Delegates from Baptist Convention will be provided for by committee on arrival.

N. B.—Any substitute coming instead of delegates will please consider such delegate's home as theirs.

If any member of Conference, or of the Women's Mission Society, have been overlooked, they will please notify the Secretary of Committee at once.

THOS. W. MUSGROVE,
 Secretary.

D. W. CLARK,
 Chairman of Committee.

P. S.—Persons unable to find their homes will please enquire of either of the following committee:

REV. G. A. HARTLEY,
 D. W. CLARK,
 A. C. SMITH,
 T. W. MUSGROVE,
 R. J. FREEZE.

Carleton, Sept. 23rd, 1886.

JERUSALEM.—The number of inhabitants of Jerusalem has, for many years, been a disputed matter. The following figures are based upon what seems to be first rate German authority. In 1847 the number was stated to be 17,000. According to a census taken in 1851 the city numbered 23,324 people—namely, 12,256 Mohammedans, 7,488 Christians, and 3,580 Jews. In 1858 the number had already increased to 30,000. According to the latest and most careful investigation the number of Jews has increased remarkably, and now is about 20,000; the Mohammedans have decreased to 5,600, while the Christians are about the same as before. Among the Christians there are 4,600 of the Greek Catholic confession, 2,100 of the Roman Catholic, and 850 Protestants, chiefly Germans and English, 450 Armenians, and a small number of Copts, Abyssinians, and united Catholics. Common report claims a population of 40,000 to 45,000 for Jerusalem, but careful computation will not go beyond 35,000.

BUSINESS IN JAPAN.—A curious business custom or law among the Japanese, and one that might be advantageously copied in Christian lands, is that which requires all merchants to settle their accounts and pay their debts by the 31st of December, and they are not allowed to buy or sell goods until they have done so. On New Year's day there is great emulation among the merchants to make the first sale of goods, as they seem to consider it an advertisement of the soundness of their credit. If goods are sold on the first of January, the merchandise is piled conspicuously on drays drawn by coolies. The merchant receives the congratulations of his friends, and together they follow the goods to their destination.

EXPLANATION.—Dear Sir: I was somewhat surprised not to find the report of our Conference in your issue of last week, to hand this morning. The report was posted here on Friday, the 17th instant. Please publish this explanation, and oblige.

Yours truly,

T. H. SIDDALL.

[The foregoing is to explain to Nova Scotia readers that Bro. S. forwarded the report expecting it to get insertion last week. The delay was between Barrington and this office. As stated in a note in last issue the report had not reached us at the time of going to press.—Ed.]

SUFFERING IN TEXAS.—In Western Texas there is much suffering, and appeals for help are made. The Statesman says, no rain sufficient to start and sustain the crops has fallen for fourteen months. Fully one-third of the population have abandoned their homes and gone elsewhere in search of food and work. Many more would leave, but have not the means. Cattle are dying, and will all perish unless help is received from abroad. In some counties rain has fallen recently in sufficient quantity to justify fall plowing and sowing, but the farmers have no grain for seed.

POOR FELLOW.—A well known gentleman of Philadelphia, who had inherited a fortune of over one million dollars, was observed a few days ago at Third and Chestnut Streets—the centre of the wealth of Philadelphia—with a most dejected countenance. "What's the matter?" asked a friend. "One of my tenants owing me eighteen dollars rent, has left me in the lurch," said the inheritor of an income of \$60,000 per annum. "It is this sort of thing, sir, which is wasting my fortune, and will ultimately be my ruin." Bowed down with his great grief, the unfortunate millionaire passed on.

THE COLONIAL EXHIBITION has been more successful than even the sanguine expected. When the last statement was made a couple of weeks ago, about 3,000,000 visitors had passed the turnstiles.

TEMPERANCE WORK NOTES.

—THE WHISKY MEN apply dynamite to a Baptist Church in Pennsylvania and to the store of one of its deacons in which his family is asleep; it shoots an Iowa Methodist minister in the back under cover of darkness; it attempts to blow up with powder the residence of an officer of the law in Kansas, imperiling the lives of his family.

—A KENTUCKY BAPTIST preacher of the old school type, writes to the *Gleaner* that he is opposed to prohibition; and this is the way the editor refers to him: "The idea of a professedly religious man, not to say a minister, standing before the public in opposition to prohibition and in favor of the whisky traffic, is so repugnant to every religious consideration, is so anomalous, that we look with disgust upon the ridiculous spectacle. Such a preacher (!) is a religious story."

IN THE TERRITORY covered by the United States, there have been killed in war during 150 years 600,000 persons. It is estimated that rum has killed 7,500,000 persons. The great wars of the world, for 25 years, from 1852 to 1877, including Franco-German war and our own civil war, cost a fraction over \$12,000,000,000. The cost of intoxicants for the same period in the United States was more than \$15,000,000,000, or more the \$3,000,000,000 more than all the wars in the world, and for every thousand killed in battle rum kills twelve thousand.

