

Wednesday morning was well attended, and an interesting occasion; the pastor of the Prince William Church, Rev. A. H. Trafton, conducted it. The ministers present during the session were,—Revs. Wm. Downey, J. E. Reud, Dr. McLeod, E. B. Grey, B. Colpitts, A. H. Trafton and G. B. Trafton. At 2:30 p. m., Wednesday, the reports from the churches were read, and following them speeches were made by several brethren. There was preaching in the evening by Dr. McLeod. Thursday at 8 a. m., there was a prayer and testimony meeting, participated in by a good number. At 9 a. m., business was resumed. Rev. J. E. Reud was elected Chairman. The committee on the reports of the churches reported as follows:

Your Committee on the reports of the churches have examined them and beg to submit the following:—

1. Sixteen churches have reported, all by letter. Five have made no reports. Some of those are too dead to speak, not having been heard from for years. Others are so weak and discouraged that we fear they have given up to die and will do so unless some restorative be promptly applied. What that is and how it is to be applied is a subject worthy the serious consideration of the District meeting here and now.

2. There have been added during the year by baptism 27—perhaps the poorest showing ever made in any one year since the formation of the District. One new organization, that of Nortondale, has knocked at our door asking admission; we recommend that it be received as a member of this District meeting, if found to be fully agreed in faith and order, with us.

3. We should be devoutly thankful that so few have died during the year. The death rate has been unusually small.

4. We regret that so few of the churches have acted upon the suggestion of last session in reference to revising their lists of members; it is a much needed work that should be attended to with as little delay as possible.

5. The same number of churches report pastoral oversight as last year, viz., thirteen. True, some of them have but a small fraction of the time of a pastor, but this, little as it is, is better than none, and your committee would recommend this meeting to urge upon all the churches to secure and support all the Ministerial labour possible.

6. We regret that one of the most efficient and successful pastors is about to leave the district, thereby leaving three of our most important churches vacant. We recommend that those churches secure a pastor without delay, as they are all important fields in the denomination.

7. We regret that less money has been raised for the support of the Gospel this year than last; this is perhaps not owing to less disposition to pay, but to the stringency of the times and the late Bank failure, which so generally affected this country. We hope this falling off may only be for the past and that next year may show a marked increase in our support.

It is also cause for regret that the contributions to the Home Mission and Foreign Mission Treasuries, the Student's Fund and other general interests of the denomination are not as general and large as they should be. We wish to urge on all the churches the importance of regularly and systematically making contributions to these branches of our Christian work.

8. We notice that many of the churches report that the Lord's Supper is administered only "occasionally." We think that in many instances this is far too seldom. This ordinance has been appointed by Jesus Christ as a memorial of himself and should therefore be regularly maintained, at least once in three months or oftener when convenient.

The general sessions of the report were carefully considered. Steps were taken towards providing help for the weak churches referred to in the report. A fund to be used for District Mission purposes was started, to which \$60 was contributed at once; and the ministers and delegates were requested by vote of the meeting to bring the matter before their churches and secure other subscriptions. A committee to arrange for mission labor was appointed, consisting of Rev. Jos. McLeod, Chairman; J. A. VanWart, Secretary-Treasurer; B. N. Goodspeed, Michael White, O. Burden, Rev. A. H. Trafton and T. W. Smith. It is hoped there will be a ready and generous contribution of funds for this important work. A resolution expressing appreciation of Rev. J. E. Reud's fifteen years service in the District, of regret that he is about leaving it, and wishing him success in his new field, was passed. The application of the Nortondale church for admission into the District was, after some discussion, withdrawn from this year. Four delegates to Conference were appointed—Brethren Wm. Slipp, M. White, Jns. F. Jones and D. Schriver, Sr. There was a large attendance at the meeting; all were hospitably entertained. The next meeting is to be held at Upper Hainsville.

THE CLERK.

A REQUEST.—A large number of our Sabbath Schools to whom certificates have been sent asking contributions in aid of the "Heating and Ventilating fund" of the new Seminary, have not yet made their returns to me. May I kindly ask them through the INTELLIGENCER to do so at once. If unable to send it to my address, 185 Waterloo Street Saint John, will they please forward the amounts received to me, at the approaching General Conference. By doing so they will confer a favour on,

J. S. PARSONS.

FROM G. W. BOYER ESQ.—We are in receipt of a bundle of Utah and California papers from G. W. Boyer Esq. Thanks. We have also a note from him in which he tells us something of his travels. He was in Denver, Colorado when he wrote. He left home more than a month ago to visit his brother in Denver and other friends West. He had a pleasant trip, meeting friends enroute. He enjoyed the trip very much, and received a warm welcome from a number of New Brunswickers in Colorado whom he knew. He visited the various points of interest in Colorado and was delighted with much that he saw. He also visited Salt Lake City, and San Francisco, and other places, and in all of them had an enjoyable time, and made pleasant acquaintances. He is evidently having a good time, and will doubtless derive benefit from the trip. But when he gets back to his New Brunswick home he will probably be ready to say that, after all, there is "no place like home."

