a priest, three men and three women, elected by all the adult men and women annually. German is the only language spoken, and only two, the general manager and doctor, know English. They live entirely by themselves, taking no interest in the outside world, and the women work in the fields the same as the men.

The oddest possible theft would be to steal a church. Something very like it happened in the case of the oldest Episcopal church in America, that in Wickford, R. I. It once stood seven miles from its present position, having been erected in 1707. The Wickfordites were anxious to have the church edifice in their own town, and, ecclesiastical and political dissensions having been carried to the point of ill-feeling, resolved to take the law into their own hands. The road being down hill all the way, they, one night in the first year of this century, removed the even then venerable edifice from its underpenning, placed it on rollers, and gayly rolled it to its present site.

PARLIAMENT.

Besides a little routine the Commons has been talking about the Franchise Bill, and nothing more.

The Senate appended the following clauses to the C. T. Act Amendments Bill :

That the dealing in ales, porter, lager-beer, cider and light wines containing not more than twelve per cent. of alcohol be exempt from the operation of the Canada Temperance Act of 1878.

That duly licensed medical practitioners may purchase and dispense alcoholic liquors for exclusively medicinal purposes and not otherwise.

☞ Sir Leonard Tilley's health is improved.

☞ Dr. Taylor has withdrawn from the contest in Kings County.

☞ Sir Leonard Tilley has gone to England. He sailed on Wednesday.

☞ The Salvation Army "opened fire" on Sussex last Sabbath. Meeting is held every evening in White's Hall. The attendance is large.

☞ The work of revival in Moncton, under the leadership of Evangelist Meikle, is going forward with much power. It is estimated that already fully two hundred persons have been converted.

THE NEWS OF THE WEEK.

SAINT JOHN, N. B., MAY 15, 1885.

NEW BRUNSWICK.

Mr. Julius L. Inches and Mr. R. Howie are about to erect two fine buildings on the site of those recently destroyed by fire on Queen street Fredericton.

It is reported that at many of the settlements at the north such as Pecquetville, Miliville, Miscou and Shippegan, the inhabitants are in a destitute condition.

During Tuesday night, a house belonging to Mr. Turner, of Albert Co., (situated about a mile from the mill) was burned. As the house had not been occupied for some time, the fire was doubtless the work of some wretch.

Two new lobster factories have been put up this season on the north side of Port Escuminac by Messrs. Andrew Wells and the Davidson Brothers. Three new factories have also been put upon the south side of the point.

The first of the spring run of shad have reached the harbor fishing ground, and a few were taken the past few days by the men. The shad are of superior quality and some of them were of unusual size, ranging as high as 6 and 7 lbs. Salmon are also being taken occasionally.

Repairs to the bridge at Upper Woodstock are proceeding rapidly, and it is expected that connections between Aroostook and the West will be complete in two weeks. This does not apply to the Grand Falls branch, repairs on which will not be completed for some time.

A Hartland despatch to the *Sun* says : A young man named Andrew Doak, while picking up and marking logs at the mouth of the Beccaguimic, fell into the river and was drowned. His body has not yet been found. The deceased was formerly a resident of Woodstock.

A man named John Smith was arrested on Wednesday night at Charlo (19 miles from Campbellton) by police inspector Skeffington, on suspicion of having attempted to wreck the express train from Quebec on the night of the 23rd of April by placing a piece of rail across the track in the vicinity of New Mills. When taken into custody Smith confessed his guilt to the officer, who escorted him to Dalhousie jail.

Advices from Edmundston, Madawaska County, report the conclusion of a murder trial there. In February last that generally peaceful section of the country was horrified by the perpetration of a brutal crime—the murder of a child by its father. The crime was committed on the 26th of February, and the murderer, Beloni Theriault, was promptly arrested. A special circuit was held on Tuesday at Edmundston for the trial of the prisoner, Judge Wetmore presiding. Mr. Geo. F. Gregory of Fredericton, appeared for the Crown ; Mr. Rainsford Balloch, of Edmundston, defended the prisoner. The crime was admitted, but it was claimed in the prisoner's behalf that he was insane. This plea was not sustained by the evidence, however, and Theriault was found guilty. Judge Wetmore sentenced him to be hung on the 12th of August next. The murdered child was an infant boy.

