NEW BRUNSWICK.

FREDERICTON.—Last Sabbath was Children's Day in the Fredericton church. In the morning the pastor preached to the children, the singing being by the Sabbath-school. In the evening the whole service was by the children, consisting of music, recitations, &c., &c. It was a very interesting and, we believe, profitable service.

ERR SETTLEMENT, K. Co.—Bro. J. A. Porter writes that the Lord made his visit to Err Settlement a blessing to the church. One sister was baptized by Bro. McDonald.

He also says that the interest at Five Points, A. Co., is good.

NOVA SCOTIA.

FROM REV. J. J. BARNES.—I do not often ask my brethren to read my letters. Well this one, like myself, will be short.

Of myself I have little to say, for, heaven knows, my best works are not worth talking about. This I may say, however, that if I were rich I would order and pay for a few dozen copies of the *Intelligencer* to be sent this way, as some of our friends here feel that they are too poor just now to pay for the paper. I am still in the Master's vineyard and feebly toiling on in the labour of saving souls, and, as always, think it the best employment in the world. I hope that my health may remain good as it is at present, that the whole of life may be actively spent in the services of the Master. With this, I should feel like asking for little else. The work here is getting on very well. It is not for an occasional feeling of home-sickness and a desire to look into old and familiar faces, I might say we were never more happy than now. But why complain? If it were not home-sickness it would be some other kind of sorrow. It has been a long time since I learned to be willing to take what the Master brings to us and call it good, and good it has always proved to be.

Our friends here (Kemptville) are very kind to us. A few days ago, the young men on the west side of the river, presented us with a very nice carpet; for this expression of kindly feeling towards us we are very thankful. May heaven bless them more and more. It is well for us that we are needy sometimes, for it shows us our friends. But what of the religious interest? Some will ask. Well it is very good. The prayer-meetings are interesting. Wanderers keep coming home; in nearly every prayer-meeting new ones come out on the Lord's side; indeed nearly all the resident members of the church are at work now. Two women were baptized a short time ago, and received into the church. Others are expected to be baptized soon. The Sabbath-school is in excellent condition. Bro. E. Ring is superintendent here, and is faithful to his duty. He and his staff of live teachers are doing a noble work for God and the community.

Bro. Durkee, the efficient superintendent of the Carleton Sabbath-school, with his circle of workers, is also doing well. Carleton is being blessed of late. Union special meetings are being held with the different churches, Baptist, Free Baptist and Presbyterian. The Free Baptist people of Carleton have been repairing their meeting-house, principally painting it. It cost them a little over one hundred dollars. The inside of the church is beautifully painted, and a new and neat pulpit and platform takes the place of the old ones. The brethren are very tidy in religious things, and take good care of the Lord's house.

Forest Glen or Upper Carleton, as it is sometimes called, is getting on very well. Bro. Nelson Brittain is superintendent of the Sabbath-school and deacon of the church. Bro. B. is a noble Christian worker. May heaven spare him to bless and cheer his brethren for many years yet, for he is a great comfort to us in our work. I hope I have not wearied your patience.

TEMPERANCE NOTES.

—The Niagara, Ont., Methodist Conference has passed resolutions pledging its members to vote in future for none but prohibition candidates. This is a step in the right direction.

—The drink bill of the people of the United States—that is to say, the sum spent in the purchase of intoxicating liquors, to be used as a beverage—is estimated to be nine hundred million dollars a year. This huge amount is worse than wasted, since the liquors bought and consumed entail enormous evils upon the consumers and their families, in many cases pauperizing them, and in others leading to the commission of crimes. The conflict between capital and labor is far less serious than the conflict between rum and a successful life. Rum has a much harder heart than can be found in the bosom of any employer, and is vastly more exacting in its demands.

—Temperance is more and more commanding the attention of the British churches. On the second Sunday in May temperance sermons were preached in hundreds of Episcopal pulpits. On the following Tuesday the annual meeting of the Church Society was held in Princess Hall, Piccadilly, under the presidency of the Bishop of Oxford. The income was reported to be about \$30,000, and the expenditure only slightly over \$15,000. The total membership was 692,785, being an increase over last year of 39,000. During the year articles of printed matter were sold to the number of 1,500,000. Among the Wesleyans the cause is being zealously pushed. The temperance committee of their conference, after some years of consideration, have come to the conclusion that the time has arrived for the appointment of a visiting and organizing secretary, who will give his whole time to temperance work.

