PLANETARY VELOCITY.--It is difficult to comprehend that in addition to the earth's motion around the sun the latter is also moving through space at the rate of 160,000,000 miles in a year. The astronomers of the last century discovered that our solar system was flying through space in the direction of the constellation Hercules; in other words, if the spectator were to take a stationary point in the heavens, he would see our sun with its attending planets, passing through space at the rate of nearly 450,000 miles per day. Six thousand years ago, it is computed, our solar system was a million millions of miles farther from the stars of Hercules than it is to-day. The region in which we are entering is more thickly studded with stars--that is, with suns of other solar systems--than the heavenly regions we have left behind us. What a marvelous universe we live in! When we travel on a railway car at the rate of fifty miles an hour it makes our head swim; but when we call to mind that the earth revolves on its axis once in twenty-four hours and around the sun, 92,000,000 miles distant, in 365 days, and that the sun is flying through space 160,000,000 miles in a year, human consciousness cannot comprehend the mad whirl of worlds by which we are surrounded.

ALL SORTS. The lowest estimates place the taxable property of the coloured people in the Southern States, at \$92,000,000.

"Anybody that knows a thing before it happens is called a reporter," was the definition written on the slate of an eight-year-old boy in one of our schools.

The population of London now exceeds every other city, ancient or modern, in the world. New York and all its adjacent cities combined are not equal to two-thirds of it.

New York dealers in fireworks say that the money expended for these articles this year amounted to \$3,000,000, and nearly half the sum was for fire-crackers. These are nearly all imported from China and Japan.

The replacement of a diseased eye by the healthy eye of an animal has now been done five times, with one success, says the Medical Record. In the four cases, the cornea sloughed; in two, however, firm vascular adhesions took place.--Science.

The place of exile fixed upon for Theebaw, the late tyrant of Burmah is Rutnagiri, the sea side station of the Presbyterian Kalapour Mission! It is a beautiful sea port of some 15,000 to

20,000 native population, well elevated and having a fine outlook upon the ocean; and the Royal exile is to have ample provision for his comfort.

During a fearful storm at Pittsburg, Pa., recently, Mrs. John Erill became frightened, and went to her bedroom to sprinkle herself with "holy water." By mistake she secured a bottle containing sulphuric acid, and dashed its contents over her head and face. It is feared that she will lose her sight, and that her face will be permanently disfigured.

About twenty-five thousand deaths from typhoid fever occur in the United States annually, says the Medical Record; and this represents fully one hundred and fifty thousand cases of the disease. Statistics show that there is no disease so easily preventable as this, and it is safe to say that fully one-half of this mortality might be saved by greater cleanliness and more attention to sewerage.

Ladies in Demerara use the large fire fly of that region for ornamentation in wire cages at the ears and in the hair and variously disposed on the dress. Young men also use them in various ways as signals for identification at night. And they are often found, in well-to-do families, in small cages for use as night lamps to retire by, one or two giving sufficient light for that purpose.

We are not surprised that the committee who had charge of the services conducted by Sam Jones, in Chicago, have concluded not to ask him to return in the fall, as they had expected to do. It is said that the reason is that after publicly renouncing the use of tobacco he has gone back to the use of the filthy weed. They think that a man who asks others to make a great resolve ought to be able to keep his own good resolutions.

A statistics fiend is out with some curious facts regarding ancestry. He declares that in the first generation a man reckons only two ancestors, his father and mother. In the second generation the two are changed into four, since a man has two grandfathers and two grandmothers. Each of these four had two parents, and thus in the third generation there are found to be eight ancestors--that is, eight great-grand-parents. In the fourth generation the number of ancestors is sixteen, in the fifth thirty-two, in the sixth sixty-four, in the seventh 128, in the tenth 1,024, in the twentieth, 1,048,576, and in the thirtieth 1,073,741,834.

Concerning the longevity of fish some very remarkable instances are given. Prof. Baird states that there is evidence that carp have attained an age of 200 years, and there is a tradition that within fifty years a pike was living in Russia whose age dated back to the fifteenth century. The Russian Minister says that in the royal aquariums in St. Petersburg there are fish to-day that have been known by the records to have been in them 140 years. An attaché of the Chinese legation says there are sacred fish kept in some of the palaces in China that are even older than any of those in Russia.

Marriages.

ALLEN-EASTON.--At the residence of the bride's parents, on the 25th ult., by the Rev. T. O. DeWitt, Mr. T. A. Allen, of New Haven, Conn., to Miss Annie M., second daughter of Capt. W. Easton, of St. John, N. B. (Telegraph please copy).

