

News of the Week.

NEW BRUNSWICK.

The big fill of the trestle work of Woodstock Railway bridge is completed. The men have been discharged and the steam shovel run into winter quarters.

Mr. Baird M. P., for Queens Co., has resigned. Another election is expected at once.

A Buctouche girl named Susanne LeBlanc, of Buctouche, N. B., was crushed to death between two cars at the Fitchburg, Mass., railway depot last Sunday evening.

The New Brunswick railway has carried more potatoes during the past three months than in any corresponding period in the history of the line.

Wallace & Thompson, of Carleton, N. B., have received the contract for the execution of the repairs at Fort Dufferin, and G. S. Mayes, of Carleton, the contract to carry out certain improvements at Partridge Island.

The residence of Dr. Moore with the barn was burned at Sackville, Wednesday night. The house was not occupied by the family.

Mr. Wm. Glover, northeast Oromocto, recently captured a large otter, measuring nearly five feet in length.

Mr. J. A. Whelpley, skate manufacturer, has re-purchased his old factory in New Brunswick and will begin the business of skate manufacturing again.

The liquidators of the Maritime bank say they are winding up the bank's affairs as quickly as possible. The outlook for the note-holders is fair with but little encouragement for depositors.

Six hundred cases of typhoid and malarial fever are reported in Ottawa, the disease having assumed the form of an epidemic. Defective drainage and bad water are said to be the causes of the trouble.

Recent defections from the ranks of Norquay's supporters are said to leave the Manitoba government in a minority of one in the legislature or under the most favorable circumstances a tie with the opposition, making a re-arrangement of some nature absolutely necessary.

Diphtheria is alarmingly and fatally prevalent in Montreal; last week thirty-two deaths from that disease occurred, and the death rate shows no signs of decreasing.

Fire in the insane asylum at London, Ont., destroyed the laundry, kitchen and bakery, causing a loss of about \$20,000. None of the patients were injured.

The New Railway Bridge at Fredericton when completed will be the tenth bridge crossing the St. John River. Five of these are railway bridges and five highway bridges, as follows: The highway suspension bridge at the falls, St. John, the steel cantilever railway bridge at the same place, the Fredericton and St. Mary's steel truss railway bridge at Fredericton, the highway bridge at Florenceville, the highway bridge at Woodstock, the N. B. Railway bridge at Woodstock, the N. B. Railway bridge at Andover, the highway suspension bridge at Grand Falls, and the N. B. Railway bridge at Grand Falls. Of these structures, the highway bridge at Fredericton is the longest and the suspension bridge at Grand Falls is the shortest.

The old Lascar at the Dorchester penitentiary, known as Don, and whose name was Merino, died the other day and was buried Thursday. He was true to his Paganism. He was sentenced in Halifax for life for killing a sailor, and had been in the penitentiary for thirty six years.

The following New Brunswick appointments have been made. Harper, to be port warden of Shediac; W. A. Park, to be agent of the Government Savings Bank at Newcastle; Jas. Bogue, of St. George, to be a preventive officer of inland revenue.

"MAUD S." CONDITION POWDER is a capital thing to mix in food for poultry.

NOVA SCOTIA.

Jennie Hart, a Halifax girl of 16 years, whose clothes caught fire, burning her body, a few days ago, died Saturday from her injuries.

The marine department has forwarded a valuable watch, awarded to Captain George Ritchie of the bark Batchelor of Yarmouth, by the President of the United States, for human service rendered the shipwrecked crew of an American vessel.

Dr. Avery's estate (Halifax) is worth about \$200,000. He leaves \$500 each to the poor, to St. Matthew's Presbyterian church and Dalhousie college. The rest is divided in sums of \$5,000 and under, among a wide circle of acquaintances.

Pictou town has now four passenger trains arriving and departing daily. The progress made by the towns in Pictou county this year has been unparalleled in the history of the county. Four have about a population of 20,000. The amount spent in building operations this season has been enormous.

The value of private property exempt from taxation in Halifax aggregates \$1,650,000.

The Halifax city council has been asked for the dismissal of License Inspector Mackasey for non-performance of duty.

Last year 69 liquor licenses were taken out in Halifax. The number of applications this year will likely be about the same.

Application will be made to parliament at its next session for an act to incorporate the "Annapolis Atlantic Railway Company" to construct a line from Annapolis to Liverpool, with branches to Shelburne, Lockport and Barrington.

The Canso codfishermen have been reaping a rich harvest the last few weeks. 500 quintals were caught one day by about 60 boats. Yankee poachers are making great hauls.

No MORE PILLS—Campbell's Cathartic Compound is especially prepared to take the place of those nauseous Pills.

OTHER PROVINCES.

The government steamer Lansdowne has been ordered to perform winter service between Pictou and Georgetown. The Northern Light will be kept in readiness at Georgetown in case of emergency.

The Manitoba legislature will meet for the despatch of business about January 12th.