The city was somewhat shocked to learn a few days ago that Jas. Robinson of Robinson & Co., Boot and Shoe Manufacturers, had been guilty of making forged notes to a large amount. The full extent of his forging operations is not yet known, but some estimates have placed the amount as high as $30,000. Mr. Robinson has heretofore held a high place as a business man, and there was genuine surprise as well as indignation when his crookedness transpired. He has disappeared, and though search has been made in every direction his whereabouts are yet a mystery. On Tuesday, Detective King returned from Boston, without obtaining the slightest clue to the whereabouts of the fleeing forger. On last Saturday week it was discovered that Robinson cashed a forged draft in a New York bank for $3,600. He was identified in the bank by a St. John man who is doing business in New York. The forged notes continue to mature in the Bank of Montreal.

NOVA SCOTIA.

The Volunteers' Fund at Halifax now amounts to $3, 500.

Fred. Jacques, of Malvern Square, N. S., was thrown from his carriage a few days ago and so severely injured that he died shortly after.

C. E. Brown, of Chester, N. S., landed ten salmon a few days ago, one of which weighed 18 pounds.

A one year old son of Geo. Porter, of Springhill, N. S., fell into a pot of boiling water last week and was so severely scalded that he is not expected to recover.

Mrs. Rebecca Cassidy, a colored woman, died at Dartmouth, N. S., on Friday last, and the Halifax *Chronicle* gives her age as 114. She came from the Southern States to Nova Scotia in 1812.

N. L. Todd & Co.'s immense saw mill at St. Margaret's Bay, Halifax county, was destroyed by fire Saturday night, together with a large quantity of lumber. The loss is estimated at about $26,000, and is partially covered by insurance.

Reports of disasters to shipping by ice and storm, are coming in from all along the N. S. coast. The steamer "Cocoana," from Boston for Sydney, unable to reach that port because of the enormous quantity of ice off Scatari, has arrived at Port Hawkesbury.

The Norwegian steamer "Minerva," of Bergen, coal laden, from Glace Bay for Montreal, left Glace Bay on Saturday morning, and at noon the same day, struck ice off Ingonish, damaging her bows. She arrived with bulkhead full of water at Sydney.

Alexander Clark, a young fisherman belonging to Newfoundland, was drowned at 12 o'clock Sunday night, by falling over Boak's wharf. It is supposed he was attempting to reach his dory to row out to his vessel, an American schooner, lying in the stream, but missed it in the dark and dropped into the dock. His cries attracted the attention of people on board a steamer lying at the wharf, by whom he was taken from the water, but he expired almost immediately after.

A special to the Halifax *Herald* from Arichat says the schooner "Mary B." arrived Sunday. She reports she fell in with the schooner "Keetsa," of Lockport, Harding, master, in latitude 38, longitude 62, dismasted and took off crew. The "Keetsa," was loaded with dry fish, bound to Barbadoes. She encountered heavy gales and was hove down so that her masts had to be cut away to right her. The crew before leaving spilled kerosene and set fire to the wreck. The "Mary B." was four hours alongside, and the rescuing was done with great difficulty.

Gilbert Pugsley, who died recently at Amherst, made a number of bequests to public institutions, as follows :—Methodist Church, Amherst, $800 ; Home for the Aged, Halifax, $600. He also left $10,000 to a relative, $3,200 of which, on her death, is to be divided equally between the Halifax institution for the deaf and dumb, the Halifax blind asylum and the Wesleyan home missionary society. The residue of the estate, after paying the numerous private bequests mentioned in the will, is to be distributed among such charitable institutions as the executors shall select.

