

DENOMINATIONAL NEWS.

SUSSEX.—The revival meetings held during the past two weeks by the Rev. G. W. McDonald, in the F. C. Baptist church, have been very successful, and have resulted in strengthening the church very much.—*Telegraph.*

CALLS.—Within the last week the editor's office has had four ministers—Rev. G. A. Hartley, Rev. W. Downey, Rev. G. F. Currie and Licentiate Frances—have called at the editor's office. Except Bro. Frances, they reported themselves in good health. Bro. F. has not been able to preach for about six weeks. He thinks he is better, and hopes to be at work again soon. Of course the editor was glad to see them all; he always welcomes a preacher.

VICTORIA ROAD, W. Co.—On the evening of Feb. 27th inst., the F. C. Baptists of Victoria Road were duly organized under the name of the F. C. Baptist Church of Victoria Road in the Parish of Moncton. Our pastor, Bro. McLeod, after an interesting and earnest organization address, had the pleasure of giving the right-hand of fellowship to ten members composing the new church. The neat church, erected here a few years ago, speaks well for the energy of the people; seeing them unite their hands and hearts in this good work of union, thus having their anticipations realized, is likely to make a good impression. The officers of the church are, Bro. John McFarlane, Deacon; Bro. Jas. Budd, Assistant Deacon; and Bro. Jeremiah Gray, Clerk.

WICKHAM AND HAMPSHIRE, Q. Co.—It affords me great pleasure to inform the readers of the INTELLIGENCER of the extensive revival at Lower Wickham and the village in Hampshire, under the labours of the Rev. B. H. Nobles, assisted, of late, by Rev. J. J. Barnes. Brother Nobles began meetings with the church at Lower Wickham about four weeks ago. The friends at the Village took a deep interest in the work and attended regularly, joining labour with the members of that church. Very soon it was evident that the Lord designed to bless the people here. Our late pastor, Rev. A. Taylor, while with us took a deep interest in the people of the Village, which may have been somewhat preparatory for the work now going on.

February the 12th three were baptized, and Feb. 19th four. Both these baptisms were at Wickham. About that time it was quite evident that the burden of labour was with and for the people living at the Village (so called). Bro. Nobles felt it advisable to hold meetings regularly in the school house here. The people's hearts were given up to the work, business cares and labours were put aside to a considerable extent, the work having taken hold of teacher and pupils it was deemed best to close the school for a week. Many brethren and christian friends came from many places to get and give help. We rejoice to say that the Holy Ghost has been present to accomplish a great and glorious work. It was thought advisable to defer baptism until this morning. It was our happy privilege here, at the Village to witness the administration of that ordinance to nineteen (19) happy converts. Father and mothers rejoiced to see their children giving themselves to Christ and following him in His ordinances.

There is a good prospect of the work continuing; others are seeking salvation. Brother Nobles expects to go to some other part of his charge soon to hold special services, but we hope he may see his way clear to continue here longer. The spirit of revival has extended up and down these shores. "The fields are white and ready to harvest."

There is a strong disposition to endeavour to engage Bro. Nobles to labour with the church at Little River the portion of his time for which he has no special arrangements. It would seem well that such should be done.

CORRESPONDENT.

HOME MISSION REPORT.—To the Cor. Sec. of the Home Mission Society:—Dear Bro. Reed, when I last reported my labours I was spending Christmas with my family at Moncton. While there I had the pleasure for the first time of having Bro. Wiggins preach in the F. C. Baptist Church. It was Christmas morning, and his subject, founded upon the song of the angels, "Behold we bring you glad tidings etc." was interesting, instructive and encouraging. It had been arranged by my friends, before my arrival, that I was to preach in the Methodist Church on the evening of Christmas day. Although somewhat jaded with my constant labour, I consented, and was treated by both Rev. Mr. Crisp and his congregation, with the utmost christian kindness. Jan. 1st I spoke in the F. C. Baptist Church in the evening. Jan. 3rd I went to St. John and spent two days very pleasantly with my old friends. I visited a number at their

homes, who through age or infirmity I would not be likely otherwise to see; (one young man whom I visited at that time has since, "crossed the river.") I also had the great pleasure of being at the Wednesday evening meeting of the church, and looking into the faces, hearing the voices and grasping the hands of the many whom I have known and loved for so many years. I returned to Perth Centre and held meetings on Sabbath, and continued through the week. Jan. 15th. I baptized three and united them, with one other, to the church. Bro. Barnabas Armstrong Sr., the deacon of this church for a number of years, was the only one bearer remaining, death and removals had left him alone. His advanced age and recent illness make it impossible for him at all times to discharge the active duties of his office. The church and people all entertain for him the highest respect and fullest confidence.

