

appreciative testimony in favor of mission work; and yet such testimony actually occurs in the Blue Book of the Government of India just published. In speaking of the missionaries, it says: "No statistics can give a fair view of all that they have done. The moral tone of their preaching is recognized by hundreds who did not follow them as converts. The lessons which they inculcate have given to the people new ideas, not only on purely religious questions, but on the nature of evil, the obligations of law, and the motives by which human conduct should be regulated. Insensibly a higher standard of moral conduct is becoming familiar to the people. The Government of India can not but acknowledge the great obligation under which it is laid by the benevolent exertions made by the six hundred missionaries, whose blameless example and self-denying labors are infusing new vigor into the life of the great populations placed under English rule."

REV. G. L. CARSTAIRS, of South Africa, speaks of an interview which he had with Sutu, the widow of a Kafir chief, when she was upwards of ninety years of age and blind, but for years had been a happy Christian. He said to her, "You have lost your husband; you have lost your son; you have lost your country; you have lost your people; you have lost your property; and you have lost your sight; but you have found more than all, if you have found Jesus." She replied, "I forget all my losses; I do not think of them; I think of what I have found in Jesus, and I am satisfied."

In a recent letter Mr. Cumming reports Sutu's death. When Mr. Cumming visited her, as she approached her end, he asked her how she now felt regarding the Saviour. She lifted up her head from the pillow, and with great fervor exclaimed, "I love my Lord greatly." At length her spirit passed away, so gently that one could scarcely tell the moment she breathed her last.

NOVA SCOTIA.

ACKNOWLEDGEMENT.—In behalf of Mrs. Freeman and myself, I wish to thank the friends of Central Argyle, through the INTELLIGENCER, for a donation visit recently made; also the friends at Upper Argyle (Glenwood) have our sincere thanks for presents and many tokens showing forth their kindness. We are not forgetful of kindness shown us on the other parts of this pastorate, making us feel quite at home. We hope and pray that the blessing of the Lord will rest largely upon them.

J. W. FREEMAN.

A CORRECTION.—Will you kindly allow me to make the following correction through the columns of the INTELLIGENCER? In the report of the Nova Scotia Free Baptist Women's Foreign Mission Society, as found in the minutes of the Nova Scotia Conference, the (\$36.25) thirty-six dollars and twenty-five cents credited to Yarmouth should be credited as follows:—Mrs. Charles Grant toward support of native teacher in Mrs. Burkholder's mission, \$5.00; Carleton, \$2.85; Little River, \$5.70; Kempville, \$9.25; Yarmouth, \$9.45; Yarmouth Juvenile Society, \$3.00; Miss Maggie Oram, \$1.00. Total, \$36.25.

GENERAL RELIGIOUS NEWS.

—ACCORDING to the latest statistics, the Baptist Church in Germany numbers 162 congregations, 152 chapels, 1,282 preaching stations, and 32,244 members. The net increase in the membership last year was 1,115. The number of Sunday-schools is 432; teachers, 1,293; scholars, 18,257. Value of church property (exclusive of debts), \$400,000. Annual contributions for all objects, \$100,000. About 18,000 copies of their church publications, 15,000 Bibles, and 30,000 New Testaments were distributed.

THE CHRISTIAN COMMUNITY of London has issued its 114th annual report. Though upwards of a century old, this useful organization still vigorously carries on its work for the benefit of the London outcasts. At the Memorial Hall, Bethnal-green—the headquarters of the Community—is situated the Bethnal-green Free Library, with 30,000 volumes, and an equal number of readers. Ten workhouses and three casual wards are regularly visited. Thirty lodging-houses are also under visitation, and services are held in their kitchens. The Thrawl Street Mission Hall is constantly open for the benefit of the homeless. During the winter from 100 to 200 were fed and sheltered and brought under religious influence in this hall every night, upwards of 20,000 free meals being given. Five hundred or more open-air services were held, and nearly 200,000 tracts distributed. Several religious tracts have been taken up.

The new advertisements in this issue of Tennant, Davies & Co., and Thos. W. Smith should attract the attention of those who make their purchases in Fredericton.

SUNDRIES.—Never be sorry that you gave to a good cause. . . . Behind every mountain lies a vale. . . . The most learned are not the wisest. . . . Zeal without knowledge is the sister of folly. . . . Half the pepper sold consists of p's. . . . Learn the luxury of doing good. . . . No man's religion ever survives his morals. . . . Be ashamed of nothing but sin. . . . A New York clergyman, in a recent sermon, exhorted his congregation to "vote as you pray," and later on he advised them to "pray often."

