

## LITERARY NOTES.

The Brooklyn MAGAZINE, which is now two years old, is a good publication. It contains sermons by Beecher and Talmage. The September number, now before us, has an excellent table of contents.

St. NICHOLAS, for October, is the best number of the volume, and contains the concluding chapters of "Little Lord Fauntleroy," of "George Washington," of "The Kelp-gatherers," of "Nan's Revolt," and of "Wonders of the Alphabet."

A glance at the prospectus, however, will make it clear that it is not proposed to allow the magazine to fall off a whit in interest; the stories and articles just completed will be followed by the attractive features promised for the succeeding volume. There is still plenty of room in the present number for the usual shorter stories and sketches.

The October WIDE AWAKE is as cheery and breezy as an October nutting-day. Sophie May has the opening story, "The Gypsy Monkey," and a few pages farther on there is another monkey-story, "The Odd Switch-Tender of the M. & C." Between these comes a delightful prose poem, "A Tiny Tale of Travel." Farther along, in grave contrast, we come upon the story of the burning of Royalton, entitled, "The Heroism of Mrs. Hendee," and also upon an amusing Tennessee story, "Royal Girls and Royal Courts" describes the German Court and some of its Princesses. The poems of the number are all good. In this number it is worth while to look at the Prospectus for 1887. WIDE AWAKE is \$3.00 a year. D. Lothrop & Co., publishers, Boston, Mass.

Few numbers of the CENTURY have appealed to so wide an audience with topics of such general interest as the October issue. The frontispiece is a portrait of the liberal statesman of Norway, Bjornstjerne Bjornson, and the illustrated article gives some account of his literary habits and country life. The article, illustrated, on "The Gloucester Fishers," has a seasonable interest. Matthew Arnold has a paper on "Common Schools Abroad." General W. S. Rosecrans' description of his victory at "Corinth" is the chief illustrated war article; other papers of a distinct personal interest are reminiscences of Stonewall Jackson, by his sister-in-law, and "Stonewall Jackson's Last Battle." Portraits are given of Rosecrans and Jackson.

A varied and attractive bill of fare is presented to the readers of THE OLD TESTAMENT STUDENT in the October number. Just received. A new contributor, Rev. Dr. Edkins, of Peking, furnishes a paper on "Primeval Chinese Legends," which will be read with interest. Two articles—one on "New Testament Judaism and its Genesis," by Dr. Schodde, and the other on "The Kingdom of God in the Old Testament," by Prof. F. B. Denio—are sure to attract attention. The "Book-Studies," which formed so valuable a feature of the last volume, are resumed in this number—Dr. Balantine contributing a "study" of Isaiah xl. to lvi., which will be of great help to students of the Bible. The Notes on the Sunday-school Lessons from the Old Testament point of view are very suggestive. We understand that the publishers will send a sample copy of THE STUDENT free on application. Chicago: THE OLD TESTAMENT STUDENT. \$1.00 a year. P. O. address, Morgan Park, Ill.

## News of the Week.

## NEW BRUNSWICK.

The directors of the Fredericton leather company have decided to sell the tannery building and other property of the company.

Deputy Sheriff Hawthorne arrived in the city Monday afternoon, en route to Dorchester with Wm. Ross, sentenced to 12 years in the penitentiary, and the soldiers Howard and Troop, sentenced to two years each.

The well known Manners Sutton, York Co., has again struck coal. This time it has been found in sinking a well for Wm. Messer at Tweedside, so called. The seam is good two feet in thickness, and the quality, so far as can be judged, excellent, being very bright in color. There is no doubt a thicker bed of coal at a greater depth.

Rueben White and Luke McDonald, arrested on a charge of stealing oil barrels from the premises of J. S. Edwards, Nauwigewauk, were brought before Police Magistrate Peters, Saturday, and pleaded guilty. It is believed these men are implicated in several robberies committed recently, as in White's house a large supply of country produce was found. Awaiting further developments, the men were remanded.

