

THE LOCAL LEGISLATURE.

The following are the supplementary estimates submitted by the Provincial Secretary:

To provide for the balance of cost of Frederickton bridge; amount granted in 1885, -	\$70,000
Amount paid by warrant in 1885, -	50,000
Amount to be repaid, -	\$20,000
Additional amount required, -	13,535
Total amount to be voted, -	\$33,535
To provide for the balance of expenditure in connection with the farm and new buildings at lunatic asylum, -	
Amount expended in 1885, -	\$26,398
Amount expended in 1886, -	2,510
Amount required for buildings to be erected and land to be purchased in 1887, -	4,000
Total amount to be voted, -	\$32,908
Amount to be repaid, -	25,000
To provide an additional subsidy for steam service, -	1,800
To provide for a suitable building for crown land and other offices, -	25,000

News of the Week.

NEW BRUNSWICK.

Robert Moore, of Harvey, N. B., while working in the woods 15 miles from Danforth, Me., was so badly injured by a falling tree that he died before he could receive medical aid.

An iron bridge is being built across the St. Croix near Vanceboro. It will be completed in the course of a few days.

It has cost the New Brunswick railway close upon \$20,000 to keep the road open this winter, almost the whole of this money being expended on the northern section. From March 1 about 950 men have been employed shovelling, etc., and their pay will foot up to \$7,000 at least.

Mr. Nadeau and Mr. Theriault are the Candidates for the Local Legislature in Madawaska Co.

The farmhouse of Wm. Crossman; at Dawson settlement, Albert Co., was burned to the ground Thursday night. The inmates narrowly escaped with their lives. Loss considerable, no insurance.

The Gladstone Agricultural Society is about to erect an agricultural hall at Fredericton Junction, the work to be completed by the first of September next.

The Drill Hall of the Infantry School will be enlarged and improved, \$400 having been set apart for this purpose.

Miss Ella B. Laycock, of Carlisle, Carleton County, has obtained the degree of M. D. from the Queen's University, Kingston, Ont.

A large number of men, who have been employed in the Maine woods, have arrived in Fredericton. They tell a pitiable story of the hardships they have endured this season, not only while in the woods, but while getting out. The snow in the woods is still seven feet deep, they say, and many valuable horses have had to be abandoned. One of the men said that he and five others had left the camps a fortnight ago, and had ever since been on the road. They had no money about them except Maritime Bank notes, and between their expenses along the road and the discount in trading off these bills to pay their way, fifty cents on the dollar being the very best they could do in Maine, it has cost each of them \$30, or over a month's wages, to get to Fredericton.

There was a very large attendance at the leasing of the government horses Wednesday, every county being represented. The horses were leased till Sept. 1st under the conditions framed by the board of agriculture and approved by the government. The purchasers were as follows, the total sale realizing \$5,480:

- No. 1 Coaching stallion, The Earl—D. T. Johnston, Chatham, \$205.
- Cleveland bay, Lord Stansfield—Sunbury Agricultural society, \$310.
- Cleveland bay, Duke of Cleveland—St. Mary's and Stanley society, \$380.
- Clydesdale, Nelson—Sackville and Westmorland society, \$510.
- Clydesdale, Balgonie Prince—St. John society, \$150.
- Clydesdale, The Prior—Kingsclear society, \$430.
- Clydesdale, Knight of Chelsea—Cambridge society, \$525.
- Clydesdale, Gypsy Boy—Thos. Robinson, Harvey, York, \$160.
- Clydesdale, Simon Beattie—Andover society, \$200.
- English shire, Gunboat—Robert Connors, St. Francis, Madawaska, \$215.
- English shire, Drummond Pride—St. Croix society, Charlotte, \$220.
- Purcheron, Zephyr—Wakefield and Jacksontown society, \$500.
- Percheron, Refere—Chipman society, \$340.
- Percheron, Arian—W. F. Glidden, Woodstock, \$195.
- Percheron, The Deacon—Harvey society, Albert, \$410.
- Morgan, Aurora—Kings and Westmorland society, \$335.
- Thoroughbred racer, Sir Peter—five years old, Dr. Johnston, Chatham, \$160.
- Clydesdale, Angus Chief, J. L. Inches, \$235.

