

nor the kindness of his excellent lady, and the truly heartfelt sympathy of his father and mother. Indeed all the people vied with each other to make me comfortable during my sojourn among them; and the heartfelt kindness I shall not soon forget. I could do but little, and could only visit a few families and get settled for work before the Sabbath.

On Sunday morning, Nov. 21st, I preached at the Junction. In the afternoon, attended the Sabbath school under the superintendence of Major T. L. Alexander. Was very glad to speak a few words to the children. The school seemed very well conducted; and as they are endeavouring to make it an evergreen school, we wish them every success. Preached again in the evening, and a very good day was enjoyed. The next week was spent in writing, in visiting from house to house, and in preaching one or two evenings. On Saturday, the 27th, attended their monthly Conference, and a very good season was enjoyed. I found the church here at the Junction quite low in religious life, although there are a number that are struggling to obtain that better country. On Sunday morning, the 28th ult., Bro. David Smith kindly took his horse and carriage and drove me to Blissville, where I preached in the morning service, and got for the mission a collection of \$1.15. Preached again at the Junction in the evening. Monday was spent in writing and visiting, and preached in the evening. Tuesday and Wednesday was spent in the same manner, and it looked as though something good might be accomplished. Thursday evening was very stormy, so we could not have any service. Friday we had an appointment at Three Tree Creek, but the travelling was so bad that we failed to reach our appointment. For this disappointment we felt very sorry, but all we can say it could not be helped. On Saturday afternoon went to Tracy, was the guest for the night of Bro. Duplisse, and was kindly cared for by his excellent family. On Sunday morning, the 5th inst., preached at Tracy, had an excellent meeting, and received for the mission a collection of \$4.17. In the evening preached again at the Junction, and through the following week continued to preach a number of evenings, and visit and pray with the families through the day. But things do not appear as prosperous as they did a week ago, and what is the cause we are at a loss to understand. On Sunday, the 12th, preached at the Junction morning and evening, and a good day was enjoyed. After the evening service we organized a Woman's Aid Society, consisting of fifteen members. Mrs. Dr. Secord was chosen president, Mrs. H. Thomas vice-president, and Mrs. G. Hayward secretary-treasurer. On Monday evening had business meeting at the Junction, in reference to the debt on their meeting-house. The evening was stormy, but there was quite a number out; the meeting was harmonious, and the conclusion arrived at was to endeavour to sell the remainder of the pews in the house and try if it were possible to get rid of some of the debt. Also on Monday morning went to Blissville, and assisted Bro. DeWitt in the funeral services of Mrs. E. Hoyett; Bro. DeWitt preached a very acceptable sermon on the occasion, for Sister Hoyett was an excellent Christian lady and will be much missed in the church and in the community; but she has passed away from her labor to her reward.

Tuesday and Wednesday was spent in visiting from house to house and Wednesday evening had a farewell meeting with the people here at the Junction, and a good season it was. On Thursday evening the people held a donation meeting to remunerate me for my labor. Bro. Jones and his daughter, Mrs. H. Thomas, kindly opened their house for the occasion and, although the evening was stormy and hindered a number from attending, yet a very pleasant evening was enjoyed and between \$29.00 and \$30.00 received, which paid for the month's labor without any charge on the H. M. treasury. I then bid the people farewell and last night came this far on my way to my home.

Yours truly,

A. TAYLOR.

NOVA SCOTIA.

DONATION.—The friends of Lower Argyle, N. S., know how to make their pastor and wife feel at home. A few evenings ago, they came to our home bringing with them many useful articles and presented them to us. For their kindness, Mrs. Freeman and myself wish to tender, through the INTELLIGENCER, our sincere thanks.

J. W. FREEMAN.

**NEW TEXT BOOKS.**—The Chief Superintendent of Education has issued the following order:

The Elementary Arithmetic published by M. S. Hall, Fredericton, and the series of Copy Books published by J. & A. McMillan, St. John, shall, on and after 1st April next, be the books in use in the Public Schools in all cases where pupils begin the subject of Arithmetic or of Writing, or require new books in these subjects, instead of Mulholland's Elementary Arithmetic, and Staples, or Payson, Dunton and Scribner's Copy Books.

**A PROTEST.**—Dr. Lorimer, of Chicago, protests against the notion that it is the duty of the church to provide amusements. This lies outside of her mission, and he thinks there is something humiliating in her endeavours at times to enter into rivalry with showman and mountebanks. If her hold on the young is due to such causes, she can have but a feeble grasp of the moral and spiritual life.

**OF MINISTERS.**—A Christmas surprise party was held at the residence of Rev. Dr. Hopper, a few evenings ago. One of the principal "surprises" was the presentation of a purse containing \$50 to the esteemed doctor. On Thursday evening, of last week, the friends of Rev. J. A. Gordon (Leinster St. Baptist) invaded his home and made him presents amounting to \$160.

#### TEMPERANCE NOTES.

—The total prohibition vote this year in the United States was double that thrown in 1884 for St. John.

—You are surprised at the zeal of that old woman for temperance. Your surprise would cease if you knew how many times she has led her drunken son home by the hand. Change places with her and your sentiments on this subject will also change.

