

News of the Week.

NEW BRUNSWICK.

Work on the Tobique Valley Railway is being pushed vigorously forward. The contractor is now negotiating for a construction train, and it is expected to commence laying rails about September 1st.

Two boys named Williamson were badly hurt at Markhamville, Kings county, the other day, by an explosion of dynamite.

Three or four weeks ago near Wood Lake, St. Martins, three head of cattle belonging to John Hosford, Jr., were poisoned by Paris green mixed with salt and left in the pasture. One of these recovered and two died. Last week a number more were poisoned in like manner. These belonged in part to John Hosford and part to his brothers. It is said that five head of cattle and one sheep died.

A sad drowning accident occurred in the Meduxnakik, two miles above town. Some lads were in swimming and Israel Bagley, aged 13, got beyond his depth. His brother William aged 18, went to his assistance and as neither could swim they were both drowned.

A Hampton Correspondent to the Globe writes that a small green bug is playing the mischief at that place and vicinity with ants, sapping the juice out of the stalk. The bugs are not bigger than a pin point, but they are countless in number and are very destructive.

The various railways are doing a great business in passengers this season. A gentleman who travels a great deal remarked the other day that he could not remember when the trains were so crowded. The steamers too are busy. A party of 500 persons is expected to arrive on Sunday morning by special trip of the Boston steamer.

The offices of inspector of fisheries for Nova Scotia and for New Brunswick are to be abolished and these provinces will be divided into a fisheries districts for the purpose of inspection with divisional or local inspectors.

The Royal Gazette calls the attention of persons holding timber licenses on crown lands to the following, which is embodied in the license: "No spruce or pine trees shall be cut by any licensee under any license, which will not make a log at least 18 feet in length and 10 inches at the small end; and if any such shall be cut, the lumber shall be liable to double stampage and the license be forfeited." The section is to be strictly enforced in future, and is a very important one, in view of the small stuff which might be cut in some timber districts.

Mr. Welsh, the Miramichi lumberman, reports that driving operations on the upper St. John and its branches have been wholly suspended. There is not a single driver at work on the upper St. John at present. Robert Connors' drive is hung up in the main river below Grand Falls, within the corporation limits.

While Scott Harold, of Centreville, a young man of about 21 years of age was at work in the bark woods at Kingman, Me., on Wednesday last week, he was struck by a falling tree, causing paralysis of the limbs from the waist down.

Hon. Thos. R. Jones, W. A. Lockhart, & T. W. Peters are candidates for the mayoralty of St. John.

A despatch to the chief of police of St. John from Boston advised him to look out for forty pickpockets, crooks and confidence men, who had taken passage by the steamer for St. John.

The body of a man, decomposed beyond recognition, has been found in the St. John river near the mouth of Weaver Creek, Keiswick. It is supposed to be that of Mr. Hoyt of Prince William, who has been missing for some months past.

Dr. F. Carleton, who has been practicing medicine in Moncton, has been arrested at the instance of the New Brunswick Medical society, charged with doing so without a license. He was fined \$20 and costs, and was immediately arrested on a like charge.

NOVA SCOTIA.

A vessel arrived at Port Hastings, C. B., a few days ago, sent by the Dominion government, for the purpose of conveying to the lazaretto at Tracadie, N. B., those from the different parts of the island who are affected with leprosy. Though several cases were reported by the physician sent there to investigate, only one person is said to have been shipped.

The \$300,000 four per cent local government loan, to run thirty years, has been taken at from 1 1/2 to 1 3/4 per cent premium.

U. S. Consul D. F. Currie had the pleasure on Monday last of certifying to the pension papers of Mr. B. Norton, of Port Maitland, in this county, by which the latter will receive over \$1800 in cash, and \$30 per month during his life. —Yarmouth Times.

No less than twenty-three families emigrants from United States have arrived at Yarmouth, with a view to settlement in that County. The tide of emigration seems about to be changing its course.