HORRIBLE.—A horrible illustration of the permanence of Asiatic superstitions is reported from Rajpootana. A few years ago a rearrangement of boundaries was effected by the native States of Oodeypore and Tonk. A Brahmin village was transferred from the former State to the latter. A revenue assessment was imposed, which the natives of the transferred village considered as excessive. They appealed against it to the Durbar, but in vain. Thereupon the assembled Brahmins decided that the job, or human sacrifice, was necessary to move the Durbar. Four women offered themselves as victims, and were led to the sacrificial pile. The courage of two fortunately failed them in the awful moment of trial and they withdrew. The remaining two mounted the pile and were burnt alive for the sake of their tax-oppressed fellow-villagers. Such a mistaken sacrifice casts a lurid light on the mental and religious state of the Hindoos, and should stimulate missionary enterprise among that ancient race.

CANADIAN MINERALS.—Some of the gold and silver ores from British Columbia, shown in the Mineral Court of the Colonial Exhibition have attracted much attention of late, and there is reason to hope that the Exhibition will lead to further inquiry and investigation in Canada, with a view to investment in the mining of some of the deposits which the completion of the Canadian Pacific Railway has made easily accessible. Connected with these exhibits is the demand that has arisen for refuse containing gold or silver, such as the "tailings" from the mines. With a view to inquire fully into the possibility of obtaining such material from Canada, Mr. J. W. Wilson, of the Sheffield Smelting Company, has sailed for Halifax, Nova Scotia. It is stated that much gold is now lost in the working of some of the Nova Scotian mines, and Mr. Wilson hopes to make arrangements for its concentration and shipment to England. This gentleman has also been furnished with the addresses of a number of the principal manufacturing jewellers in Canada, with whom he will communicate as to the possibility of obtaining gold and silver refuse, or "sweep," from them.

LITERARY NOTES.

Frances Hodgson Burnett's new fairy tale, "The story of Prince Fairy-foot," begins in the Christmas St. NICHOLAS, and will be run through three numbers.

"The Ramberry Boys and their flock of Sheep," tells of a famous dog-trap; and Frank R. Stockton contributes the first half of another of his entertaining shipwreck stories. It is entitled "A Fortunate Opening."

The most striking feature of the number is the article on "How a Great Battle Panorama is Made." The entire process of producing the marvellous effects obtained is described so as readily to be understood.

There are two good Christmas stories. The frontispiece—a charming Christmas picture—illustrates an old-time Christmas poem which opens the number.

There is hardly a reader of the CENTURY that will not turn first of all to the "Life of Lincoln," so unique in its interest have the graphically written opening chapters proved to be. The second part deals with "Lincoln as Soldier, Lawyer and Politician." The characteristics of the future President are clearly distinguished in the young man. The pictorial picture which accompanies the text forms a valuable addition.

The opening articles are on Lincoln's youthful idol, Henry Clay.

"The Food Question in America and Europe" is a vital and suggestive study of a most practical subject, the vitalizing question as related to labor and wages.

A curious article is, "A Little Mill-erite," by Mrs. Jane Marsh Parker, being reminiscences of Millerism in 1843 and 1844, a time set for the end of the world. A portrait of William Miller, the leader of the "Ascensionists" is given.

The topic in the War Series is "The second Day at Gettysburg." The thoroughness with which this series is being carried through is perhaps nowhere better exemplified than in the papers devoted to Gettysburg.

This little book is a handy arrangement of the next year's Sunday-school

Lessons. The type is clear and readable; the principal changes of the Revision are given in foot-notes. Its size is such that it easily fits into one's vest pocket. Altogether, it is a most convenient help for teachers and scholars. For teachers' memoranda, a special interleaved edition has been prepared, at a slight additional cost. For sale by dealers in Sunday-school supplies.

As an exponent of what is freshest and of most importance in matters pertaining to the Old Testament, we commend THE OLD TESTAMENT STUDENT. December number is just at hand, and will be especially welcome to students of the Bible who are looking for aids to the study of Genesis. In addition to the editorial, papers by Dr. J. A. Smith on "Religion as an Element of Civilization," and by Dr. R. V. Foster on "Hebrew Prophecy and Prophecy," the customary "Old Testament Notes and Notices," and summary of "Current Old Testament Literature," we would call attention to the Notes on the Sunday-school Lessons, and a "Book-Study," of Genesis I. to XI., as bearing particularly on that part of the Bible which will be studied in the Sunday-schools next month. A sample copy may be had for the asking. Chicago: The Old Testament Student. Monthly, \$1.00 a year. P. O. Address:—Morgan Park, Ill.

POCKET LESSONS Notes for teachers on the International Sabbath-school Lessons for 1887, 1st quarter, by Rev. and Mrs. Wilbur F. Crafts, 96 pp., 12 mo., trimmed for pocket. Profusely illustrated, 30 cts. Also POCKET LESSON QUARTERLY for scholars, 40 pp., 25 cts. These companion helps (the first for teachers of all grades, the second for scholars of all grades except the Primary) enter their second year with improvements upon their own past, and features not found in other helps. Both books contain the lesson in "Common" and "Revised" versions side by side, with marginal and appendix notes of the latter, and marginal references printed in full. The questions are arranged with a view of developing the art of questioning without a lesson help. With the "Home Readings," a memory verse bearing on the lesson is provided for each day of the week to promote memorizing. "Assignments for Home-work by the Class on the Next Lesson," is another feature of value. The "Quarterly" for scholars has a new song per month. There are blackboard designs and other illustrations by Mrs. Crafts. Special attention is given to temperance, missions, and the Sabbath. Funk & Wagnalls, N. Y.

