

Denominational News.

NEW BRUNSWICK.

SUSSEX.—The meetings at Sussex have been blessed by the quickening of many Christians; and there have also been several conversions. On the 28th ult., Bro. McDonald baptized four converts, and on the 14th inst., he baptized seven. Besides those baptized four others were added to the church.

CORNHILL, K. Co.—A correspondent writing on the 8th inst., says: "We have had quite a good revival. Bro. Thompson held meetings for four weeks nearly every night and day. You had an account of six baptized; there were four more on Sunday, 21st ult. There was also a very good strengthening of the church members. Bro. T. worked very faithfully. He is going to hold special meetings this week in Graves Settlement."

FROM REV. J. A. ROBERTSON.—Permit me space in the INTELLIGENCER to report the grand success the sisters of Beaver Harbor had with the fair and supper which they held on the 5th of February. They realized \$118.73, and had a very enjoyable time. The sisters of Beaver Harbor evidently enjoy doing all they can for the support of the Gospel. They told me when I went there, that they would raise half my salary if the brethren would raise the other half. I do not fear but they will do all they say they will. May the Lord bless them in all their undertakings.

I wish to say that Sabbath the 18th, I will be at Kars. I was unable to be there on my last appointment, on account of the heavy snow storm. I will (D. V.) preach at the school-house in the morning at 10.30, and at the meeting-house at Long Point, in the evening at 6 o'clock.

JOHN A. ROBERTSON.

FROM REV. J. G. MCKENZIE.—As some of the ministers have reported, I thought a short report from me would not be out of the way. I have not been from home much this winter, as I have not been very well, and my eye-sight has not improved. As the days are growing longer and warmer, I feel somewhat like Paul, who said to Barnabas, "Let us go again and visit our brethren in every city where we have preached the Word of the Lord, and see how they do." So, if my health permit, I purpose spending some time among those churches where I have laboured in the past.

J. G. MCKENZIE.

Jerusalem, March 8th.

NORTH HEAD.—Six converts were baptized by the pastor of the North Head Church. The meetings will be continued this week.

March 10th.

UPPER GAGETOWN.—The church at Upper Gagetown was in a very low condition. Some of its members were removed by death, including the Deacon; others had moved to other places, and the church to all appearances was dead. But, as it has well been said, it is hard to kill a Free Baptist church; the saying has proved true in this case, for about two years ago it awoke from its lethargy, and realizing its weak condition, called Rev. J. G. McKenzie to its assistance. He commenced to labour there, and saw quite a number added to the church; the old members also received more spiritual life and energy. Bro. M. remained with them until last fall. They bought a very beautiful organ to help them with their singing. As their resources were small, and their wants many, one of the lady members proposed to make an autograph quilt. The idea was taken up and pushed vigorously by some of the young ladies. When finished and sold they realized the handsome sum of seventy-five dollars. For their interest and perseverance they deserve much credit. It was bought by Mr. T. McMullin and wife, and presented to their former pastor, Rev. J. G. McKenzie and wife, as a birth-day present, for which they tender their heart-felt thanks.—Com.

MONCTON.—The work of God here has advanced. Souls pardoned and fully saved. Baptism yesterday. We have been much encouraged. Glory to God! Bro. Colpitts leaves us to-day. May the power of God go with him. We are saved to the "utmost." Hallelujah! W. B. WIGGINS.

March 15, 1886.

PERRY POINT AND NARROWS.—Writing on business I drop you a few lines also relative to Brother Henry Perry of Havelock, Kings Co. The churches at Perry Point and Narrows have engaged our young brother to labor with them half the time during the Conference year. He preached at Perry Point meeting-house at 10.30 A. M., and at Lake View school-house at 2.30 P. M. on Sabbath, 21st ult. Bro.

Leonard Slipp of Woodstock was with him and rendered efficient service. Bro. Perry's sermon that day would, in my opinion, do credit to a doctor of divinity so far as fluency of speech and Bible doctrine were concerned, and the people say that he preached better last Sabbath. I was pleased and astonished to hear so young a preacher enunciate the truth so fearlessly and impressively. If he lives near to the Lord he will be a power for good in the denominational field. We are hoping and praying for good to result from his labors here.

THOMAS O'DONNELL.

LOWER SOUTHAMPTON, YORK CO.—Thursday, 11th inst., was observed as a day of prayer and fasting, from 8 A. M. till 4 P. M. The meeting was very well attended, and it was a Pentecostal season. The church is in good working order. We are praying for and expect a revival. We are asking the Lord to send some one of His servants to help us. * * * We intend (D. V.) to begin special meetings in the Naekawik meeting-house next Tuesday, 16th inst. Pray for us.

March 12th.

A. THORNTON.

NOVA SCOTIA.

REV. E. CROWELL, of Yarmouth, is, we are sorry to learn, quite ill. A card from Rev. W. C. Weston, written on the 6th inst., says he (Bro. C.) has been confined to his house for more than five weeks with acute rheumatism. We hope soon to hear that he is fully recovered. Meantime we are sure he will have the sympathy and prayers of his brethren.

