

DEADLY DRINKING WATER!

A Universal Epidemic Caused. How It May Be Avoided.

Typoid fever rages everywhere! Wherever cities are dependent upon rivers or streams for their drinking water, the fever rages violently.

The authorities of Albany, New York, Chicago, Cincinnati, St. Louis Philadelphia and other large cities are warning the people not to drink the water without first boiling it to kill the malarial and typhoid germs.

Cholera and typhoid and malarial fevers can all be prevented by simple rules of life, and these rules should be studied by every one.

This blood is made impure because of the impurities in the drinking water, these impurities being deadly poisons which paralyze the nerve action of the kidneys and liver.

The greatest necessity of everyday life is pure water. Two-thirds of one's body is made up of water. If the water we drink is impure, then how can we hope to escape diseased conditions?

Some cautious people resort to the filter for purifying this water, but even the filter does not remove this poison, for water of the most deadly character may pass through this filter and become clear, yet the poison, disguised, is there.

They who use filters know that they must become renewed at regular periods, for even though they do not take out all the impurity, they soon become foul.

Now in like manner the human kidneys act as a filter for the blood, and if they are filled with impurities and become foul like the filter, all the blood in the system coursing through them becomes bad, for it is now a conceded fact that the kidneys are the chief means whereby the blood is purified.

New Brunswick shipped 250,286, 278 sup. ft. of deals &c., in 429 vessels for trans-atlantic ports during 1887, a decrease of 60 vessels and about 26,000,000 sup. ft. of lumber as compared with 1886.

St John police were pretty busy last year. There were 889 arrests, of these 748 were of males, and 141 of females. There were more arrests of those between the ages of 20 and 30 than of any other decade.

It is a scientific fact that the kidneys have few nerves of sensation; and, consequently, disease may exist in these organs for a long time and not be suspected by the individual. It is impossible to filter or take the death out of the blood when the least derangement exists in these organs, and if the blood is not filtered then the uric acid or kidney poison, removable only by Warner's safe cure, accumulates in the system and attacks any organ, producing nine out of ten ailments, just as sewer gas and bad drainage produce so many fatal disorders.

Kidney disease may be known to exist if there is any marked departure from ordinary health without apparent known cause, and it should be understood by all that the greatest peril exists and is intensified if there is the least neglect to treat it promptly with that great specific, Warner's safe cure, a remedy that has received the highest recognition by scientific men, who have thoroughly investigated the character of kidney derangements.

The liver, when deranged, immediately announces the fact by sallow skin, constipated bowels, coated tongue and headaches; but the kidney when diseased struggles for a long time, and the fact of its disease can only be discovered by the aid of the microscope or by the physician who is skillful enough to trace the most indirect effects in the system to the derangement of these organs as the prime cause.

News of the Week.

NEW BRUNSWICK.

The Moncton knitting works, have an order from a Halifax house, for 400 dozen wool hose.

George Ford's store at Sackville was entered on Sunday night and again on Monday night, and a quantity of goods stolen. A youth named Chambers was arrested on the train at Memramcook and brought back to Sackville, where an examination was held. Search was made at the notorious Gillis house near the station, and a quantity of the missing goods were found about young Gillis who was also arrested.

Donald Brown of Nashwaak, convicted last week of assault on his brother with an axe, was sentenced to two years in the Penitentiary.

The treasurer of the fund for the relief of sufferers by the Carquet railway accident, announces the receipt so far about \$1000.

Application was made to the Chief Justice Wednesday on behalf of the liquidators of the Maritime Bank for an order for a call of \$100 a share on the stockholders. Mr. J. A. Vanwart was present on behalf of some of the creditors of the bank. An order was made for a call of \$100 a share payable in five calls of \$20 each. The first call was made payable on April 1st. The date when the other calls are to be made payable has not been fixed, but will probably be at intervals of from two to three months.

G. F. Baird was on Wednesday elected in Queens Co. by a majority of one hundred and eleven over G. G. King.

The N. B. Railway work-shops at McAdam will be open only five days out of the week during the remainder of the month and during February. The works are shut down each Friday evening and do not open again until the following Monday. The men have been asked to submit to a discount of 10 per cent. on their wages and there has been a general compliance with the request. The cut down is not intended to affect those of the employes receiving a rate of about \$1 and \$1.25 per day. The object the management have in view in this reduction is to retain all their help during this and next month, which months are the most severe in keeping open the road and in which the expenditure is considerably more than in other periods of the season.

A second accident occurred on the Carquet Railway, at the McIntosh Cove Bridge, a few days ago. An order, it is said, was given to run through the cutting at the western end of the bridge to clear the drift and then stop. Being a down grade the engine slipped on to the bridge, where the rails had not been laid down. The engine driver, John Kenne, and the working men on the bridge had to leap for their lives over twenty feet, Kenne being injured on solid ice and being badly injured.

Montreal Witness says that that city has at present a population of 208,000, which by 1891 will reach 290,000, and a year later will easily reach 300,000.

Montreal had a big fire on Saturday. Loss about \$200,000.

Big Bear, the chief at the Frog Lake massacre, died on Poundmaker's reserve, near Battleford, Friday.

Manitoba's new Premier, Greenway, has decided to appeal to the country, bringing on a general election. This is due to Norquay's intention to oppose the re-election of the new ministers.

FOR INFLAMMATION OF THE LUNGS and Bowels, give "Maud S." Condition Powders to your Cattle.

A passenger train on the Lake Erie and western railroad was wrecked Wednesday morning near Bluffington by a broken rail. The smoker and ladies car turned over on their sides, and dragged some 300 yards before the train could be stopped; one passenger was killed, and nine injured.

