the usual manner that they would like their own minister to perform the ceremony. This so exasperated the rector, the Rev. Richard Jones, that he ordered the sexton to fill up the grave which had already been dug, and then he locked the gates against the funeral procession. Some strong men, however, soon burst these open, and the Nonconformist minister performed the ceremony. It is said that when a certain clergyman was asked whether he had any objection to burying a Nonconformist, replied: "Not the slightest; I should like to bury them all."

The end of these things is coming, slowly perhaps, but surely.

Some Revivals.

NEW YORK.—One of the most extensive revivals seen in New York city for years has been taking place for the last thirteen weeks in Jane street M. E. church, under the leadership of the "boy evangelist," Rev. Thomas Harrison, now well advanced in life. One thousand penitents have been to the altar asking for mercy, made their vows of repentance, and departed feeling that they are at one with God. A jubilee of three days was held lately, in which Dr. Talmage, Bishop Andrews, Dr. Buckley and others shared. It is one of the deplorable things that it should be felt necessary to vindicate an event of this kind, and yet there are multitudes of people—good people—who can see in all this only the emotional extravagances that naturally enough exhibit themselves from time to time and are seized upon and magnified by the press. The great fact stands out that hundreds of men and women have been arrested in courses of vice and sin. They have been induced to look themselves in the face, for the first time in their lives, perhaps. And the result has been a cutting loose from all associates and habits and a struggle begun (not ended, only begun) toward a better life. There is more or less of froth, more or less of mere animal excitement, more or less of seeming irreverence exhibited in any movement of this kind, and with many the change may be but transient. But beyond the froth and foam of the shallow lies a deep ocean of true contrition and resolute purpose.

NORTH WEST.—The greatest and most successful revival movement ever known in the North West has just been concluded in St. Paul, Minn.; after a month's vigorous work. Six Presbyterian, six Methodist, four Baptist, four Congregational and two Evangelical Association churches were united in the movement, under the direction of Messrs. Munhall and Townner. Fully 2,000 persons publicly confessed conversion; of these 1,363 gave in their names and declared their church preferences. 370 were for the Methodist Episcopal; 356, Presbyterian; 176, Baptist; 103, Congregational; 82, Lutheran; 53, Episcopal; 40, Catholic; 58, Evangelical Association; 35, miscellaneous; and 70, none in particular.

CALIFORNIA.—E. Payson Hammond has had a successful expedition in California. He has held meetings in all the leading towns and cities, and in many cases the meetings have been accompanied with most wonderful power, the whole audience being moved and nearly every unconverted person being apparently brought to Christ. Sometimes as many as a hundred and fifty gave evidence that they were converted in a single meeting. Some of the pastors testify to this. There is, perhaps, no state in the Union which needs more interest and efficient efforts to bring the people to Christ than the state of California. It is stated by General Howard that there are twenty-five thousand young men in San Francisco alone, who are found every Sunday night in questionable places of amusement. The drift of the people, even respectable people has for years been away from the churches and from any recognition of the duties of religion. Many churches are full and prosperous, but they reach only an amazingly small fraction of the people. In San Diego, for example, a city said to contain from 30,000 to 35,000 inhabitants, there have been sittings for only from 3,000 to 4,000 people in all the churches together. For several weeks in San Diego Mr. Hammond conducted outdoor meetings, which reached multitudes of people who never attend the house of God.

INDIA.—The reports of a "Special Winter Mission" in India are now coming forward, and they indicate that great success is attending the movement. It will be remembered that some ten or twelve gentlemen, clerical and lay, left England for the purpose of holding religious services at the various stations of the Church

Missionary Society throughout India and Ceylon. At Bombay the services began in November, and the cathedral was filled night after night. At Calcutta and vicinity numerous services were held, calling forth the sympathy and co-operation of every religious denomination. Meetings were held for Christians, for non-Christians, and some especially for the women. A wave of blessing seemed to pass over the Christian population, and at some of the sessions every available nook in the churches was filled. It is too early to speak of the results, though it is believed that, aside from the quickened spiritual life of Christians, there have been many conversions. Prejudice was dispelled, and people of every denomination were brought together in union as never before. It has been demonstrated that earnest Christian preachers can speak effectually through interpreters, one of the members of the mission expressing the belief that the interpretation helped rather than hindered his words. We look for yet fuller reports of this "Mission," and trust that it will result in a great blessing to India.