—THE *Michigan Christian Advocate* tells us that:—

"A young man was gradually led into crime by drink, and at length came to the gallows. His broken-hearted mother is said to have gone to his prison cell to bid him farewell. When asked by the agonized mother if he had any word he would like to leave them, the doomed boy said: 'O mother, I didn't want to kill him; I was crazed with drink. It was the saloon did it. O mother, tell the temperance people to be in a hurry!'

Isn't this just what the sin and wretchedness of this world are saying to the Church of Christ? Be in a hurry! How can there be time for worldliness, folly or indifference, when so much is at stake?

—ADMIRAL LUCE, the commander of the North Atlantic Squadron, which has been two months in Portland harbor, gives the following as the results of his observations there: "When I came to Portland, I came with very decided opinions against Prohibition. I am free to confess that, since coming to Maine, I have changed my opinion. I never had so little trouble with my men as I have had since coming to Maine. In Portland, my sailors, on going ashore, were not tempted to drink as in other ports in license states, and they also never came back intoxicated. The practical workings of the law testifies, and I know that Prohibition in Maine works better than license in other states."

ALL SORTS.

Japan has a population of 37,000,000, but has less than 10,000 paupers. Over three millions of visitors have passed the turnstiles of the Colonial and Indian Exhibition since its opening.

It is estimated that in 1784 there were 420,000,000 of pagans, and that these had increased in 1884 to 835,000,000.

A clergyman in an Indiana town preached a sermon a few Sundays ago on the sin of betting on elections. The leading official in the church, a hatter, has since resigned his membership and joined another church.

Cents are not wanted in British Columbia. Says the *British Columbian*: "Five-cent pieces are in circulation, and we hope that no smaller change will ever find its way into this province. This is not a land of coppers."

Half a century ago in Turkey it was considered a shame for a woman to read. To-day two schools of girls in Constantinople have been established by the Sultan himself.

The ex-mayor of Reading, Pa., is kind enough to the race to spend his time and money in sending postal cards over the country announcing the fact that the scent from onions causes sleep, rest and repose. A fresh onion tied round the neck, and bruised to make its odor thorough, will secure sleep. It has been tried and there is no doubt of its efficacy.

The headlines of many news sheets are a slander upon the civilization of our times. They systematically divert attention from that which is "pure, lovely, and of good report," by emphasizing the crimes that disgrace our humanity, and ignoring or hiding in a corner the grandest events of our time.

A priest in Ireland had the fashion of hearing confessions wide a slate and pencil, and he'd write down every sin, and the price of it opposite. Well, one day a big mountain fellow came to his duty, and says he, 'I bruk a man's head last Hallow Eve. That's ninnepence,' said the priest. 'I cut the tail iv Larry Kell's cow. That's a shillin'! Oh, indeed, a shillin' that is!' and down it went on the slate. 'I murdered me wife twice.' 'That's thupence—go on.' 'I kils an Orange-man.' 'Whoo!' says the priest, rubbing out everything, 'that clanes out all the rest.'

Birth.

ARTHUR.—On the 27th inst., at Detroit, Mich., to Mr. and Mrs. James Arthur, a son.

Marriages.

HARPER-THOMPSON.—On the 22nd inst., by Rev. G. A. Hartley, Mr. W. Fred Harper, of Lansing, Michigan, formerly of Woodstock, N. B., to Miss Julia A. Thompson.

BANKS-LOVEGROVE.—On Sept. 1st, at the residence of Rev. E. G. Girty, Mr. Thomas Banks, of Woodstock, Carleton Co., to Miss Nellie Lovegrove of the same place.

BOYDMAN-SHANNON.—At the residence of the minister, Woodstock, on the 22nd inst., by Rev. Edwin Garraty, William J. Boydman, of Canterbury, York County, to Miss Lizzie Shannon, of the same place.

PUTNAM'S CORN EXTRACTOR.

Is the best remedy for corns extant. It acts quickly, makes no sore spots and effects a radical cure. A hundred imitations prove its value. Take neither substitutes offered as good nor the close imitations of the genuine too often offered.

IN A DANGEROUS CONDITION.

Any man, woman or child is in a dangerous condition when neglecting a constipated state of the bowels. There can be no perfect health without a regular action of this function. Burdock Blood Bitters cure constipation by imparting a healthy tone to all the secretions.

Rheumatism is the most painful and most troublesome disease that afflicts humanity. It comes when we least expect it and when we have no time to be interviewed by it. The only reliable remedy that we ever found is *Johnson's Anodyne Liniment*.