Six hundred cases of typhoid and malarial fever are reported in Ottawa, the disease having assumed the form of an epidemic. Defective drainage and bad water are said to be the causes of the trouble.

Recent defections from the ranks of Norquay's supporters are said to leave the Manitoba government in a minority of one in the legislature or under the most favorable circumstances a tie with the opposition, making a re-arrangement of some nature absolutely necessary.

Diphtheria is alarmingly and fatally prevalent in Montreal; last week thirty-two deaths from that disease occurred, and the death rate shows no signs of decreasing.

Fire in the insane asylum at London, Ont., destroyed the laundry, kitchen and bakery, causing a loss of about \$20,000. None of the patients were injured.

THE PEOPLE'S BEST FRIEND is Perry Davis' Pain-Killer, because it is ever ready to alleviate suffering.

UNITED STATES.

James Donaldson arrived home at New Bedford, Pa., two weeks ago from a European trip. He came on the steamer Alesia, quarantined at New York for two months for cholera. When he reached home his wife washed the disinfected clothes. She soon sickened and died of a peculiar disease the attending physicians could not understand. The body became black in spots. In a day or two Undertaker Duffy became affected and is now seriously ill. Donaldson died Wednesday. His son and daughter, and a dozen other residents of New Bedford, are down. Physicians are greatly alarmed and do not know the disease.

THE "ROYAL" FLAVORING EXTRACTS are not only true to their names, but are prepared from fruits of the best quality.

BRITISH AND FOREIGN.

A school in the village of Werch obistrakfor, Russia, was burned a few nights ago. A large number of girls were sleeping in the upper floors. Twenty-four escaped by jumping from windows; 16 others were afraid to jump and were burned to death.

Ninety-five cigar factories in Havana have shut down owing to the demands of cigarmakers for an increase of wages.

An explosion of choke damp in a colliery in Haremba, Silesia, killed 13 miners and wounded several.

M. Sadi-Carnot was elected President of France on Saturday. His election appears to give quite general satisfaction. Newspapers generally approve of the election of M. Sadi-Carnot and consider it an augury of peace. Telegrams from provinces, without exception, testify to the satisfaction felt at the result of the election.

The ministry formally tendered their resignations, and the president requested them to remain in office for the present.

The German, Russian and Austrian ambassadors, each expressed cordial approval of the amicable settlement of the crisis.

Concerning Women.

—Miss Youmans, who was for many years the assistant and companion in studies of her brother, the late Prof. Edward L. Youmans, has succeeded to the editorship of the Popular Science Monthly.

—So far as is known, there are only fourteen Chinese women in New York city. Of these, nine are married. They obey to the letter the customs of their own country, where the wife is the property of her husband.

—The "wheel" is said to be increasing in favor faster among women than among men. There are now between four and five thousand women who are habitual riders of the tricycle. They find the exercise both pleasant and healthful.

—Mrs. Rose Terry Cook says American women don't know how to live. If they want health, she writes, let them learn to live in fresh air—open their windows, wear flannel night-gowns and take a jug of hot water to bed if they are cold, but never sleep with closed windows; and air all their clothes and their room daily; eat simple, wholesome food; wear boneless waists and button their skirts on them, and take the heels off their boots. Then, she argues, they will be rosy, happy, healthy, and a comfort to everybody as well as themselves.

—Three million women in the United States work for money. Of these 600,000 are agricultural laborers, mainly in the cotton fields of the South; 640,000 are employed in manufactories, and 530,000 in the laundries of the country; 280,000 are milliners, and 200,000 find employment as dressmakers; 60,000 earn their bread in tailorshops, and 90,000 are saleswomen, teachers, telegraph operators, typewriters, bookkeepers, typesetters and nurses. There are 2,500 female physicians.

SCOTT'S EMULSION OF COD LIVER OIL AND HYPOPHOSPHITES.

Is very palatable and much better than the plain oil. Dr. W. H. Cameron of Halifax, N. S., says: "I have prescribed Scott's Emulsion of Cod Liver Oil with Hypophosphites for the past two years and found it more agreeable to the stomach, and have better results from its use than any other preparation of the kind I have ever tried." Put up in 50c. and \$1 size.

Do you feel as though your friends had all deserted you, business calamities overwhelmed you, your body refusing to perform its duties, and even the sun had taken refuge behind a cloud? Then use Northrop & Lyman's Vegetable Discovery, and hope will return and despondency disappear. Mr. R. H. Baker, Ingoldsby, writes: "I am completely cured of dyspepsia that caused me great suffering for three years. Northrop & Lyman's Vegetable Discovery is the medicine that effected the cure after trying many other medicines."

Messrs. Parker & Laird, of Hillsdale, writes: "Our Mr. Laird having occasion to visit Scotland, and knowing the excellent qualities of Dr. Thomas' Electric Oil, concluded to take some with him, and the result has been very astonishing. We may say that in several instances it has effected cures when ailments had been pronounced incurable by eminent practitioners."