Aside from the estimation of his sterling worth as a christian man, he will be remembered for his successful efforts in developing the musical talent for which this community is so justly celebrated; to him, more than to any other, it is due that Perth Centre is so capable of rendering the gospel in song. At Bro. Armstrong's request, two other brethren were chosen deacons to assist him in doing this work of the church; they were duly set apart by prayer and the laying on of hands for that responsible office. A clerk also was chosen, and the book and records placed in his hands. On the fourth Sabbath of January, the date appointed by the Conference Executive, five brethren were chosen Trustees of the church property, and the fourth Sabbath of each month was decided upon as the day upon which the monthly conference is to be held.

I had given encouragement to the brethren at Lower Perth that I would spend a few weeks with them, after I got through at the Centre. In this place a small church of earnest workers has been organized for some years, but at the present is without pastoral care. The need of a church building, to which they could have the exclusive right, became so apparent, that the brethren and sisters resolved they would arise and build a house for God. So, putting their thin means and effort together, they have erected and nearly completed a neat and commodious church building, amply sufficient for their present requirements, and an ornament to the place. The outside is all finished and painted; the inside is completed except putting in the pews, which will be done soon. Upon my promise to make them a visit the brethren immediately began preparing the house for holding the services. Chandeliers, lamps, stoves etc. were provided, and seating accommodation was extemporized for about two hundred people. I began holding meetings here on the 29th of Jan., and have continued them until now. We thought it better in this stormy season of the year to make appointments for a week ahead; accordingly meetings were announced for each evening in the week (Saturday evening excepted), and a special Conference on Saturday afternoon. Considering the violent storms, the badness of the roads and the intense cold, the meetings have been well attended and of good interest. A good many buried talents have been dug up and are being used for God. A number have found Salvation through Jesus, and others are coming. Last Sabbath I baptized five, who were received into the fellowship of the church in the evening. There is a good deal of deep conviction and anxious enquiry, and almost every evening some new ones are deciding for Jesus.

The Sabbath congregations have been very large, and the services of deep solemnity and encouraging interest. Calls are coming constantly from the outlying districts for help that your missionary finds it utterly impossible to supply. In fact, holding meetings nearly every day for almost four months has admonished him that, making such generous draft upon his vitality, he has about reached the limit of endurance. Since being in this locality I have held twenty-three meetings, seventeen of which were preaching services, taught a Bible class each Sabbath P. M., and called upon and prayed with thirty-nine families covering a distance of about four miles. All the people treat me with the greatest christian kindness, and I enjoy my work.

Yours fraternally,

J. T. PARSONS.

Lower Perth, V. Co., Feb. 25th.

Temperance Notes.

It is estimated that \$78,200,000 is spent every year for liquor in Pennsylvania; while the output on anthracite coal, their greatest industry, amounts to only \$69,995,000.

They have a novel and practical way of dealing with persons who persist in getting drunk, over in Mons, Belgium. When drunkards appear on the village streets, the Garde-Champetre takes them home. The next morning each is given a broom, and allowed to choose between sweeping the streets or being prosecuted for drunkenness.

The Western Broker, published in the interests of the liquor trade, says the annual average sale of beer in the city of Chicago is 1,500,000 barrels, which yield 624,000,000 glasses. Taking the population of the city at 700,000, the average would be 890 glasses of beer a year for each man, woman, and child. The same authority gives the number of breweries in the United States at 2,269, with an annual production of 460,832,000 gallons of beer.

No government can set aside this subject of drinking. Despotism Russia and republican America must both meet it. For the evil is too enormous and atrocious to be hid; too destructive and cyclonic to be regulated; too insistent to be endured; too cruel not to excite indignation. It is true

that the capital and influence invested in its defence are enormous and potent, but humanity and God are against it. Childhood and womanhood out of the depths lift up holy hands against it, and the "irrepressible conflict" must go on until our statesmen shall dare to assail in our halls at Washington any evil or monstrous wrong that is destructive to national welfare.—*Tri-bune.*

This is the way Burdette puts it: "So the Supreme Court decides that a State has a right to destroy a distiller's business without compensation therefor. Well, may be this isn't right. As a rabid prohibitionist I am personally in favour of paying for every distillery, brewery and saloon that is closed up and forced out of business by prohibition—every dollar of its highest market value at the time its business was good. That is only fair and just and right. Then I am in favor of compelling the distillery, brewery and saloon to pay 100 cents on the dollar for every business that they ever closed up and ruined. That is only right and just and fair, too. Let us strike a balance with the distillery, square up the account on both sides, and the fellow who comes out in debt must agree to pay up like a man, no matter what the Supreme Court says. My word for it, the Kansas prohibitionists are ready and willing to waive the decision and settle on this basis if the distillery is. What is sauce for the goose of the pond is sauce for the worm of the pond. Walk up to the counter, worm, and settle!"