The *Globe's* despatch gives the following particulars of a conflagration at North Sydney on the 7th. A fire broke out about one o'clock this morning in the building occupied by the North Sydney *Herald* and soon extended east and west, completely destroying an entire block of buildings owned by J. S. Brown, extending from the old customs house westward to Church street. R. J. Moffatt & Co., who occupied one of the stores, had received a new stock of goods yesterday by the *St. Pierre*, which are a total loss. Mr. Brown's stock of hardware and his household furniture were saved in a damaged condition. Connell, tailor, McDonald, shoemaker, and two families occupying the remainder of the block, saved very little of their goods and effects. Mrs. Peppett's hotel, Chas. Hackett's dwelling and other buildings on the opposite side of the street were several times on fire, but the flames were extinguished before much damage was done. The total loss on buildings and stock will amount to about $25,000, upon which there is an insurance of only $3,000, held by Mr. Brown. The cause of the fire cannot be ascertained.

THE NORTH-WEST REBELLION.

THE HALF-BREED MAHDI SMASHED.

MIDDLETON WINS A HARD-EARNED VICTORY.

TORONTO, May 13.—*Camp near Batouche's, N. W. T., May 10, via Clark's Crossing :*—After the fight at the southern skirt of the rifle pits on Saturday, we camped for the night in a large cleared space, 200 yards west of the Church of St. Antoine. The rebels on the west side of the river, some 200 strong, fired one or two volleys across, but their bullets fell short. The troops stood to arms sharp at 4 o'clock this Sunday morning. The rebels had been moving about all night and the moment we began to stir their advance fired a few shots and gave a loud cheer, apparently by way of challenge. The troops were quite cool and collected. General Middleton had let it be understood, however, that most of the work would be left to the artillery, and at parade the officers cautioned the men against exposing themselves. Our artillery moved forward at 5.20 A. M. and opened on the ravines where the fighting was done yesterday. Two guns were directed against the houses, in a basin shaped depression along the river. A few rebels lay behind three log shanties just below the river bank, and the artillery soon drove them out. The enemy did not attempt to answer our artillery fire except at times between shots, when they let fly at the artillerymen, who were pretty well covered, however, by skirmishers. Nothing was seen of the "Northcote." At 8 A. M. skirmishers from the Royal Grenadiers and 90th were sent a little ahead toward groves of spruce and poplar north of our position. Howard with the Gatling accompanied them and kept up a rattling fusilade for half an hour. The rebels did not fire back, but lay low in their rifle pits. Occasionally two or three of them would jump up and run, apparently with the view of drawing our men after them, but strict orders had been issued against following them. This game lasted a long while no damage being done on either side. We could not, for prudential reasons, attempt to charge the pits, and for similar reasons the rebels refrained from running up against our big guns and Gatling. The rebels' shanties along the river were knocked into splinters by 8.30 A. M., and the troops were ordered up to make a dash for the principal houses behind the bluffs, but the men had no sooner formed on the slope than the rebels on the west bank of the river popped up and began firing, many with Winchesters at long range. Six or seven volunteers were wounded here and the men were at once ordered back. This was repeated two or three times during the day. The fighting during the rest of the day does not admit of a detailed description. Neither side gained the slightest advantage. Had Col. Irvine appeared in the rebel rear we would have had them in a trap.

News has just been received from Gen. Middleton, stating that he has taken possession of the whole settlement of Batouche and scooped out the rebels completely. He says the volunteers behaved most magnificently. There was a heavy loss of life.

OUR ST. JOHN MEN ANXIOUS TO BE SENT OFF.

The principal topic of conversation about town yesterday was the rebellion in the North West, and the probability of the New Brunswick provisional battalion being sent to the front after the defeat of the rebels by Gen. Middleton's troops. The city volunteers appeared greatly disappointed in consequence of a rumor that the Fusiliers' services would not be required, and they were greatly elated when it was ascertained there was no truth in the report. Almost every active man in the batallion expressed himself as glad that the New Brunswick volunteers were to be called out to assist in the work now being performed by the militia of the other provinces.