"A BOUQUET OF ENCHANTING SWEETNESS—'Lotus of the Nile' Perfume.

IF YOU HAVE A COUGH, do not neglect it; buy at once a bottle of Allen's Lung Balm.

No time like the present for seeking medicinal aid when what are foolishly called "minor ailments" manifest themselves. There are no "minor" ailments. Every symptom is the herald of a disease, every lapse from a state of health should be remedied at once, or disastrous consequences are likely to follow. Incipient dyspepsia, slight costiveness, a tendency to biliousness, should be promptly counteracted with Northrop & Lyman's Vegetable Discovery and great blood purifier, and the system thus shielded from worse consequences.

The great lung healer is found in that excellent medicine sold as Bickle's Anti-Consumptive Syrup. It soothes and diminishes the sensibility of the membrane of the throat and air passages, and is a sovereign remedy for all coughs, colds, hoarseness, pain or soreness in the chest, bronchitis, etc. It has cured many when supposed to be far advanced in consumption.

James Cullen, Pool's Island, N. F., writes: "I have been watching the progress of Dr. Thomas' Electric Oil since its introduction to this place, and with much pleasure state that my anticipations of its success have been fully realized, it having cured me of bronchitis and soreness of nose; while not a few of my 'rheumatic neighbors' (one old lady in particular) pronounce it to be the best article of its kind that has ever been brought before the public. Your medicine does not require any longer a sponsor, but if you wish me to act as such, I shall be only too happy to have my name connected with your prosperous child."

It is wise to provide against emergencies which are liable to arise in every family. In sudden attacks of cold, croup, asthma, etc., a bottle of Ayer's Cherry Pectoral will prove a never failing remedy.

EGGS FIFTY CENTS A DOZEN.

A gentleman who keeps a few hens for profit, recently carried some fresh laid eggs to a wholesale dealer at Faneuil Hall Market, Boston, and received for the same forty-three cents per dozen. The dealer said to him, "next week I will pay you forty-five cents, and before Christmas fifty cents a dozen for all you will bring me like these."

What is true of Boston is in a measure true of every market for eggs. The next eight weeks will be the season of highest prices. Therefore work your hens now for all they can do. We have no doubt but that, for want of the proper ingredients in their food, more than one half of the hens in this country are now idle, when eggs will sell for fifty cents per dozen. It is pure folly to wonder, spend time and money or experiment to find out why your hens do not lay. You better by far profit by the experience of others, and make them lay during December and January. The following sworn statement shows that, the quickest and surest way to do this and increase the egg product during these months from one to six hundred per cent, is by the use of Sheridan's Powder to make hens lay, once daily in the food.

South Waldoboro, Maine, (I commenced Dec. 6, 1886, to feed sixty hens the Sheridan's Powder according to directions, and continued until January 31st. The first week they laid only thirty eggs, the second 61, the third 138 the fourth 196, fifth 262, sixth 315, seventh 389, and the eighth 409 eggs." Or 150 dozen for the eight weeks.

Yours truly, G. N. Winchenbach. "Subscribed and sworn to before me this twenty-eighth day of April, 1887. Geo. G. Benner, J. P." I. S. Johnson & Co. 22 Custom House Street, Boston, Mass., are the only manufacturers of Sheridan's Powder to make hens lay, which is sold by nearly all druggists and general storekeepers. For 50 Cents in stamps Johnson & Co. send post paid to any address, two packs of the Powder; five packs for \$1.00. Or for \$1.20 they will send a large 2-1-4 pound can of Powder, also one copy of the Farmers Poultry Raising Guide (price 25 cents), postage or express prepaid. Six cans sent for \$5.00, express prepaid to any express office in the United States.

let that cold of yours run on. You think it is a light thing. But it may run into catarrh. Or into pneumonia. Or consumption. Catarrh is disgusting. Pneumonia is dangerous. Consumption is death itself. The breathing apparatus must be kept healthy and clear of all obstructions and offensive matter. Otherwise there is trouble ahead.

All the diseases of these parts, head, nose, throat, bronchial tubes and lungs, can be delightfully and entirely cured by the use of Boschee's German Syrup. If you don't know of this already, thousands and thousands of people can tell you. They have been cured by it, and know how it is themselves." Bottle only 75 cents. Ask any druggist.

MARKET REPORTS.

Table with market prices for various goods like Beef, Mutton, Pork, Butter, etc.

PARSONS' PILLS

These pills were a wonderful discovery. No others like them in the world. Will positively cure or relieve all manner of disease. The information around each box is worth ten times the cost of a sense. One box will do more to purify the blood and cure chronic ill health than \$5 worth of any other remedy yet discovered. If people could be made to realize the marvelous power of these pills, they would walk 100 miles to get a box if they could not be had without. Sent by mail for 25 cents in stamps. Illustrated pamphlet free, postpaid. Send for it; the information is very valuable. I. S. JOHNSON & CO., 22 Custom House Street, BOSTON, MASS.