SLAVERY.—Though all Christian governments have freed themselves from the reproach of upholding slavery, yet there is much work to be done among less civilized nations where the traffic still lingers. The British occupation of Egypt has greatly checked slave-dealing there. In 1883 there were thirty-two slave-dealers in Cairo, now there are only four or five. In the twelve months ending May, 1885, 1,032 slaves were liberated. Still, on the East Coast of Africa the slave-trade exists, and only the constant vigilance of the British officials prevents it from flourishing. On the West Coast of Africa much remains to be done. A question recently asked in the British House of Commons elicited information that the chiefs of Jarra and Fogni, on the Gambia, had petitioned the British Government to extend to them its protection, as they were powerless to restrain the action of marauding parties of slave-dealers. It is the intention of the Government to take immediate steps to check the marauders.

MRS. STOWE.—Recent reports that the health of Harriet Beecher Stowe was failing have led to the publication of the following private letter from her. "I was 76 on my last birthday, and have all my bodily powers perfect; can walk from three to seven miles per day without undue fatigue; have a healthy appetite and a quiet sleep every night. In view of all these items I scarcely think that I am a subject for lamentation. I do not lament over myself. It is true that I do not intend to write any more for the public. I always thought that authors should stop in good time, before readers stopped reading; and I think I may say I have done my part, and ought to leave the stage to younger actors."

THE JERUSALEM BISHOP.—For forty years the governments of Great Britain and Germany have been united in the support of a protestant Bishop in Jerusalem. The arrangement has now, however, been dissolved, and the English and Lutheran colonies in that locality will henceforth be organized separately. The English Bishop, Blyth, writes a letter to the press, begging for money to carry on his work, and makes the statement that, during the past few years, the number of Jews in Palestine has increased from 15,000 to 42,000. The bishop adds that they are very friendly to him and to his church. It seems to us that there must be some mistake in the bishop's statement with regard to the number of Jews in the country. The number ten years ago was not so small as 15,000, and how the 42,000 can find anything to feed upon there, even allowing so little to each as it takes to feed an Eastern Jew, is more than we can understand.

TEA MEETING.—A tea meeting was held in Lower Perth F. C. B. church on Wednesday 14th inst. The day was dark, and a heavy shower commencing about 12 o'clock prevented many coming from a distance. Yet we were not altogether disappointed. About 125 people were present, among whom were Rev's VanWart Erb and Phillips and Bro Ervine, Baptist. The Andover Brass Band was present and gave a few selections. The proceeds of meeting amounting to \$64.00 go toward seating the said church.

PERSONAL.—We are glad to learn that Rev. Wm Downey's son, who has been very ill, is now recovering.

Rev. G. B. Payson has been appointed assistant Methodist minister in this city.

This week an agricultural and mechanical exhibition is to be held in Woodstock. That a fine agricultural exhibit will be made is certain.

The petition of the Nova Scotia liquor dealers and others, asking the Dominion government to disallow the Nova Scotia liquor license act, has been refused.

The printers strike in St. John did not last long. The sensible members of the Union saw the folly of it. Most of the men have returned to work; some, whose places were supplied, find themselves out. The *Sun* and *Globe* managers did well to refuse to submit to the unreasonable demands of the union.

PERSONAL.—News was received on Monday of the death of Mr. Wm. Anderson, of the firm of McFarlane, Anderson and Thompson of this city. He had been in poor health for a year or two. Some months ago he went to Scotland hoping that the ocean trip and a visit to the friends and scenes of his youth might have a beneficial effect. But the trip was in vain, and he has passed away to his rest. Mr. Anderson was a worthy man, highly esteemed by all who knew him. He was an elder of the Presbyterian church, and was much interested in the moral welfare of the community. He will be missed.

ALL SORTS.

Russia has increased its debt tenfold since the Crimean war, fighting but one great war in the interval, and since the Russo-Turkish war closed the Czar's Government has borrowed about \$100,000,000 a year.

Paper is now being used for most every purpose, the latest being in the construction of churches. At Bergen, in Norway, a church edifice is being constructed of paper-mache. It is to be large enough to accommodate one thousand persons, and will have a handsome appearance.

The British telegraph service which is part of the post-office, does not pay expenses since the rate was reduced to sixpence per message, or about twenty cents. The deficit for the last year was \$223,000 on working expenses and \$236,000 for interest on working capital—in all \$559,000 or \$2,750,000.

Wheat is never shipped in bulk, but always in bags, as when loaded in bulk it is about the most dangerous cargo a ship can carry. No matter how lightly it may be packed at first, it settles considerably within a short time, and then is very liable to shift. When shifting takes place a ship is as good as lost, as the change in the centre of gravity throws her on her beam ends, and she is nearly certain to go to the bottom in the first moderate gale. Many ships were lost in this way, and now the shipment of grain in bulk is prohibited by law.

