

NOVA SCOTIA.

YARMOUTH, N. S.—We have had seven additions recently by baptism. The brethren at Chebogue have bought the old church from the proprietors, and have begun operations for its removal and refitting.

EDWIN CROWELL.

REV. S. K. WEST is now on a visit to the churches at Port Mouton and Port Medway.

REV. J. I. PORTER starts for Kings County this week to labor with some of the churches in that county.

PLYMOUTH, Y. Co.—Rev. W. M. Knollin has been engaged as pastor of the Plymouth pastorate.

PORT LA TOUT.—A Sabbath-school concert was given on Wednesday evening, Nov. 10th. The superintendent (Deacon Wm. Snow) presided. A large number of excellent recitations were given by the scholars with care and skill. The choir, with Miss May Crowell as organist, rendered some gospel songs, spiritually, tastefully, and effectively. Short addresses were made by Rev. R. Williams (Methodist), Deacon James Snow and D. K. Smith (Methodists), and Rev. S. K. West; all of interest and profit. A very large congregation was present, and they heartily appreciated the efforts made to instruct and help. The Committee of Arrangements labored to secure success, and their labors were esteemed and there desires fully realized. A cordial vote of thanks was given to all who had aided in affording one of the best evening's pleasure and satisfaction. Over forty years Bro. Wm. Snow had been superintendent, and his interest grows with his years. The school is in a most prosperous condition and doing good work.

S.

CARLETON, YARMOUTH Co.—We have been greatly strengthened and cheered by the gift of a splendid organ to the church in Carleton. The donor, Captain T. A. Hale of Halifax, attended one of our services some time ago, and at the close said to the writer, "I intend to put an organ into your church." A few days ago it came, to our great satisfaction and joy. Although Captain Hale is not a Free Baptist, he is interested in our welfare. We cannot adequately express our gratitude for his kindness and timely consideration. That we are truly grateful for this token of favor and regard we need scarce say, and we pray that God's richest blessings will rest upon him.

J. J. BARNES.

QUARTERLY MEETING.—The November session of the Yarmouth and Shelburne Quarterly Meeting was held with the First Barrington Church, beginning Saturday afternoon of the 6th. Social service, 2 p. m. A large number present. The service blessed and helpful. Home Mission Meeting at 7 p. m. Rev. J. I. Porter presided. Speeches were made by Revs. S. K. West, Wm. Miller, J. J. Barnes, J. W. Freeman, the chairman, and the writer. The congregation was large, the speaking inspiring, and the interest good. The organist, Miss Emma Crowell, and the choir, rendered excellent service. Collection \$12 48, pledges \$4. The pledges would have been larger in number, but many present had pledged sometime ago to give so much to the society each year.

Sabbath.—9 o'clock prayer-meeting led by Bro. Miller. At 10.30 preaching by Rev. J. J. Barnes. At the close the Lord's Supper was administered. At 2.30 Sabbath-school. Addresses were given upon the lesson of the day by Revs. Wm. Miller, S. K. West, J. W. Freeman and J. I. Porter. At 7 o'clock preaching by Rev. C. B. Atwood. At the close a good number took part. The preaching was good; the congregations large; the day's services refreshing and encouraging. The other preaching services were at Bear Point, 10.30, Rev. C. B. Atwood; Port la Tour, 7 o'clock, Rev. J. J. Barnes; Wood's Harbor, 7 p. m., by Rev. J. W. Freeman.

Monday.—The business meeting opened at 9 a. m. Present: the ministers above named and Father Swim and Rev. W. C. Weston; Deacons Isaac Hopkins, Albert Cook and Rufus Crowell; Clerks Thomas Smith, John O. Crowell and I. F. D. Crowell; Delegates Bros. Hallett Goodwin, Capt. W. S. Hopkins, Nathan Hopkins, Parker Smith, A. C. Ross, N. D. McGray, Capt. Seth Crowell, Wilson Sargeant, Paul Crowell and others.

Resolved, That Bro. M. D. McGray be the chairman.

Resolved, That Bro. J. J. Barnes, J. I. Porter and W. S. Hopkins be the Prudential Committee.

Resolved, That the officers of the Quarterly Meeting have power to locate the next Quarterly Meeting.