A San correspondent at Edmundston writes:—There seems to be an epidemic of fires here now. Maxime Cyr's store was burned a few days ago. August Bernier had a narrow escape. The fire caught in his store and his brother, who was sleeping, was rendered unconscious by the smoke. Maxime Martin also had a hole burned in the roof of his house and had hard work saving the building. Paul Willett of St. Hilaire lost his store by the same cause. The last and saddest was a man at Long Lake, whose house was burned last Saturday in the daytime, and two children perished in the flames. His wife had a very narrow escape. She was badly burned and is not expected to live. They were scutching flax and had a large quantity of it in the room, when it caught and in an instant the whole apartment was in a blaze. The two children (of four and five years) perished in the flames and the rest of the family barely escaped with their lives.

NOVA SCOTIA.

Ex-premier Pipes has been gazetted judge of probate for Cumberland County.

The work of rebuilding the big raft, which is to be 200 feet longer than the old one, is progressing satisfactorily, and builder Robertson is confident that the raft will launch.

The contract for the construction of the Stewiacke Valley and Lansdowne Railway has been awarded to Geo. M. MacKay, of Lansdowne.

The Digby Courier says that Digby, N. S. is being undermined and washed away by the tides and high winds, and announces that if steps are not taken to remedy the evil, the town will have disappeared before another quarter of a century passes.

A letter received for the captain of the Norwegian barque Mentor, now at Halifax, who was drowned at sea on the passage from Brazil to that port, was opened by the mate, and contained the intelligence that the captain's wife died Feb. 14, or just one month before the captain was drowned.

A barn belonging to Mr. A. C. Schurman, at Truro, N. S., was almost totally destroyed by fire. A large amount of hay and feed was burned with it.

Schr. Flora B., Bently, master, from Kingsport with potatoes for the American market, went ashore near Dunns rock, Port George, on Saturday afternoon, and is a total wreck. No insurance. The vessel is mostly owned by the captain. Great difficulty was experienced in landing the crew, who were much exhausted from hunger and exposure. They were rescued by means of a life line thrown from shore.

OTHER PROVINCES.

The P. E. Island Legislature is now in session.

A report has reached St. John's, Nfld., of the total loss of the sealing steamer Eagle with a crew of 250 men, on the shoals near Funk Island, off Bonavista Bay. No particulars of the disaster are yet at hand. Debris consisting of deck ladders, fore-castle deck, and cooking gear with the steamer's name on it, have been found on the ice. The supposition is that the steamer's boiler exploded.

Edward Madden, night watchman at Whale River Station, C. P. R., accompanied A. Mc. Dougall, store keeper, to an Indian camp, for the purpose of collecting furs. McDougall got into a dispute with the Indians and Madden went to his assistance, when he was shot through the head and instantly killed by a squaw. McDougall barely escaped with his life.

UNITED STATES.

Graves, the man who is charged with the murder of two game wardens in Maine in November last, has just been arrested in California.

BRITISH AND FOREIGN.

A wholesale merchant of St. Petersburg, reported to be worth millions, has been shot with a revolver and killed by a man to whom he refused to give 80,000 roubles towards the nihilist fund. The murderer has been arrested. Other Russian capitalists are fearful of suffering a similar fate. They are receiving letters threatening them with immediate death if they do not comply with the demands to furnish money for the "common cause."

A brief sensation was caused in London on Wednesday by a report that an attempt on the life of Balfour was discovered and frustrated. In the mail at the Oxford street branch of the post office, there was a small box addressed to Balfour. A mail clerk thought it peculiar and suspicious looking, and obtained permission to have it opened. It

was found to contain a small vial filled with what was thought to be an explosive connected with springs attached to a bottle. Careful investigation has, however, shown that the whole thing was a hoax.

TEMPERANCE NOTES.

—There is a "Home for Intemperate Women" in Boston, which has 41 inmates.

—The owner of the international distillery at Des Moines, Ia., has ordered its superintendent to stop buying grain, and to close it June 1. This is the last distillery in Iowa.

