WHAT YOUR FRIENDS AND NEIGHBOURS SAY ON A MATTER OF VITAL IMPORTANCE.

Below will be found a sample of the multitude of letters of encouragement Messrs. H. H. Warner & Co., of Rochester, N. Y. daily receive. The subjoined unsolicited testimonials are from your friends and neighbors, ladies and gentlemen you know and esteem for their honor and straightforwardness, and who would scorn to be a party to any deception. What has been done for others can be done for you, and it is folly, nay suicidal, to longer suffer when the means of recovery lie at your very door:

International R. R. Dining Saloon, Amherst, Nova Scotia, Jan., 1887.—In October, 1884, I was taken down with bleeding from the kidneys, or some of the arteries leading from them. One day, while lifting, I felt something giving away in the region of my left kidney and immediately after I commenced to pass blood in matterly water. There doctors could not stop the flow of blood. I got "Warner's Safe Cure," and began taking it unknown to the doctors, and about the 10th of December the bleeding began to get less, and in two or three days the dropsy began to set in my legs and feet. By this time I was reduced to a mere skeleton, suffering from cramps in my legs, feet and hands, also the hiccoughs. My flesh became like a piece of white unpolished marble, cold, and no signs of any moisture. I here wish to say that I did not take any of "Warner's Safe Cure" from the 20th of December until March following. They tried all they could to check the dropsy, but had to resort to tapping at last, which was done every thirteen or fourteen days until the 23rd of March. Then I was given up as hopeless, my spiritual director giving me the last dying rites of my church. I told them, fear not, I would, with the help of God and "Warner's Safe Cure" come out all right. I then began taking "Warner's Safe Cure" every three hours night and day, and "Warner's Safe Pills" also, and dieted as directed, and to the surprise of the doctors, my family, friends and the public, I was able to get out by the 1st of May for a short walk or a drive. I still continued to take "Warner's Safe Cure" and now I feel as well in health as I ever did. No more trouble with dropsy, cramps, hiccoughing, or kidneys, and consider myself a sound man again. The catarrh in the head, of which I was badly affected, also disappeared. These are all the facts of my case, as hundreds can tell who know how low I was. As a reference I will mention the name of Mr. J. Rogers, with the firm of Evanson & Mason, of Montreal, who knows my case in full.

*J. Rogers*

Toronto, Ont., (166 Wilton Ave.) Jan. 31st, 1887.—For ten years I suffered from quinsy and relaxed throat, being confined to my room for weeks at a time. I was at last induced to try "Warner's Safe Cure," and with a most beneficial result. I may say I have not suffered in the slightest from quinsy since.

*W. H. Robinson*

Toronto, Ont., Sept. 19, 1887.—I suffered severely with lame back, at different times, for three years. My physicians said that my kidneys were affected, and treated me for Bright's disease. I obtained no relief, however, until I commenced taking "Warner's Safe Cure."

*L. D. B. B. B.*

Supt. Protection Police and Fire Patrol Co. of Canada.

HAWKSBURY, Ont., March 27, 1887.—I have been terribly afflicted with chronic Bright's disease. My body swelled so I could scarcely move about and my eyesight was affected so that I could hardly distinguish objects across the room. I had a distressing cough from the pressure of water on my lungs, and was in danger of suffocation when ever I attempted to lie down. My limbs were so swollen that I could not bend my joints or sit on a chair. The valves of my heart refused their office. At times circulation seemed entirely suspended so that I was incapable of moving a limb, and at others the increased action of my heart would cause such a pain in my head as words are inadequate to describe. Then again my stomach refused all nourishment and I was growing weaker every day. The physician who attended me said there was no hope; he could do no more for me and that a few days would see the end. At this stage I resorted to "Warner's Safe Cure" and "Warner's Safe Pills," and

with most satisfactory results, although it was some two or three weeks after I commenced their use before much decided improvement was manifested. My recovery then was very rapid. My weight from dropsical swelling was then 132 lbs. and is now reduced to 107, about my normal weight. Analysis showed 90 per cent. albumen with a quantity of tube casts, and is now reduced to 10 per cent. I am so far recovered as to be able to attend my domestic duties, taking moderately long walks and visit friends as formerly. "Warner's Safe Nerve" has so far corrected the action of my heart that the severe pain in my head has entirely left.

## Parliament.

Mr. Jamieson proposed his resolution in favor of prohibition, speaking at length in support of the proposition and against compensation to liquor dealers.

Mr. Mills denounced the resolution as a humbug. After some discussion, the debate was adjourned.

The Fisheries Treaty debate continued till Tuesday, when it passed unanimously.

By a return submitted to the House it is shown that the last survey of the proposed P. E. I. subway is much more probable than the previous one. The engineer reports that a line between Carlton point, P. E. I., and Money point, N. B., is a mile and a half shorter than the location previously proposed, that the depth of water is only 91 feet at low tide, and that the rock bottom is soft freestone.

Sir Charles Tupper moved the second reading of the bill extending the time in which the Chignecto Ship railway could be completed. Sir Charles said that the house six years ago committed itself unanimously to the scheme, that the bill asked for no more money, and that under the charter the government would not be called on for a dollar until the railway was completed and in operation for a year.