Facts About Missions.

—The Christian religion is by its very genius a missionary religion, but there are many Christians who do not show the symptoms.—Rev. O. P. Gifford.

—Giving for missions is a tender subject to some people. "What I give," said a Hard-shell, "is nothing to no-body." "I fully believe you," said his interlocutor.

—At a mission meeting in Chicago a lady said: "I thank God that I can serve him twenty-four hours every day. How? While I am asleep I have my representative on the other side."

—The increase in membership in heathen lands is thirty times greater than at home in proportion to the number of ministers employed, although the tests of discipleship are of the most trying nature.

—Next summer the corner-stone of the Adoniram Judson Memorial church will be laid at Mandalay, India. The church will cost \$10,000, a large part of which has been subscribed by Burmese Christians.

—The remarkable spread of Protestantism in South Russia, says a foreign paper, is causing great consternation among the authorities there, and probably attempts will be made to put it down by violence.

—An evangelistic church is always a missionary centre. Zeal for souls at home is the kindling fire for the conversion of the world. If there is no travail for souls at home there will be no interest in the perishing millions of heathendom.

—The late Emperor William of Germany was a liberal subscriber to the funds of the London Society for Promoting Christianity among the Jews. The society expended last year \$186,720.

—At the close of 1887 the missions in Japan showed the following statistics: male missionaries, 148; unmarried females, 103; stations, 69; outstations, 316; churches, 221; members, 19,829; received in 1887, 5,020; theological seminaries, 14; students, 216; native ministers, 102; unordained helpers, 191.

—One hundred years ago was the commencement of modern missions. The human race was then estimated at 731,000,000. They were divided as follows:  
Heathen.....420,000,000  
Mohammedans.....130,000,000  
Jews.....7,000,000  
Christians.....174,000,000

In 1888 the figures have been changed to about the following:  
Heathen.....860,000,000  
Mohammedans.....172,000,000  
Jews.....8,000,000  
Christians.....450,000,000

Total.....1,490,000,000

—In the Russian empire there are thirty-four Baptist churches and 12,371 church members. They have forty-one pastors and evangelists and eighty-two Sabbath schools. Last year they made the handsome gain of 850 converts, notwithstanding the great difficulties that beset Protestant work in the "Land of the Nihilists."

—It is estimated that 100,000 Jews have been converted to Christianity during the present century. The translation of the New Testament into Hebrew is accomplishing unexpected results in this direction. Dr. Rothwell predicts that a large turning of the Jews to Christ would give a mighty impulse to the conversion of the Gentile world. We may be approaching an epoch in the history of this wonderful people.

—In 1872 the first church, of eleven members, was organized in Yokohama, Japan. From that time work was carried on with steadily increasing energy. In 1886, fourteen years afterward, 193 churches, with 14,815 baptized members, were reported. In 1877 the first Japanese clergyman was ordained; nine years later there were ninety-three ministers. These Christians are not "rice" Christians. Out of their poverty they gave, in 1886, almost \$27,000 for church work. Sixty-four churches are wholly self-supporting and 119 are partly so. In the eleven theological schools 169 students are preparing for the Gospel ministry. In the various schools are nearly 5,000 students, who are trained in Christian knowledge as thoroughly as in secular learning. The Bible has been translated, and the New Testament has been sold in all parts of Japan. Something has been done toward creating a Christian literature.

Ottawa Letter.

MR. EDITOR:—Since the prorogation of Parliament and the scattering of the intellectual forces thereof, things in general have resumed their normal condition, and for the time being we are not endangered by explosions of natural gas.

