

News of the Week.

NEW BRUNSWICK.

The Globe directs attention to the Royal Proclamation in which Her Majesty the Queen—in observance of her jubilee—extends pardon to all deserters from the regular militia or reserve forces, who shall comply with the simple terms therein set out. It says we hope that there are not many in New Brunswick to avail themselves of the terms offered, but all who are should not fail to take advantage of the Queen's pardon.

The mills owned and operated by Simmons & Burpee on the Tobique river were set on fire on Tuesday of last week during a severe storm of thunder and lightning, but the men being on the spot put the fire out. On Wednesday morning they were again discovered to be on fire and were burned to the ground, together with all their contents—two runs of stones, rotary saw, two new shingle machines, clapboard and lath machines, about 200 bushels of wheat, and 300 of buckwheat. The loss is quite a heavy one at this season, as they have lumber on hand to have kept the mill running the whole season. Loss about \$7,000; insured for \$3,000. The mill will be rebuilt immediately. The mill employed from fifteen to twenty hands.

Mr. John Livingstone has undertaken the management of a new political journal at Toronto, called *The Empire*. It is said to be the Government organ. Mr. Livingstone is a success as a Journalist.

The Sun says, it is understood that the Tobique Valley Railway will be commenced next month, and pushed rapidly forward. The subsidy granted at the late session places the company in a position to commence operations. The railroad is not a difficult one to build, running for a great part of its length along a level plateau by the river bank. A favorable feature of the line is that a considerable traffic may be expected from the beginning, to be increased as the agricultural lands up the river are made accessible to the public.

The Servis Railroad Tie Plate Company of Canada (Limited), has been organized in Moncton. The directors are E. R. Burpee, St. John; John L. Harris, Moncton; Graham Fraser, St. John; Percy C. Woodworth, Nova Scotia. E. R. Burpee was elected president; J. L. Harris, vice-president; C. P. Harris, treasurer; Jos. A. Harris, secretary and solicitor. The capital of the company is \$200,000 and the head office is at Moncton. The Servis patent is approved by the leading railway men of the United States, and the company is established under the most favorable aspects.

Heavy wind, rain, hail, thunder and lightning storms passed over the upper sections of Carleton county on Monday and Tuesday last, doing great damage to buildings and crops. During the storm on Monday, on the Tobique, Grand Falls Portage Road, and sections contiguous, no less than fourteen barns are said to have been blown down. There were some narrow escapes, but no loss of life so far as known.

The pilgrims to St. Anne de Beaupre, two train loads, reached Moncton station on their return. When near River du Loup one of the party, named Burke, fell off the train and received injuries which it is feared will result fatally.

The following county S. S. conventions take place this week: Restigouche at River Charlo, July 12; Westmoreland, at Dorchester, July 12 and 13; Kings, at Hatfield's point, July 13 and 14; Sunbury, at Fredericton junction, July 13. It is expected that B. F. Jacobs, of Chicago, secretary of the International executive committee, will be present at the provincial convention in September.

Miss Ada Ellis, Coldstream, was struck by lightning while sitting near a window. She was unconscious for an hour. Dr. Goodwith was immediately sent for and she soon began to rally, and is now slowly improving.

The steam rotary saw-mill, belonging to Stephen Jones, at Upper Woodstock, was completely destroyed by fire, to-day. The property was advertised to be sold by auction to-day at noon, under mortgage, at Fredericton. The fire broke out about the time the saw was to have taken place, and in a few minutes the whole structure was enveloped in flames.

Two Inquests were held at Chatham within a week—one on the body of an unknown, the other a deranged and deformed man, George Whitehead, who had been missing for some time. Both bodies were found in the river. Suicide is suspected in the latter case.

G. J. Worden of Wickham, Queens county, brought to market a fine sample of tomatoes of the Mayflower variety, which are the first of this year's produce to make their appearance July 8th.

The jury in the case of the Queen v. Robert Smith, for burning a bridge in Rothesay parish last September, brought in a verdict of guilty yesterday at Hampton. The judge deferred giving judgment till next Friday and adjourned the court till then.

There was a heavy hail storm at Muniac on Monday last, some of the hail stones weighing three ounces. The narrow belt over which the storm passed suffered severely, so says the *Sun*.

We learn that the government has received advices that the work of construction on the Short line railway, from Moncton to the sea, is progressing satisfactorily. All contracts in the State of Maine have been awarded. The section between Harvey and Salisbury, 113 miles in length, is now being located. It is expected that two sections, now under contract, will be finished in November.

