Sheridan of the Boutouche and Moncton railway, from his house in Boutouche Thursday night, two unknown parties entered the building, frightened away the hired man and hired girl by firing a couple shots from a revolver and then made off with a trunk containing, it is believed, between sixteen hundred and two thousand dollars. The trunk was broken open in a field and was found there next morning.

It is reported at Grand Falls that Lydia Dyer was murdered a few days ago somewhere east of Andover and near the boundary line. He is a man of 60 years of age, dark complexion, 5 feet 6 to 8 inches in height, weight 145 pounds or thereabouts.

But upon coming to the altar and being asked the question usually put, viz: "Will you have this man, etc," she promptly responded "no" and walked away.—*North Sydney Herald*.

"Gravensteins were never so scarce before," said a prominent apple dealer this morning. A contingent of speculators have flooded the western counties and bought up all the best apples for the American market. The authorities have used up their supply of description blanks and have now to write them out. If the desertions continue at the same rate much longer there will be none of the regiment left.—*Halifax Herald*, 18th. The Echo says: "A funny citizen said this morning that the name of the West Riding regiment ought to be changed to the Riding West regiment."

Four lumbermen named Annand, Taylor, Mitchell and Webber, employed in the woods near Ship Harbor, 60 miles east of Halifax, on Saturday went moose hunting. Annand and Taylor went off together, and the other two in another direction. During the afternoon Annand and Taylor saw some bushes moving, and supposing this was caused by a moose, one of them took aim and fired, but instead of a moose, it proved to be Webber and Mitchell, and both were killed. The bullet passed through Webber's neck, and lodged in Mitchell's breast, the former dying instantly and the latter in a few minutes.

A great land-slide, which destroyed several lives, occurred in Quebec Thursday evening. It was immediately below the Dufferin terrace. Those who witnessed the fall of rock say they heard a long, loud report as of several cannon, and on looking up toward the terrace and citadel were horrified by the sight of an immense mass of stones, rock and earth breaking loose and rushing down three hundred feet of a declivity upon the houses below. Immediately the air was filled with dust so that no one could see ten feet in front of him and breathing was made difficult. This was followed by sounds of timbers crashing and yielding to the immense power of the avalanche and the shouting and screaming of the men, women and children in all the agony of despair. The avalanche was caused by the hot weather of the past few weeks cracking the earth and rock, which were loosened and driven asunder by the heavy rain of the last few days. About 30 persons are known to have been killed, and 40 or more injured, and a number were yet missing at last report.

AT DEATH'S DOOR.

MY little boy had diarrhoea and came very near dying. After the failure of every thing else we used Dr. Fowler's Extract of Wild Strawberry which caused a quick cure, and I know of two others who were cured by the same remedy.

FREEMAN C. AMON,

Hillier, Ont.

If you are despondent, low spirited, irritable, and peevish, and unpleasant sensations are felt invariably after eating, then get a bottle of Northrop & Lyman's Vegetable Discovery and it will give you relief. You have Dyspepsia, Mr. R. H. Dawson, St. Mary's, writes: "Four bottles of Vegetable Discovery entirely cured me of Dyspepsia; mine was one of the worst cases, I now feel like a new man."

To be free from sick headache, biliousness, constipation, etc., use Carter's Little Liver Pills. Strictly vegetable. They gently stimulate the liver and free the stomach from bile.

A LINE FROM GLADSTONE.

MY little son aged two, was seized with diarrhoea, followed by piles, two doses of Fowler's Extract of Wild Strawberry gave great relief and half a bottle completed a cure. Mrs. J. A. McIntyre, Gladstone, Man. This medicine is a specific for all summer complaints of children or adults.

Mrs. Chas. Smith, of James, Ohio, writes: I have used every remedy for sick headache I could hear of for the past fifteen years, but Carter's Little Liver Pills did me more good than all the rest.

A woman who is weak, nervous and sleepless, and who has cold hands and feet, cannot feel and not like a well person. Carter's Iron Pills equalize the circulation, remove nervousness, and give strength and rest.

ON THE SURFACE.

SKIN diseases appear on the surface and are often humiliating to the sufferer from them. From two to three bottles of Burdock Blood Bitters will cure salt rheum, erysipelas, shingles, tetter, nettle rash, eczema, boils, pimples, or blotches, at the same time restoring the general health.

Out of sorts.—Symptoms, Headache, loss of appetite, furred tongue, and general indisposition. These symptoms, if neglected, develop into acute disease. It is a true saying that an "ounce of prevention is worth a pound of cure," and a little attention at this point may save months of sickness and large doctor's bills. For this complaint take from two to three of Paralee's Vegetable Pills on going to bed, and one or two for three nights in succession, and a cure will be effected.
