News of the Week.

NEW BRUNSWICK.

The Northern and Western rail- ing, while endeavoring to tear a way offices at St. Mary's are to be sheet from the roller while the press removed to the Fredericton side of was in motion. His arm was drawn the river shortly.

The three prisoners confined in jail at Dalhousie effected their escape Wednesday night, breaking feared his arm will have to be through the privy vault.

The Gleaner says :-- Preliminary operations have already begun at the Prince William antimony mines and residents are awaiting the return of the former prosperity. Parties also who are interested in the Lake George mine have writtten that it is their intention at an early date to again commence operations on the Lake George property, which is crossed by the same large vein of antimony as occurs on the Prince William either of these properties. The dwellings, D. A. McDonald's store, only question being that of cost of the company's office, the crusher production.

Messrs. Jas. Harris & Co., have received from the Canadian Pacific Railway the contract for building a large number of box cars. The Edward Goddard lost two of his first order is for 150 cars. This fingers while working at an edger will probably be supplemented by in his mill. other large orders.