The following instance of mind-healing is given in *The Freeman*, (Eng.) of recent date: A paper which is devoted to faith-healing of the most radical type recently stated that a tramp called on a good sister who kindly gave him a copy of that organ. Subsequently, meeting the sister, he said:—"Don't you remember when I was here some time ago you gave me a paper, and it had something in it about healing. Well, I was sick at the time, with pain in my side. I just cut out that piece of healing and pasted it on my side, and have not had a pain since!"

Mr. W. R. Lazier, Bailiff & Co., Belleville, writes: "I find Dr. Thomas' Electric Oil the best medicine I have ever used in my stable. I have used it for bruises, scratches, wind puffs and cuts, and in every case it gave the best satisfaction. We use it as a household remedy for colds, burns, &c., and it is a perfect panacea. It will remove warts by paring them down and applying it occasionally."

GALLOP.—At Mattawamkeag, Me., on the 15th inst., Mrs. Bertha Gallop, aged 28 years, wife of Mr. Yerra Gallop and daughter of the late Rev. Thomas Fitzherbert. (See funeral notice.)

CUSHING.—Deacon Chas. M. Cushing died at his residence, Harmony, Queens Co., N. S., on 12th inst., aged ninety-six years, one month and nine days, leaving a wife, seven children, twenty-nine grand children, thirty-four great grand children and one great-great grand child, and a large circle of friends to mourn their loss. But our loss is his gain. In early life he accepted the Lord Jesus as his Saviour and was baptised by Rev. Edward Reynolds, and with his wife, united with the Free Baptist Church, which then numbered nine members. He was chosen its first Deacon, which office he held until God removed him from earth. He was warmly attached to the church of his choice and loved to meet in annual conferences and take part in their deliberations. He was always, so far as in his power, at the conference and other services of the church; he gave his services in the last conference meeting, and spoke of his firm hope in Jesus and the prospects of his soon reigning with Him. He was one of the early subscribers of the RELIGIOUS INTELLIGENCER, which he loved as his denominational organ. He was born in Annapolis Royal, and came with four others as pioneers into a new wilderness country sixty-six years ago; they agreed so well and were so harmonious that they named their little settlement Harmony, from which the Harmony Quarterly Meeting took its name. He made for himself a good home, which was always a home for ministers. His son, Samuel, remained at the old home, and with them, making four generations living agreeably and happily, and eating at the same table. It is still a home for the minister and is likely to be for generations to come. His funeral was largely attended. The old home that he and his wife had driven for more than twenty years drew him to the church, where religious services were held, and a sermon preached by the writer from Heb. 3:12. May God graciously sustain the aged widow and keep her with all the bereft ones in perfect peace.—AARON KINNEY.

DIBBLEE.—Bro. Sidney Dibblee, of Welsford, Q. Co., died at his home on the 13th inst., at the age of 70 years, leaving a widow and two children to mourn their sad loss. He was an exemplary and godly man. At the age of 17 he was converted, under the labors of the late Rev. Wm. Pennington, by whom he was baptised and received into the F. C. Baptist church at Jerusalem. He lived all these years about a mile from Welsford Station, where there are no Free Baptist, and yet remained affectionately loyal to his denomination. Many of the old ministers and people will remember his early christian life. He often went into destitute neighbourhoods and held meetings, and from house to house prayed and laboured with the people. He had many excellent qualities, amongst them a tender heart, and a fearless courage of religious convictions and conduct. Surrounded by people of other beliefs with whom he often met for worship, he was nevertheless, always true to his own principles. We feel sure that the hearts of his widow and two children will ever be full of pleasant memories and the blessed influences of so godly and so beloved a partner and parent. The writer spent his last night he lived in his home with him, and can testify to the clear and happy close of his pilgrimage. He also preached on the occasion of his burial to a large audience of his friends and relatives. Text—Ps. 37:37. If it seems lonely and sad to the mourners now and here, on the heavenly side all is bright, and the supreme joy of renewed and immortal fellowship will more than compensate for the tears of their mortal lot.—G. A. H.

UNEQUALLED QUALITIES

OF THE

DOHERTY ORGAN,

As the following testimonials will show:

MESSRS. THOMPSON & Co.

Gentlemen.—After a thorough examination of several organs manufactured by Messrs. Doherty & Co., for which they are the General Agent, I have much pleasure in stating that the result has been most satisfactory. The tone is good and the touch faultless, and I have no hesitation in saying that they are deserving of the high reputation they have already attained.

MESSRS. THOMPSON & Co.

Sirs:—It is with pleasure that we send you this testimonial as to the quality, tone and finish of the Doherty Organ, which we purchased from you through your agent, W. S. Thompson. After having tested the instrument, and listening to it from Sabbath to Sabbath, we give you a candid opinion of its merits, which is, that it gives us entire satisfaction, and meets with approval not only from us, but from the congregation generally.

Wishing you every success in the sale of the Doherty Organ,

We are yours very truly,

JOHN CASSIDY,