—Governor Martin, of Kansas, who was an anti-prohibitionist when the law for Kansas was passed, said the other day that if the question were submitted to-day to a vote, Kansas would give 100,000 majority for Prohibition. And yet our savants a thousand miles away will gravely inform us that it is a failure in Kansas! An Iowa newspaper makes a similar assertion, declaring that State would give 60,000 majority for Prohibition in a popular vote to-day.—The Voice.

—The liquor-sellers of Richmond, Va., recently closed their saloons for two Sabbaths to show that they are and always have been law-abiding citizens. The result was one that they had not bargained for. On the Monday before they closed the police arrested 30 persons for drunkenness. On the first Monday after they arrested but one, and on the second Monday none. The saloon-keepers thus conclusively showed that when they are law-abiding the peace of the city is preserved. They proved, against their will, that their business promotes law-breaking and crime.

WHAT TRUE MERIT WILL DO.

The unrepentant sale of *Boschee's German Syrup* within a few years, has astonished the world. It is without doubt the safest and best remedy ever discovered for the speedy and effectual cure of Coughs, Colds, and the severest Lung troubles. It acts on an entirely different principle from the usual prescriptions given by Physicians, as it does not dry up a Cough and leave the disease still in the system, but on the contrary removes the cause of the trouble, heals the parts affected and leaves them in a purely healthy condition. A bottle kept in the house for use when the diseases make their appearance, will save doctor's bills and a long spell of serious illness. A trial will convince you of these facts. It is positively sold by all druggists and general dealers in the land. Price, 75 cts., large bottles.

CONSUMPTION CURED.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma, and all throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellow-men. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, W. A. NOYES, 149 Power's Block, Rochester, N. Y.

So rapidly does lung irritation spread and deepen, that often in a few weeks a simple cough culminates in tubercular consumption. Give heed to a cough, there is always danger in delay, get a bottle of Bickle's Anti-Consumptive Syrup, and cure yourself. It is a medicine unsurpassed for all throat and lung troubles. It is compounded from several herbs, each one of which stands at the head of the list as exerting a wonderful influence in curing consumption and all lung diseases.

Volumes of Bombast have been published about the multifarious and irreconcilable effects of many proprietary remedies. The proprietors of Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, I suffered from a complaint very prevalent with our sex. I was unable to walk any distance or stand on my feet for more than a few minutes at a time without feeling exhausted, but now I am thankful to say, I can walk two miles without feeling the least inconvenience." For Female Complaints it has no equal.

A. B. Des Rochers, Arthabaska, P. Q., writes: "Thirteen years ago I was seized with a severe attack of rheumatism in the head, from which I nearly constantly suffered, until after having used Dr. Thomas' Electric Oil for nine days, bathing the head, &c., when I was completely cured, and have only used half a bottle."

A. D. Noyes, Newark, Michigan, writes: "I have enquired at the drug stores for Dr. Thomas' Electric Oil, but have failed to find it. We brought a bottle with us from Quebec, but it is nearly gone and we do not want to be without it, as my wife is troubled with a pain in the shoulder, and nothing else gives relief. Can you send us some?"

B. B. B. ONE OF MANY. B. B. B. Mrs. Agnes Black, of Orton, Ont., says, "For five years I have been a sufferer from dyspepsia and indigestion. I tried one bottle of Burdock Blood Bitters, and was getting better; I then bought three more and it has cured me."

REMARKABLE.

There have been many remarkable cures of deafness reported from the use of Yellow Oil. The proprietors of this medicine have a large number of such testimonials. It is the great household remedy for pain, inflammation, lameness, and soreness of every description, and can be used internally and externally.

B. B. B.—IN WORKING ORDER.

"My husband was troubled with dyspepsia for more than four years. Two experienced physicians did him no good. We got discouraged, until we read of Burdock Blood Bitters; he took only two bottles and now is as well as ever, and doing heavy work all the time." Mrs. Richard Rowe, Harley, Ont. B. B. B. has cured the worst cases of chronic dyspepsia.

CURE FOR INFLAMMATORY RHEUMATISM.

Procure from your druggist a bottle of Hagyard's Yellow Oil and use according to directions. J. D. Cameron, of Westlake, Ainslie, Cape Breton, was cured by this remedy after all other treatment had failed. It may be taken internally for coughs, colds, sore throat, etc., etc.