Farmers here and across the lines says the *Carleton Sentinel* are complaining of a dry rot which is seriously affecting the potato, so much so, in some sections, that the potato fields have been plowed over and sown with buckwheat. Some attribute the cause to the rotting of the seed, while others affirm that it is the work of a worm. Whatever the cause, the result at present looks as though it would be disastrous.

It is rumored that a number of capitalists will start a canning factory at Sussex very soon. The above would indicate that Sussex is progressing though it may have had its trials in common with other places.

The bazaar in aid of the sidewalk fund was well attended considering the night was wet and disagreeable.

Sir William Ritchie and family left for St. John.

Mr. G. V. Hammond of St. Leonard Station, is getting materials to build a new store near the station.

On the 4th inst. the barn and stable of Mr. Eli Manzerolle, of Ste. Anne, were struck by lightning and consumed.

We are having hot and rainy weather, with very heavy thunder storms.

The hay and grains are splendid; so are the potatoes, though the beetle is very destructive.

A telephone message to the *Sun* from St. Martins stated that Frank Henry was still alive, but gradually sinking. The lower part of his body is paralyzed. The other two men in Wednesday's accident, Wm. Henry and John Ryan, are improving.

USE ONLY the best Condition Powders for your live stock. Ask for "Maud S." price 25 cents.

NOVA SCOTIA.

The ship *Harvest Queen*, third largest vessel owned in Canada, was successfully launched at Canby on the 7th inst.

It is said that Capt. Scott left for the North bay, where he will meet Minister Foster, who will personally investigate the alleged grievances regarding Yankee poaching.

Richard Schurmann, the thirteen-year-old boy who recently wrote home from Raymond street jail, Brooklyn, to his father, A. C. Schurmann, of Truro, N. S., but had been discharged and lost sight of before the father reached Brooklyn, was found sleeping on the City Hall steps in this city and taken by an uptown resident to the latter's home. The father was communicated with and joyfully started for Nova Scotia with the son he had nearly lost.—*N. Y. Herald* 6th.

Dr. James C. Farish of Yarmouth was in London 49 years ago, and witnessed the Queen's coronation procession, and on the following day visited Westminster Abbey, with its magnificent coronation decorations.

Rev. Dr. Rand, the venerable Micmac missionary, is in Halifax.

Moncton Times says Driver John McDonald, who was suspended some time ago on account of an accident on the Nova Scotia section of the I. C. R., has been reinstated.

At Brazil and other grounds in the vicinity of Port LaTour pollock were reported swarming last week, and quite a business was done in netting mackerel, chiefly of large size and excellent quality.

Capt. Joseph Pitman recently shot on Mud Island a large grey eagle that had been for some time preying on his sheep. His predatory visits were made during the night, resulting in the destruction of 40 lambs.

Westhaver Island lighthouse, Lunenburg Co., with its contents, was burned to the ground. The keeper was at Mahone Bay when the fire was discovered.

THE NEW SUBSTITUTE FOR PILLS—Campbell's Cathartic Compound. Easily taken, much more effective.

OTHER PROVINCES.

The fire in the Quebec citadel has been at last extinguished. The loss is estimated at \$150,000.

Widow McDougall was found dead with two bullet holes in her breast. Sam Hughes has been arrested and charged with murdering her.

McDougall, Logie & Co., of Montreal paint, oil and varnish manufacturers, has assigned with liabilities about \$150,000; assets nominally the same. The principal creditors are A. Ferguson & Co., Glasgow, Scotland, to the extent of \$75,000. The failure is partly owing to the large fire in the store which occurred some time ago.

Two new post offices inspection districts, are created in Ontario.

The revenue for the year was \$33,830,000 and the expenditure \$31,374,000. This is as it stood on the books, but the revised statement will not be ready till October.

A LOVELY THING IN PERFUMES—"Lotus of the Nile."

UNITED STATES.

William K. Vanderbilt, one of the New York millionaires, has started with his family on a two years' cruise around the world, in his steam yacht *Alma*.

The weather in the States and Canada last week was intensely hot. On Saturday the thermometer ranged from 90 to upwards of 100 in many sections. Many fatalities from heat are reported.

FOR TOOTHACHE.—Go buy a bottle of Pain-Killer, and find relief in the twinkling of an eye.

BRITISH AND FOREIGN.