According to the statistics prepared by Dr. J. W. Daniel, 52 deaths occurred in St. John during the month of September, about 11 less than the previous month. The cases of bronchitis, consumption, diphtheria, were fewer during September than during the month of August. Mortality among children was greater than during August. The number of deaths and their causes during September are thus set forth: Bronchitis, 2; consumption, 4; Congestion of Lungs, 1; Diphtheria, 4; Cholera infantum, 13; Typhoid fever, 2; Brain fever, 1; Convulsions, 1; Disease of kidneys, 1; Dropsy, 2; Heart disease, 3; Indigestion, 1; Old age and debility, 8; Childbirth, 1; Paralysis, 1; Erysipelas, 1; Inflammation of bowels, 2; Accidentally killed, 2; Stillborn, 2. Total 52. Under 5 years of age 23.

The York Municipal election resulted as follows: St. Mary's—Rolley and Goodspeed, by acclamation. Queensbury—McNally and Murch, by acclamation.

Stanley—Howe and Lavery, by acclamation. Kingsclear—Cliff and Murray, defeating Warden Everett and Esser. Prince William—Henry and Fraser, defeating Graham. Douglas—Burt and Colter, defeating Pugh. Bright—Bird and Jewett, defeating Sloat. New Maryland—Horncastle and Fisher, defeating Nason. Dumfries—Gilman and Scott, defeating Lary. Manners-Sutton—Little and Murphy, defeating Rutherford. Canterbury—Carr and Lawson, defeating Jamieson. North Lake—Cropley and McElroy, defeating Veysey. Southampton—Pinder and Brown, defeating Masson and Purvis.

For two weeks past the country people living within a few miles of Woodstock have been the victims of a clever system of thieving which, until last Thursday, was unexplained to them. The loss has been in butter, which has disappeared from the cellars in a most mysterious fashion. James Ambrose, who lives on the boundary line between Houlton and Woodstock, was taken from his home at 5.30 Thursday morning, by Town Marshal Uriah Hanson and Constable Samuel Jones, of Woodstock. The manner of discovering the thief was brought about by Ambrose selling some butter in a store in Woodstock. The crook containing the butter was recognized as belonging to a farmer out of town, and, as Ambrose was known to have sold it in this way. It is thought that fifty houses have been robbed in this way. In one instance, where a tub and a half of butter had been placed in a cellar, the family found, next day, that the tub had been taken, and written on the other were the words: "Hurry up and fill this will call again." Mr. Hanson deserves credit for the successful way in which he tracked one of the thieves and it is to be hoped that the others may be captured soon.

## NOVA SCOTIA.

The attempt to launch the big raft at Joggins Thursday was a failure.

The managers of the street railway are confident they will have the cars running in two weeks' time. The delay has been caused solely by the manufacturers of the rails, who have been unable to supply them fast enough. It was intended to go on with the construction of the St. John street railway this fall, but the lateness of completion of work here, winter being so close, may cause a postponement in starting the St. John road until next spring.—Halifax Chronicle.

The Gloucester schooner "Marion Grimes," Capt. Landry (a native of Nova Scotia), was seized at Sherburne by Capt. Quigley of the "Terror," and is held for \$400 fines. The "Grimes" was from Georges for the western banks. During a heavy southeast gale, she anchored at the mouth of Shelburne harbor for shelter. Towards morning the storm moderated and Capt. Landry weighed anchor to proceed, but Capt. Quigley was on the alert and seized the stranger for not reporting at the customs.

## OTHER PROVINCES.

A large force of men will be put on immediately to develop Medicine Hat coal mines.

Alex. Burns, book agent, was arrested at Toronto, Tuesday, for pouring boiling water over his wife because she expostulated with him for spending too much money on drink. Her condition grew so serious that she was removed to the hospital, where her recovery is considered doubtful.

