved. I feel very grateful for the good your medicine has done me.

Yours respectfully, MRS. ANN O'BRIAN."
148 Sullivan St., New York, June 24, 1882.

☞ All persons interested are invited to call on Mrs. O'Brian; also upon the Rev. Z. P. Wilds of 78 East 54th Street, New York City, who will take pleasure in testifying to the wonderful efficacy of Ayer's Sarsaparilla, not only in the cure of this lady, but in his own case and many others within his knowledge.

The well-known writer on the *Boston Herald*, B. W. BALL, of *Rochester, N.H.*, writes, June 7, 1882:

"Having suffered severely for some years with Eczema, and having failed to find relief from other remedies I have made use, during the past three months, of AYER'S SARSAPARILLA, which has effected a *complete cure*. I consider it a magnificent remedy for all blood diseases."

Ayer's Sarsaparilla

stimulates and regulates the action of the digestive and assimilative organs, renews and strengthens the vital forces, and speedily cures Rheumatism, Neuralgia, Rheumatic Gout, Catarrh, General Debility, and all diseases arising from an impoverished or corrupted condition of the blood, and a weakened vitality.

It is incomparably the cheapest blood medicine, on account of its concentrated strength, and great power over disease.

PREPARED BY

Dr. J. C. Ayer & Co., Lowell, Mass.

Sold by all Druggists; price $1, six bottles for $5.

The Civil Service Entrance Examinations

Will commence on Tuesday, the 12th day of May next, at the same places as in November last—Victoria, B. C., excepted, which will have a date of its own.

Candidates for the Higher Grade (Qualifying) are not required to pass the Lower Grade (Preliminary) Examination.

Applications for admission must be made to the Secretary not later than the 15th of April.

P. LESUEUR,
Comm'r and Secretary to Board.

Board of C. S. Examiners, Ottawa, 16th March, 1885.

Notice to Contractors.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Post Office, &c., St. Stephens, N B.," will be received until Thursday, the 23rd day of April next, inclusive, for the erection of

POST OFFICE, &c.,

AT

ST. STEPHENS, N. B.

Plans and specifications can be seen at the Department of Public Works, Ottawa, and at the Custom House, St. Stephens, on and after Thursday, the 2nd day of April next.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures.

Each tender must be accompanied by an *accepted* bank cheque, made payable to the order of the Honorable the Minister of Public Works, *equal to five per cent.* of the amount of the tender, which will be forfeited if the party decline to enter into a contract when called upon to do so, or if he fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department will not be bound to accept the lowest or any tender. By order,

A. GOBEIL,
Secretary.

Department of Public Works, Ottawa, 18th March, 1885.