A proposal has been made to the Militia authorities by the officers of this city that in place of the four companies of the Fusiliers going to the front as a portion of the New Brunswick provisional battalion, a St. John provisional battalion be formed, composed of four companies of the Fusiliers and two or three batteries of artillery to act as infantry. The artillery are well up in infantry drill, as they are required to perform almost as mush drill as the ordinary foot battalions. A sufficient number of officers and men are ready to form three companies in case the proposal be accepted.

FREDERICTON, May 11.—Military circles here are in a great state of excitement to-night over an order received by Lt.-Col. Maunsell, D. A. G., from Adjutant General Powell, ordering out the Infantry School Corps and eight companies, to form a New Brunswick provisional battalion for immediate service in the North-West.

The eight companies required, will be made up as follows :—St. John Fusiliers—4 companies ; 67th Batt.—1 company ; 71st Batt.—1 company ; 73rd Batt.—1 company ; 74th Batt.—1 company. Lt.-Col. Maunsell will be in command.

LT.-COL. BLAINE'S ORDERS.

Lt.-Col. Blaine received the following orders Wednesday morning :—

MILITARY DISTRICT, No. 8,
Fredericton, N. B., 12th May, 1885.

(1). The 62nd Battalion will furnish four (4) Companies of usual strength for Annual Drill (such Company as the Lieut.-Colonel in command may order) to be held in immediate readiness to be called out for Active Service in the North-West, under and in accordance with Section 60 of the Militia Act, to be formed in Battalions under command of Lieut.-Colonel Maunsell, D. A. General.

(2). The men will be equipped in marching order and supplied with regimental necessaries by the Department of Militia.

The Lieut.-Colonel in command will at once send in a requisition for such articles as may be required.

(3). Arrangements will be made by which the pay of the men on service can be paid weekly to their families if desired.

(4). The Medical Examination ordered in Para. 676, R. and O., 1883, will be made, and report sent in of those unfit for service. This examination to be carried out regimentally.

GEO. J. MAUNSELL, Lieut.-Col.,
D. A. G., Commanding.

WOODSTOCK, N. B., May 13.—Captian Fletcher of No. 7 company, and not Captian Bourne, goes in command of the company of the 67th, ordered to the North-West. The other officers probably will be Lieuts. Harding and Williams.

HALIFAX, May 13.—Two companies of Prince Edward Island infantry have been ordered to form part of the New Brunswick battalion as soon as possible. Col. Taylor, D. A. G., says they will be ready on Saturday.

ENGLISH AND FOREIGN.

CAIRO, May 11.— Despatches from Dongola says that the Anti Mahdi Obeid has again encountered and defeated the followers of the original Mahdi.

LONDON, May 13.—Earl Kimberley Secretary for India, announced in the Lords yesterday that a plan had been officially sanctioned involving an outlay of £5,000,000 for railway and military roads, including a line to Quetta, for the defence of India.

BOMBAY, May 13.—The late British envoy at Cabul resigned on account of the murder of a relative shortly before the Ameer's visit to Lord Dufferin.

LONDON, May 13.—The Afghan frontier convention submitted to M. DeGiers contains no pledge or reference to Russian advance upon Herat. It relates solely to the frontier.

CAIRO, May 13.—An immense sensation has been caused here by Lord Hartington's announcement of the Government's intention to withdraw the British troops from the Soudan and a complete evacuation is expected. There is much complaint from persons interested in furnishing supplies and transportation to troops, but military men are delighted.

LONDON, May 13.—The cabinet is meditating the recall of Sir Evelyn Baring, Consul-General at Cairo, as he is not in accord with the Government on the withdrawal of the British troops from the Soudan and the Suez canal internationalization scheme.