The trial of the Prince Albert mail robber, Garnet, was conducted at Regina. The evidence as to the identity of the prisoner was very conclusive and the jury returned a verdict of guilty. The prisoner was sentenced to fourteen years' imprisonment in Stony Mountain penitentiary.

A Medicine Hat despatch says Queenele, a scout, was held up last week by a number of Indians. Superintendent McLeroe, of Maple Creek, sent out a police detachment and they came up with about twenty Pigeon Indians. They held the police detachment up and ordered them back and their superiority of numbers compelled the police to obey.

The customs officers at Lethbridge, Northwest Territories, have seized 1,600 head of cattle belonging to the North Montana Ranch Company, which were being driven to the Canadian Pacific line for shipment. The company will be compelled to give bonds for \$50,000 before the cattle can be released. The seizure appears to have been made through misconception and on demand of the Canadian Pacific an investigation will be held.

On Friday evening two men named Rasmussen, father and son, entered a tavern along the roadside, about 80 miles in the interior from Ottawa, and demanded liquor from Mrs. Frangant, wife of the proprietor. She refused, and they commenced assaulting her, when a man named Laderoute came to her assistance, when the older Rasmussen stabbed and literally cut the bowels out of Laderoute, from the effect of which he died in five minutes. Father and son were immediately arrested.

On Monday, Skipper Landry, of the Yankee schooner "Marion Grimes," held for \$400 fine for not reporting at the custom house, persisted in flying the Stars and Stripes above the Queen's trade arrow. Captain Quigley ordered him to remove it until after the vessel was released from customs custody and warned him of the folly of his obstinacy. But he persisted, and Quigley himself hauled down the American flag, placed the schooner in charge of an armed guard and reported the facts to Ottawa. This is the most serious proceedings since the abrogation of the Washington treaty.

Rebecca Day, who has a bad reputation, has lived in a house owned by one Nathan Stevens, in Leeds. Stevens has been anxious to get rid of her and repeatedly offered a reward to anyone making her evacuate the premises. Thursday night Mrs. Day was aroused by three masked men, who went into the house and commenced throwing the furniture out. She instantly sent for her son-in-law, Burton Carr. In a few minutes Carr arrived, and while trying to stop the masked intruders in their work was shot dead by one of them. The murderers are supposed to be three brothers named Carle, two of whom were captured. The other, who is thought to have done the shooting, is at large.

Reports of prairie fires come from all parts of Manitoba, but they appear to be worst in the northwest and southwest. About Manitoa a number of settlers have lost all their buildings and crops. A Minnedosa despatch says: "Terribly destructive prairie fires are raging for miles in every direction around. Townships 13, 14, and 15, range 17, are almost swept clean. The following are among the losers: Hunt, buildings, implements and entire crop, Hunt being himself severely burned; Humes, same loss, and had to seek safety in the slough; Forsythe, Souter, Thomson, Bingham, Campbell, Alcorn, and others have lost everything."

A serious shooting affair occurred at Charlottetown, P. E. I., in a portion of the city called Peakstown, which is feared will result in the death of a truckman named Mike Poor. He, in company with a number of companions, was once drunk and got into a row about midnight, near a house occupied by Geo. Decourcy, a colored man. It appears that some of them broke in Decourcy's door. In the confusion a shot was fired. The ball entered Poor, inside. He says he didn't know he was shot until later, when he walked away some distance; he felt a trickling sensation, and looking down discovered blood. Some of the men affirm that the shot came from Decourcy's house; others that it was fired from a corner of the street. Decourcy and his son were arrested. They deny having fired the shot, and say that they have no revolver. As Poor is in a very low condition his deposition was taken. He knows very little of the affair and would not say that Decourcy fired the shot, nor is he sure that he heard the report. The ball is in his liver.

## BRITISH AND FOREIGN.

An earthquake has destroyed every village on the island of Niapuri in the Pacific. The inhabitants escaped. The island is covered 20 feet deep with volcanic dust, and at one place a new island 200 feet high has been found.