If the oration's accorded to Lord and Lady Lansdowne at their departure from the capital are an index of popularity they must have been very popular here. A vast crowd assembled on Parliament Hill on the afternoon of the 23rd to hear the address presented them by the citizens and numerous societies, which in feeling and appropriate terms were replied to by his excellency. It is a fact that the loyal enthusiasm of the Anglo-Saxon, which had become quiescent, has been aroused and assertive since the advent of the Redoubtable William O'Brien, and perhaps never in this city was the birthday of her Majesty celebrated with such pomp as the one just passed. From the Queen's city came 500 volunteers the "Queen's Own," and with the military of the capital, presented a brilliant pageant.

The appointment of Hon. Geo. E. Foster as Finance Minister has caused a flutter among those who do not like him, and all sorts of predictions are rife as to the manner of his acquittal of the duties of the high office. But the more reasonable men of those opposed to him politically, concede that the finances are in good hands, and that as in the department of Marine and Fisheries so as the head of the Finance Department he will do his work with energy and wisdom. The people of Kings are honored by one of her sons being placed in the highest office.

DENOMINATIONAL NEWS.

TRACEY STATION, S. Co.—I baptized five at Tracey Station since last writing. Things are prosperous in the Church work, on all the circuit. At McAdam the people are in good working order; prayer meetings are held Tuesday and Friday evenings of each week.

MEMORIAL SERVICE.—Sabbath evening, (27th ult.) in the Portland F. C. B. Church, Rev. G. A. Hartley preached a memorial sermon on the late Rev. J. E. Rend. He took for his text I. Samuel i. 26:—"I am distressed for thee, my brother Jonathan; very pleasant hast thou been unto me; thy love to me was wonderful, passing the love of women." From this text he preached a powerful and affecting discourse. He extolled the many virtues of the deceased, his worthiness as a citizen, his cheerfulness, affability, etc., and in a tender manner dwelt upon the great loss sustained by his death. The large congregation was deeply affected during Mr. Hartley's eulogy of his departed friend, and many a tear was shed by those who had sat under his ministry, and listened to his words of counsel and comfort. The remainder of the service was of an appropriate character.—Globe.

DOUGLAS.—The revival at Douglas is progressing with much power. Last Sabbath Bro. Downey baptized eleven converts. Others have been converted. The meetings are being continued this week. Bro. Frances is assisting Bro. Downey in the work.

The National Prohibition party of the United States have nominated General Clinton B. Fiske and John A. Brooks, candidates for the Presidency and Vice-Presidency.

A NEW ORDER.—Archdeacon Farrar, the famous Church of England divine, urges the establishment of a new order of clergyman by the English Church, to work specially among the poor and degraded, the members to join it for a definite period, say five years to be bound during that time by vows of poverty, celibacy and obedience.

ACADIA.—The anniversary exercises of Acadia College begin to-morrow (Thursday.) The graduating class numbers thirteen.

IMPROVING.—The latest word is that John Bright is improving; that the Emperor of Germany is holding his own; and that the Emperor of Brazil is much better.

PERSONAL.—C. H. Tupper M. P. for Pictou, has been appointed minister of Marine and Fisheries. He is son of Sir Chas. Tupper. Hon. Geo. E. Foster, Minister of Finance, was in Kings Co. last week to visit his father who is quite ill. Senator Ferrier, the oldest member of the Senate of Canada, died last week. Senator Wark is now the Senior member of that body. Rev. C. H. Spurgeon is in poor health.

WANT TO COME BACK.—It appears that many of the French people who have gone from Quebec to New England want to return, but are unable. And it is said the Quebec government intends to have the legislature vote a sum of money to aid them in carrying out their desire to return and take up lands in their native Province.

SUNDRIES.—"Charity begins at home," but often dies for the want of exercise. The Sultan of Turkey gets \$7,500,000 a year for his services. The average salary of the Methodist ministers in Vermont is about \$600 a year. The total railway mileage of the world is 319,162. There are nearly 300,000 Chinamen in the United States. The United States has received about 14,000,000 emigrants.

Any who have old Provincial stamps to sell will be interested in the adv. of Larsen Brothers in another col.

The Canada Temperance Act was repealed in Stanstead Co., Quebec last Wednesday. The majority for repeal was 159.
