

## News of the Week.

## NEW BRUNSWICK.

The C. P. R. express from Halifax struck a team driven by a man named Ralph Colpitts near Petitcodiac, killing the horse, breaking the wagon and injuring Mr. Colpitts very seriously, if not fatally. The train was slowing up at the time, but a large building a short distance in front of the locomotive prevented his seeing the train. Just as the horse was on the track the locomotive struck him. The animal, which was killed instantly, was carried quite a distance. Mr. Colpitts was precipitated from the wagon and sustained some frightful injuries on his head. The train was stopped as quickly as possible. A physician was summoned. At first he thought the skull was crushed, and Dr. Burnett of Sussex was telegraphed for to make a further examination. He is about 71 years of age, and belongs to Pollet River.

Ralph Colpitts of Pollet River, who was struck by the express at Petitcodiac, died at Petitcodiac. He was unconscious ever since the accident.

A boy between seven and eight years of age, son of Neil Taylor, was drowned in Wilson & McLaughlin's mill pond. It is supposed that a dog that was with him ran against him knocking him off a stage over the bulk head.

Eliza Taylor, the well known colored woman, died at the almshouse St. John at the supposed age of 103 years.

John Palmer, who died at Dorchester on Wednesday, aged 100, was a veteran of 1812. Four daughters and four sons are living, including C. R. Palmer, secretary of schools, Moncton.

Stmr. Star arrived at Indiantown with a large freight, including new potatoes and blueberries. Capt. Fort complains bitterly of "snags" that are allowed to remain in the river endangering navigation. The David Weston had her gangway carried away by one of them, which, if it had hit her on the hull, would have put a hole in her. The department of marine formerly paid for removing the obstructions, but this season the work has been entirely neglected.

One of the first shipments from St. John over the Short Line was made on the 1st inst. by Messrs. Emerson & Fisher, and consisted of matted pieces for Montreal and points west. Messrs. E. & F. have been shipping these goods to the upper provinces for some years; and now with improved manufacturing facilities and the advantages offered by the Short Line they expect to largely develop this trade.

The Northern Pacific Railway is said to contemplate the building of a line through our North West parallel with the Canadian Pacific. The latter company, however, will not greatly fear this competition, for the North West is a big country, and there is probably room for both railways in it.

Decrees of divorce have been granted in the divorce court in this city by Judge Wetmore in the cases of Taylor vs Taylor and Simpson vs Simpson.

A very sad drowning accident is reported from the Wood Island, better known as Two Islands. A son of Abel Wilcox, just in the prime of manhood, left home in his boat to take up his lobster traps. After a protracted absence, search was made for him and the oars, bailing dish and other light stuff in the boat were found, driven ashore on the island, but no traces of the boat or young man could be found.

It is supposed he over-loaded the boat and it was filled in some way and sank with him. This makes the second son—sturdy young men—Mr. and Mrs. Wilcox have had drowned.—*St. Croix Courier.*

The work of ballasting the Central railway is being rapidly pushed forward, and it is expected passenger trains will be running between Norton and Chipman in the course of two weeks. Yesterday General Manager Hamilton made a trip over the road, spent three hours at Chipman and reached Norton in time to connect with the Halifax express into this city.

Capt. O'Connor and crew of the schooner Grey Parrot have arrived here, their vessel having been burned at sea, eight miles off Matineau rock, on the 25th ult. The Grey Parrot sailed from this port on the 21st ult. with a cargo consisting of 42,767 feet boards, and 1,115 bbls. lime shipped by Messrs. Randolph & Baker. She was 97 tons register, and was built in 1884. She was owned by Hugh Nealis and Capt. O'Connor. She was only partly insured.

The pleasing intelligence is given in this morning's issue that on and from Monday 8th inst. the mails for Montreal and all points west will be carried by the Canadian Pacific railway. This is a step in the right direction and our merchants will no doubt duly appreciate it.

Dr. Myshall representing Parke, Davis & Co., Detroit, has presented to the Victoria Hospital Frederickton neatly framed portraits of Sir Morrell Mackenzie, Pasteur of France and Dr. Koch of Germany.

St. Stephen now has a train service about as near perfection as could be desired. Five trains on the N. B. R. in and out each day and one on the Shore Line supply all the accommodation that travellers can ask.

