

31st. Bro. Daniel Cox was chosen Moderator. Preaching Friday evening Eld. Jas. Boyd. The Social Conference, Saturday afternoon, was a very enjoyable meeting. Missionary meeting Saturday evening, Eld. A. Kinney presiding. Addresses were made by Elds. Kinney, Porter, Millar and Royal. Preaching Lord's day morning in F. B. Church by Eld. J. I. Porter, in the evening by Eld. A. Kinney; in the Baptist Church, Canning, evening, by Eld. J. I. Porter; in the Methodist Church by Eld. Wm. Millar; at Hall's Harbor by Eld. Jas. Boyd. Hall's Harbor church reported enjoying some revival interest. Elds. Porter and Millar had been there a week with the pastor. Black Rock was reported as low. Arrangements were made for Bro. Porter to go there. Canning and Avonport churches reported holding on the way, Halifax church as suffering from removals, but having good Conferences and social meetings, and preaching by Eld. Jas. Boyd. No actual report from Queens County churches. Eld. Kinney reported his intention to return and labor among them for a season, and that the churches in South Queens, Port Medway and Port Matoun want and need a pastor. The clerk offered his resignation, which was not accepted. Adjourned to meet at call of clerk in January, 1887.

TEMPERANCE NOTES.

—Eighty towns in Ohio have voted absolute Prohibition under the existing law.

—A map has been published for public circulation showing the exact position of 10,197 saloons in New York city, and also the location of the 447 churches and the 121 schools which the city supports.

—Malika, the Emir of Nupe, a country lying on the Niger, in a letter to Bishop Crowther, says: "Rum has ruined my country; it has made my people become mad. I have given a law that no one dares buy or sell it; and any one who is found selling it, his house is to be plundered; any one found drunk will be killed."

—A Chicago father entering a saloon saw an intoxicated boy. He saw that the besotted child was his own son. The father carried his helpless boy home leaving another young boy, also drunk, in the saloon. He warned the saloon keeper not to sell any more liquor to the boy, and was roundly abused by the saloonist for so doing. Still later the father found a crowd in that saloon circled about his son, who was again drunk. He, of course, interfered, and when attempting to get his boy out of the saloon was attacked by the keeper and an employee of the saloon, and was badly beaten.

DEPOPULATION.—Statistics show that the Fiji Islands are in danger of becoming depopulated. In the year 1884 there were 4,082 more deaths than births, and last year the ratio of mortality was even greater. There is something interesting and yet melancholy in this fact, for the British Government has done all in its power to increase the moral and material welfare of the natives, and to make their laws conform as closely as possible to the customs and traditions of their old life. But with all this care, civilization seems to weigh heavily upon them, and they miss the freedom of their savage state. Wild beasts cannot be tamed without danger of death, but experiments have proven that what is impossible with the mature animals may be accomplished with comparative ease by the proper training of the young. It seems to us that the case is much the same with men. The old savages die, but their children will grow up amid the civilizing influences of Christian light; and the future of the Fiji Islands is far from being the dismal picture presented by the recent reports in the secular press.—*Advocate.*

THE DEATH VALLEY of California is in the County of Inyo, is forty miles long by about eight broad, and every portion of it is desert, and about fifteen miles of its length seems to be fatal to life. The fatal thing about it is the atmosphere; and the first dangerous quality of the air is intense heat. It is often 125° in the coolest part of the valley. In several places the air is excessively dry. It is said that water cannot be drunk fast enough to overcome the desiccative properties of the air. It is said that birds drop dead while flying across the valley. Its central region has never been traversed by any one who returned to describe it. It lies away below the level of the sea, while its elevated borders, also charged with death, rise from 1,200 to 2,000 feet above the sea. The deepest part is 150 feet below the ocean surface. The fatal character of this trough of death has thus far prevented accurate observation of its climate. No man could live there long enough to collect the facts.