A freight train on the Pittsburg, Cincinnati & St. Louis railway, while crossing a high bridge at Tamperanceville station, inside the city limits, eight freight cars left the track, from a supposed sprung rail. Two cars fell to the street, 90 feet, and were smashed to splinters. One employe was instantly killed and another seriously injured.

Miss Minnie Freeman, a young teacher at Myrtle Valley Neb., district school had thirteen pupils under her charge, their ages ranging from six to fifteen years, when the blizzard struck the school house building, unroofed it and the frightened little ones were exposed to the elements. Miss Freeman gathered the pupils together and with a strong twine tied them all together by the arms three abreast. The youngest child she took in her arms around her own body. She then led her little charges with words of encouragement through deep drifts and the blinding blizzard to a farm house three quarters of a mile distant where all were taken in.

Last year no less than 123 persons were lynched in the United States Texas heads the list with fifteen lynchings, and Mississippi comes next with fourteen. Eighty of the victims were negroes.

The coldest weather for years has prevailed in some parts of Louisiana for four days. Sleet and rain fell alternately Monday and Tuesday, covering the trees with ice an inch thick. The ground has been frozen ever since. Business was practically suspended and travel almost stopped on account of the impassable condition of the roads.

George Dixon, of Halifax, fell on the ice, broke a blood vessel and died in convulsions.

The collector of customs at Cornwallis, N. S., has seized the scho. Byron M. of Windsor, which has been wanted by the customs department for two years past for smuggling a cargo of oil, dry goods and furniture from Boston.

The British American gives the number of Nova Scotians in the principle cities of the United States. New York, 685, Philadelphia, 270, Brooklyn, 692, Chicago, 243, Boston, 9,992, St. Louis, 83, Baltimore 85, Cincinnati, 29, San Francisco, 720, New Orleans, 40, Cleveland, 56, Pittsburg, 22, Buffalo, 42, Washington, 47, Newark, 39, Providence, 972, New Haven, 82, Scranton, 10, Hartford, 65.

The old pier at Digby, is to be repaired at a cost of \$7,000, pending the construction of the new pier, which it will take about three years to complete.

Several Halifax capitalists are applying for incorporation as the Halifax and Newfoundland Steamship Company to operate a line of steamers between various ports but particularly between Nova Scotia and Newfoundland.

Widow James Taylor, of Joggin Bridge, Digby County, is over 108 years of age, her birthday having occurred in September last. She has been residing for some time at Cornwallis, and handles her knitting needles with great rapidity.

The last shipment of eight hundred thousand barrels of apples to London are reported to have been sold for four dollars a barrel.

SICK HEADACHE and Dyspepsia are quickly dispelled by Campbell's Cathartic Compound.

OTHER PROVINCES.

The marine department is engaged on the work of re-organizing the life saving service of Canada. New regulations for the guidance of coxswains and crews have been printed in pamphlet form and will be distributed forthwith. The manual is replete with information, the desire of minister Foster being that all those who engage in this work should be thoroughly familiar with their duties.

There have been 2,000 deaths from small-pox in Havana since May. A convoy of prisoners being taken from south Russia to Caucasasia attacked the engine driver. A desperate fight ensued in which eight soldiers, two gendarmes and thirty one prisoners were killed. Twenty-one prisoners escaped.

Gen. Greaser, prefect of St. Petersburg, on the night of Jan. 12, ordered numerous houses to be searched. The result was the arrest of 887 persons. One house was set on fire by the occupants. Several Nihilist printing machines and a large number of revolutionary pamphlets were burned. The occupants were arrested.

A REALLY GOOD TRAVELLING COMPANION—Perry Davis' Pain-Killer.

FOR SCROFULA, IMPROVED BLOOD AND GENERAL DEBILITY. Scott's Emulsion of Cod Liver, with Hypophosphites, has no equal in the whole realm of Medicine.

Ayer's Sarsaparilla is prescribed and recommended by eminent physicians, and is taken with perfect safety by old and young. Its cleansing and vitalizing effects are sure and speedy, and it is universally conceded to be the most effective of all blood purifiers.

Ayer's Pills cure constipation, improve the appetite, promote digestion restore healthy action, and regulate every function. The medicine is pleasant to take and gentle in its operation. See article in Ayer's Almanac.

Weighted in the balance, but not found wanting. Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure has been weighed in that just balance, the experience of an impartial and intelligent public. Both remedially and pecuniarily it is a success. Its sales constantly increase, testimony in its favor is daily pouring in. The question of its efficacy in Dyspepsia, Liver Complaint, Kidney Ailments, and for Blood Impurity, is decided.

Rev. J. McLaurin, Canadian Baptist Missionary to India writes: During our stay in Canada, we have used Dr. Thomas' Electric Oil with very great satisfaction. We are now returning to India, and would like very much to take some with us, for our own use and to give to the diseased heathen.

James E. Nowlin was hanged at Cambridge jail Friday morning for the murder of George A. Codman, his employer, on Jan. 4, 1887.

A movement that bids fair to affect many States, and perhaps many thousands of colored people in this country has been inaugurated in Kansas City, and may result in an exodus of negroes from the United States to South America. The headquarters of the new movement are in Topeka, Kansas, and the object sought is the amelioration of the condition of the colored population of the southern states. Several well known and wealthy colored people are arranging plans to establish colonies in Guiana, Brazil and the Argentine Republic. The principal outfitting points will probably be Honduras and Costa Rica. Immigration depots will be established in the Argentine confederation. It is learned that important concessions will be made by the Brazilian and Argentine governments in the way of lands and immunity from taxation and in aid of transportation, which will place this new haven within reach of all without regard to color.