"Mayor Barker is dead." This was the expression heard on the street. It was generally believed that Mr. Barker had conquered the disease which came so near having a fatal termination a fortnight ago. The news of his death was quite unexpected and produced a decided shock in all classes of the community. It was known that the Mayor was very ill but everyone was hoping to see him on the streets again in a few days. The expectation was rapidly shattered by his unexpected death.

A man under the influence of liquor jumped over Magee's wharf into the water. Some men who were near him fished him out, when he expressed an ardent desire to make another plunge. The men held him, however, and telephoned for a policeman. Before the latter arrived some friends of the would-be-suicide took him away.

A special from Springhill ran over and killed a man named William Love about a mile west of Amherst station at 8 o'clock 6th inst. The train was in charge of Conductor Hughes and Driver Morrison. The trainmen knew nothing of the accident until reaching Painswick, when a despatch informed them of it, and asked them to search the cars for traces of the accident.

## NOVA SCOTIA.

While sailing on Back harbour at Lunenburg, the eight year old son of Felix Church was struck by a boom, knocked over and drowned.

At Parker's mill dam, Mill Valley, Herbert Canavan, aged 12, son of Judson Canavan, was drowned. The body was recovered.

The marine department have presented a gold watch to Lyman McKinnon and a pair of binocular glasses each to Lovitt Nickerson, Freeman McKinnon, George McGray and James Sears of Barrington, for saving the crew of the St. John barque Maggie Roath, wrecked at Cape Negro Island, last winter.

The Nova Scotia Telegraph Company are importing ten miles of cable to extend their lines from Dover Bay to Canso and are asking the customs department to facilitate the entry.

Allison Smith, a prominent wholesale grocer, president of the Nova Scotia Sugar Refinery and director of the Merchant's Bank of Halifax, is dead aged 67 years.

The arrivals at the port of Halifax for the fiscal year ending 30th of June were 406 steamers and 643 sailing vessels from foreign ports, and 207 steamers and 3,404 sailing vessels coastwise.

A writ has been issued against the Windsor and Annapolis railway, claiming \$20,000 damages for the death of Dr. Benjamin Fraser at Windsor on 4th July, 1888, who was run over by the train. The action is brought by the executors for the benefit of the heirs of Benj. D. Fraser.

George E. Forsythe & Co's wholesale grocery warehouse was badly damaged by fire and water this morning. The loss on stock is \$6,000, covered by insurance in the Brooklyn and Phoenix. The building is insured in the Halifax for \$4,500.

Allan McQuarrie, son of Rev. Allan N. McQuarrie, formerly of Kingston, Ont., was drowned in Picton harbor last night, while out with an excursion party of local artillerymen.

Haying has commenced in earnest in western Nova Scotia. The crop is excellent and has never for many years been ready for the scythe so early.

The house and store of Mr. Bird at East Chezzetcook, was burned Saturday at midnight. The fire originated below and cut off escape from the sleeping occupants. Bird jumped out of the window to get a ladder. Meanwhile Mrs. Bird came to the window with her two children in her arms. One she dropped out through the window and was caught by people below. Then she fainted, or was overcome by smoke. The child fell into the burning building and was cremated. Mrs. Bird was finally rescued, but terribly burned and will not likely survive. The house and store were destroyed.

## OTHER PROVINCES.

The remains of a man found near Campbellton a short time since are without doubt those of J. O'Sullivan, who resided at 186 Claremont Street, Toronto. He had been to England and on his return was lost trace of at Halifax. A letter addressed as above was found on the remains.

At Gravenhurst, Ont., a party of eight persons started out in a large boat, on a camping expedition. The boat was run into by the steamer "Orion." It was nearly cut in halves, the occupants being thrown into the water. Three were drowned.

A correspondent of the *Star* says Hon. Geo. E. Foster and his bride arrived from the west on the 3rd inst. Mrs. Foster, formerly Mrs. Addie Chisholm, is well known throughout Ontario as a talented and successful temperance writer, and in her new sphere of life will receive a hearty welcome at the capital.

It is asserted that an Ottawa lady, the handsome widow of a naval captain, has fallen heirress to \$70,000 through the demise of a bachelor uncle in India, his wealth having been created by shrewd speculations in indigo. Not so bad, after all, to have the blues!

A report comes from the village of Albany, on the Manitoba road that black diphtheria was broken out in 113 families. Churches and schools are closed. No deaths so far.

E. Charlebois hotel keeper at Montpelier has been fined for holding the rifle and uniform of a volunteer for board. The Judge held that Charlebois was guilty of larceny.