MELBOURNE McLEOD.—The manufacture of fruit syrups and culinary extracts has long been pursued in St. John, and previous to his embarking in this business on his own account, Mr. McLeod had made the preparation

of these goods a subject of special study for many years. During the past season he was a large purchaser of fruits for these purposes in this market, and his syrups have acquired an enviable reputation for purity and flavor. His cooking extracts are celebrated for their absolute purity and uniform strength, and are used exclusively by leading hotels and restaurants in preference to those of all other makers. These are put up in quart bottles for large consumers and in one and two ounce bottles for family use. Mr. McLeod makes a specialty of what is known as "ten cent extracts," which are put up in handsome boxes of one dozen each and are retailed at most of the stores in the city and Province. Other preparations manufactured by Mr. McLeod are McLeod's Rheum and Bone Liniment; Dr. Noble's great cure; magic tooth ache cure, etc., all of which have an extensive sale. His aim is to excel in every article he puts upon the market. Mr. McLeod's laboratory and office is at No. 36 Dock street.—*Sun.*

INDIA WHEAT.—India is coming to the front more and more as a wheat-producing rival of the United States; but the wheat exported from that country is much mixed with other grain, from the curious custom among the ryots of sowing several kinds of grain together. Where this is not the case, they deliberately mix trash and even dirt with the wheat, and this dishonest practice was introduced indirectly by the exporters themselves, who have established the custom of deducting twenty per cent. for trash, no matter how clean the wheat may be. There are many classes in the world who would do better work if better work received a better reward. Where any kind of commodity or labor is compelled at a cheap rate that commodity or labor will become cheap in fact. Moreover, many a person has been made worse by perpetually discounting all his efforts.

ADVICES from Durbar of Nov. 3rd, state that a general and apparently successful revolt is in progress among the natives against Portuguese authority in south east Africa. An American missionary, Rev. Mr. Wilcox, arrived in Durbar from the Portuguese settlement on the east coast above Transvaal. He reports as follows: The natives at Inhambane, a Portuguese port, 200 miles above Deleogaa Bay, rose up against Portuguese taxation, and murdered the collector on October 23rd. A battle was fought between 8,000 Portuguese and friendly natives on one side and 30,000 hostile natives on the other. The Portuguese were defeated and routed, and the loss in killed on both sides is estimated at 9,000 men. Wilcox says the Governor of Mozambique has gone into the country to endeavor to suppress the revolt and save part of Inhambane from falling into the hands of insurgents.

SUNDRIES.—Over \$18,000,000 has been expended on monuments in Massachusetts since 1861. The British Museum Library is increasing at the rate of more than 100 volumes a day. In the year 1880-85 no fewer than thirty-two books were published on Anglo-Israelism. It is very sad to think about, but Professor Woodward of Washington, declares that in about 2,220 years the rock over which the falls now flow, at Niagara, will be all worn away. "How to encourage the minister?"—Don't discourage him.

LITERARY NOTES.—BARNES' NEW BRITISH ALMANAC for 1887 is out. It contains, besides the matter common to all Almanacs, much general and statistical information.

The publications of H. L. Hastings, Boston, are good. THE CHRISTIAN, THE LITTLE CHRISTIAN, THE ANTI-INFIDEL LIBRARY, etc., are all helpful to the Christian life.

THE BIBLE STUDENTS' ALMANAC for 1887 has just been issued by the Willard Tract Depository, Toronto. Its plan is to harmonize with the Notes for Bible Study of the course of the Bible Reading and Prayer Alliance. Price 5 cents.

HARPER'S MAGAZINE for December is a fine Christmas number. Good as the Christmas numbers of other years have been, this surpasses them. Amidst all the improvements in magazines in late years Harper's holds its own.

THE FARMER'S POULTRY RAISING GUIDE has just been issued by I. S. Johnson & Co., Boston. It contains much valuable information for poultry raisers. The price is 25 cents. For 60 cents in stamps Johnson & Co. will send a copy of the Guide and two 25 cent packs of Condition Powders which they claim make hens lay.

Laying of the Corner-Stone of the Baptist Seminary.

