

coupled with well directed spiritual effort for the salvation of souls. People were entertained but not saved, simply because entertainment was the principal object sought. I have been informed lately that about three fourths of the best membership have voted to go in a body and affiliate with the Reformed Episcopal church located near the Hall, and the Sabbath School will be continued where it is for the present.

WM. DOWNEY. The Baptist Seminary.

The Seminary Building being erected at St. Martins, for the Union Baptist Education Society, is progressing favorably, and when completed will be an edifice to which the Baptist families may point with pride. But to meet present requirements quite a sum of money is needed in addition to stock already subscribed. It has been proposed to ask all the members of the Baptist and Free Baptist for one dollar each. Circulars are to be sent to all parts of the Province, setting forth the need and plan, and it is hoped that every man and woman will respond with one dollar, a sum within the reach of all. The amount asked for is small. Shall it be said that there is a Free Baptist in the province that would not give one day's time or its equivalent for the promotion of so worthy an object. Will not every Church appoint Collectors to look after the matter, and every Minister bring the subject before his Congregation at once.

WM. PETERS.

NOT TRUE. In our last issue we published an item from an exchange, stating that the body of O. D. Smith of Blissville, Sunbury Co., had been found by Rev. Thos. DeWitt, of that place. Bro. DeWitt informs us that there is no truth whatever in the statement that he found the body of Smith, and wishes the report contradicted.

DENOMINATIONAL NEWS.

RUSAGORNISH, S. Co.—Rev. J. G. McKenzie is holding meetings in Rusagornish, and there is prospect of a good work.

GREENFIELD, S. Co.—There is a good work of grace in progress in Greenfield under the labours of Licentiate F. Currier. He sent for me two weeks ago to come and baptize converts. I baptized eleven, and received nine into the church. Bro. C. is doing a good work.

J. G. MCKENZIE.

WOMAN'S MISSION SOCIETY.—The Seventh Annual Meeting of W. F. M. Society of the second district, was held on Saturday at 2 o'clock, p. m., June 25th at Third Tier, Jacksonstown. The session was opened by singing, "Jesus shall reign where'er the sun does his successive journey run" reading of Scripture and prayer by sister McLeod. The following officers were appointed for ensuing year.—Mrs. E. J. Clark, President; Mrs. Richd. Alexander, Sec.-Treasurer; Mrs. C. T. Holmes, Auditor. Eighteen churches contributed as follows:

Upper Woodstock.....	\$ 6.00
Knowlesville.....	6.00
Hartland.....	13.25
Knoxford.....	4.75
Third Tier.....	5.68
Rockland.....	8.50
Royalton.....	6.00
Woodstock.....	26.68
Lower Brighton.....	10.88
Gordonville.....	3.60
Windsor.....	6.44
Seventh Tier.....	4.45
Mrs. Grey.....	1.00
Connell.....	9.12
Tracy Mills.....	13.65
Victoria Corner.....	9.75
Bristol.....	3.25
Jacksonville.....	3.25
Waterville.....	1.00
Collections.....	9.23
Total.....	\$152.48
Paid Sec. bill.....	46
Balance on hand.....	\$152.02

Besides this, Hartland and Lower Woodstock contributed to H. M. fund, \$3.91, of which Mrs. S. H. Shaw, Hartland, is Treasurer. While we find by comparing the present with last years receipts that there has been \$30.00 more raised this year than last in the District, and five more churches are represented, denoting a greater interest in the mission enterprise, yet this is not all we could wish. The question arose, what means could be devised to bring the matter before the sisters, so as to effect the greatest possible interest in the work? It was resolved that sisters C. Holmes, C. T. Philips and Shea be a committee to group the churches; and appoint two sisters to visit each group, whose duty it should be to hold meetings and report at next annual meeting.

On Monday, resumed business. The committee, on grouping the churches, reported as follows:—1st group, Bristol, Gordonville, Coldstream, Windsor, Foreston, Knowlesville, and Sisters appointed, Mrs. Gravin and

Mrs. B. Jones. 2nd, Rockland, Hartland, Upper and Lower Brighton, Pembroke and Lower Woodstock.—Sisters appointed, Mrs. S. H. Shaw and G. R. Burt. 3rd, Upper Woodstock, Jacksonville, Seventh Tier, Third Tier, Waterville and Victoria Corner; Sisters E. J. Clark and C. T. Philips appointed. 4th Connell, Charleston, Brookville, River Bank, Tracey Mills, Knoxford; Sisters G. C. Turner and C. Holmes appointed. Dear Sisters will you not co-operate with our sisters in this good work, and thus make their efforts a success, and as we value what the gospel is to us, let us go forward with energy of purpose and a heart filled with love to the Master; let each do all she can to give the gospel to the benighted.

