

News of the Week.

NEW BRUNSWICK.

John Langan was shot and killed while carelessly handling a pistol in St. John, on Wednesday last.

George N. Golding's residence and store at Golden Village, Q. Co., were destroyed by fire on the 1st inst.

John Erb's house at Belleisle, Kings Co., with all its contents, was destroyed by fire a few days ago.

Dr. Peters, of Carleton, who was injured at the fire in Mr. J. K. Taylor's store, died on Saturday from the effects of the injury.

A railway track has been laid from Lepreau station, on the Grand Southern railway, to Lepreau harbor, to facilitate the shipment of fish.

The wife of Councillor Haney, of Deer Island, narrowly escaped being burnt to death a few days ago. Her dress caught fire from the stove and she was saved by her friends tearing her clothes from her.

A fire broke out in Chas. E. Stewart's store, Havelock, K. C., Wednesday night, occupied by John Humphrey, jr., as a general store. The most of the goods were got out, but the building could not be saved. The loss on the goods is covered by insurance, but there is no insurance on the building.

A letter from Mr. H. G. C. Ketchum, dated London, Jan. 20th, states he has finally concluded the contracts for erecting, working and maintaining the hydraulic lifts, the Amherst one to be completed by August next year, and the Tidnish one the following January. The contract for the railway portion of the undertaking was completed some time ago—Post.

NOVA SCOTIA.

A man named Alexander McKenzie was found dead in the woods at Wentworth Grant, near New Glasgow, N. S., Saturday.

Montreal assessors have just finished taking the census of the city. The population is 185,544 against 150,732 for 1881.

At Spring Hill Mines William McDonald was so badly crushed by a fall of roof coal that he died after four hours of intense suffering.

Whiteman's building at Annapolis, N. S., was destroyed by fire Tuesday night, with the contents of the Nova Scotia S. S. Co.'s office. The building was a three-story wooden structure, in which were the customs department, steamship company's offices and a drug store.

OTHER PROVINCES.

A company with a capital of \$5,000,000 has been organized to undertake the construction of a submarine tunnel between Prince Edward Island and New Brunswick.

Karn's organ factory, Woodstock, Ont., was completely destroyed by fire, together with a large stock of organs. Loss about \$30,000, partially covered by insurance.

The first trip of the ice boats for this season was made on Tuesday, when fifteen passengers crossed from the Island. The first mail by this route was forwarded by the N. B. & P. E. railway on Monday and consisted of eighty-one bags. Six passengers crossed from Cape Tormentine to the Island Wednesday. There are two lines of ice boats besides the government line and the competition for passengers is very sharp. The time of crossing averages four to five hours.

UNITED STATES.

Mrs. Mark Donaldson, of Lyme, N. H., about 60 years old, was shot and instantly killed at her home by Stephen Lamphier, who immediately killed himself in the same manner.

In New York sixty-four thousand six hundred men are on strike. They include longshoremen, freight handlers, clerks, grain handlers and trimmers, coal handlers and trimmers, baggers, boatmen, engineers, firemen and deck hands, coopers and oil yard employees.

The river at Cincinnati reached 54 feet 6 inches at noon, Friday, and was rising at the rate of an inch an hour. Disastrous floods are reported on the Big Sandy, Little Miami and Cicking rivers. Distilleries and sawmills and other manufacturing were submerged and suffered much loss.

On Tuesday morning, says a Fort Fairfield despatch, fire destroyed the Pattee building, owned by Baker & Robbins, loss \$1,000; and contents, owned by Robbins; loss \$1,000. Also a small store, owned by Baker, loss \$400; the Dorsey building owned by Kinney Bros., of Andover, N. B., tannery; loss about 3,000; no insurance, except probably on Dorsey's interest in the latter building.

In a discussion in the Senate Mr. Teller said the country was without fortifications on the coast. All the great seaports of the country could be raided by any fifth rate naval power, by Chili, China, Japan or Spain. Not only that, but every city on the great lakes was equally exposed. England could put on the great lakes a fleet which could destroy every town on those lakes in 24 hours. This country had not only no war ships and no fortifications, but had not any guns. The press had announced, only a few days ago, that Great Britain had sent across to the western coast more efficient gunthan the United States could muster all told. She had today 7,000 rifled guns, which she could bring into action in time of war. France had 6,000, Russia about 5,000. Here were three naval powers possessing between them 18,000 high power guns, while the United States could boast of but 28. We were absolutely at the mercy of any people who might choose to assault us. A hundred million dollars was stored in the sub-treasury at San Francisco and a single ironclad could compel the authorities to surrender it or suffer the destruction of the city.