The latest news from Stanley shows that he had overcome a series of obstructions in the journey from Leopoldville to Leokolela. One of the gravest difficulties was to replenish the commissary. The threatened scarcity of provisions greatly excited a number of his men, and it became necessary to punish the malcontents with much severity to reduce them to subjection and save the expedition. Stanley himself is ill from excessive heat. The expedition left Bolobolo, May 11, and was expected to reach the Congo at its confluence with the Arontomby by June 6. Stanley's programme was to encamp at this point, there to await the arrival of Tippoo Tip, who is approaching from Stanley Falls with provisions and a force of several hundred men.

The Gaulois says Comte de Paris, in bidding farewell to friends on the Island Jersey, after advocating silence, said: "You may be sure we shall win before long; a monarchy will come without violent effort and by gentle transition, for our organization, in training and everything is ready. The new government will get into immediate working order, and helped by all good Frenchmen I shall be king."

The freedom of the city was today conferred upon Andrew Carnegie, in recognition of his \$250,000 library gift. Blaine, who was invited to be present at the ceremony, could not get in, owing to the crowd.

The Rt. Hon. John G. Hubbard, member of parliament for London city, has been elevated to the peerage. The seat thus vacated will be contested by Charles Baring, banker.

The crimes bill passed its third reading this evening by a vote of 349 to 262. The announcement was, received with cheers and counter cheers.

Half the quays at Zug, Switzerland, fell into the lake on the night of the 5th, and forty houses, a crowded inn, and the Hotel Zurich, a four story structure full of visitors vanished entirely. The occupants were engulfed while they slept. At least 1,000 perished, including M. Collin president of the Canton. Men are now trying to rescue the bodies. An infant was found alive in a floating cradle.

The work performed by the human body in a day in circulating the blood, in breathing, and in other processes, is equal to that of twenty two horse power for one minute, or sufficient to light a three candle incandescent electric lamp continuously.

The fund of £500,000, or \$2,500,000 left by George Peabody for building improved houses for the poor of London, has, through rent and interest, grown to £910,668, or \$4,513,340. There are now 5,014 separate dwellings, containing 11,150 rooms; and the average rent of each dwelling is less than \$1.25 a week.

FOR DEEP SEATED COLDS and coughs, Allen's Lung Balm cures when all other remedies fail.

To lessen mortality and stop the inroads of disease, use Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure. For all diseases arising from Impure Blood, such as Pimples, Blisters, Biliousness, Indigestion, etc., it has no equal. Mrs. Thomas Smith, Elm, writes: "I am using this medicine for Dyspepsia; I have tried many remedies, but this is the only one that has done me any good."

FIFTY MILLIONS LOST ANNUALLY.

Facts in possession of the Government show that the loss of farm animals from contagious diseases exceeds fifty million dollars annually and that this enormous loss falls almost wholly upon farmers and poultry raisers, the loss from chicken cholera alone being almost beyond belief. Cases are mentioned where whole townships have been swept by chicken cholera, and tens of thousands of fowl lost at one outbreak. In the case of pleuro-pneumonia and hog cholera, no absolute remedy has as yet been discovered, but in the case of chicken cholera and all diseases of chickens an unfailing remedy has been discovered. We refer to Sheridan's Condition Powder. This powder was a marvelous discovery. It will not only prevent and cure all diseases of poultry but there is nothing on earth that will make hens lay like it. If you desire to learn how to use this powder to prevent and cure chicken cholera, roup, and all other diseases of chickens; how to detect symptoms of disease, and how to cure for sick chickens; how to clean poultry houses and runs, and how to save your young chickens and turkeys, then send at once to I. S. Johnson & Co., 22 Custom House St., Boston, for a copy of the Poultry Raisers Guide, price 25 cents.

This work presents a matter of very great importance to everybody, but especially to women, children and invalids, for there is probably no way by which a small but constant cash income can be secured with so little effort as by keeping and caring for hens. This book will pay for itself twenty times over the first year.—*Farm and Home*.

DAVIDVILLE, PA., June 17, 1887.

I. S. Johnson & Co.: Enclosed find 25 cents. Send me another package of Sheridan's Powder. I never saw anything like it. I have 98 chicks: only lost two this Spring, but my next neighbor has lost 32 out of 60. Before using Sheridan's Powder I lost more than half my chicks every year. My hens began to lay in their small coops when their chicks were but three weeks old.

E. S. HULL, Asst. P. M.

PUBLIC BENEFACTORS are not alone confined to the higher orders of scientific research. Indeed but few have done more for the welfare of the working masses than James Pyle through the introduction of his labor-saving Pearlina.