B. B. B. A SENSE OF DUTY. B. B. B.

"I should not think it right did I not give my testimony of what B. B. B. has done for me. I was troubled with biliousness. I took one bottle—it gave immediate relief. I can recommend it as a sure cure for biliousness." Minnie Smith, Orillia, Ont.

WHERE THE DANGER LIES.

The chief danger from taking cold is its liability to locate upon some internal organ, as the lungs, the pleura, the bronchial passages, etc. Hagyard's Pectoral Balsam loosens and breaks up the cold, allays irritation and often prevents or cures pulmonary complaints.

If your child is lacking in the elements of perfect childhood, try Ridge's Food. It is the claim of the Mfgs, indorsed by hundreds that it is the best food for the growing child, we believe more children have been successfully reared upon Ridge's Food than upon all the other foods combined. Try it mothers and be convinced of its worth. Send to WOOL-RICH & CO., Palmer, Mass., for pamphlet. Sent free to any address. Its perusal will save much anxiety.

WHO WILL VOUCH FOR IT?

If one could believe one hundredth part of what people say in praise of Johnson's Anodyne Liniment, it would be an easy matter apparently to maintain good health to extreme old age. Now here are three certificates recently sent us. We don't vouch for them, but it seems probable that the statements made are true, as the parties could have no interest in publishing anything except to benefit fellow sufferers.

South Windham, Vt.

I have never sold any of your medicine; but have been using it in my family. We reserve the remainder for future use and send pay for all. We used Johnson's Anodyne Liniment for a nasal wash for catarrh, and we are delighted with it. We had tried almost everything recommended for catarrh, but find Johnson's Anodyne Liniment far superior to any yet used. I used it with a common douche, according to your direction. J. E. WHIPPLE.

BRONCHITIS.

Island Shoals, Ga., Feb. 6, 1885. Gents:—Your Johnson's Anodyne Liniment is the best thing I have ever seen. I believe it saved my husband's life. Last year he was suffering intense agony with bronchitis, and I used it as you direct. It gave him relief in a few minutes.

Yours, ELIZABETH SANDERS. Fern Springs, Miss. Dr. I. S. Johnson:—Notwithstanding my prejudice against proprietary medicines, I am, in justice to you, compelled to acknowledge that Johnson's Anodyne Liniment excels anything that I ever tried for the diseases it is recommended to cure. Experience has taught me the above lesson. Wm. A. HAGGARD.

JOHNSON'S ANODYNE LINIMENT

FOR INTERNAL AND EXTERNAL USE.

Cures Diphtheria, Croup, Asthma, Bronchitis, Neuralgia, Pneumonia, Rheumatism, Bleeding at the Lungs, Hoarseness, Influenza, Hacking Cough, Catarrh, Cholera Morbus, Dysentery, Chronic Diarrhoea, Kidney Troubles, and Spinal Diseases. We will send free, on request, a pamphlet containing information of very great value. Everybody should have this book, and those who send for it will ever after thank their lucky stars.

THE MOST WONDERFUL FAMILY REMEDY EVER KNOWN.

1887.  1887.

GREGORY'S SEED CATALOGUE

You Will Not Find in my catalogue "stare" seed, venerable with years, and ends of various crops; seed raised from unsalable onions, headless cabbages, sprangling carrots, or refuse beets. (I am always happy to show my seed stock.) But if you want Northern seed, honestly raised, home grown (not more than two other catalogues contain many), seed warranted (see the cover), valuable novelties, some of which are to be found in no other, send for my vegetable and flower seed catalogue for \$5, FREE to all. It contains varieties of Beans, 45 of Peas, 41 of Cabbages, 53 of Melons, 44 of Corn, etc., etc., besides a large and choice variety of flower seed.

JAMES J. H. GREGORY, Marblehead, Mass.

RIDGE'S Food

For INFANTS AND INVALIDS.

It is without doubt the very best of the many foods now in the market. Its great popularity is due to its intrinsic worth, as by observing "Special Directions" not only will the feeblest infant be nourished without distress, but it will furnish a full meal for the healthy, growing child. It produces bone and muscle, not a puffy, flabby skin. For prevention of (and as a dietetic in) Cholera, Infantum, Diarrhoea, etc., it is invaluable. It is neutral in its action on the bowels.