—The saloon is going. Of the seven cities of Massachusetts which held elections last week, thirteen voted "no license." Fall River, New Bedford, Haverhill, Gloucester, Springfield, Waltham, Northampton, Brockton, and Cambridge, all of which voted for license last year, have this year joined the ranks of temperance cities. The liquor dealers of the state are greatly alarmed over the prospect and are holding secret meetings to advance their interests. Their Protective Association has issued a circular which says: "Immediate and active work is absolutely necessary by the liquor element of Massachusetts to fight the enemy."

—Gen. Neal Dow, in a recent article regarding the effect of the liquor traffic on the business interests of the country, says: "No business can add to the wealth of a community that earns nothing. Distilleries, breweries, saloons earn nothing. They live upon the earnings of other industries and upon the wages of other men's labor, giving in return for what they obtain from them nothing but poverty, pauperism, wretchedness, crime, insanity and premature death. The entire sum spent for strong drink, whatever it may be, is an absolute loss to the community, as well as to the individual citizen, because no value has been received for it. The \$900,000,000 spent in the nation annually for drink is a loss to the country as entire as if that value were destroyed by conflagration, shipwreck, cyclone, or earthquake. In either case the property is gone, with no equivalent received for it."

#### LITERARY NOTES.

**A HUNDRED FAMOUS AUTHORS.**—To be exact, one hundred and two famous authors find place in the fifth volume of the "Cyclopedia of Universal Literature," now issued. The list is headed by Mary Cowden Clarke of England living, and closes with Cyprian, of Carthage, A. D. 200-258. Between these appear the names of not less than thirty-two American authors (which shows the great importance of the work in this respect), including the names of S. L. Clemens (Mark Twain), Robert Collyer, J. Fenimore Cooper, Henry Clay, Bishop Cox, F. S. Cozens (author of Sparrowgrass Papers), F. M. Crawford, and Geo. Wm. Curtis. French literature is represented by Cousin and Comte, Chinese by Confucius, Italian by Colonna—and thus the whole world is brought under tribute. "The Record of Philadelphia" says: "The plan of the work is certainly original, and excellent judgment has been shown both in the choice of authors and of subjects." "The Christian Union" pronounces it "excellent." "The Argus and Patriot of Vermont" says: "The project is an admirable one. When completed the student and general reader will have a complete Cyclopedia of all there is valuable in the whole range of literature." The form in which it is issued is as superior as it is unique, the volumes are handy, the type all that can be desired, and the binding is in the very best taste. Perhaps the most remarkable feature about the work is its low cost—only 30 cents for paper, 50 cents for cloth, 60 cents for half Morocco bound volumes of nearly 500 pages each, and even from these prices large reductions are made to early purchasers. Relying upon the intrinsic merits of the work the publisher offers a specimen volume in cloth for 25 cents, or in half Morocco 35 cents (postage 8 cents extra), on condition that within three days after receipt you will remit the remainder of the price or return the volume. The work is planned to be completed in fifteen volumes. The publisher's 64-page descriptive catalogue of standard and popular works is sent free to any applicant. Address: John B. Alden, Publisher, New York or Chicago.

#### ALL SORTS.

A Connecticut paper gives a list of six chipper old gentlemen of 100 years of age and upwards who still flourish in its vicinity.

There are over 36,000 newspapers being published in the world at the present time. What a power for good or evil!

The Emperor of Austria has smoked twenty cigars a day. Facial neuralgia has made his life miserable, and a council of physicians has instructed him to stop smoking if he wants to be rid of it.

A small river of true ink, with which letters have been written, is one of the natural curiosities of Algeria. It is formed by the union of two rivulets, one of which is very strongly impregnated with iron, while the other has imbibed gallic acid from a great marsh through which it passes. — *Lovell Times.*

In a Sabbath-school class the teacher asked whether Herod was obliged to keep his vow to behead John the Baptist. "I guess if she had asked for his own head, Herod would not have felt himself obliged to keep it," replied a bright boy.

Five losses in the United States and Canada for the year 1886 will doubtless reach the enormous amount of a hundred million dollars, enough to construct and equip two thousand miles of first-class railroad. It is safe to say at least one-half this immense annual waste of property might be saved by reasonable measures of precaution.

An English lock-maker has constructed a key which he says is capable of opening 22,600 patent lever locks, all of which differ in their wards or combinations. As described, the key weighs three ounces, is nickel-plated, and is said to be the result of three years' labor on the part of the inventor in making drawings of different wards and combinations.

#### Deaths.

**MORRELL.**—At Kars, Kings Co., of diphtheria, Seldon, son of John D. and Catherine Morrell, aged 10 years and 9 months. After talking soon to his parents and brothers and sisters, they heard him repeat that beautiful hymn of Wesley's: "Jesus Lover of My Soul," then he left to join in glory. "Jesus lover of his soul." "Suffer little children to come unto Me, for of such is the kingdom of heaven." The funeral was attended at his home, in Kars, by the writer. We sympathize with those bereft. B. H. N.