A public missionary meeting was held on Monday at 2.30 p. m. Opened by singing, "Gathering Jewels;" Scripture lesson, Isa. 22ch; prayer by Rev Mr. Kinghorn; Singing, "Lo the golden fields are smiling." Sister Shea presided at the organ. The Sec., Sister S. H. Shaw, being absent on account of sickness at home, her report was read by sister McLeod. The reading of Sec. Treasurer's report followed. The Auditor, Mrs. C. Holmes also gave her report. Sister C. T. Philips made a short, but pointed address. Rev J. McLeod spoke next. He regretted that the men, instead of leading in this work, had fallen behind, and spoke encouraging words of what the women had done. As we increase in numbers, we should send more missionaries. The number we have in the foreign field is an expression of our interest. Nothing pays so well as undertaking great things for God. We cannot tell how much good is being done. There is a reflex influence. Rev C. T. Philips congratulated the women on the work that was being done. The constant toiling of those workers was weakening the chains that bound those for whom they were labouring. Parents should educate their children to have the spirit of this work. It was as much our work as Sabbath School work. A collection was taken, and the meeting which was of a pleasing and effective character was closed by prayer by Rev. B. Colpitts.

Sec. Treasurer.

Literary Notes.

In the July Harper's the strongest article is the opening one on "A Printed Book," which makes a proper sequel to the June article on "A sheet of Paper," in the series of Great American Industries. With admirable conciseness, and yet with cyclopaedic thoroughness, R. R. Bowker indicates the various substitutes for printing in the ages before Gutenberg, and the steps which prepared the way for the European invention of movable type which has revolutionized the world. All the departments of labor combining to produce the modern miracle of a printed book are clearly explained; the manufacture of type, the compositor's work, the preparation for the press by stereotyping or electrotyping, the printing-presses, with the secrets of their operation, the folding, stitching, and binding. Of course the most essential portion of the subject is the evolution of the printing-press from the early embryonic hand-machine to the magic Hoe cylinder-presses, which perform the feat of printing "four, six, eight, ten, or twelve page papers of various sizes, six, seven, and eight columns in width, delivering the same, cut at the top, pasted down the centre margin, folded as desired, counted in lots, at a speed from 12,000 to 72,000

perfect newspapers per hour, depending on the size and number of pages to be printed." Twenty illustrations render the article peculiarly attractive and valuable.

The Homiletic Review for July begins a new volume. The leading article is on the Pulpit and Modern Skepticism. "The Pulpit and Public Morals" are discussed with wisdom and ability by Dr. William J. R. Taylor. Dr. Schaff gives a very readable article on "Luther on the Wartburg." Dr. Pierson furnishes his usual highly valuable "Gems" and "Missionary Field." Of Sermons there are eight in all, by such preachers as Drs. Wm. M. Taylor, Prest. Hyde, Miller, Dobbs, Sever, and Wayland Hoyt. The number is up to the high water mark which has characterized the successive issues of this year.

Published by Funk & Wagnalls, 18 and 20 Astor Place, New York. \$3.00 per year; 30 cents per single number.

In The Century for July the lighter material is of a sparkling out-of-doors character.

The paper, on Wild-Flowers is profusely illustrated, and is likely to set many to botanizing. "The Sportsman's Music," gives pictures of live game birds and recording the musical notes of their songs.

The Lincoln History closes up the Kansas troubles and discusses the "Lincoln-Douglas Debates." Interesting and hitherto unpublished letters by Lincoln and Greeley are given.

The War Series compasses this month the hundred days of battle in "The Struggle for Atlanta," "Christian Science" and "Mind Cure," by Dr. Buckley, and "The Potential Energy of Food," by Professor Atwater, are two papers of a suggestive and valuable character by experts in the investigations which they record.

Other subjects discussed in the number are, "A New Era in Our History," "Reform in Municipal Government," "College Expenses," "The Metropolitan Spirit," "Labor and Capital," "Christian Union from the Baptist Point of View," "American Studies in Germany," "Photography and American Art," etc.

ALL SORTS.

A peculiar black paper, made from the bark of certain trees, serves the Siamese and Burmese in lieu of slates. Betal leaves are used to erase the writing.

The addition of sugar to mortar greatly increases its strength. It is supposed that the wonderful Roman mortar, hard after two thousand years had passed, owed its excellence to the addition of saccharine matter.

Cremation is making rapid progress in popularity in England. In a single parish, St. John's, Working, eighty cremations have been made since the recent establishment of the Cremation Society of England.

The only son of Rev Thos S. Vanwart, who baptised at this place. He leaves a wife and two little daughters to mourn his loss with his parents and others of the family. She professed religion in 1875 under the labors of Elders Perry and Colpitts, and joined the F. C. Baptist Church, in Lower Brighton, while there, she lived her religion; and carried it with her, and died in peace. Her remains were brought to her old home to be buried, followed by her husband and other relatives.

FACTS WORTH KNOWING.—This is the season of the year when the blood needs to be cleansed and purified. The best preparation that we know of to accomplish this is Gates' Life of Man Bitters and Invigorating Syrup, they extract the water and purify the blood, regulate the bowels, increase the appetite, excite the liver to action and renovate the whole system. A dozen bottles only cost five dollars and fifty cents, if every person should use this quantity each spring we are sure that they would save pounds in the long run as it will certainly ward off disease and save many a sickness.