BRITISH AND FOREIGN.

The British ship Kapunda from London for Fremantle, Australia, with emigrants, came into collision near the coast of Brazil with an unknown vessel and was sunk. Three hundred of those on board were drowned.

The Emperor of Austria says that the present military measures had been rendered necessary by the parsimonious war estimates of recent years, and that the object was to raise Austria to a level with other powers.

A despatch from Berlin says that Prince Bismarck has assured the ambassadors of the friendly powers that Germany will on no account attack France.

Count Von Munster, the German ambassador, visited M. Flourens, the minister for foreign affairs, and received renewed assurances of pacific intentions of France towards Germany. It is stated Germany has not made complaint of armaments which France has been making.

Premier Depretis informed the Italian chamber of deputies that there had recently been severe fighting in that part of Soudan whose occupation was being attempted by Italy, in understanding with England. He said the fighting had resulted in almost complete disaster to the Italian forces engaged in conjunction with the Abyssinian troops in the work of attempting to release Kassala, which has been besieged by hostile Arabs ever since the beginning of the Soudan war by the late El Mahdi. On Jan. 22, the Abyssinians and Italians attacked Kassala in force and were repulsed. The Abyssinians again made an attack next day and a desperate battle was waged. The Abyssinians were defeated and the Italian troops were simply annihilated; but 50 wounded reached Massowah after the battle. The statement made a profound sensation in the chamber. The government proposed a bill for the appropriation of \$1,000,000 with which to send Italian reinforcements to Massowah. The chamber approved the bill by an almost unanimous vote.

LITERARY NOTES.

Vick sends out his January *Illustrated Monthly Magazine and Floral Guide*, in connection with his extended catalogue of seeds and plants. It is of itself a work of art, with its elegant colored plates, its illustrations of flowers, and very neat mechanical execution. Its immense catalogue of plants and seeds, and its practical and attractive short papers, give the issue an additional value. This monthly is one of the most beautiful and useful of our horticultural periodicals. Send James Vick, Rochester, 10 cents, and he will forward a copy of this elegant January issue.

January PANSY is a royal number. The leading stories, "Monteagle," "The Little Red Shop," are strong, hopeful and graphic. The number contains also short stories, poems and sketches. Noticeable among these is our Alphabet of Great Men, which gives an excellent biography of Daniel Webster, with portrait. Illustrated. D. Lothrop & Co., Boston. \$1.00 a year.

The *Brooklyn Magazine* has deferred its change of name to the *American Magazine* until April 15, in order that the publishers may have suitable time for properly developing the many plans necessary to the successful launching of a high-class illustrated magazine.

CONSUMPTION CURED.
An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of Consumption, Bronchitis, Catarrh, Asthma, and all throat and Lung Affections, also a positive and radical cure for Nervous Debility and all Nervous Complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellow-men. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to all who desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, W. A. NOYES, 149 Power's Block, Rochester, N. Y.

JOYFUL NEWS.
It is certainly glad tidings to the poor invalid to be informed of a remedy that will give prompt and sure relief in case of painful suffering. Such a remedy is Haggard's Yellow Oil, adapted for internal and external use in all aches, pains, lameness and soreness. It cures rheumatism, neuralgia, sore throat, croup and all inflammatory pains.

A FAIR PROPOSITION.
There could be no offer more fair than that of the proprietors of Haggard's Yellow Oil, who have long offered to refund every cent expended for that remedy if it fails to give satisfaction on fair trial for rheumatism, neuralgia, sore throat and all painful complaints.

Dyspeptics and others, not sick enough to be in bed, but just in that condition when nothing can be fully enjoyed, should adopt Ridge's Food as a daily diet. It will accomplish the desired result; namely, strength without taxing the digestive organs. In sickness Ridge's Food is invaluable. For the growing child no other food can approach it. Large, \$1.00; cheapest for family use. Woolrich & Co., on label. Send your address for pamphlet entitled "Healthful Hints."

H. F. MacCarthy, wholesale and Retail Druggist, Ottawa, writes: "I was afflicted with Chronic Bronchitis for some years, but have been completely cured by the use of Dr. Thomas' Electric Oil in doses of five drops on sugar. I have also pleasure in recommending it as an embrocation for external use."

Mrs. D. Morrison, Farnham Centre, P. Q., writing about Dr. Thomas' Electric Oil, says: "George Bell used it on his son, and it cured him of rheumatism with only a few applications. The balance of the bottle was used by an old gentleman for Asthma, with the best results. It acts like a charm."