KINGS COUNTY NOTES.—On Wednesday eve 22nd inst., a pie social was held by the Methodists of Springfield Corner when \$24 was raised.

On the same eve the friends of Rev. Wm. DeWare from Midland F. C. B. church gave him a donation of \$40.00, meeting at the residence of E. L. Perkins, Norton Station.

The good work in the special services of the Midland church are still continued. Sinners are beginning to feel anxious about their souls welfare. C. E. B.

ARRAERS.—To those of our friends who have, for any reason, fallen behind in their payments, we have to address this word, asking them to just now make an effort to pay. We need all the money due. No one owes very much, but the aggregate of arrears is a sum the need of which we feel. A slight effort on the part of each one of these will help us greatly. Please attend to it now.

The March Century contains several features of interest. First is Mr. Kennan's continuation of his revelations in regard to the Russian state prisons, the details of which are remarkable for interest and bear every evidence of authenticity.

A narrative paper of thrilling detail is Captain Frank E. Moran's account of the planning, mishaps, and finally successful execution of Colonel Ross's Tunnel at Libby Prison, the narrator having been one of the party who escaped.

In "The Home Ranch," Mr. Theodore Roosevelt gives a continuation of his graphic papers on the daily life of a ranchman, accompanied by illustrations.

This number contains also two full-page portraits of Bismarck. A short anonymous article considers Bismarck's peculiar influence.

The Lincoln History deals with "The Call to Arms," the story of Sumter being retold authoritatively, the narrative being as before, with the aid of unpublished material.

In "Open Letters" are several dealing especially with educational questions: "The Public-School Problem," "Mind Training," a reply to the articles on "The Education of the Blind"; a paper "To the Deaf," and other suggestive letters.

THE EMPEROR OF CHINA has already ordered the requisite nuptial gifts for his bride although the ceremony does not occur till 1889. It may be mentioned that the only betrothal present is a rich seal in gold and jewels. Among the other tokens of his expensive affection for the lady are ten pie-bald horses with complete trappings, ten gilt helmets and cuirasses, 100 pieces of satin and 200 pieces of cotton material as wedding presents, 200 ounces of gold, 10,000 ounces of silver, one gold tea-service, consisting of teapot and one cup with a lid; one silver service, two silver wash-basins, twenty more horses with complete trappings, twenty saddles without trappings, twenty saddles for pack-horses and mules; and costly gifts are also made to the parents and brothers and sisters of the bride.

THE BEST COUGH MEDICINE we know of is Allan's Lung Balm.

TO ATTAIN PERFECTION in the art of Flavoring use the "Royal Extracts."

THE FAVORITE MEDICINE WITH ALL Classes—Perry Davis' Pain-Killer.

AFTER A TOO HEARTY DINNER, if you feel dull and heavy, try a dose of Campbell's Cathartic Compound.

BE SURE when you buy Condition Powders, to get the "Maud S." refuse all others.

DO TELL ME? the name of that delightful Perfume you use. With pleasure. It is the "Lotus of the Nile."

Joseph Rusan, Percy, writes: "I was induced to try Dr. Thomas' Electric Oil for a lameness which troubled me for three or four years, and I found it the best article I ever used. It has been a great blessing to me."

To assist nature most effectually in her efforts to throw off or resist serious disease, it is essential that an impulse should be given to functions which growing ill health suspends or weakens, namely, the action of the bowels, bilious secretion, and digestion. Oftentimes, though this is impracticable by the use of ordinary remedies, it proves an easy task when Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure is resorted to.

Chronic Derangements of the Stomach, Liver and Blood, are speedily removed by the active principle of the ingredients entering into the composition of Parnelee's Vegetable Pills. These Pills act specifically on the deranged organs, stimulating to action the dormant energies of the system, thereby removing disease and renewing life and vitality to the afflicted. In this lies the great secret of the popularity of Parnelee's Vegetable Pills.