LONDON, May 12.—In the House of Commons, last night, while advocating his motion for a second reading of the credit bill, Mr. Gladstone said that the government was acting in concord with the Ameer's wishes. He hoped to present the papers by the end of the week in support of arrangements. Mr. Gladstone said that Sir Stafford Northcote repudiated the grounds of the motion which had been proposed and approved by his supporters. The opposition had pressed a motion without waiting for the promised papers and made up for their deficiency of knowledge by a variety of baseless suppositions. When the papers were presented it might appear that Sir Peter Lumsden had returned in full conformity with the government's policy and that frontier had been secured through friendly relations between Lord Dufferin and the Ameer. It might also be found that when the government took a gloomy view of the position, they were doubtful of gaining the objects they were contending for, and that his more cheerful speech on the following Monday was made when those objects had been gained. It was not without deep pain and regret that he had seen a change in the attitude of the opposition as soon as the blessed prospect of peace appeared and when it was found war had been averted, which would have been a calamity to England, Russia, civilized mankind and the whole world. (Loud and prolonged cheers.)

Sir Peter Lumsden and Col. Stewart left Tirpul last Saturday for England.

Papers in the Afghan question which are to be published on Saturday will not contain terms of frontier convention, which will not be made public until the convention has been concluded.

The *Times*, commenting on Lord George Hamilton's motion of censure, says the opposition's case was presented at the proper time. Lord George, however, the *Times* thinks, might have withdrawn his amendments after the official documents concerning the Afghan frontier had been promised, and should have reserved his indictment for the time when he could have made it complete. The *Standard* says the majority by which the Government carried their point will not rehabilitate their reputation

UNITED STATES.

BOSTON, May 13.—In the Legislature to-day leave to withdraw was reported by the joint judiciary committee on the petition of Roger Amero for compensation for arrest and detention on March 18, 1883. The committee say that they have made a new and full investigation of the matter ; that the evidence against him warranted and demanded his arrest, extradition and detention ; that many persons in this State and Nova Scotia believed him guilty, and that his own actions, statements and admissions immediately following the murder were largely instrumental in causing his arrest. The committee state their belief in Amero's innocence, but do not think under the circumstances he is entitled to compensation.

GRATSON, Ky., May 13.—By the explosion of a boiler at Kunkert's stove works yesterday, George James and Theodore Bantz were killed and Robert Gee badly wounded.

Publishers' Department.

AGENTS.

Every Free Baptist Minister in New Brunswick and Nova Scotia is authorized to act as agent for the INTELLIGENCER, and will receive and forward subscriptions, old and new.

BEWARE OF IMITATIONS.

Since Dr. Thomas' Eclectric Oil has become celebrated, a number of unprincipled persons have been endeavoring to palm off Electron and Electric Oil for the genuine DR. THOMAS' ECLECTRIC OIL. Beware of these similar named articles. If their originators had any faith in the healing properties of their own medicines they would, like honest men, give them a name of their own, and not try to sell them on the reputation of another ; but as they know their preparations have no merit they resort to the most unprincipled means of selling them by getting a name as near as possible to *Eclectric*. We therefore ask the public when purchasing to see that the name Dr. Thomas' Eclectric Oil is on the front of the wrapper, and the signature of NORTHROP & LYMAN, the proprietors for Canada, on the back.

HEADACHE.

Headache is one of those distressing complaints that depends upon nervous irritation, bad circulation, or a disordered state of the stomach, liver, bowels, etc. The editor and proprietor of the *Canada Presbyterian* were cured after years of suffering with headache, and now testifies to the virtue of Burdock Blood Bitters.

THAT THE HUMAN SYSTEM requires renovating in the Spring is proved by the loss of appetite, lassitude or debility which comes within the experience of almost anyone. Aware of this it was the custom of our grandmothers to prepare decoctions of Burdock, Dandelion and Cherry bark for the purpose of restoring the stomach to a healthy tone, and purifying the blood, but the medical skill of the present day finds such things ineffective and sometimes injurious. Hanington's Quinine Wine and Iron, used in conjunction with Hanington's Tonic Dinner Pills, restore the appetite, invigorate the system and purify the blood immediately and effectually, as thousands testify who have been benefited by their use. Beware of imitations. See that you get "Hanington's," the *original* and *genuine*. For sale by all druggists and general dealers in Canada. may1 1m

AN EX-ALDERMAN TRIED IT.