JOURNALISTIC.—The *Baptist Weekly* has just completed its forty-second year. Fourteen of these years it has been under the editorial management of Rev. Dr. Patton. No paper we receive is better edited. It is, in every respect, a most excellent Christian weekly. We trust the editor may live many more years to carry on a work for which he is so eminently fitted. . . . The *New Brunswick Journal of Education* is the name of the newest member of the journalistic family in this Province. It is devoted to the interests of teachers, and promises to be a good paper in the line to which it is devoted. The first number looks well and reads well. Mr. Geo. U. Hay, Ph. B., and Mr. W. S. Carter, M. A., are the editors. It is printed at the office of Barnes & Co. It will be issued fortnightly. Fifty cents a year is the subscription price. . . . The *Cape Sable Advertiser*, published in Barrington, N. S., is a new candidate for public favor. It is a political paper, advocating the cause of the Dominion Liberal party. The editor has had experience in journalism, and will doubtless make an interesting paper.

PERSONAL.—From a paper published in Kerryville, Texas, we clip the following complimentary reference to Rev. J. H. Erb:

The Rev. Mr. Erb held services in the Union Church several evenings this week, beginning with Tuesday. His lectures were eloquent and convincing, and were attentively listened to and thoroughly appreciated by his congregations, which were large ones. Mr. Erb is an evangelist widely and favorably known, and will remain with us for some time, probably several weeks. The church is now well seated; therefore an invitation in that direction is inexcusable. If the weather will permit, services will be held to-morrow, Sunday, at the usual hour, and everyone is earnestly invited to attend. Do not shun his meetings; he may not be with us again for many months. Bring your friends with you.

ALL SORTS.

A *Ninipo* (China) boarding school insists on unbending of the feet as a requisite for admission. Number of pupils, twenty-seven.

Good advice for other highways of life is the painted admonition to the street-car driver, "Walk your horses on curves and switches."

"Oh, ma, I have heard such a splendid minister. He stamped, and pounded, and got mad, and shook his fist at the folks, and there wasn't anybody dared to go up and fight him."

Mr. Beecher contends that the Ten Commandments did not originate on the top of Mount Sinai. As Mr. Beecher maintains that the human family descended from monkeys, he probably believes that the Commandments originated in the top of a coconut tree.

The pauperism of London is a little on the increase; but it is fearful to read that in Paris, with its 2,000,000 inhabitants, there are 200,000 paupers. London at present, with its 4,000,000 of people has 100,000 paupers. This means in proportion to the population four French paupers to one English.

A farmer was hoeing on his patch when one of those town loafers approached. "Farmer B., what do you think of the business outlook? We are all talking about it at the store, and they sent me up to hear what you had to say." "Tell 'em if they will stop talking and go to hoeing that the country will prosper without any outlook."

A story is told about Mr. Spurgeon, who has lately turned vegetarian, and has been visiting the south of Europe. A sumptuous lunch was given in his honor at San Remo, and Mr. Spurgeon was invited to say "grace" before the feast began. Casting a rapid glance over the table, and observing the profusion of meats and other viands served, the celebrated preacher ejaculated, "Lord we thank you that we do not often get such a meal as this, else we should be ill!"

A WEDDING PRESENT.

Of practical importance would be a bottle of the only sure-pop corn cure—Putnam's Painless Corn Extract—which can be had at any drug store. A continuation of the honeymoon and the removal of corns both assured by its use. Beware of imitations.

ADVICE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of Cutting Teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it; mothers; there is no mistake about it. It cures Dysentery and Diarrhoea, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's SOOTHING SYRUP," and take no other kind.

Why will you allow a cough to lacerate your throat or lungs and run the risk of filling a consumptive's grave, when, by the timely use of Bickel's Anti-Consumptive Syrup the pain can be allayed and the danger avoided. This Syrup is pleasant to the taste, and unsurpassed for relieving, healing and curing all affections of the throat and lungs, coughs, colds, bronchitis, etc., etc.