One or two bottles of Northrop & Lyman's Vegetable Discovery will purify the blood, remove Dyspepsia, and drive away that extreme tired feeling which causes so much distress to the industrious, and persons of sedentary habits. Mr. W. E. Ellis, Drug-gist Fenelon Falls, writes: "The Vegetable Discovery is selling well and giving good satisfaction."

HIGHEST PRAISE.

The well-known firm of N. C. Polson & Co., of Kingston, writes that Dr. Fowler's Extract of Wild Strawberry has long been considered the best remedy for Summer complaints in the market, and adds that their customers speak in the highest terms of its merits. Wild Strawberry is the best known remedy for Cholera Morbus, Dysentery and all Bowel complaints.

ADVICE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of Cutting Teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it; mothers; there is no mistake about it. It cures Dysentery and Diarrhoea, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

A SPEEDY CURE.

As a speedy cure for Dysentery, Cholera Morbus, Diarrhoea Colic, Cramps, Sick Stomach, Canker of the Stomach and Bowels, and all forms of Summer Complaints, there is no remedy more reliable than Dr. Fowler's Extract of Wild Strawberry. Dealers who sell it, and those who buy it are on mutual grounds in confidence of its merits.

THE REVOLT which is caused in a dyspeptic stomach by a meal digestible by one which is in average health, can be permanently subdued and the tone of the organ restored by the systematic use of Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, which imparts tone to the digestive viscera, and removes all impurities from the blood.

IN GOOD REPUTE.

James McMurdoch, writing from Kingsale; says: "B. B. B., as a remedy for the diseases of the blood, liver and kidneys, has an excellent reputation in this locality. I have used it, and speak from experience, as well as observation. It is the only medicine I want, and I advise others afflicted to try it."

F. Burrows, of Wilkesport, writes: that he was cured of a very dangerous case of inflammation of the lungs, solely by the use of five bottles of Dr. Thomas' Electric Oil. Feels great pleasure in recommending it to the public, as he had proved it (for many of the diseases it mentions to cure) through his friends, and in nearly every instance it was effectual.

FATAL ATTACKS.

Among the most prevalent fatal and sudden attacks of diseases, are those incident to the summer and fall, such as Cholera Morbus, Bilious Colic, Diarrhoea, Dysentery, etc., that often prove fatal in a few hours. That every reliable remedy Dr. Fowler's Extract of Wild Strawberry, should be at hand, for use in emergency.

Jas. Shannon, Leaskdale, writes: For many years my wife was troubled with chilblains, and could get no relief until about two years ago; she was then not able to walk, and the pain was then so excruciating that she could not sleep at night. Your agent was then on his regular trip, and she asked him if he could cure her. He told her Dr. Thomas' Electric Oil was a sure cure. She tried it, and judge of her astonishment when in a few days, the pain was all allayed and the foot restored to its natural condition. It is also the best remedy for burns and bruises I ever used.

A MODERN MIRACLE.

In a recent letter from R. W. Dowton, of Deloraine, Ont., he states that he has recovered from the worst form of Dyspepsia after suffering for fifteen years; and when a council of doctors pronounced him incurable he tried Burdock Blood Bitters, six bottles of which restored his health.

Nearly all diseases that afflict humanity originate in the stomach, liver or bowels, and might be prevented if people would use a little common sense; but they will not. They rather take *Parsons' Purgative Pills*, because one is a dose.

Cucumbers and melons are "forbidden fruit" to many persons so constituted that the least indulgence is followed by attacks of cholera, dysentery, griping, &c. These persons are not aware that they can indulge to their hearts content if they have on hand a bottle of Dr. J. D. Kellogg's Dysentery Cordial, a medicine that will give immediate relief, and is a sure cure for all summer complaints.

St. John, N. B., Jan. 18th, 1882.

Messrs. T. B. Barker & Sons:
 Dear Sirs,—I have used Fellows' Leeming's Essence for several years past with great success, and therefore most cheerfully recommend it as one of the very best remedies in use in all cases for which it is prescribed.

J. B. HAMM,
 Proprietor of Sale and Livery Stables,
 St. John, N. B.

St. John, N. B., Dec. 27th, 1881.

Messrs. T. B. Barker & Sons:
 Dear Sirs,—Fellows' Leeming's Essence is without question a great remedy for many cases for which it is prescribed. I have used it successfully for a series of years, and I know of many others who speak of it in the highest terms as a most efficient cure for Ringbone, Spavin, Strains, etc.

A. PETERS,
 Proprietor Victoria Livery Stables,
 St. John, N. B.

St. John, N. B., Sept. 10th, 1881.

Messrs. T. B. Barker & Sons:
 Dear Sirs,—This is to certify that I have used Fellows' Leeming's Essence with marked success in numerous cases of lameness in horses, caused by slips, strains, etc., and I have no hesitation in recommending it to horsemen as the best remedy of the kind in use.