Ex-Alderman Taylor, of Toronto, tried Hagyard's Yellow Oil for Rheumatism. It cured him after all other remedies had failed.

GREAT RESULTS ARE SPEEDILY ACCOMPLISHED by the leading alterative, Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure. Indigestion ceases, biliousness disappears, constipation gives place to regularity of the bowels in consequence of taking it. Ladies suffering from complaints peculiar to their sex experience long wished for relief from it, and impurities in the circulation no longer trouble those who have sought its aid. Give it a trial and you will not regret it

A SECRET.

The secret of beauty lies in pure blood and good health. Burdock Blood Bitters is the grand key that unlocks all the secretions. It cures all Scrofulous Diseases, acts on the Blood, Liver, Kidneys, Skin, and Bowels, and brings the bloom of health to the palid cheek.

The decided beneficial effect of "PHOSPHORIZED" EMULSION, in the treatment of female weaknesses, and nervous prostration, has given it a wide-spread reputation, and in every case the story is the same : "My health is so improved since using it," "I am like a new woman," that we do not hesitate to recommend it to everyone in need of a health restorer. Always ask for "PHOSPHORIZED" Emulsion, and be sure you get it.

No LADY who delights in flowers, and likes to see them do well and bloom abundantly, should be without *Hanington's Food for Flowers*. Ordinary packages 30c.—sufficient for twenty plants for one year.

Messrs. Stott & Jury, Chemists, Bowmanville, write : "We would direct attention to Northrop & Lyman's Vegetable Discovery, which is giving perfect satisfaction to our numerous customers. All the preparations manufactured by this well-known house are among the most reliable in the market.

By land or at sea, out on the prairie, or in the crowded city, Ayer's Cathartic Pills are the best for purgative purposes, everywhere alike convenient, efficacious, and safe. For sluggish bowels, torpid liver, indigestion, bad breath, flatulency, and sick headache, they are a sure remedy.

DEPEND UPON IT.

You can depend upon Hagyard's Yellow Oil as a pain reliever in rheumatism, neuralgia and all painful and inflammatory complaints. It not only relieves but cures.

It may be only a trifling cold, but neglect it and it will fasten its fangs in your lungs, and you will soon be carried to an untimely grave. In this country we have sudden changes and must expect to have coughs and colds. We cannot avoid them, but we can effect a cure by using Bickle's Anti-Consumptive Syrup, the medicine that has never been known to fail in curing coughs, colds, bronchitis and all affections of the throat, lungs and chest.

THIS IS RELIABLE.

R. N. Wheeler, Merchant, of Everton, was cured of a severe attack of inflammation of the lungs by Hagyard's Pectoral Balsam. This great throat and lung healer cures weak lungs, coughs, hoarseness, bronchitis, and all pectoral complaints.

AS A GENERAL THING LADIES WHO MAKE ANY PRETENTIONS to refinement desire to have *soft white hands*. We believe that there is nothing will tend more to produce this effect than the constant use of MURRAY & LANMAN'S FLORIDA WATER mixed with the water in the basin. It removes redness and roughness. The ladies of Cuba and South America were the first to discover the extraordinary virtues of this floral water as a cosmetic, and have long since discarded the use of all others.

Instantly is none to quick to relieve croup. Many children have died while a fire was making. *Johnson's Anodyne Liniment* gives instant relief and is a sure cure. Half teaspoonful on sugar. Every family should keep it in the house.

The adulteration of condition powders has got to such a pitch that one can now buy a pound pack of *dust and ashes* for 25 cents. There is only one kind now known that are strictly pure, and those are *Sheridan's Cavalry Condition Powders*. Small packs 25c large cans $1.00.

C. C. Jacobs, Buffalo, N. Y., says : "Dr. Thomas' Eclectric Oil cured him of a bad case of piles of 8 years' standing, having tried almost every known remedy, besides two Buffalo Physicians,' without relief ; but the Oil cured him ; he thinks it cannot be recommended too highly." There being imitations on the market of Dr. Thomas' Eclectric Oil, customers will see that they get the genuine.