THE PROPER CHANNEL for the escape from the system of impurities which would, if they remained, poison the blood, is through the bowels. When this outlet is obstructed it may be disengaged with Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, a remedy which regulates the system, invigorates digestion, and is pure and safe as well as effective. It cures all diseases arising from Impure Blood.

Mr. W. Thayer, Wright, P. Q., had Dyspepsia for 20 years. "Tried many remedies and doctors, but got no relief. His appetite was very poor, had a distressing pain in his side and stomach, and gradual wasting away of flesh, when he heard of, and immediately commenced taking, Northrop & Lyman's Vegetable Discovery. The pains have left and he rejoices in the enjoyment of excellent health, in fact he is quite a new man."

There are cases of consumption so far advanced that Bickle's Anti-Consumptive Syrup will not cure, but none so bad that it will not give relief. For coughs, cold and all affections of the throat, lungs and chest, it is a specific which has never been known to fail. It promotes a free and easy expectoration, thereby removing the phlegm, and gives the diseased parts a chance to heal.

It is claimed that *Johnson's Anodyne Liniment* is almost infallible in the cure of diphtheria, pneumonia, influenza, bronchitis, congestion of the lungs and hard dry coughs. This may all be true. We know it will prevent diphtheria and that it will cure the croup instantly.

We will wager a year's subscription that a 25 cent package of *Sheridan's Condition Powders* contains more pure ingredients and cost more money than a bushel of any kind put up in large packs. Sheridan's powders are absolutely pure.

WHAT TRUE MERIT WILL DO.
The unprecedented sale of *Boschee's German Syrup* within a few years, has astonished the world. It is without doubt the safest and best remedy ever discovered for the speedy and effectual cure of Coughs, Cold's and the severest Lung troubles. It acts on an entirely different principle from the usual prescriptions given by Physicians, as it does not dry up a Cough and leave the disease still in the system, but on the contrary removes the cause of the trouble, heals the parts affected and leaves them in a purely healthy condition. A bottle kept in the house for use when the diseases make their appearance, will save doctor's bills and a long spell of serious illness. A trial will convince you of these facts. It is positively sold by all druggists and general dealers in the land. Price, 75 cts., large bottles.

UNLIKE ANY OTHER.
It is said by those who know, that *Johnson's Anodyne Liniment* is unlike any other in the world and that it is the most wonderful family remedy ever discovered. It is both for internal and external use, and is equally valuable in either case. It is safe to say that no remedy now known has cured so many cases of Diphtheria, Croup, Asthma, Bronchitis, Influenza, Sore Throat, Bleeding at the Lungs, Spitting of Blood, Lamé Stomach, Rheumatism in worst form; Chronic Diarrhea, Chronic Dysentery, Kidney Troubles, Discharges of the Spine, Sciatica and Neuralgia, as has *Johnson's Anodyne Liniment*. This Anodyne Liniment is richly worth ten dollars a bottle in certain cases.

For instance, in cases of diphtheria, croup, and asthma, when the sufferer is almost dead for want of breath, and something is required to act instantly. To an old man suffering with severe kidney disease, ten dollars is no more than a cent for a bottle of this Anodyne. In all such cases it will give immediate relief—and by using it occasionally, it will afford comparative comfort the remainder of life. A person suffering intense agony, no matter in what part of the body, nor what the cause, can get some relief immediately by taking into the stomach a double dose of this Anodyne.

"SAVED THE LIFE OF MY WIFE."
ROCKPORT, TEX.
Gents:—While on the subject of medicines, permit me to say that I can conscientiously vouch for the belief that about three weeks since *Johnson's Anodyne Liniment* saved the life of my wife while suffering from a complication of diseases in which tonsillitis, bronchitis, and a species of influenza which has been epidemic here, for several weeks) were conspicuous. In nearly every case where the Liniment was used internally and externally, a speedy cure has followed. My children are subject to croup. Since ascertaining the virtue of the Liniment, all that is necessary is to give them a dose, bathe their chests and throat with liniment, and tuck them in bed, and the croup disappears as if by magic.
E. A. PERRENOT.

1887. GREGORY'S SEED CATALOGUE 1887.

What Mr. Beyer says: "Please best thanks for the splendid seeds received from your firm. It would be a rather lengthy list if I should name all, but I will say that among the first, and most valuable, were the seeds of the Northern Indiana and Southern Michigan, 25 first premiums were for vegetables raised from your seeds. What firm can boast of this?"
Seed of this quality I am now ready to sell to every one who tills a farm or plants a garden, sending them FREE my Vegetable and Flower Seed Catalogue, for 1887. Old customers need not write for it. I catalogue this season the native wild potato. JAS. J. H. GREGORY, Seed Grower, Marblehead, Mass.