FORBES-CROWELL.--At the residence of the bride's father, on the 22nd ult., by the Rev. S. K. West, Mr. Nathaniel Forbes to Miss Bertha Crowell, daughter of Mr. Denis Crowell, both of Rockingham, Yarmouth County, N. S.

Deaths.

MESSEBERAU.--At Blissville, Aug. 20th, of paralysis, Mrs. Eunice, wife of Joseph Messeberau. She leaves a large circle of friends to mourn her loss.

TRACY.--At Tracy's Station, Aug. 26th, Mrs. Moriah, wife of David Tracy. "Dead but yet speaketh."

SMITH.--At her home in Jerusalem, Q. Co., on the 16th of August, Rhodora, widow of the late Peleg Smith, 85 years old, leaving one son, three grandsons and two granddaughters to mourn their loss. Sister Smith's maiden name was Jones. She was converted young, was married, and moved to Jerusalem when it was a wilderness. After some years the Lord gave Bro. W. E. Pennington to see a work of grace there, and he organized a church. Brother and Sister Smith were among the first members, and he (Bro. Smith) was appointed deacon. She always took a great interest in the church, and was a good worker in it as long as she was able to attend, was a burden-bearer with her companion as long as he lived. I have spent many pleasant hours in conversation with her. She dies in the hope of a glorious resurrection. Her funeral was numerously attended. Bro. McKenzie took part in the service. J. N.

OUR BRAVE VOLUNTEERS

Endured the severe marching of North-west campaign with admirable fortitude. The Government should have supplied them with a quantity of the celebrated Putnam's Painless Corn Extract. It never fails to remove corns painlessly, and the volunteers and everybody else should have it. Beware of substitutes. Get Putnam's Extract and take to other.

A GREAT AWAKENING.

There is a great awakening of the sluggish organs of the human system whenever Burdock Blood Bitters are taken. It arouses the torpid Liver to action, regulates the bowels and the kidneys, purifies the blood, and restores a healthy tone to the system generally.

ADVICE TO MOTHERS.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of Cutting Teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it; mothers; there is no mistake about it. It cures Dysentery and Diarrhoea, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "MRS. WINSLOW'S SOOTHING SYRUP," and take no other kind. jun16lyr

A SURE THING.

A SURE CURE FOR SUMMER COMPLAINTS.--Procure from your Druggist one 3/4 cent bottle of Dr. Fowler's Extract of Wild Strawberry and use according to directions. It is infallible for Diarrhoea, Cholera Morbus, Canker of the Stomach and Bowels, and Cholera Infantum.

Mr. Alexander Robinson of Exeter, in writing about one of the most popular articles, and one that has done more good to the afflicted than any other medicine has during the short time it has been in existence, says: "I have used four bottles of Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, and have been cured of Dyspepsia that troubled me for over ten years. Part of that time I had it very bad, and I was at considerable expense trying to get relief; but this excellent medicine was the first and only relief I received."

A COMPLETE BREAKDOWN.

"For ten years," says Jennie M. Harrett of Wallaceburg, Ont. "I did not see a well day--was all broken with dyspepsia, liver complaint, catarrh and debility. Three doctors abandoned hope for me, when Burdock Blood Bitters came to my rescue. It is the best medicine I have ever taken. I say this for the benefit of all suffering as I did."

DO NO VIOLENCE TO THE LIVER and general system by repeated doses of mercury in the shape of calomel and blue pill. Many persons thus dose themselves even without the advice of a physician. The best substitute for such pernicious drugs, and the use of which is never followed by disastrous effects upon the general health, is Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, which permanently tones the stomach, regulates the bowels, purifies the blood, and gives a healthful glow to the cheek.

WORTH REMEMBERING.

In a long letter from John H. Hall, of Baddeck, Cape Breton, N. S., he says: "I believe were it not for Burdock Blood Bitters I should be in my grave." It cured me of kidney and liver complaint and general debility, which had nearly proved fatal.

SOME PERSONS HAVE PERIODICAL ATTACKS

of Canadian cholera, dysentery or Diarrhoea, and have to use great precautions to avoid the disease. Change of water, cooking, and green fruit, is sure to bring on the attacks. To such persons we would recommend Dr. J. D. Kellogg's Dysentery Cordial as being the best medicine in the market for all summer complaints. If a few drops were taken in water when the symptoms are noticed no further will be experienced.

A FRUITFUL SEASON.

The fruitful season of this year is prolific with many forms of Bowel Complaints, such as Diarrhoea, Dysentery, Colic, Cholera Morbus, Cholera Infantum, &c.; as a safeguard and positive cure for those distressing and often sudden and dangerous attacks nothing can surpass that old and reliable medicine Dr. Fowler's Extract of Wild Strawberry.