The yield of plums in King's Co., N. S., will not be one-quarter of the average crop. At Grand Pre there is a total failure on many farms. Black knot is playing havoc with many trees. So far as can be ascertained there are no plums in or about Horton for export, and at Wolfville there is not half a crop.

A free reading room and circulating library for sailors and fishermen has been opened in Lockport, N. S.

In Halifax the Royal Humane society's silver medal was presented to Daniel Hunt, who lost a foot through rescuing a passenger who fell overboard from one of the Boston boats.

An 11 year old boy was brought to the Halifax police station helplessly drunk. He was in such a state that the city medical officer was called. At 11 o'clock his father hired a man to carry him home on his back. He was found lying on the road in the vicinity of the commons.

Two bloodhounds belonging to Mr. Harvey, of Ardoise, Hants county, got loose and destroyed eighty sheep and lambs belonging to two of Mr. Harvey's neighbors. They were about commencing on a third flock when both hounds were shot by persons aroused by the turmoil. Rather expensive "pets" these dogs will prove.

Policeman Reid of Windsor, N. S., set upon David Hamilton, registrar of deeds, and split his head open with his club. The wounds came near being of a fatal nature. Reid was tried and sent up for trial. There appears to have been no provocation for the assault.

An exchange says bears are getting thicker and saucier in Parrsboro.

New Glasgow building operations this season will reach \$60,000.

Two thousand three hundred and fifty men are at work on the Cape Breton railway.

Thomas Austin, aged 62, was found dead in his barn at Avondale.

The hay crop in Nova Scotia, now being housed, will be above the average, both in quantity and quality.

Turo has voted \$3,000 bonus and Maitland promises to contribute \$10,000 to the Hants central railway.

W. P. McNeil has sold his coal mine, near New Glasgow, to the local iron company for the handsome sum of \$50,000.

OTHER PROVINCES.

The large storehouse of the Sarnia Oil Company was burned Thursday morning; also a frame building occupied as a mattress factory. Both buildings are a total loss.

Two clerks in the Kingston Ont., postoffice, one an old prominent official, have been suspended. Their offence is the opening of letters, not to extract money, it is said, but to gain knowledge of their contents. Their case has been referred to the postmaster general. It is said that the opening of letters for this purpose has been going on for some time.

Two Newfoundland fishermen were picked up from a dory on the 8th by the Norwegian barque "Prince Eugene," which arrived at Quebec Wednesday. Their names are Nicholas Philpot and John Tucke; they belonged to the fishingschooner "Bay Queen."

The coroner's jury at Coburg, Ont., found a verdict of wilful murder against Nellie Breeze for the murder of her husband last May by rat poison. The deceased daughter, who was under the influence of her stepmother, finally gave away and related how Mrs. Breeze had administered the deadly drug. The fiend has been arrested.

The post office department have received advices from Saulte Ste. Marie informing them of the finding of the mail bag stolen at Saulte Ste. Marie, junction, while being transferred from one train to another on November 2nd last. All the letters in the bag are missing. It contained registered letters amounting to \$1,067. The finder of the bag discovered a small crumpled package of bills amounting to nearly \$400 in the corner of the bag, evidently overlooked by the robbers. They were almost destroyed by damp.

UNITED STATES.

The large stable of the Lowell, Mass., horse railroad was burned Wednesday with 120 horses, 30 cars, four carloads of hay, one carload of straw, four hundred bushels of oats, tools and other materials. The hotel Belmont was damaged \$2,000, and a boarding house over the stable was gutted. Several families on the street back of the stable were burned out. The loss to the car company is from \$1,000,000 to \$125,000, and the insurance \$75,000.

Storms of Saturday and Sunday nights, in the northern parts of Lancashire county were the heaviest in years. Five mill dams were carried away. In Elizabeth township five bridges were destroyed. A large amount of fencing and growing crops were swept away.