Resolved, That a letter of dismission and recommendation be forwarded to Bro. Gideon Swim.

Resolved, That Bro. James W. Smith receive a license to preach.

The Prudential Committee reported: 1. That the letter from the Centre Cape Island Church be read, reporting the general prosperity of that church.

2. That the request of the General Conference Executive for counsel as to sending a delegate to the Union Convention to be held in St. John be considered.

3. That the resolution on sanctification be presented and considered.

4. That the request of the Ministers' Relief Society, as to obtaining more funds, receive consideration.

Report adopted.

Resolved, That all churches be requested to report as per constitution to each Quarterly Meeting, and that said reports be presented by the clerks to their churches for adoption before being forwarded to the Quarterly Meeting Clerk.

The question of union and the sending of a delegation to the forthcoming Convention was considered, and a general discussion of the matter took place.

Resolved, That Bro. T. H. Siddall, Wm. Miller, C. B. Atwood, W. C. Weston, and J. I. Porter be a committee to draft a resolution expressing our views as to the union question; and

Further resolved, that we recommend to the Executive of General Conference that a letter only be sent to the Union Convention, Adjourned 12.15.

At 2 o'clock the above named Committee presented the following:

To the Union Baptist Convention, greeting:

Dear Brethren.—We have carefully considered your request for a delegation to represent us in your Convention.

I. We find that it is not possible for us to be represented.

II. We find that the body of our people are not just now prepared for organic union.

III. That in the interest of all concerned we think it advisable to cultivate fraternal relations for the present, and foster the true spirit of Christian fellowship.

IV. We trust that by such relations we may learn to esteem each other the more, and be "helpers together in the Lord."

V. We hope and pray that we shall continue to strengthen principles precious to each by mutual regard, sympathy and helpfulness.

Praying God's blessing may attend and rest upon your deliberations.

(Signed)

T. H. SIDDALL,

W. C. WESTON,

J. I. PORTER,

C. B. ATWOOD,

WM. MILLER.

After some discussion the report was adopted unanimously.

Resolved, That we recommend that the Executive of General Conference consider the report and action of this Quarterly Meeting.

After a general consideration the following was unanimously adopted:

Whereas, We believe that the doctrine of Sanctification as revealed in the Word of God is progressive in character,

And whereas, We believe that as a leading doctrine of the Word of God, it should be emphasized and clearly taught, not as a specialty, but in harmony with the oneness of Divine truth,

And whereas, We believe that the teachings and faith of a denomination should be harmonious, to secure the peace and prosperity of the whole body so united:

And whereas, We believe that the teachings of some of our brethren as to sanctification are not in accord with the teaching of the Word of God, or of this denomination; and that the outcome of such teachings is to create discord and retard the prosperity of our beloved denomination;

And whereas, We do not desire to deprive any of that liberty of private judgment we claim for ourselves; yet, how can a denomination, or a church, enjoy peace and prosperity unless there be agreement in accepted beliefs?

Therefore resolved:

I. That we earnestly appeal to our brethren, if possible to adhere to our accepted and believed teaching as to the doctrine of sanctification.

II. That kindly and in the spirit of Christian brotherhood and sympathy we counsel the churches of this Quarterly Meeting to employ no minister who holds views as to sanctifications not in accord with our standards of faith.

III. That as a Quarterly Meeting we agree not to grant a license to preach to any person accepting and teaching what is termed the doctrine of "Entire, Instantaneous Sanctification," and we further trust that all our churches will not grant a license to preach to any person who so believes and teaches.

Resolved, That the foregoing resolution be sent to the RELIGIOUS INTELLIGENCER for publication.

Resolved, That we request that all our churches take up a collection for the benefit of the Ministers' Relief Fund in the month of December next.

Resolved, That our hearty thanks be tendered to the friends for their generous hospitality; and to the chairman for his efficient services. Adjourned 4.15.