Notwithstanding much has been said about the importance of a blood-purifying medicine, it may be possible that the matter has never seriously claimed your attention. *Think of it now!* If, by the use of a few bottles of Ayer's Sarsaparilla you avoid the evils of scrofula, and transmit a healthy constitution to your offspring, thank us for the suggestion.

AFTER TWENTY-THREE YEARS' SUFFERING.

Rev. Wm. Stout, of Wiarton, was cured of scrofulous abscess that seventeen doctors could not cure. Burdock Blood Bitters was the only successful remedy. It cures all impurities of the system.

NOTICE.

Harmony Q. M. Free Baptists, of Nova Scotia, will meet (D. v.) with Harmony Church, Caledonia Corner, May 30th, 31st, and June 1st, 1885. Social Conference Saturday afternoon.

S. NASON ROYAL,
Q. M. Clerk.

Acknowledgments for Religious Intelligencer, May 15.

Wm. Larkin, 82, sep., 85 ; G. G. Slipp, 2, dec., 85 ; W. Searles, 4.50, may, 85.

MARRIED.

At the F. B. Parsonage, Portland, N. B., May 6th, by the Rev. W. J. Halse, John W. Patterson, of Jerusalem, Q. Co., and Martha Rothburn, of Hibernia, Q. Co.

At Portland, May 11th, by the same, Captain Thos. A. French and Alice Penery, all of Portland, N. B.

On the 13th inst., by Rev. T. T. Parsons, Mr. Thomas G. Hamm and Miss Alice Maud Cougle—both of Portland, St. John.

On Wednesday evening last, by Rev. Robert French, Mr. Judson McLeod to Miss Eliza Wilson, both of the City of Portland.

In the F. C. Baptist Church, Petitcodiac, on the 6th inst, by the Rev. A. C. Thompson, H. Allan Scribner, of Havelock, to Miss Kate B. Lewis, of Petitcodiac. *(Visitor and Messenger please copy.)*

At Apohaqui, K. Co., on the 6th inst., by Rev. G. W. McDonald, Mr. Whittaker Allison and Nellie Mercer.

At the residence of William Tracey, Jacksonville, Carleton County, on the 29th ult., by the Rev. William Noble, Mr. Boardman Wheeler, of Florenceville, to Miss Ella Lunt.

At Shediac, on the 2nd inst., by the Rev. Mr. McKay, William Farrell to Annie Ayer, both of Shediac.

At Amherst, on the 23rd ult., by the Rev. Joseph Gaetz, Owen Casey, Sen'r, to Mrs. Ann Porter.

On the 11th of January last, at the residence of the Rev. Thomas Conley, Boston, Mass., Mr. James M. Queens Co , N. B., to Miss Annie Kelley.

ROYAL

BAKING POWDER
Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight, alum or phosphate powders. *Sold only in cans.*

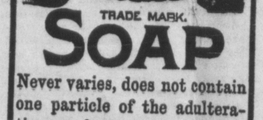
Have you got one of the beautiful Panel Pictures that are given away with "Welcome Soap?" They are going very fast, and the Soap is always welcome in every family.

may 15—1m

WELCOME


TRADE MARK.
SOAP
Never varies, does not contain one particle of the adulterations used to reduce the cost of
PURE GOODS
But DOES possess the FULL VALUE of every Legitimate Washing Quality, which gives it every advantage over Soaps of doubtful character; practically recommended by other manufacturers in imitating it. None should be deceived, however, as the word WELCOME and the Clasped Hands are stamped on every bar
"FIRST-CLASS GOODS."

In which merit is at once recognized, are now, and always have been, imitated, especially the manufactured article. After years of labor, and the expenditure of a fortune, in perfecting and placing before the public that which people appreciate and demand, some one who never had an original idea offers a counterfeit or substimakers of the "Welcome Soap," find the above true in their case at least, the excellence of whose productions are *everywhere* acknowledged as the "standard" of quality, being imitated in every way that competition can suggest. But in the use of their goods, the consumer realizes the full benefit of value received. *Welcome Soap* confirms and sustains their great reputation.