The committee entrusted with the matter of making arrangements with the railways to convey passengers to St. Martins at the laying of the Corner-Stone of the Baptist Seminary have made the following provisions which include, at one fare, the conveyance of all persons from St. John and Sussex and intermediate points to St. Martins and return the same day. Passengers leave St. John on No. 2 Express train December 9th, at 7.30 A. M. Sussex 6.30 A. M., Hampton 8.30 A. M., and arrive at St. Martins 11.30 A. M. Return 3.30 P. M., and arrive in St. John 7.20 P. M., and Sussex 7.55 P. M. Standard time.

Returns for October show an increase of \$120,000 in exports of Canadian fisheries.

Marriages.

JOHNSON-HENDERSON.—In Carleton, on the 26th inst., by the Rev. G. A. Hartley, Mr. George E. Johnson, of Granville, N. S., and Miss Beckie O. Henderson, of Holdville, Kings Co., N. B.

JONES-JONES.—At Victoria Corner, on the 11th inst., by Rev. T. Connor, Mr. Willard Jones and Miss Emma Jones, all of Brookville, Carleton Co.

Deaths.

PARENT.—At Queensbury, York Co., on the 21st inst., Emma L., only child of Jesse and Hannah Parent, aged 13 years. "Of such is the kingdom of heaven."

McMILLAN.—At Benton, Sept. 27th, R. Nellie, aged 7 years 5 months and 2 days; and on September 29th, Donald K., aged 3 weeks—children of Donald A. and Mary J. McMILLAN.

JACK.—In Fredericton, on the 23rd inst., William Brydone Jack, late President of the University of N. B., aged 67 years.

WEBB.—At Blissville, Nov. 14th, Sterling V. Webb, aged 1 year and 11 months, son of Wilber and Jerusha Webb.

WEBB.—At Blissville, daughter of Joshua and Mary Webb, died Nov. 20th, aged 30 years. Her end was peace.

SHAW.—At the residence of her brother, Wolsey McMILLAN, Upper Pool, July 1886, of paralysis, Elizabeth, daughter of the late Rev. Charles McMILLAN, in the 70th year of her age.

HAMILTON.—At Kemptville, Yarmouth County, S. C., on the 1st inst., Isaac Hamilton, aged 76 years.

COSMAN.—At her son's residence, Kingston, Kings Co., October 10th, Betsy A., relict of the late James Cosman, in the 91st year of her age. Over fifty years of this long life the deceased had lived and walked with God. In submission to his command, and in communion with his spirit, grace had become to her soul a transforming power, and a well-spring of perpetual joy, moulding her life into sweetness of disposition, constant peace and unceasing in prayer. Children and grandchildren combine their testimony to the effect that anger, irritability, fretfulness or ill-temper, had no place in her daily life. Faithful to religious duties, no day passed without attending to family devotion, no meal was partaken without appropriate thanksgiving to the Giver of all good. Nor did the weakness and infirmities of old age overcome the power of inward grace or lessen the sweetness of disposition and the power of prayer. Every day manifested the truth of Scripture concerning the godly. "They shall bring forth fruit in old age; they shall be fat and flourishing." Death came not as a dreaded foe, but as a welcome messenger. The long day did not end in night, but "at evening time" she was at home in the arms of her Father. Twelve children had grown up under her care; all were settled in life, and all had become members of the Christian church before the circle was broken—an unusual thing in the history of families. The husband and five children preceded her in the change of worlds; seven yet remain united in mourning the departure of a loving Christian mother. "The memory of the just is blessed."—G. W. McD.

Business Notices.

A STRANGE CASE. Mr. Robert Kessick, of Coulson, Ont., has recently recovered from a remarkable disease—a tumor of the spleen with dropsy. The tumor estimated to weigh about six pounds. His medical counsel gave him no hope, but Burdock Blood Bitters cured him.

Geo. Dodge, Sr., a well-known citizen of Emporium, writes that one of his men (Sam Lewis) whilst working in the woods so severely sprained his ankle that he could scarcely get home, but after one or two applications of Dr. Thomas' Electric Oil, he was able to go to work next day.