A cloud burst occurred at Soldier's Creek Valley, Neb., on Saturday. Some of the waves were six feet high. Marsh Duncan and three children were drowned and it is feared many other lives are lost.

Forty years ago Alex. Greenough, of a small Hampshire town, was suspected of killing a German pedlar, but the charge could not be proved and he finally sold out and went to Quebec. He, however, committed forgery and left the country, settling down in Chili, South America. A few weeks since Greenough took sick, and believing his end was near confessed killing the pedlar. He did not die, however, and the Chilean authorities have him under surveillance, while his written confession has been sent to Canada and the United States.

A most disastrous cloud burst on the Elk river near Charlestown, W. Va. Great quantities of timber trees, staves, wheat, oats and fences ran out. The loss is estimated at \$50,000.

A BIG SUCCESS. FOR summer complaints and diarrhoea I can truly recommend Dr. Fowler's Extract of Wild Strawberry, as I have used it in my family with great success and would not be without it. John B. Havens, Grimsby, Ont. Never travel without it.

BRITISH AND FOREIGN.

The French chamber of deputies by a vote of 461 to 12 approved of a bill providing for a credit of 58,000,000 francs, spread over five years, for the building of war-ships.

Despatches from Rio de Janeiro say Emperor Dom Pedro of Brazil was fired at as he was leaving the theatre by a Portuguese. The would be assassin was immediately seized by the guards and attendants. The man refused to give his name and is believed to be insane. The emperor was uninjured.

It is thought the king of Holland's address to the states general, asking that 66,000 troops be kept armed to defend Dutch neutrality, indicates expected German action.

A collision occurred at Grenoble, between a passenger train and a goods train on the Paris, Lyons and Mediterranean railway, by which twenty persons were killed or injured.

The Queen has been suffering acutely from lumbago and sciatica for the last ten days and has had very great pain at night, which prevented her from sleeping. Indeed, some nights she was hardly able to go to bed at all from an increase of the pain.

Another murder by Jack the Ripper. It occurred Wednesday night in Castle Alley, Whitechapel. The excitement over the outrage is great. Physicians who have examined the body say the wounds show she was murdered by the same person that committed the other Whitechapel outrages. The body was still warm when it was found. Four policemen were on the beat at the time of the murder and a sergeant had passed the spot two minutes previously.

The woman was about 40 years old and of dissolute habits. Her throat had been cut to the spine.

Monday's weekly report from Bombay by cable settled the fact that the Indian wheat crop is going to be no factor at all in the question of the world's food supply this year. England and France promise harvests considerably better than last year.

Spain also will be above the average and Italy only a trifle under. Germany, east of the tenth parallel, is almost as good, but there the favorable picture abruptly stops. East of that line the wheat crops have gone all to pieces.

Two great exporting countries Russia and Austria-Hungary, will find it difficult to feed themselves. The long drought and cyclonic storms which destroyed the wheat and oats prospects in Russia have done the same for wheat, rye and barley in Austria-Hungary, Roumania and Eastern Germany. In short, though the crops west of the tenth parallel are quite definitely better than in 1888, this is more than balanced by the failure in the far more important grain fields east of that line. It is now estimated here by experts, that the eastern hemisphere as a whole is worse off than it was a year ago at this time.

In view of the delicate health of Queen Victoria she is making arrangements by which the Prince of Wales will relieve her of much of her labor on state documents. The Prince, in case he assumes these new responsibilities, wishes, it is said, to take the title of Prince Regent and to have the use of Buckingham palace and Windsor Castle, the Queen retiring to the palaces at Osborne and Balmoral. In the event of this arrangement being carried out Prince Albert Victor would obtain Marlborough house.

Minard's Liniment Cures Colds, etc.

Bickle's Anti-Consumptive Syrup stands at the head of the list for all diseases of the throat and lungs. It acts like magic in breaking up a cold. A cough is soon subdued, tightness of the chest is relieved, even the worst case of consumption is relieved, while in recent cases it may be said never to fail. It is a medicine prepared from the active principles or virtues of several medicinal herbs, and can be depended upon for all pulmonary complaints.

