

and preached on Saturday evening to quite a congregation in a dwelling house, it being too far to go to the school-house, and a very good meeting we had in this primitive fashion.

Sabbath, the 26th, went about two and a half miles to the school-house and preached again in the morning. In the afternoon at three o'clock preached at the River de Chute, and as it commenced to rain we had no evening service. And now we returned home, having finished the work which we promised the District Meeting to do. We have visited all the churches in the District, and held a Sunday service in all but two of them; and a week day service in quite a number of them as well. And now a number of reports have to be written, and we need a few days' rest before the General Conference anyway. I shall conclude this report by inserting a few thoughts that are written in another report intended for the District Meeting. A man to labor on the Tobique River, another on the east side of the River St. John, and another on the west side is a necessity so far as the best interests of the District are concerned. And a man if he works for God and lives among the people in my opinion would get a pretty fair support. I shall enter my protest against the practice of taking three or four of these churches, picking them out here and there, and letting all the rest be cared for as they can. My protest may not be of any use, but still I am sure if the District is to rise and prosper there must be a combination of effort. One must help the other, and they that are strong must bear the infirmities of those that are weak. If something like my plan is not followed, then the churches of the First District will remain in the same forsaken condition that they are in at the present time. "I speak as unto wise men, judge ye what I say." I need write no more; my prayer is that the churches of the First District may soon see better things than they are enjoying at present. Collections in the month for the Mission \$15.11.

Tracey Mills, C. Co., Sept. 30.

FROM REV. A. C. THOMPSON.—It affords me very much pleasure to speak through you again to the friends of the INTELLIGENCER (and every Free Baptist in both these provinces, we think, ought to be its friend to the extent of producing at least one subscriber for every family) of my visit to the N. S. F. B. Conference. Our esteemed Bro., Rev. John Perry, the delegate appointed, not being able to attend, notified me, his substitute, to that effect, and the duty thus suddenly assigned to me was far from being an unpleasant one. I was pleased with the idea of visiting and making the acquaintance of our N. S. Free Baptist friends, of which Bro. Kinney had written me so glowingly. Although very busy, my pastoral duties during the summer having been very much neglected on account of my work on building committee of parsonage, with moving, etc., etc., which followed, the kind people I minister to, who are very charitable to their minister's failings, urged me to go and enjoy myself. The arrangements were quickly made, and on Tuesday, P. M., (Sept. 7th) I was speeding on the way to St. John, en route. I was very glad to meet on the train Bro. Babcock who was on his way to the same place. That evening we spent at Hotel Ottawa, St. John, (Bro. Cosman's, who by the way knows how to keep a hotel and make you feel perfectly at home). On the morning we embarked on the steamer to cross the bay, and this to me was a new experience which I entered upon with some misgivings, the troubled character of this part of the Atlantic having been repeatedly portrayed to me. For the first four or five miles it was very smooth though quite foggy. A smart breeze then sprang up, and more and more, "always more to follow," was the motion of the vessel. Soon complaining was quite general and the "O My" ejaculations as described by Mark Twain were quite frequent. I began to suspect that perhaps this might have been the reason Bro. Perry did not come. It soon became quite rough, and Neptune was inexorable in exacting tribute; the exceptions were very few. Bro. Babcock and myself luckily being among them. We arrived at Digby about 1 P. M. with only one mishap (breaking of one of the flanges on one of the wheels). Digby upon first sight is not very attractive, and the dilapidated condition of the wharf, with the tug and scow approaching to take off passengers, only intensified first impressions. We reached the shore however, and after eating a hasty lunch were on our way towards Yarmouth on the Western Counties Railway. The train was a slow one, a freight and passenger, and as the scenery was far from being attractive the ride was a tedious one. It was past 6 P. M. when we reached Hebron where carriages were in waiting to take us to Beaver River, 8 miles distant. I was glad to meet Capt. McHenry, my kind host, on the boat. At Hebron we found George Brown, the genial and obliging committee-man, in waiting with sufficient teams to transport us, and soon we found they kept very good horses in this part of Nova Scotia—"those that need no 'pushing on the lines' best describe them. We were glad to get to the home allotted to us, and we quickly found that our kind hosts, Capt. and Mrs. McHenry, were a host in themselves in the entertainment of strangers, and the longer we staid the better we liked our home, for they were exceedingly kind and lavish in their hospitality. "God bless them." Bro.

Siddall having given you a report of the Conference I will not repeat it here. I was glad to meet and renew old acquaintance with Bro. Kinney, and found him the same busy energetic worker he always was, only more so. I was also much pleased to note the harmony and brotherly love that prevailed throughout the entire session of Conference, and came to the conclusion that the Free Baptists in Nova Scotia are a live, energetic, progressive people, bound to prosper. I liked the place, the people, and the spirit they manifested, and was tempted to say at one time, "Almost thou persuadest me, too, to come this way." Sunday evening I spent with Bro. Crowell in Yarmouth, and enjoyed myself very much. They have a fine church and their pastor is highly esteemed. He has done good and faithful work in building them up. Tuesday evening went to Sanford and listened to Bro. Kinney preach. I enjoyed the service much. Bro. K. is highly esteemed by the people, and he is now in his element in his chosen evangelistic work. Wednesday evening I spent with Bro. Crowell again, and at his request talked to the people, and upwards of forty took part in the service; it was good to be there. Bro. C. was encouraged and the people likewise. Thursday we were homeward bound. I had more time now to look around in Digby and found reasons to change my first impressions, and became convinced it is quite a pretty place. I arrived home safely, much pleased with my trip, Friday P. M. The Sunday previous I baptized eleven converts here of the Salvation Army, and on my return last Friday received some of them into the church here, among which was the lady officer who had charge. I expect (D. V.) immediately after Conference closes to start on my vacation to the U. S., to return about December 1st.