NOTHING LIKE IT. "I was nearly up with a heavy cold, from which I got no relief until I tried Hagar's Pectoral Balm. I found it a sure cure. There is nothing like it," says Edward Cousins, Ransom, Ont.

JAMES PYLE'S PEARLINE is highly commended by all who have used it, for washing or cleansing purposes. It cleans the fabric without the tedious process of rubbing. Sold by grocers.

FOR THE YEAR 1887.

No better resolution can be made than to resist buying any of the substitutes offered as "just as good" as the great only sure-pan corn-cure—Putnam's Painless Corn Extractor. It never fails to give satisfaction. Beware of poisonous flesh eating substitutes.

Burdock Blood Bitters act at the same time upon the liver, the bowels, the kidneys and the skin, relieving or curing in every case. Warranted satisfactory or money refunded.

Orpha M. Hodge, Battle Creek, Mich., writes: "I upset a tea-kettle of boiling hot water on my hand. I at once applied Dr. Thomas' Electric Oil, and the effect was to immediately allay the pain. I was cured in three days."

UNSAFE.

"I never feel safe to be without Hagar's Yellow Oil; for sore throats, colds, swollen glands, &c., it has not failed to give relief, and for children it is so easy to administer." Mrs. Henry Dobbs, Berridale P. O., Ont.

Dr. J. D. Kellogg's Dysentery Cordial is a speedy cure for dysentery, diarrhoea, cholera, summer complaint, sea sickness and complaints incidental to children teething. It gives immediate relief to those suffering from the effects of indiscretion in eating unripe fruit, cucumbers, etc. It acts with wonderful rapidity and never fails to conquer the disease. No one need fear cholera if they have a bottle of this medicine on hand.

SEARCHING FOR PROOF.

There is no trouble in ascertaining from any druggist the true virtues of Hagar's Yellow Oil, for all painful and inflammatory troubles, rheumatism, neuralgia, lumbago, frost-bites, burns, bruises, sprains, contracted cords, stiff joints, aches, pains and soreness.

THE EVIDENCE OF A JUSTICE.

Esquire Pelton, of Grass Lake, Michigan, a justice of the peace, was given up to die with malarial fever. He testifies to a cure from Burdock Blood Bitters, after physicians and other medicines failed.

A gentleman afflicted with the chronic rheumatism says: "No description of my case can convey the vast amount of benefit I have received from the use of Johnson's Anodyne Liniment. I believe it is the best article in the world for rheumatism."

ADVICE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of Cutting Teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it; mothers; there is no mistake about it. It cures Dysentery and Diarrhoea, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

The season has arrived when everybody who owns horses, cattle, sheep, hogs, and fowl should begin to feed on Sheridan's Condition Powders. They all need to be braced up for winter. Get Sheridan's. The large packs are worthless.

DON'T DESPAIR OF RELIEF, if troubled with Chronic Dyspepsia or Constipation. These ailments, as well as Biliousness, Kidney infirmities, and feminine troubles, are eradicated by Northrop & Lyman's Vegetable Discovery, an alternative and Dyspeptic Cure, an alternative of long tried and clearly proven efficacy. It is a fine blood purifier as well as corrective, and contains no ingredients which are not of the highest standard of purity.

Mrs. Harry Pearson, Hawtry, writes: "For about three months I was troubled with fainting spells and dizziness which was growing worse, and would attack me three or four times a day. At last my husband purchased a bottle of Northrop & Lyman's Vegetable Discovery, from which I derived considerable benefit. I then procured another, and before it was used my affliction was completely gone, and I have not had an attack of it since."

EVERY BAPTIST

Who is intelligent upon the affairs of his denomination, must of necessity be a reader of his denominational newspaper. THE STANDARD has been for thirty-three years

HARPER'S YOUNG PEOPLE.

An Illustrated Weekly. Harper's Young People has been called "the model of what a periodical for young readers ought to be," and the justice of this commendation is amply sustained by the large circulation it has attained both at home and in Great Britain. This success has been reached by methods that must commend themselves to the judgment of parents, no less than to the tastes of children—namely, by an earnest and well sustained effort to provide the best and most attractive reading for young people at a low price. The illustrations are copious and of a conspicuously high standard of excellence.