FROM REV. W. M. KNOLLIN.—We have a good religious interest at Little River, Yarmouth Co. I have baptized ten persons and added them to the church. There are others whom I hope to baptize soon. Bro. Crowell of Yarmouth has been very sick for several weeks; he is a little better at present, but it will be some time before he will be able to resume work for the Lord of the harvest. There is a good interest at Beaver River. Bro. J. I. Porter baptized there last Sunday. You will doubtless receive particulars soon. My health is much improved. I have brought the claims of the INTELLIGENCER to the attention of my churches. I send you some renewals.

W. M. KNOLLIN.

REVIVALS.

Houlton, Me., is experiencing a deep and widespread revival. Several churches are co-operating in the work. Rev. B. Minard wrote a few days ago: "We are having a glorious work of grace here, the greatest the place has ever witnessed."

Rev. Sam Jones, in the last service held by him in Music Hall, Cincinnati, said that he thought that twenty thousand Christians had been quickened since the meetings began, and that five thousand sinners had been converted. As many as one hundred were converted in a single service.

The meetings of Messrs. Moody and Sankey, in New Orleans, have been attended by immense crowds, and the interest was kept up during the ten days they were continued. Large results have followed the direct and simple preaching of the Gospel. From New Orleans Mr. Moody and his faithful labourer, Mr. Sankey, go to Texas, and hold meetings in Houston, Galveston, and other cities, and then pitch their tent in Alabama cities, spending the latter part of March in Charleston, S. C.

From reports of revivals the N. Y. Advocate takes the following, almost at random, as indicative of the widespread work of God going on all over the country: In Birmingham, Mich., 100 have joined the church; at Taberg, N. Y., 300 have been gathered in, the skating-rink and billiard-saloon have been closed and their keepers converted; at Phillipsburg, N. J., 140; at Second street, Zanesville, O., 160; at Dayton, Ohio, revivals in all of the five churches—70 conversions in one, 200 in another; at North Adams, Mass., all the Protestant churches have united in the services, several hundred have been converted, a noon-day prayer-meeting is held in the police-court room, and to accommodate the throngs of worshippers school-buildings and banks have been turned into places of public prayer.

LITERARY NOTES.

OUR LITTLE AND MEN WOMEN (D. Lothrop & Co.) for April, has a sketch "Easter Monday at the White House," which gives an account of the annual egg-rolling at the National Capitol; a little true story of "A Colorado Donkey," and a talk about "Balloons and Air Ships," fully illustrated. "The Adventures of Columbus" find him this month in Spain. Other brief sketches with verses make up this number of the bright little magazine which is profusely illustrated. Only \$1.00 a year.

MISSIONARY NEWS.

—Dr. Sims, a missionary on the Congo, says that the natives are very severe in their treatment of thieves, often tying them to trees and allowing them to perish from hunger and exposure.

—The contributions by Evangelical Christendom to-day for missions to the heathen come to \$8,000,000, a sum more than thirty-fold greater than that raised eighty or ninety years ago.

—There were 420,768 Mohammedan children attending school in Bengal last year, an increase of 28,765 over 1884. There were also 75,770 girls at the 2,309 girls' schools, an increase of 10,887 scholars and 524 schools.

—The Jewish rabbis of New York are agreed, it is reported, that the Passover must be always celebrated with unfermented wine. Fermented liquor of any kind comes under the category of leaven, which is so often prescribed in the Old Testament.

—Bishop Wm. Taylor has addressed a letter to "his fellow workers in self-supporting missions" asking for help to provide for the passage of the band of missionaries he expects to sail on the 20th March. He says that twenty will be wasted this year. His purpose is to plant missionary stations fifty miles apart as "lighthouses amid the shades of the Dark Continent," and estimates the entire cost of sending out a missionary and putting him on one of these missions on a self-supporting basis to be \$500. This amount includes expenditure for buildings and tools and implements, and whatever else is necessary to the establishment of schools and industrial farms, toward which, it is evident, he expects the natives to do their full share. Thus far he has met with the most encouraging success, and has greatly disappointed a whole army of croakers who saw nothing but disaster in his plan of operations.

TEMPERANCE NOTES.

—There is a temperance awakening in St. Stephen. Howard Division, S. of T., is receiving many new members.

—The King and Queen of Sweden, it is reported, have signed the pledge; not that their majesties have hitherto shown inclinations to inebriety, but as an encouragement to the temperance cause.

—The Swedish Government has promised the Good Templars a state subsidy to enable them to fight all over Sweden against alcohol. The King of Sweden is unreservedly in favour of Prohibition as the only cure for the drink evil. He declares that almost all the crime and abject misery in his realm are caused by drink.

—The Dominion Prohibitory Alliance has just held its annual meeting in Ottawa. The reports of the year's work were encouraging. It is proposed to test the Commons on the question of Prohibition. Steps were taken to prevent, as far as possible, the rum-runners' assault in Parliament on the C. T. Act.

—The meeting of the N. B. Prohibitory Alliance, held in Fredericton, on Thursday, was well attended by representative temperance men. Reports were heard from delegates; and the whole question of the present need was discussed. It was resolved to ask the Legislature to pass a bill to provide machinery for the better enforcement of the C. T. Act. It was also voted to endeavour to induce the Board of Education to make compulsory the teaching of temperance principles in the public schools. The public meeting in the evening was addressed by several gentlemen in good speeches.