THE FEAR REACHING.

Perfume of a good name heralds the claim that Putnam's Painless Corn Extractor is a sure, certain, and painless remedy for corns. Fifty imitations prove it to be the best. At druggists.

Nearly all diseases that afflict humanity originate in the stomach, liver or bowels, and might be prevented if people would use a little common sense; but they will not. They rather take Parsons' Purgative Pills, because one is a dose.

IN GOOD REPUTE. James McMurdoch, writing from Kingsale; says: "B. B. B., as a remedy for the diseases of the blood, liver and kidneys, has an excellent reputation in this locality. I have used it, and speak from experience, as well as observation. It is the only medicine I want, and I advise others afflicted to try it."

W. M. MILLER.

As a speedy cure for Dysentery, Cholera Morbus, Diarrhoea, Colic, Cramps, Sick Stomach, Canker of the Stomach and Bowels, and all forms of Summer Complaints, there is no remedy more reliable than Dr. Fowler's Extract of Wild Strawberry. Dealers who sell it, and those who buy it are on mutual grounds in confidence of its merits.

Mr. Henry Graham, Wingham, writes: "I was in North Dakota last May, and I took a bottle of Northrop & Lyman's Vegetable Discovery with me, as I did not feel safe without it. While there a lady friend was suffering with Indigestion, Biliousness and Headache. I recommended the Vegetable Discovery to her and she tried it, and the result was that it did her so much good that I had to leave the balance of the bottle with her."

IN A DANGEROUS CONDITION. Any man, woman or child is in a dangerous condition when neglecting a constipated state of the bowels. There can be no perfect health without a regular action of this function. Burdock Blood Bitters cure constipation by imparting a healthy tone to all the secretions.

HIGHEST PRAISE.

The well-known firm of N. C. Polson & Co., of Kingston, writes that Dr. Fowler's Extract of Wild Strawberry has long been considered the best remedy for Summer complaints in the market, and adds that their customers speak in the highest terms of its merits. Wild Strawberry is the best known remedy for Cholera Morbus, Dysentery and all Bowel complaints.

Dr. J. D. Kellogg's Dysentery Cordial is prepared from drugs known to the profession as thoroughly reliable for the cure of cholera, dysentery, diarrhoea, griping pains and summer complaints. It has been used successfully by medical practitioners for a number of years with gratifying results. If suffering from any summer complaint it is just the medicine that will cure you. Try a bottle. It sells for 25 cents.

THE SORT OF BLOOD from which the constituents of vigorous bone, brain and muscle are derived is not manufactured by a stomach which is bilious or weak. Uninterrupted, thorough digestion may be insured, the secretive activity of the liver restored, and the system efficiently nourished by the aid of Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure. It is the greatest blood purifier ever introduced into Canada.

Rheumatism is the most painful and most troublesome disease that afflicts humanity. It comes when we least expect it and when we have no time to be interviewed by it. The only reliable remedy that we ever found is Johnson's Anodyne Liniment.

ADVICE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of Cutting Teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it; mothers; there is no mistake about it. It cures Dysentery and Diarrhoea, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. jun16lyr

M. A. St. Mars, St. Boniface, Manitoba, writes: "Dr. Thomas' Electric Oil is a public benefit. It has done wonders here, and has cured myself of a bad cold in one day. Can be relied upon to remove pain, heal sores of various kinds, and benefit any inflamed portion of the body to which it is applied."

C. A. Livingstone, Plattsville, Ont., says: "I have much pleasure in recommending Dr. Thomas' Electric Oil, from having used it myself, and having sold it for some time. In my own case I will say for it that it is the best preparation I have ever tried for rheumatism."

FATAL ATTACKS.

Among the most prevalent fatal and sudden attacks of diseases, are those incident to the summer and fall, such as Cholera Morbus, Bilious Colic, Diarrhoea, Dysentery, etc., that often prove fatal in a few hours. That every reliable remedy Dr. Fowler's Extract of Wild Strawberry, should be at hand, for use in emergency.

PEARLINE. With this article, it is claimed, the family washing can be done with ease, with economy and despatch, and as it is thoroughly disinfectant, it will be seen that whenever used the result is pure and healthful. As there are imitations of this in the market, be sure and get the genuine, manufactured only by JAMES PYLE, New York.

A MODERN MIRACLE.

In a recent letter from R. W. Dowton, of Deloraine, Ont., he states that he has recovered from the worst form of Dyspepsia after suffering for fifteen years; and when a council of doctors pronounced him incurable he tried Burdock Blood Bitters, six bottles of which restored his health.

READ THIS.

The most serious outcome of modern social life is the prevalence of Dyspepsia and Indigestion. No one is altogether free from one or the other of the manifold forms in which this scourge attacks the human body, and it would seem that no dietetic rules can be framed which would ensure deliverance from the insidious attacks of this foe, which, however mild, are liable to pass into the more confined or chronic state of the complaint particularly when they occur frequently or are neglected. Every person suffering from Indigestion, Dyspepsia, Stomach out of order, Constipation, Sick Headache, Loss of Sleep, Nervousness, Jaundice, Bilious Complaint, Bad Breath, Loss of Appetite, etc., should try