TENDER CORNS.

Soft corns, corns of all kinds removed without pain or sore spots by Putnam's Painless Corn Extractor. Thousands testify that it is certain, painless, and prompt. Do not be imposed upon by substitutes offered for the genuine "Putnam's" Extractor. Sure, safe, harmless.

A STRANGE CASE.

Mr. Robert Kessick, of Coulson, Ont., has recently recovered from a remarkable disease—a tumor of the spleen with dropsy. The tumor estimated to weigh about six pounds. His medical counsel gave him no hope, but Burdock Blood Bitters cured him.

The exposure of the utter worthlessness of the large packs of horse and cattle powders has saved our people a vast sum. There is only one kind now known that are strictly pure, and these are Sheridans. Don't throw away your money.

NOTHING LIKE IT.

"I was nearly used up with a heavy cold, from which I got no relief until I tried Hagar's Pectoral Balm. I found it a sure cure. There is nothing like it," says Edward Cousins, Ransom, Ont.

Dr. J. D. Kellogg's Dysentery Cordial is a speedy cure for dysentery, diarrhoea, cholera, summer complaint, sea sickness and complaints incidental to children teething. It gives immediate relief to those suffering from the effects of indiscretion in eating unripe fruit, cucumbers, etc. It acts with wonderful rapidity and never fails to conquer the disease. No one need fear cholera if they have a bottle of this medicine convenient.

A FOURFOLD WORK.

Burdock Blood Bitters act at the same time upon the liver, the bowels, the kidneys and the skin, relieving or curing in every case. Warranted satisfactory or money refunded.

Orin Catlin, 49 Pearl street, Buffalo, N. Y., says: "I tried various remedies for the piles but found no relief until I used Dr. Thomas' Electric Oil, which entirely cured me after a few applications."

The cheapest medicine in use is Dr. Thomas' Electric Oil, because a very little of it is required to effect a cure. For croup, diphtheria, and diseases of the lungs and throat, whether used for bathing the chest or throat, for taking internally or inhaling, it is a matchless compound.

SEARCHING FOR PROOF.

There is no trouble in ascertaining from any druggist the true virtues of Hagar's Yellow Oil, for all painful and inflammatory troubles, rheumatism, neuralgia, lumbago, frost-bites, burns, bruises, sprains, contracted cords, stiff joints, aches, pains and soreness.

An Eastern paper says: "Every man who goes into the lumber woods this winter should take with him a supply of Johnson's Anodyne Liniment and Parsons' Purgative Pills. This little precaution may save months of labor and much suffering."

THE EVIDENCE OF A JUSTICE.

Esquire Pelton, of Grass Lake, Michigan, a justice of the peace, was given up to die with malarial fever. He testifies to a cure from Burdock Blood Bitters, after physicians and other medicines failed.

UNSAFE.

"I never feel safe to be without Hagar's Yellow Oil; for sore throats, colds, swollen glands, &c., it has not failed to give relief, and for children it is so easy to administer." Mrs. Henry Dobbs. Berridale P. O., Ont.

AFTER YEARS OF SUFFERING, persons who have vainly sought remedial help from other sources, have obtained the long desired relief from Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, which puts a stop to the torments of Dyspepsia, renews activity of the Bowels and Liver, relieves maladies incident to the gutser sex, and builds up failing health and strength, gives purity to the blood, and tone to the whole system.

Mr. Henry Graham, Wingham, writes us: "For fifteen years I have suffered with indigestion, and during that time I could get nothing to give me relief, although I tried a great many different kinds of medicine recommended for that complaint. I now feel like a new man, and this wonderful change has been accomplished by the use of four bottles of Northrop & Lyman's Vegetable Discovery. To me it has been a valuable medicine."

ADVICE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of Cutting Teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it mothers; there is no mistake about it. It cures Dysentery and Diarrhoea, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. jun6ly

READ THIS.
The most serious outcome of modern social life is the prevalence of Dyspepsia and Indigestion. No one is altogether free from one or the other of the manifold forms in which this scourge attacks the human body, and it would seem that the rules can be framed which would ensure deliverance from the insidious attacks of this foe, which, however mild, are liable to pass into the more confined or chronic state of the complaint particularly when they occur frequently or are neglected. Every person suffering from Indigestion, Dyspepsia, Stomach out of order, Costiveness, Sick Headache, Loss of Sleep, Wakefulness, Jaundice, Bilious Complaint, Bad Breath, Loss of Appetite, etc., should try
Fellows' Dyspepsia Bitters.