The entire Quarterly Meeting was excellent. Harmony and goodwill prevailed. God's gracious spirit richly blessed us. All felt better for the meeting, and the Barrington church has been greatly strengthened by it. Father Swim's presence, now in his 87th year, was an encouragement and blessing. For his years, his vigor and clearness of mind are wonderful. His words did us good. In the evening Bro. J. W. Freeman preached a helpful sermon to a good congregation. A number took part at the close. Bros. West, Porter and Weston offered prayers as we gave ourselves anew to God and His service.

T. H. SIDDALL,

Assistant Clerk.

Barrington, Nov. 11.

EXECUTIVE MEETING.—At a meeting of the Nova Scotia General Conference Executive, the following resolution was adopted:

Resolved, That we adopt the recommendations of the Yarmouth and Shelburne Quarterly Meeting, as to the sending of a delegate to the Union Convention to be held in St. John, N. B., Nov. 17th.

A DOUBLE PURPOSE.

The popular remedy, Haggard's Yellow Oil, is used both internally and externally, for aches, pains, colds, croup, rheumatism, deafness, and diseases of an inflammatory nature.

Resolved, That the Secretary send a copy of the resolution, and the Yearly Meeting resolution also, write a letter explanatory of our action to the Secretary of the Convention.

T. H. SIDDALL,

Sec. N. S. G. C. Executive.

Barrington, Nov. 11th.

Woman's Foreign Mission Society.

to redeem the pledges made to that Society at their annual meeting last October. As we said last year, we believe this work is a step in the right direction, and we hope, during the coming year, more of your Societies will feel it a duty and pleasure to help in this work, and we also trust that during this annual session some plan may be devised by which this work may be more successfully carried on in the future.

Thus, Sisters, I have gone over the work done by your Society during the year, and summarized the reports before me as best I could. Whilst in reviewing the year's work there are some things to make us sad, there is much also to cheer and encourage. Let us adopt, then, the language of the Psalmist: "Commithy way unto the Lord; trust also in Him; and He shall bring it to pass."

All of which is respectfully submitted.

MRS. C. W. WEYMAN,

Corresponding-Secretary.

TEMPERANCE NOTES.

SINCE Prohibition went into effect in Raleigh, N. C., many of the saloons have been converted into factories. One of them employs more hands than were employed in all the saloons in the city while liquor was sold.

THE TRIAL of Prohibition in Providence and vicinity proves, according to police statistics, that Prohibition has a most salutary effect on law-breakers. The arrests for drunkenness in the period named were only half as many as in the corresponding months in 1884; cases of assault and battery fell off from 53 to 20, of disturbances from 496 to 289, of vagrancy from 91 to 21, and the number of common drunks from 38 to 9.

THE VIGILANT ACTION of the friends of the Rev. John Haddock, murdered by saloon keepers at Sioux City, Ia., has resulted in the apprehension of several men implicated in the deed. One man who was arrested in San Francisco and brought back to Sioux City, has made a confession, charging the actual commission of the crime upon a brewer and a saloon keeper. Other liquor men were in the plot to remove Haddock, and instigated the murder.

THE LEWISTON, Me., Journal, commenting upon the recent national convention of distillers and liquor-dealers in Chicago to devise measures of protection against prohibitory legislation, which, according to their rallying call, "threatens the annihilation of the liquor trade as a legitimate calling," says: "Evidently the movers in this convention forgot that their current claim is that 'more liquor is used under prohibition than under any other policy.'"

It is a curious thing that, although repeated outrages have been perpetrated on the property of those who have been active in securing the adoption and enforcement of the Canada Temperance Act, no adequate punishment has been meted out to the perpetrators of these dastardly crimes. It is not to the credit of this law-abiding Province that buildings should be wrecked by dynamite and life endangered, while the conspirators escape the punishment they deserve. One thing certain, these outrages and terrorism directed against the promoters of temperance will rouse the people of Ontario in favour of prohibition, pure and simple.

THE Bar, a liquor organ in the States, has come to the defence of the saloon. It says:

"It is not the saloon that wants him. He is out of place in it, in the way of the patrons who go there to rest and be refreshed. When one sees the troops of men of all grades of society who patronize the saloons, men who edit great newspapers, men who conduct great schemes for the improvement of the country, men high in political power, judges, lawyers and medical men, carpenters, bricklayers, blacksmiths, storekeepers, bakers, butchers and shoemakers, the conviction grows that the saloon is the true republic."

