Forty conversions are numbered among the pupils at Judson Female Institute, Marion, Ala. ... The additions to the white Baptist churches in Richmond since Mr. Moody's recent visits are nearly, if not quite, 600. Numerous accessions have been made to the Methodist churches also.

... At Tallageda, Ala., a revival is in progress, in which the students of the Female College located there are deeply interested, and several have professed conversion . . . At Atalanta, Georgia, the revival still continues, and additions are constantly reported at the various churches. Evangelists are assisting the pastors of the Baptist, Methodist and Presbyterian churches.

It is most unfortunate when men become one-sided in their presentation of truth. Truth is manyided. When a man is known as a special pleader for any phase or revelation to the exclusion of other equally important truths, that moment he is in danger of losing his power. Much depends upon one's mental peculiarities. Much also upon one's previous training, and upon one's present environment. good; but if it does not, it is not good for anything but to fizz, and hiss, and buzz. There are some people who seem to be like yard-engines, that never go anywhere, but keep puffing, and blowing, and hissing, and running up and down side-tracks, doing nothing, going nowhere. Feeling in religion is of no value at all if it does not propel us along the track of duty toward our final destination— God. Fine feelings, glorious feelings-we all have them after our own measure, but fine feelings, quick, responsive sensibilities - do you know that they have been the occasion of the ruin of some of the greatest geniuses that God ever gave to the human race? Feeling is a miserable, cheap substitute for duty. It takes more than being happy on Sunday in church to be religious.

BEWARE OF IMICATIONS. Since Dr. Thomas' Eclectric Oil has become celebrated, a number of unprincipled persons have been endeavoring to palm off Electron and Electric Oil for the genuine Dr. Thomas' Eclectric Oil. Beware of these similar named articles. If their originators had any faith in the healing properties of their own medicines they would, like honest men, give them a name of their own, and not try to sell them on the reputation of another; but as they know their preparations have no merit they resort to the most unprincipled means of selling them by getting a name as near as possible to Eclectric. We therefore ask the public when purchasing to see that the name Dr. Thomas' Eclectric Oil is on the front of the wrapper, and the signature of NORTHROP & LYMAN, the proprietors for Canada, on the back.