A. D. NOYES, NEWARK, MICHIGAN,

writes: "I have enquired at the drug stores for Dr. Thomas' Electric Oil, but have failed to find it. We brought a bottle with us from Quebec, but it is nearly gone, and we do not want to be without it, as my wife is troubled with a pain in her shoulder, and nothing else gives relief. Can you send us some?"

War, famine and pestilence all combined do not produce the evil consequences to a nation which result from impure blood in our veins. Parsons' Purgative Pills make new rich blood and prevent all manner of diseases.

Jacob H. Bloomer of Virgil, N. Y., writes: "Dr. Thomas' Electric Oil cured a badly swollen neck and sore throat on my son in forty-eight hours; one application also removed the pain from a sore toe; my wife's foot was also much inflamed--so much so that she could not walk about the house; she applied the Oil, and in twenty-four hours was entirely cured."

We offer no apology for frequently calling attention to Johnson's Anodyne Liniment, as it is the most valuable remedy that has ever been produced. It is a sure cure for diarrhoea, dysentery and cholera morbus.

Fellows' Leeming's Essence

Cures Splints, Spavin, Ringbone, Strains of the Tendons and Back Sinews, Strains of the Shoulders, Stiff, Hough Kne Whirlbone, Fetlock, Pastern, and Enlargement of any of the Joints.

CERTIFICATES.

St. John, N. B., July 8th, 1881. Messrs. T. B. Barker & Sons: Sirs,--I willingly bear testimony to the efficacy of Fellows' Leeming's Essence as a cure or helper in very many cases of Splint, Ringbone, Spavin, Strains of the Back Sinews, Stiff, Fetlock, Pastern and Coffin Joints, etc. Every horseman should have a supply of the Essence in his stable. S. T. GOLDING, Livery Stables, St. John.

St. John, N. B., Jan. 18th, 1882. Messrs. T. B. Barker & Sons: Dear Sirs,--I have used Fellows' Leeming's Essence for several years past with great success, and therefore most cheerfully recommend it as one of the very best remedies in use in all cases for which it is prescribed. J. B. HAMM, Proprietor of Sale and Livery Stables, St. John, N. B.

St. John, N. B., Dec. 27th, 1881. Messrs. T. B. Barker & Sons: Dear Sirs,--Fellows' Leeming's Essence is without question a great remedy for many cases for which it is prescribed. I have used it successfully for a series of years, and I know of many others who speak of it in the highest terms as a most efficient cure for Ringbone, Spavin, Strains, etc. A. PETERS, Proprietor Victoria Livery Stables, St. John, N. B.

St. John, N. B., Sept. 10th, 1881. Messrs. T. B. Barker & Sons: Dear Sirs,--This is to certify that I have used Fellows' Leeming's Essence with marked success in numerous cases of lameness in horses, caused by slips, strains, etc. and I have no hesitation in recommending it to horsemen as the best remedy of the kind in use. M. BLACKALL, Livery Stables, St. John, N. B.

St. John, N. B., Jan. 8rd, 1882. Messrs. T. B. Barker & Sons: Dear Sirs,--From what I know of the great value of Fellows' Leeming's Essence in effecting cures in very many cases where it has been applied, I take pleasure in recommending it to all horsemen as a remedy they should always keep in their stables. R. T. WORDEN, Boarding and Livery Stables, St. John, N. B.

St. John, N. B., Oct. 22nd, 1881. Messrs. T. B. Barker & Sons: Gentlemen,--Having had occasion to use Fellows' Leeming's Essence at different times, I have to state that it is, without exception, the best remedy that I know of for Splints, Ringbone, Bone Spavin, and the different ailments of the horse for which it is prescribed. Horsemen everywhere should try it, and having once tried it, don't think they would run a stable without it. The cost of the preparation is a small item compared with the benefit that is derived from its use. ROBERT BUSTIN.

Fellows' Leeming's Essence

Has been in use by Horsemen for more than thirty-five years, and thousands of valuable horses that otherwise would have been rendered useless have been cured by the timely application of this Essence, in cases of Lameness from Slips, Spavins, Ringbone, Sidebone, Splints, Strains, Bruises, etc., etc.

READ THIS.

The most serious outcome of modern social life is the prevalence of Dyspepsia and Indigestion. No one is altogether free from one or the other of the manifold forms in which this scourge attacks the human body, and it would seem that no dietetic rules can be framed which would ensure deliverance from the insidious attacks of this foe, which, however mild, are liable to pass into the more confined or chronic state of the complaint particularly when they occur frequently or are neglected. Every person suffering from Indigestion, Dyspepsia, Stomach out of order, Costiveness, Sick Headache, Loss of Sleep, Wakefulness, Jaundice, Bilious Complaint, Bad Breath, Loss of Appetite, etc., should try

Fellows' Dyspepsia Bitters.