Mr. R. C. Winlow, Toronto, writes: "Northrop & Lyman's Vegetable Discovery is a valuable medicine to all who are troubled with indigestion. I tried a bottle of it after suffering for some time, and the results are certainly beyond my expectations. It assists digestion wonderfully. I digest my food with no apparent effort, and am now entirely free from that sensation, which every dyspeptic well knows, of unpleasant fullness after each meal."

PERSONS OF SEDENTARY HABITS, the greater part of whose time is passed at the desk, or in some way bent over daily tasks, cramp the stomach, weaken its muscles, and incur dyspepsia early. Their most reliable and safest medicinal resource is Northrop & Lyman's Vegetable Discovery, the Great Blood Purifier, and which is especially adapted to Indigestion, Biliousness, Constipation and Poverty or Impurity of the Blood.

A GROWING EVIL.

Scrofula, or king's evil, as an enlargement of the glands of the neck is termed, may be called a growing evil in more than one sense. Mrs. Henry Dobbs, of Bertridale, was cured of enlarged glands of the neck and sore throat by the internal and external use of Hagar's Yellow Oil.

It would seem that the commonest kind of common sense ought to prevent a man from buying trash, simply because he can get a big pack for 25 cents. *Sheridan's Cavalry Condition Powders* are strictly pure, and are worth a barrel of such stuff.

A FAIR PROPOSITION.

There could be no offer more fair than that of the proprietors of Hagar's Yellow Oil, who have long offered to refund every cent expended for that remedy, if it fails to give satisfaction on fair trial.

If any of the readers of this paper are growing deaf, let them get at once a bottle of *Johnson's Anodyne Liniment*. Rub well behind the ears and put a little into the ear with a feather.

DECLARED INCURABLE.

E. C. McGovern, of Syracuse, N. Y., who is a well-known resident of that place, was declared incurable by his physician, the disease being a complication of kidney and liver complaint. In two days he found relief in Burdock Blood Bitters, and in one month he entirely recovered.

The people of this country have spoken. They declare by their patronage of Dr. Thomas' Electric Oil, that they believe it to be an article of genuine merit, adapted to the cure of rheumatism, as well as relieves the pains of fractures and dislocations, external injuries, corns, bunions, piles, and other maladies.

QUININE AND CHILLS.

Quinine is the popular remedy for chill fever, but it does not always cure. Esquire Pelton, of Grass Lake, Michigan, took in all 600 grains of quinine for chronic chills and malarial fever. After that and various other remedies had failed, five bottles of Burdock Blood Bitters cured him.

Jos. Beaudin, M. D., Hull, P. Q., writes: "Dr. Thomas' Electric Oil commands a large and increasing sale which it richly merits. I have always found it exceedingly helpful; I use it in all cases of rheumatism, as well as fractures and dislocations. I made use of it myself to calm the pains of a broken leg with dislocation of the foot, and in two days I was entirely relieved of the pain."

HIGH PRAISE.

Mrs. John Neelands, writing from the Methodist Parsonage, Adelaide, Ont., says: "I have used Hagar's Pectoral Balm in our family for years. For heavy colds, sore throats and distressing coughs no other medicine so soon relieves."

FOR WASHING CLOTHING, and all laundry and cleansing purposes, JAMES PYLE'S PEARLINE is a favorite compound. Does not injure the fabrics, and saves a great deal of labor. Sold by grocers.

A COMPLICATED CASE.

Harry Ricardo, of Meaford, Ont., testifies that he suffered from rheumatic gout and chronic trouble of the stomach and liver, which Burdock Blood Bitters effectually cured, after all other tried medicines had failed.

St. John, N. B., Oct. 22nd, 1881.

Messrs. T. B. Barker & Sons:

Gentlemen,—Having had occasion to use Fellows' Leeming's Essence at different times, I have to state that it is, without exception, the best remedy that I know of for Splints, Ringbone, Bone Spavin, and the different ailments of the horse for which it is prescribed. Horsemen everywhere should try it, and having once tried it, don't think they would run a stable without it. The cost of the preparation is a small item compared with the benefit that is derived from its use.