The great men, the men high in society, who patronize the saloons are generally very solicitous not to have it known.

Business Notices.

No family in this broad land should undertake to keep house without Johnson's Anodyne Liniment, many have tried to but failed. It is worth more in a family than a whole medicine chest.

A COMMON EXPRESSION.

"I was troubled with liver complaint for three years, tried many remedies but never found any that has done me so much good as Burdock Blood Bitters." James Higgins, East Templeton, P. Q.

Messrs. Mitchell & Platt, druggists, London, Ont., write Dec., 1881: "We have sold Dr. Thomas' Electric Oil since its first introduction, and we can safely say, no medicine on our shelves has had a larger sale, or gives better satisfaction. We always feel safe in recommending it to our customers."

A DOUBLE PURPOSE.

The popular remedy, Haggard's Yellow Oil, is used both internally and externally, for aches, pains, colds, croup, rheumatism, deafness, and diseases of an inflammatory nature.

SAFE, SURE, AND PAINLESS.

What a world of meaning this statement embodies. Just what you are looking for, is it not? Putnam's Painless Corn Extractor—the great sure-pop corn cure—acts in this way. It makes no sore spots; safe, acts speedily and with certainty; sure and mildly, without inflaming the parts; painlessly. Do not be imposed upon by imitations or substitutes.

H. Gladden, West Shefford, P. Q., writes: "For a number of years I have been afflicted with rheumatism. Two years ago I was attacked very severely. I suffered a great deal of pain, from which I was not free for a day, until last spring, when I began to use Dr. Thomas' Electric Oil, and I rejoice to say it has cured me, for which I am thankful."

A GOOD INVESTMENT.

"I suffered with eruptions on my face for over two years. I determined to give Burdock Blood Bitters a fair trial. After taking four bottles, I can say it was the best investment I ever made. Jean Clancy, Beauséjour, Manitoba."

Cholera and all summer complaints are so quick in their action that the cold hand of death is upon the victims before they are aware that danger is near. If attacked do not delay in getting the proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial, and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure.

THERE IS NOTHING LIKE IT.

There is no one remedy offered to suffering humanity whose use is so universally and frequently required as Haggard's Yellow Oil, for rheumatism, neuralgia, colds, sore throat, deafness, croup, lumbago, and aches, pains, lameness and soreness of all kinds, when internally and externally used.

No article takes hold of Blood Diseases like Northrop & Lyman's Vegetable Discovery. It works like magic. Miss O., Toronto, writes: I have to thank you for what Northrop & Lyman's Vegetable Discovery has done for me. I had a sore on my knee as large as the palm of my hand, and could get nothing to do any good until I used the Discovery. Four bottles completely cured it.

THE BEST COMBINATION.

The best combination of blood cleanser, regulating, health giving herbs, roots and barks enter into Burdock Blood Bitters—a purely vegetable remedy that cures diseases of the blood, liver and kidneys.

INDISCRETIONS in Diet bring on dyspepsia and irregularity of the bowels. Eat only wholesome food, and if the trouble has become permanent—as it is very prone to do—try a course of Northrop & Lyman's Vegetable Discovery and Dyspepsia Cure. The combined effects astonish and delight the sufferer, who soon begins to digest well, regain functional regularity and improve in appetite; the blood becomes pure, and good health is restored.

LADIES, be very cautious how you tamper with samples of the many vile counterfeits offered you, which may prove very damaging to the fabric and hands; and instead of these similar appearing packages, be sure to get the only harmless article for laundry and kitchen use, the original JAMES PYLE'S PEARLINE. Sold by all grocers.

THE RIGHT WAY.

The only proper way to cure a cough is to loosen the tough mucous or phlegm that clogs the bronchial pipes. This is why Haggard's Pectoral Balsam is the most successful remedy for coughs, colds, throat and lung troubles.

ADVICE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of Cutting Teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it mothers; there is no mistake about it. It cures Dysentery and Diarrhoea, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

The most contemptible fraud that has been practiced upon farmers and others in the last few years is the selling of immense packs of worthless horse and cattle powders. There is only one kind now known in this country that are unadulterated, and those are Sheridan's.
