During the year much activity has prevailed in the work of railway construction in this province. Some of the companies whose lines are embraced in the subsidy Act of 1882, but are now within the mileage limit stated in the act, have been stimulated by aid from the Dominion Parliament, and have applied for subsidy from this province. In submitting any proposals to you of this character, I shall ask you to join the other branch of the Legislature in considering whether the public interests involved in the building of new lines of railway by provincial aid, should not be more efficiently guarded than is practicable under existing legislation.

A MARVELOUS STORY

FROM THE SON: "28 Cedar St., Net York, Oct. 28, 1882 Gentlemen: My father resides at Glover Vt. He has been a great sufferer from Scrof-ula, and the inclosed letter will tell you what a marvelous effect

Ayer's Sarsaparilla has had in his case. I think his blood must have contained the humor for at least ten years; but it did not show, except in the form of a scrofulous sore on the wrist, until about five years ago. From a few spots which appeared at that time, it gradually spread so as to cover his entire body. I assure you he was terribly afflicted, and an object of pity, when he began using your medicine. Now, there are few men of his age who enjoy as good health as he has. I could easily name fifty persons who would testify to the facts in his case. Yourstruly, W. M. PHILLIPS."

FROM THE FATHER: "It is both a pleasure and a duty for me to state to you the benefit I

Ayer's Sarsaparilla.

Six months ago I was completely covered with a terrible humor and scrofulous sores. The humor caused an incessant and intolerable itching, and the skin cracked so as to cause the blood to flow in many places whenever I moved. My sufferings were great, and my life a burden. I commenced the use of the SARSAPARILLA in April last, and have used it regularly since that time. My condition began to improve at once. The sores have all healed, and I feel perfectly well in every respect - being now able to do a good day's work, although 73 years of age. Many inquire what has wrought such a cure in my case, and I tell them, as I have here tried to tell you, AYER'S SARSAPARILLA. Glover, Vt., Oct. Yours gratefully,