Fred Letourneau, bar-keeper of Le Chien d'Or, opposite the post office was stabbed almost to death. Six fellows started a row in the place, and the wounds were inflicted by one of the party with a knife as a reward for Letourneau's trying to pacify them. The police have made arrests, but whether they have the right party is uncertain. Rum again.

For Cramps, Cholera, Diarrhoea, Summer complaint, use Kendrick's Mixture. Kendrick's Mixture, a positive cure in nearly every case. Sold by dealers. 25 cents.

## UNITED STATES.

A waterspout broke over Altoona, Pa., doing great damage, and rain is now coming down in torrents, overflowing the streets and bursting sewers. Reports from South Fork state that the great viaduct is in danger. The Juniata river is rising beyond bounds at Tyrone. Kittanning Point reservoir, from which Altoona's water supply is drawn, it is expected will break, as the water is pouring over its banks, making it appear like a small Niagara. The damage caused by the water spout is widespread, and cannot be estimated.

A terrific thunder storm passed over Titusville, 3rd inst. followed by two cloud bursts which caused a furious overflow of Church Run, which traverses and winds through the city. From an insignificant stream this run was turned into a furious torrent in a few minutes, coursing through the streets, filling cellars, rising in some cases to the first stories of houses. Fully three miles of streets were flooded and there were over two feet of water on the sidewalks. A number of rafts were built, on which women and children were taken to places of safety. The force of the water ripped up hundreds of feet of sewers and the roads in the surrounding country are badly washed out. The water poured down the side hills to the northwest of the city, where the cloud burst occurred, in a perfect avalanche, sweeping all before it. Many fertile gardens and a number of valuable farms were ruined.

The *Herald's* Rome correspondent telegraphs as follows: "The Pope, through the Cardinal Secretary of State, has sent a copy of his lately pronounced allocation to all powers, accompanied by a note asking whether they will interest themselves in his condition or not. No decision will be taken until the result of this new note is seen. I have reason to believe that the Italian government has foreseen and provided against the effect of this note on the powers. It is certain that all reports of the Pope's departure are disseminated from the Vatican itself. They are, therefore, generally believed to be merely the means of exciting the attention of Europe, but I have reason to believe that in certain eventualities his departure might really be decided upon."

The North-Western life-insurance company, which has its headquarters in Milwaukee, announces that it will not issue a policy to any member, or employee, of any brewing company. This stand taken by shrewd business men in the interests of their business does not seem to harmonize very well with the advertisement of the Milwaukee brewers who declare their beer to be "non intoxicating, healthful, refreshing and invigorating, conducive to health, prosperity and happiness, and beneficial alike for old and young, male and female."

Says the *Eastport Sentinel*: Line fishing cannot be said to be up to the average this season, on what have always been considered the best fishing grounds in these parts. Last Friday Captain Whelpley of Campobello, with a crew of a dozen or more, anchored off East Quoddy and after two hours' fishing on the low water slack, only secured eight fish. There were about seventy five boats with perhaps 175 men fishing in that locality at the same time and none appeared to have good fare.

A number of prominent Irish-Americans held a private meeting at Chicago, July 5, to discuss the advisability of establishing an Irish-American republic to further the interests of the Irish race. An organization was perfected to be known as the Irish-American Republic Association. It is hoped to secure Lower California for the purpose of establishing the Republic.

Efforts will be made to secure this land or a large tract of Canadian land. Should Canadian land be secured, an effort will be made to colonize it with 1,000,000 Irish and Irish American farmers. This number of Irishmen, with the addition of the Irish already in Canada, and the assistance of the French Canadian element would, it is thought, be able to capture the Canadian government and convert it into a powerful Franco-Irish republic. Perhaps?

Eastport, Me., July 5.—Special treasury agent T. Aubrey Byrne arrived June 30 to investigate the seizure of the schooner Edna May, made June 29th, and after a thorough investigation left yesterday. The vessel will be dismantled and libelled. This case is expected to lead to the exposure of extensive smuggling.

## BRITISH AND FOREIGN.

At the world's Sunday-school convention London, Friday, it was decided to send a memorial to the European sovereigns asking them to exert their influence in favor of the proper observance of the Sabbath. An English colonial delegate's resolution congratulating the Americans upon their auspicious anniversary was adopted. There was loud cheering for Queen Victoria and President Harrison. English and American flags were waved and the national anthems were played. The Earl and Countess of Aberdeen were present, and the former spoke.

