-Fernando de la Rocha, a Roman Catholic priest, has recently been converted and received as a probationer in the M. E. Church in the City of Mexico. Rev. John W. Butler says: "Mr. Rocha is in his prime, forty years old. His education is far above that of the average priest in this country. He has been meditating this step for a long while, and months before we knew him personally, we heard of his attempts to preach the Gospel in the church where he was curate. If he stands the test and should prove to have 'gifts and graces,' he will probably be taken into our mission as a worker."

YARMOUTH.—Yesterday, (16th inst.) was a good day for Yarmouth church. At 3 o'clock, p. m., I baptized the Rev. Charles Frederick Cooper, formerly an ordinary minister of the Emmanuel, Free church of Liverpool, England. In the evening I gave him the hand of fellowship in the presence of a very large congregation, which filled both the audience room and the vestry. Brother Cooper preached a very able discourse, after which the Lord's Supper was administered to nearly 100 people.