ALL SORTS.

Oxberience was a bully deacher. Der only trouble mit him vos dot he gifs his knowledge cut when it vas pooty late.

A Baptist missionary in Japan has just lost his whole church membership because they will not tolerate the practice of close communion.

During the last thirty years war has caused in Christian nations the loss of 2,000,000 men and of \$15,000,000,000; the yearly expenditure of these nations on standing armies is \$2,500,000,000.

Louis Kossuth, now in his eighty-fourth year, is in excellent health and is at work upon the fourth volume of his Memoirs. He writes from six to seven hours daily—which would be a reasonable limit for a much younger man.

RAPID WORK.

"For two years I was troubled with dyspepsia—could neither labor nor find relief. Less than one bottle of B. B. relieved me—3 bottles cured me." So says John A. Rappall, of Farmerville. Burdock Blood Bitters cures dyspepsia, liver and kidney complaints, and all impurities of the system. mar17 3i.

AN OLD-TIME FAVORITE.

There is no other remedy that has stood the test of time so long as has Hagar's Yellow Oil for rheumatism, neuralgia, lame back, pains in the chest, colds, croup, sore throat, deafness, and most painful affections. mar17 3i.

A COMPLETE BREAKDOWN.

"For ten years," says Jennie M. Harrett, of Wallaceburg, Ont., "I did not see a well day—was all broken down with dyspepsia, liver complaint, catarrh and debility. Three doctors abandoned hope for me, when Burdock Blood Bitters came to my rescue. It is the best medicine I have ever taken. I say this for the benefit of all suffering as I did." mar17 3i.

SURE CURE FOR RHEUMATISM.

If the system is properly cleansed by some medicine that acts upon the bowels, kidneys and skin, such as Burdock's Blood Bitters, and the sufferer will use Hagar's Yellow Oil according to directions, there are few cases of rheumatism, however bad, but will yield promptly to the treatment. mar17 3i.

WILL TAKE OATH TO THE FACT.

Edward Cousins, of Ranson, declares he was at one time nearly dead from the effects of a terrible cold and cough. He tried many remedies but Hagar's Pectoral Balsam was what cured him. He speaks in highest praise of it in other cases, and adds that he is willing to take oath to his statements. mar17 3i.

AN OBSTINATE CASE.

"In the spring of '83 I was nearly dead, as everybody around my neighborhood knows. My trouble was caused by obstinate constipation. One bottle of Burdock Blood Bitters cured me entirely." This statement is made by Walter Stinson, of Gorrie, Ont. mar17 3i.

Johnson's Anodyne Liniment is richly worth \$10 a bottle in certain cases. For instance, in cases of diphtheria, croup and asthma when the sufferer is almost dead for want of breath and something is required to act instantly. It costs only 25 cents.

Veterinary surgeons all over the country are fiercely denouncing parties who put up extra large packs of worthless trash and sell it for condition powders. They say that *Sheridan's Cavalry Condition Powders* are the only kind now known that are worth carrying home.

PUTNAM'S CORN EXTRACTOR

is the best remedy for corns extant. It acts quickly, makes no sore spots and effects a radical cure. A hundred imitations prove its value. Take neither substitutes offered as good nor the close imitations of the genuine too often offered.

A BOON TO HOUSEKEEPERS. Washing day and house-cleaning time lose their terrors when the thrifty housekeeper uses JAMES PYLE'S PEARLINE.

There are so many cough medicines in the market, that it is sometimes difficult to tell which to buy; but if we had a cough, a cold, or any affliction of the throat or lungs, we would try Bickle's Anti-Consumptive Syrup. Those who have used it think it is far ahead of all other preparations recommended for such complaints. The little folks like it as it is as pleasant as syrup.

The cheapest medicine in use is Dr. Thomas' Electric Oil, because so very little of it is required to affect a cure. For croup, diphtheria, and diseases of the lungs and throat, whether used for bathing the chest or throat, for taking internally or inhaling, it is a matchless compound.

Volumes of bombast have been published about the multifarious and irreconcilable effects of many proprietary remedies. The proprietors of Northrop & Lyman's Vegetable Discovery content themselves with facts susceptible of proof. They state their Purifier to be what it has proved itself to be, an eradicator of Dyspepsia, Constipation, Liver and Kidney troubles, and a fine general alterative.

READ THIS.

The most serious outcome of modern social life is the prevalence of Dyspepsia and Indigestion. No one is altogether free from one or the other of the manifold forms in which this scourge attacks the human body, and it would seem that no dietetic rules can be framed which would ensure deliverance from the insidious attacks of this foe, which, however mild, is liable to pass into the more confined or chronic state of the complaint particularly when they occur frequently or are neglected. Every person suffering from Indigestion, Dyspepsia, Stomach out of order, Costiveness, Sick Headache, Loss of Sleep, Wakefulness, Jaundice, Bilious Complaint, Bad Breath, Loss of Appetite, etc., should try