President Fitzgerald, of the Irish National League, has written a letter asking for funds to assist evicted tenants in Ireland, and has headed a subscription with a donation of \$3000.

It is officially announced that the sentences of the condemned Spanish rebels have been commuted to imprisonment for life in the military prison in Africa.

At a cabinet council in Madrid, Queen Christina signed a decree commuting the sentences of the condemned insurgents. The queen also signed a decree freeing the slaves in Cuba from the remainder of their terms of servitude.

The Royal Inniskillen Fusiliers, stationed at Aldershot, went on riot in resistance to a draft being made for service in Africa. A savage fight ensued, and the Irishmen were only subdued after a number of soldiers and police were wounded. Forty-one of the rioters were arrested.

A St. John's, Nfld., cablegram to the Halifax Herald, gives details of the "Anchorage" accident. She broke her shaft in a heavy gale, 1,100 miles from Glasgow, and after drifting about for a week, succeeded in making temporary repairs. Thirty-six hours later, however, the shaft again broke, when 100 miles off Newfoundland. Boats were sent ashore for assistance. The steamer "Miranda" and tug "Favorite" went in search. The latter found her and towed her to St. John's. The passengers are all well. The saloon passengers will come to Halifax in the "Miranda."

## UNITED STATES.

R. P. Wallace, the murderer of the Logan family of five persons, was taken from jail at Steelsville, Mo., by a mob and lynched.

In Houlton, Me., Angus Campbell, age 50 years, a native of Nova Scotia, was found dead in Cook's barn. He had evidently been dead a week.

From September 7th to October 9th, 217,542 rations have been distributed by the earthquake relief committee at Charleston.

A large portion of the town of Punxsutawney, Pa., was destroyed by fire Saturday morning, causing a loss of about \$165,000, on which there is an insurance of about \$100,000.

An unknown dead man was found floating near Warren drawbridge, Boston. In one of his pockets was found a letter addressed ready for mailing to "Annie S. Purcell, Groverton, Guysboro county, N. S." The letter was unsigned.

Near Chester, S. Co., last Sunday night, Dave Henry and his wife went to a camp meeting leaving their two children at home with their nurse. In some unknown manner the house caught fire and the children and nurse were all roasted alive.

sacred and confirmed the verdict of the jury that Spies, Parsons, Felder, Schwab, Engel, Fischer and Ling should be hanged, and that Nees should suffer imprisonment for fifteen years.

Fully 20,000 men employed in packing establishments, Chicago, have gone on strike against the restoration of the 10 hour system, and many of the great concerns are idle in consequence. Five hundred special policemen have been sworn in, as there are indications of disorder. All the workmen when leaving their places to go on strike took their knives and other sharp tools with them.

There were three shocks at Sumnerville, S. C., Thursday night. Reports differ widely as to the intensity of the shocks, some residents declaring that they were more severe than any disturbances since Aug. 31, while others report that they were slight tremors. No one was hurt, however, and no damage was done to property. A slight shock was also felt at 5 o'clock next morning by early risers, but it was not generally felt.

## IMPORTANT DRESS GOODS!

OWING to the great advance in Wool, DRESS MATERIALS of all descriptions have been advanced by the manufacturers from 20 to 30 per cent. over March quotations.

We were fortunate in securing all our various ranges of DRESS FABRICS prior to the advance, when wool had touched the lowest point quoted for many years.

We beg to say that we have received 50 cases of French, German and British DRESS GOODS, embracing every choice novelty placed on the market.

Our stock is complete with the various new weaves and Winter Colorings, making a most complete assortment of DRESS FABRICS ever submitted in New Brunswick.

We are selling, and will continue to sell, all our present stock at the old prices; but repeat orders will have to be marked in accordance with the advanced cost.

Orders given our travellers, or sent by mail, receive immediate attention.