Mr. Adam Brown, M. P., for Hamilton, has given notice of the following motion which he intends to submit to the House of Commons at the very earliest opportunity. Resolved: That a special committee be appointed to inquire into the fraudulent practices which have prevailed and still prevail in various parts of the Dominion by which farmers have been and are induced to give their promissory notes and securities to a very large amount in the aggregate for seed, agricultural implements, and other goods and merchandise by various false pretenses—the goods in some cases never being delivered and in other cases being comparatively worthless, the makers of such promissory notes being obliged to make payment while the perpetrators of these wrongs evade justice, and that such Committee have power to send for persons, papers and records, and be instructed to report what remedies exist in such cases or what further remedies should be provided.

The Finance Minister gave notice of a resolution relating to the latest deal with the Canadian Pacific Railway Company. In consideration of the company giving up their monopoly the government agree to guarantee interest on \$15,000,000 worth of C. P. R. bonds at 3 per cent. for 50 years, the bonds to be secured by the company's lands which will be administered by three trustees, one of whom shall be a cabinet minister and two others appointed subject to the approval of the government. The proceeds of the land sales are to go towards the payment of interest on, and principal of, the bonds. All land grant bonds issued by the company up to the present, and still held by them, are to be cancelled and in case the Pacific company sell or lease the Pembina branch railway the proceeds of such sale or lease are to go into the fund for the redemption of the guaranteed bonds.

Prorogation is looked for about May 18th, in order to permit the Governor-General to sail from Quebec the following week.

On Friday in the supreme court Halifax, counsel for Preeper, convicted of murdering Peter Doyle, moved for arrest of sentence and presented several affidavits to the effect that some jurors had expressed their opinion of the prisoner's guilt before the trial was finished and that the jury had been unduly influenced by outside parties during the progress of the trial.

On the Flying Yankee Tuesday afternoon, there were thirty-four Nova Scotians, who only a few weeks ago had gone to various parts of Massachusetts and New York states looking for work and high wages. They were all glad to return. One man said: "No person knows when he is well off when he goes to the States; work is scarce and there are hundreds idle for want of employment. Wages is very low and a man is better off at home working for \$1 a day. Unless a man has a sure job my advice is stay at home."

Eight thousand lobsters were shipped from Digby to Boston on Friday.

## OTHER PROVINCES.

Hon. Mr. Sullivan of the P. E. Island Government delivered the budget speech last Friday. The ordinary receipts were estimated at \$254,294, which it is thought will cover the expenditure for the year. He made the statement that the debt of the province was to be paid by a grant of some \$250,000 to be paid by the Dominion Govt. on account of claims preferred by the Island, and as yet unsettled.

The steamer Neptune has landed at St. John's 42,242 seals, the largest catch ever brought into that port by one steamer.

## UNITED STATES.

In New York a fire that for a time threatened to result in a terrible loss of life, and that did result in the death of one woman and the injury of several others, occurred Thursday forenoon in the five-story double brick building at 365 and 367 East Third street, occupied as a rag store and factory. There were 50 women and 15 men at work in the place.

The town of Hazelton, Kan., was the scene of a fearful explosion Tuesday, which seriously injured four persons and will probably result in their death. While George Clark, the manager of the Hazelton creamery, S. N. Moore, one of the partners, his little son aged 3 years, and James Smith were standing examining the separator of the creamery, which was running at the rate of about 40,000 revolutions per hour, it exploded, with the result stated.

The Bethel Home for Unfortunates in St. Louis, was burned Thursday night. Fifty inmates escaped in various stages of nudity; others with their clothes on fire. Two were seriously burned. It is supposed a number were burned to death. One body was recovered.

## BRITISH AND FOREIGN.

A Monday bulletin said the emperor had passed a pretty good day. There was less fever than in former days, but his temperature began to rise toward evening.

The doctors attending the emperor declare that he suffered no pain whatever Sunday. Absolute rest is still imperative. It is impossible to predict whether the improvement will continue.

It is stated that financial arrangements in reference to Emperor William's estate have been concluded and each of Emperor Frederick's daughters will receive 3,000,000 marks and Prince Henry an estate of the same value.

An explosion occurred in St. Helen Eng. colliery, Thursday. Seventeen were killed and several injured.

Details of the rising of Bulgarian peasants describe the revolt as widespread. The peasants are destroying houses, and property in most of the villages. Houses, landowners and farmers have been sacked and wrecked, and granaries pillaged. Local officials have been barbarously treated and a number killed. The territorial troops have joined in the pillage. They fired upon troops of the line. Since instructions were sent to troops to adopt severe measures for the suppression of the revolt a host of insurgents have been killed and wounded or taken prisoners. The prisons are crowded. Fugitives continue to pour into Bucharest.

How to Cure Headache.—Some people suffer untold misery day after day with Headache. There is rest neither day or night until the nerves are all unstrung. The cause is generally a disordered stomach, and a cure can be effected by using Parmelee's Vegetable Pills, containing Mandrake and Dandelion. Mr. Finlay Wark, Lysander, P. Q., writes: "I find Parmelee's Pills a first-class article for Bilious Headache."

C. C. Jacobs, Buffalo, N. Y., says: "Dr. Thomas' Electric Oil cured him of a bad case of piles of 8 years' standing, having tried almost every known remedy, 'besides two Buffalo Physicians,' without relief, but the oil cured him; he thinks it cannot be recommended too highly."

H. F. MacCarthy, Wholesale and Retail Druggist, Ottawa, writes: "I was afflicted with Chronic Bronchitis, for some years but have been completely cured by the use of Dr. Thomas' Electric Oil in doses of five drops on sugar. I have also pleasure in recommending it as an embrocation for external use."