Free and easy expectoration immediately relieves and frees the throat and lungs from viscid phlegm, and a medicine that promotes this is the best medicine to use for coughs, colds, inflammation of the lungs and all affections of the throat and chest. This is precisely what Bickle's Anti-Consumptive Syrup is a specific for, and where ever used it has given unbounded satisfaction. Children like it because it is pleasant, adults like it because it relieves and cures the disease.

Orpha M. Dodge, Battle Creek, Mich., writes: I upset a tea kettle of boiling hot water on my hand. I at once applied Dr. Thomas' Electric Oil, and the effect was to immediately allay the pain. I was cured in three days.

Orin Catlin, 49 Pearl Street Buffalo, N. Y., says: I found various remedies for the piles but found no relief until I used Dr. Thomas' Electric Oil, which entirely cured me after a few applications.

To most children, the bare suggestion of a dose of castor oil is nauseating. When physic is necessary for the little ones, use Ayer's Cathartic Pills. They are safe and pleasant to take. Try them.

These twin foes to bodily comfort, Dyspepsia and Biliousness, yield when war is waged against them with Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure. Its use also insures the removal of Kidney and Uterine maladies, and promotes unobstructed action of the bowels. The purity of its ingredients is another point in its favor. As a blood purifier it has no equal. It is also a great favorite with the ladies.

MARKET REPORTS.

JOHNSON'S FOR INTERNAL AND EXTERNAL USE.

Cures Diphtheria, Croup, Asthma, Bronchitis, Neuralgia, Pneumonia, Rheumatism, Bleeding at the Lungs, Hoarseness, Influenza, Hacking Cough, Whooping Cough, Catarrh, Cholera Morbus, Dysentery, Chronic Diarrhoea, Kidney Troubles, and Spinal Diseases. We will send free, postpaid, to all who send their names, an illustrated Pamphlet. All who buy or order direct from us, and request it, shall receive a certificate that the money shall be refunded if not abundantly satisfied. Retail price, 25 cts.; 6 bottles, \$1.50. Express prepaid to any part of the United States or Canada. I. S. JOHNSON & CO., P. O. Box 2118, Boston, Mass.

THE MOST WONDERFUL FAMILY REMEDY EVER KNOWN.

JULY, 1887.

MIDSUMMER SALE!

Wonderful Bargains at John J. Weddall's

During this Month.

MR. WEDDALL, being about to make extensive alterations in his place of business, has decided to offer the balance of his stock of SUMMER GOODS at reduced prices for this month only.

Grand Remnant Sale.

To the season's accumulations of Remnants he has added two thousand yards of Print Remnants, which will be sold at Mill Prices. "Let there be no mistake." This is for CASH only; all Goods placed upon the Books will be charged Full Price.

JOHN J. WEDDALL, 204 Queen Street.

FOR CONSUMPTION

LOW STATE OF THE SYSTEM

Gates' Life of Man Bitters

INVIGORATING SYRUPS.

LOWER WOOD'S HARBOR, N. S., September 30th, 1879. MESSRS. C. GATES, SON & CO.: DEAR SIRS,—This is to certify to the feeble that three years ago my wife was sick and seemed entirely run down. The doctor said it was consumption. She tried some of your

Life of Man Bitters and Invigorating Syrup,

and soon began to get better, and has been well ever since. Last winter my son was poorly—could hardly do any work; took some of your

BITTERS AND SYRUP

and soon began to get better, and has been well ever since. We have tried all of your medicines, and believe they will do all they are recommended to do. Our neighbors have tried your medicines with the best results.

Yours truly, VINCENT NICKERSON, J. P.

CAPE BRETON RAILWAY.

Sec.—Strait of Canso to Grand Narrows

Tender for the Works of Construction

SEALED TENDERS, addressed to the undersigned and endorsed "Tender for Cape Breton Railway," will be received at this office up to noon on Wednesday, the 6th day of July, 1887, for certain works of construction.

Plans and profiles will be open for inspection at the office of the Chief Engineer and General Manager of Government Railways at Ottawa, and also at the Office of the Cape Breton Railway, at Port Hawkesbury, C. B., on and after the 6th day of June, 1887, when the general specification and form of tender may be obtained upon application.

No tender will be entertained unless on one of the printed forms and all the conditions are complied with.

By order, A. P. BRADLEY, Secretary.

Department of Railways and Canals, Ottawa, 27th May, 1887.—31.
