## NEW BRUNSWICK

John Campbell, the victim of the Fairville shooting affray, was attended to, yesterday, by Drs. Musgrove and Macfarland, who tried in vain to extract the bullet. The men in the boat did everything within their power to avert the accident but it was too late. The woman however, managed to jump on board the woodboat, and escaped without a ducking; the men were not so fortunate, as they were thrown into the water and would have been drowned but for the timely assistance from the crew of the woodboat.