Mr. G. W. Maculley, Pavilion Mountain, B. C., writes: "Dr. Thomas' Electric Oil is the best medicine I ever used for Rheumatism. Nearly every winter I am laid up with Rheumatism, and have tried nearly every kind of medicine without getting any benefit, until I used Dr. Thomas' Electric Oil. It has worked wonders for me, and I want another supply for my friends, &c."

Severe colds are easily cured by the use of Bickle's Anti-Consumptive Syrup, a medicine of extraordinary penetrating and healing properties. It is acknowledged by those who have used it as being the best medicine sold for coughs, colds, inflammation of the lungs, and all affections of the throat and chest. Its agreeableness to the taste makes it a favourite with ladies and children.

A purgative medicine should possess tonic and curative, as well as cathartic properties. This combination of ingredients may be found in Ayer's Pills. They strengthen and stimulate the bowels, causing natural action.

ALMOST A PANIC.

An examination of the weekly report of deaths for the past month in Boston and other towns and cities in the country, reveals an alarming condition, owing to the great increase of deaths from Pneumonia as compared with previous years.

If this increase continues as it has for the last few weeks, a panic will certainly result. For example, the weeks ending Jan. 14 and 21, one-fifth of the deaths in Boston from all causes were the result of pneumonia. More than one hundred people died of this dreadful disease in that short time, and the mortality all over the country seems rather to be increasing than abating. Is it possible that medical skill and science can find no means to baffle and cure this terrible plague? Physicians seem powerless, and all theories regarding the disease, and the persons most liable to an attack, are broken down by this universal ravages. Neither old, middle aged, or young persons are exempt. Tendency to lung trouble used to be considered a predisposing cause for pneumonia. But this season the strongest and most healthy lungs in men and women seem to be no safeguard. We believe, however, that it is possible to prevent the disease if not cure it, and that, too, by a simple remedy within the reach of all. We read lately in a pamphlet published by Dr. J. S. Johnson & Co., Boston, Mass., a method of treating pneumonia by the use of Johnson's Anodyne Liniment.

Certainly the remedy is simple, and can be obtained almost anywhere. It is an absolute fact that no remedy known will break up and cure a cold so quickly as this old-fashioned household medicine. And a severe cold is always without exception the first stage of pneumonia.

Johnson & Co., will send a copy of this pamphlet to any person, free. The directions given in the pamphlet for preventing pneumonia are based on sound common sense, and, without a shadow of doubt, would succeed nine times in ten.

Deaths.

RAYMOND.—At Middle Simonds, on the 21st ult., of congestion of the lungs, Winifred Blanche, infant daughter of W. N. and Augusta Raymond, aged seven months.

FENWICK.—Of malarial fever, in Malvern Hospital, Wallasey, Mersey, Mr. Fenwick, aged 72 years. Our deceased brother was well-known to the Free Baptists of Nova Scotia, where he lived most of his life. For some years he was troubled with muscular rheumatism, and this winter he was confined to his bed. He was a member of the church three times, and seemed brighter and more free from pain than for some time. Monday morning he started for the post office, a walk of ten minutes. On receiving his mail the clerk noticed he was a little short of breath, but thought he had been walking fast. He went to the window, which had a low, broad seat, and sat down. Just at this time a physician entered with another gentleman, and noticing him, remarked that the old gentleman had dropped asleep; but when they went to him they found him dying. They laid him down and he only breathed three times, man in the city, and was loved, respected and looked up to. He was converted under the preaching of Elder J. B. Norton, and was baptised on the 13th of Feb., his death being on the 47th anniversary of that day. He was born in St. John, N. B., March 24th, 1816, lived his boyhood in Alexandria, Va., went to Cornwallis, N. S., when about 17 years old, and with the exception of a few months, lived there till 1882, when he went to Jamestown, Dak., with his wife and one daughter, Maud, who died there eighteen months ago. He leaves a wife, one married daughter (Mrs. Fred. Cox), one unmarried daughter, and two sons, Bro. Whitney was a member of the Free Baptist Church in Cornwallis, N. S.

APPLEBY.—At Charlottetown, Car. Co., Feb. 23rd, Nina Jane, the beloved wife of Peter Appleby, aged 22 years. She died of consumption of a protracted type. She expected religion during her illness, and passed away in the embraces of Christ. She leaves a husband, two little sons, with other relatives, and numerous friends to mourn their loss, which was her gain.—G. W. F.

WHITNEY.—At Jamestown, Dakota on the 15th ult., of rheumatism of the heart, Sylvanus Whitney, aged 72 years. Our deceased brother was well-known to the Free Baptists of Nova Scotia, where he lived most of his life. For some years he was troubled with muscular rheumatism, and this winter he was confined to his bed.