SEEDS "EVERYTHING FOR THE GARDEN." PLANTS
OUR ILLUSTRATED CATALOGUE FOR 1885, OF
full of valuable cultural directions, containing three colored plates, and embracing everything new and rare in Seeds and Plants, will be mailed on receipt of stamps to cover postage (5 cents). To customers of last season sent free without application.
PETER HENDERSON & CO.,
35 & 37 CORTLANDT STREET, NEW YORK.

AYER'S
Hair Vigor

restores, with the gloss and freshness of youth, faded or gray hair to a natural, rich brown color, or deep black, as may be desired. By its use light or red hair may be darkened, thin hair thickened, and baldness often, though not always, cured.

It checks falling of the hair, and stimulates a weak and sickly growth to vigor. It prevents and cures scurf and dandruff, and heals nearly every disease peculiar to the scalp. As a **Ladies' Hair Dressing**, the VIGOR is unequalled ; it contains neither oil nor dye, renders the hair soft, glossy, and silken in appearance, and imparts a delicate, agreeable, and lasting perfume.

MR. C. P. BRICHER writes from *Kirby, O., July 3, 1882* : "Last fall my hair commenced falling out, and in a short time I became nearly bald. I used part of a bottle of AYER'S HAIR VIGOR, which stopped the falling of the hair, and started a new growth. I have now a full head of hair growing vigorously, and am convinced that but for the use of your preparation I should have been entirely bald."

J. W. BOWEN, proprietor of the *McArthur (Ohio) Enquirer*, says : "AYER'S HAIR VIGOR is a most excellent preparation for the hair. I speak of it from my own experience. Its use promotes the growth of new hair, and makes it glossy and soft. The VIGOR is also a sure cure for dandruff. Not within my knowledge has the preparation ever failed to give entire satisfaction."

MR. ANGUS FAIRBAIRN, leader of the celebrated "Fairbairn Family" of Scottish Vocalists, writes from *Boston, Mass., Feb. 6, 1882* : "Ever since my hair began to give silvery evidence of the change which meeting time procureth, I have used AYER'S HAIR VIGOR, and so have been able to maintain an appearance of youthfulness—a matter of considerable consequence to ministers, orators, actors, and in fact every one who lives in the eyes of the public."

MRS. O. A. PRESCOTT, writing from *18 Elm St., Charlestown, Mass., April 14, 1882*, says : "Two years ago about two-thirds of my hair came off. It thinned very rapidly, and I was fast growing bald. On using AYER'S HAIR VIGOR the falling stopped and a new growth commenced, and in about a month my head was completely covered with short hair. It has continued to grow, and is now as good as before it fell. I regularly used but one bottle of the VIGOR, but now use it occasionally as a dressing."

We have hundreds of similar testimonials to the efficacy of AYER'S HAIR VIGOR. It needs but a trial to convince the most skeptical of its value.

PREPARED BY
Dr. J. C. Ayer & Co., Lowell, Mass.

LISTEN!
Have you a mind of your own?
If so, listen to us just a moment. You are not enjoying good health : you have tried internal medicine, and you are not well yet. Now, why will you not put prejudice aside, and try our treatment? We will send you, on trial, one of our ELECTRO-MEDICATED APPLIANCES to suit your case, provided you agree to pay for it, if it cures you in one month. If it does not cure you, it costs you nothing. *Is not this a fair offer?*
Different Appliances to cure DYSPEPSIA, RHEUMATISM, LIVER AND KIDNEY DISEASES, PILES, LUNG DISEASES, ASTHMA, CATARRH, LAME BACK, AGUE, DEBILITY, and many other Diseases. Remember, we do not ask you to buy them, blindly ; but merely to try them, at our risk. 125,000 Cures made during 1884, in cases where all other treatments had failed. PRICE VERY LOW. Illustrated book, giving full particulars, and blank for statement of your case, sent free. Address, at once,