**URQUHART.**—At Kars, Kings Co., on the 20th ult., after a lingering illness, of consumption, which he bore patiently, Abner W., son of Wm. and Mercy Urquhart, aged 32 years. He chose for his funeral text Job l. xxi. "The Lord gave and the Lord hath taken away: blessed be the name of the Lord." He died in the triumph of the Gospel. Among the five or six last distinct utterances, they could catch but these words: "Write: Blessed are the dead that die in the Lord." He leaves a sorrowing wife and one child, a father and two brothers, and a large circle of friends to mourn his loss. Our deepest sympathy is extended to the widow and bereft family. The funeral was attended at his residence by the writer. B. H. N.

##### A SEASONABLE HINT.

During the breaking up of winter, when the air is chilly and the weather damp, such complaints as rheumatism, neuralgia, lumbago, sore throat, croup and other painful effects of sudden cold, are prevalent. It is then that Haysard's Yellow Oil is found truly valuable as a household remedy.

An Irishman called at a drug store to get a bottle of Johnson's Anodyne Liniment for the Rheumatism; the druggist asked him in what part of the body it troubled him most. "Be me soul, said he, I have it in every houl and corner of me."

##### BROKEN DOWN.

"Being completely broken down in health, I was induced to try that valuable remedy, Burdock Blood Bitters. One bottle made me feel like a new man, restoring me completely to health." Geo. V. Dettlor, Napinee, Ont.

For loss of cud, horn ail, red water in cows, loss of appetite, rot, or murrain in sheep; thick wind, broken wind, and roaring; and for all obstructions of the kidneys in horses use Sheridan's Cavalry Condition Powders. Don't buy a large pack of worthless powder.

##### IT SELDOM FAILS.

J. P. Cameron, of Westlake, Ainslie, Cape Breton, had inflammatory rheumatism which Haysard's Yellow Oil cured after all other treatment had failed.

Cucumbers and melons are "forbidden fruit" to many persons so constituted that the least indulgence is followed by attacks of cholera, dysentery, griping, &c. These persons are not aware that they can indulge to their hearts content if they had on hand a bottle of Dr. J. D. Kellogg's Dysentery Cordial, a medicine that would give immediate relief, and is a sure cure for all summer complaints.

##### A SEASONABLE HINT.

For an obstinate harassing cough there is no better remedy than Haysard's Pectoral Balsam, which cures all throat, bronchial and lung diseases. It is pleasant to take and effectual for young or old.

WHEN THE VITAL CURRENT is invited from any cause, scorbutic blemishes in the shape of pimples, sores and blotches soon begin to disfigure the skin. In such a case the best purifier is Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, which expels impurities from the blood as well as regulates digestion, the bowels, liver and kidneys. For Female Complaints it has no equal.

##### A WEDDING PRESENT.

Of practical importance would be a bottle of the only sure-pore cure—Putnam's Painless Corn Extractor, which can be had at any drug store. A continuation of the honeymoon and the removal of corns both assured by its use. Beware of imitations.

Mr. H. B. McKinnon, painter, Mount Albert, says: "Last summer my system got impregnated with the lead and turpentine used in painting; my body was covered with scarlet spots as large as a 25-cent piece, and I was in such a state that I could scarcely walk. I got a bottle of Northrop & Lyman's Vegetable Discovery, and at once commenced taking it in large doses, and before one-half the bottle was used there was not a spot to be seen, and I never felt better in my life."

##### THE HISTORY OF HUNDREDS.

Mr. John Morrison, of St. Anns, N. S., was so seriously afflicted with a disease of the kidneys that dropsy was developing and his life was despaired of. Two bottles of Burdock Blood Bitters cured him after physicians had failed.

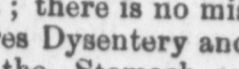

Mrs. O'Hearn, River Street, Toronto, uses Dr. Thomas' Electric Oil for her cows for Cracked and sore Teats; she thinks there is nothing like it. She also used it when her horses had the Epizootic with the very best results.

##### A HEAVY LOAD.

"When I ate, my food was like a lump of lead in my stomach. I took Burdock Blood Bitters. The more I took the more it helped me, I am like a new man now," says Ezra Babcock, Cloyne P. O., Township Barrie, Ont.

N. McRae, Wyebridge, writes: "I have sold large quantities of Dr. Thomas' Electric Oil; it is used for colds, sore throat, croup, &c., and in fact for any affection of the throat, it works like magic. It is a sure cure for burns, wounds, and bruises."

**ADVICE TO MOTHERS.**—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of Cutting Teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it; mothers; there is no mistake about it. It cures Dysentery and Diarrhoea, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for Children Teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "MRS. WINSLOW'S SOOTHING SYRUP," and take no other kind. junl 6ly

Messrs. T. B. Barker & Sons:

Gentlemen,—Having had occasion to use Fellows' Leeming's Essence at different times, I have to state that it is without exception, the best remedy that I know of for Splints, Ringbone, Bone Spavin, and the different ailments of the legs for which it is prescribed. Horsemen, wherever they try it, and having once tried it, do not think they would run a stable without it. The cost of the preparation is a small item compared with the benefit that is derived from its use.