An epitome of everything that is attractive and desirable in juvenile literature.—*Boston Courier.* A weekly feast of good things to the boys and girls in every family which it visits.—*Brooklyn Union.* It is wonderful in its wealth of pictures, information, and interest.—*Christian Advocate, N. Y.*

CERTIFICATES.

St. John, N. B., July 8th, 1881.

Messrs. T. B. Barker & Sons: Dear Sirs,—I willingly bear testimony to the efficacy of Fellows' Leeming's Essence as a cure or helper in many cases of Splints, Ringbone, Spavin, Strains of the Back Sinews, Stifle, Fetlock, Pastern and Coffin Joints, etc. Every horseman should have a supply of the Essence in his stable.

S. T. GOLDING, Livery Stables, St. John.

St. John, N. B., Jan. 18th, 1882.

Messrs. T. B. Barker & Sons: Dear Sirs,—I have used Fellows' Leeming's Essence for several years past with great success, and therefore most cheerfully recommend it as one of the very best remedies in use in all cases for which it is prescribed.

J. B. HAMM, Proprietor of Sale and Livery Stables, St. John, N. B.

St. John, N. B., Dec. 27th, 1881.

Messrs. T. B. Barker & Sons: Dear Sirs,—Fellows' Leeming's Essence is without question a great remedy for many cases for which it is prescribed. I have used it successfully for a series of years, and I know of no other who speak of it in the highest terms as a most efficient cure for Ringbone, Spavin, Strains, etc.

A. PETERS, Proprietor Victoria Livery Stables, St. John, N. B.

St. John, N. B., Sept. 10th, 1881.

Messrs. T. B. Barker & Sons: Dear Sirs,—This is to certify that I have used Fellows' Leeming's Essence with marked success in numerous cases of lameness in horses, caused by splints, strains, etc., and I have no hesitation in recommending it to horsemen as the best remedy of the kind in use.

M. BLACKALE, Livery Stables, St. John, N. B.

St. John, N. B., Jan. 3rd, 1882.

Messrs. T. B. Barker & Sons: Dear Sirs,—From what I know of the great value of Fellows' Leeming's Essence in effecting cures in many cases where it has been applied, I take pleasure in recommending it to all horsemen as a remedy they should always keep in their stables.

R. T. WORMEY, Boarding and Livery Stables, St. John, N. B.

St. John, N. B., Oct. 22nd, 1881.

Messrs. T. B. Barker & Sons: Gentlemen,—Having had occasion to use Fellows' Leeming's Essence at different times, I have to state that it is, without exception, the best remedy that I know of for Splints, Ringbone, Bone Spavin, and the different ailments of the horse for which it is prescribed. Horsemen everywhere should try it, and having once tried it, don't think they would run a stable without it. The cost of the preparation is a small item compared with the benefit that is derived from its use.

ROBERT BUSTIN, Livery Stables, St. John, N. B.

Fellows' Leeming's Essence

Has been in use by Horsemen for more than thirty-five years, and thousands of valuable horses that otherwise would have been rendered useless have been cured by the timely application of this Essence, in cases of Lameness from Splints, Spavin, Ringbone, Sidebone, Splints, Strains, Bruises, etc., etc.

READ THIS.

The most serious outcome of modern social life is the prevalence of Dyspepsia and Indigestion. No one is altogether free from one or the other of the manifold forms in which this scourge attacks the human body, and it would seem that no dietetic rules can be framed which would ensure deliverance from the insidious attacks of this foe, which, however mild, or chronic, they occur frequently or are neglected. Every person suffering from Indigestion, Dyspepsia, Stomach out of order, Costiveness, Sick Headache, Loss of Sleep, Wakefulness, Jaundice, Bilious Complaint, Bad Breath, Loss of Appetite, etc., should try

Fellows' Dyspepsia Bitters.
