

ritt, Esq., who kindly opened his house for the occasion. While the ladies were preparing to supply the wants of the inner man a number of the company made the interval very enjoyable by discoursing sweet music, vocal and instrumental. The company was then invited to sit down to a bountiful repast, which reflected great credit on the culinary accomplishments of the ladies. After the tea had been heartily partaken of, the meeting was called to order by appointing B. S. Palmer, Esq., chairman, and George Palmer, Esq., secretary. The chair made a few brief introductory remarks suitable to the occasion, after which a number of well selected pieces were rendered by some of the musical talent of the company, while the many friends laid on the table their heartfelt contributions, and in a short time the sum of \$42.00 in cash was received. The donation was presented to the much esteemed paster, by the chiar, as a slight token of the good will and kind feeling of the community toward him. The reverend gentleman expressed his gratitude in a few well chosen remarks for such a manifestation of their kindness. Rev. A. Taylor was also present and enjoyed the occasion very much. He made a short speech, setting forth the benefits derived from such friendly gatherings and donations, and their influence on our moral, social and spiritual natures. S. L. Peters, Esq., then followed with a few brief, pleasant and appropriate remarks.

the chair on behalf of the company to A. Merritt and wife for their kindness in opening their house for the occasion. Votes of thanks were also passed to the ladies who provided the tea and to Miss Carrie Slipp and Mrs. A. Merritt, who presided at the organ and contributed so largely to the entertainment of the evening.

The day and evening being unusually stormy compelled many to remain at home who would otherwise Siberia. A Russian merchant in 1828 have been present and would no doubt began to dig the well, but gave up the have added largely to the gifts already received.

After the singing of the Doxology ending a pleasant and enjoyable entertainment.

LITERARY NOTES.

We have just received from the pubishers a book with the title "Good News," comprising the sermons of Sam Jones and Sam Small, the Evangelists who are doing such a work in the West. Many would, doubtless, be glad to read their words, and we hope their circulation will be the means of doing good to many who cannot hear them personally. It is bound in paper for 25 cents, or in cloth for 50 cents, and will be sent to any address, postpaid, on receipt of price, by J. S. Ogilvie & Co., 31 Rose Street, New York.

THE PEOPLE'S BIBLE, by Joseph Parker. This is the title of a work the publication of which has been begun by Funk & Wagnals of New York. It will consist of twenty-five volumes, in which will be covered the whole Bible. Before us is the volume on Genesis. It differs from the ordinary commentary, and is for the purpose in view superior to it. "Instead of going minutely through a book, verse by verse, the first object is to discover its governing idea or principal purpose, and to make that clear by taking out the instances most strikingly illustrative tor's work for pastors, rather than a a scholar's work for scholars. For such a task Dr. Parker has rare qualifications. He is one of the most powerful and successful of the world's preachers, and he comes to the undertaking in the full maturity of his powers and while his eye is not yet dim, nor his natural force abated. We share the opinion of a contemporary, that this work, if the author is spared to complete it, will, in the centuries to come, have the same place as Matthew Henry has had in all English-speaking lands. It has all the raciness and vigor and spiritual discernment of the old commentator, with none of its goodygoody common-places and critical blunders, while in the clear perception of the main purpose of a book, Parker is without a peer. At the outset he firmly grasps and distinctly enunciates its central principle, and with that key the reader is astonished to find how intelligible all its teachings become and how naturally they are related to the general thought. Judging

Blood Bitters came to my rescue. It is the best medicine I have ever taken. I say this for the benefit of all suffering mar17 3i. as I did.'

WILL TAKE OATH TO THE FACT. Edward Cousins, of Ranson, declares

he was at one time nearly dead from the effects of a terrible cold and cough. He tried many remedies but Hagyard's Pectoral Balsam was what cured him. He speaks in highest praise of it in other cases, and adds that he is willing to take oath to his statements. mar17 3i.

### AN OBSTINATE CASE. " In the spring of '83 I was nearly dead, as everybody around my neigh-

borhood knows. My trouble was caused by obstinate constipation. One bottle of Burdock Blood Bitters cured me entirely." This statement is made by Walter Stinson, of Gorrie, Ont. mar17 3i.

# SURE CURE FOR RHEUMATISM.

If the system is properly cleansed by some medicine that acts upon the bowels, kidneys and skin, such as Burdock Blood Bitters, and the sufferer will use Hagyard's Yellow Oil according to directions, there are few cases of rheumatism, however bad, but will yield promptly to the treatment. mar17 3i.

THE FAR REACHING

Perfume of a good name heralds the claim that Putnam's Painless Corn Extractor is a sure, certain, and painless remedy for corns. Fifty imitations prove it to be the best. All Druggists. 

## WORTH KNOWING.

#### St John, N. B., Oct. 22nd, 1881. Messrs. T. B. Barker & Sons:

Gentlemen,-Having had occasion to use Fellows' Leeming's Essence at different times, I have to state that it is, without exception, the best remedy that I know of for Splints, Ringbone, Bone Spavin, and the different ailments of the horse for which it is prescribed. Horsemen everywhere should try it, and having once tried it, don't think they would run a stable without it. The cost of the preparation is a small item compared with the benefit that is derived from its use.

ROBERT BUSTIN.