A large fire occurred today on the river front. Timber sheds and other buildings extending one hundred yards on the Russian and Commercial docks, and seven barges lying alongside the docks, were burned. Loss \$60,000.

The world's peace congress, yesterday, resolved to hold the next conference in London. Senator Sherman was elected a vice-president.

At the Greenwich observatory 1063 hours of sunshine were recorded in 1888, about 250 less than the average of the preceding eleven years, and 333 below that of 1887. The aggregate number of hours the sun was above the horizon was 4465.

An explosion of fire damp occurred in a coal pit at St. Etienne Paris, Friday, by which three hundred miners were entombed. A number of bodies have been taken out.

The Daily News says: The Parnell Commission will adjourn to August 9. The Counsel for the Parnellites will reserve their speeches until after the long vacation.

Advices from Panama indicate that the boundary dispute between Costa Rica and Nicaragua is not yet regarded as settled by those powers, and that hostilities are once more threatened.

Mrs. D. Morrison, Farnham Centre, P. Q., writing about Dr. Thomas' Electric Oil, says: George Bell used it on his son, and it cured him of rheumatism with only a few applications. The balance of the bottle was used by an old gentleman for Asthma, with the best results. It acts like a charm."

O. Bortle, of Manchester, Ontario Co., N. Y., writes: "I obtained immediate relief from the use of Dr. Thomas' Electric Oil. I have had asthma for eleven years. Have been obliged to sit up all night for ten or twelve nights in succession. I can now sleep soundly on a feather bed, which I had not been able to do previously to using the Oil."

## A CLOSE CALL.

AFTER suffering for three weeks from Cholera Infantum so that I was not expected to live, and at the time, would even have been glad had death called me, so great was my suffering. A friend recommended Dr. Fowler's Extract of Wild Strawberry, which acted like magic on my system. But for this medicine I would not be alive now.

JOHN W. BRADSHAW.  
393 St. Paul St., Montreal, P. Q.

Minard's Liniment Cures Colds, etc.

C. C. RICHARDS & Co.  
Gents.—I sprained my leg so badly that I had to be driven home in a carriage. I immediately applied MINARD'S LINIMENT freely and in 48 hours could use my leg again as well as ever.

JOSHUA WYNAUGHT.  
Bridgewater, N. S.

A Dinner Pill.—Many persons suffer from excruciating agony after partaking of a hearty dinner. The food partaken of is like a ball of lead upon the stomach, and instead of being a healthy nutriment it becomes a poison to the system. Dr. Parnele's Vegetable Pills are wonderful correctives of such troubles. They correct acidity open the secretions and convert the food partaken of into healthy nutriment. They are just the medicine to take if troubled with Indigestion or Dyspepsia.

The thin cannot gain in weight, if they are troubled with dyspepsia, because the food is not converted into the due proportion of nourishing blood which alone can furnish the elements of flesh. But there is no reason, when this wearing, attenuating disease is conquered by Northrop & Lyman's Vegetable Discovery, why there should not be an appreciable gain in weight, which indeed is usually the case. It is a peerless remedy also for Constipation, Liver Complaint, Kidney troubles, and roots out all impurities from the blood.

THE ANCIENT CAPITAL.  
QUEBEC. I have been troubled with indigestion for the past two years and have tried many medicines without avail. I tried Burdock Blood Bitters and can say there is nothing equal to it. THOMAS O'BRIEN. B. B. cures dyspepsia, biliousness and constipation.

If you once try Carter's Little Pills for sick headache, biliousness or constipation, you will never be without them. They are purely vegetable; small and easy to take. Don't forget this.

If you are tired taking the large old-fashioned gripping pills, try Carter's Little Liver Pills and take some comfort. A man can't stand everything. One pill a dose. Try them.

Those unhappy persons who suffer from nervousness and dyspepsia should use Carter's Little Nerve Pills, which are made expressly for sleepless, nervous dyspeptic sufferers. Price 25 cents.

You need not cough all night and disturb your friends, there is no occasion for you running the risk of contracting inflammation of the lungs or consumption while you can get Bickel's Anti-Consumptive Syrup. This medicine cures coughs, colds, inflammation of the lungs and all throat and chest troubles. It promotes a free and easy expectoration, which immediately relieves the throat and lungs from viscid phlegm.