Sleeplessness is due to nervous excitement. The delicately constituted, the financier, the business man, and those whose occupation necessitates great mental strain or worry, all suffer less or more from it. Sleep is the great restorer of a worried brain, and to get sleep cleanse the stomach from all impurities with a few doses of Parnelee's Vegetable Pills, gelatine coated, containing no mercury, and are guaranteed to give satisfaction or the money will be refunded.

The Lungs, Liver, Kidneys, Bowels, &c., act as so many waste gates for the escape of effete matter and gases from the body. The use of Northrop & Lyman's Vegetable Discovery helps them to discharge their duty. Mr. W. P. Nester, H. M. Customs, Toronto, writes: "I have personally tested the health-giving properties of Northrop & Lyman's Vegetable Discovery and can testify as to its great value."

Henry Clement, Almonte, writes: "For a long time I was troubled with chronic rheumatism, at times wholly disabled; I tried, anything and everything recommended, but failed to get any benefit, until a gentleman who was cured of rheumatism by Dr. Thomas' Electric Oil, told me about it. I began using it internally and externally, and before two bottles were used I was radically cured. We find it a household medicine, and for croup, burns, cuts and bruises, it has no equal."

Jacob Lookman, Buffalo, N. Y., says he has been using Dr. Thomas' Electric Oil for rheumatism; he had such a lame back, he could not do anything, but one bottle, to use his own expression, "cured him up."

He thinks it is the best thing in the market.

A FAMILY AFFAIR.

WE have used Fowler's Extract of Wild Strawberry in our family of six persons during twelve years, and in all cases of diarrhoea, summer complaint, etc., it never fails to cure. This valuable medicine should be on hand in every family.

MRS. ANNA ALLEN, Harley, Ont.

A distressing cough or cold not only deprives one of rest and sleep, but, if allowed to continue, is liable to develop more serious trouble in the way of Congestions or Laryngitis, or perhaps Consumption. Use Baird's Balsam of Horehound.

Among the many remedies for Worms, McLean's Vegetable Worm Syrup takes the lead; it is the original and only genuine. —Pleasant to take and sure in effect. Purely vegetable.

A CONFIRMED GRUMBLER.

IS generally so because of confirmed dyspepsia or indigestion, caused by eating too rapidly, bolting food without chewing it sufficiently, overloading the stomach, etc. Burdock Blood Bitters cures dyspepsia and all kindred diseases.

Thousands have been relieved of indigestion and loss of appetite by a single bottle of Ayer's Sarsaparilla. The use of such a medicine, by giving tone and strength to the assimilative organs, has made innumerable cures of chronic dyspepsia. Price \$1. Worth \$5 a bottle.

The evils resulting from habitual costiveness are many and serious; but the use of harsh, drastic purgatives is quite as dangerous. In Ayer's Pills however, the patient has a mild but effective aperient, superior to all others, especially for family use.

A PLAIN STATEMENT.

ALL poisonous waste, and worn out matter ought to escape from the system through the secretions of the bowels, kidneys and skin. B. B. B. cleanses, opens and regulates these natural outlets, for the removal of disease.

FOR IMPROVING and preserving the health of your Horses and Cattle, use "Maud S." Condition Powders.

Scott's Emulsion of Pure COD LIVER OIL, WITH HYPOPHOSPHITES.

For Children and Pulmonary Troubles.

Dr. W. S. Hoy, Point Pleasant, W. Va., says: "I have made a thorough test with Scott's Emulsion in Pulmonary Troubles and General Debility, and have been astonished at the good results; for children with Rickets or Marasmus it is unequalled." Put up in 50c. and \$1 size.

THE SUPERIORITY of the "Royal Flavo-Ing Extracts" is purity and strength.

GET THE BEST.

DR. FOWLER'S Extract of Wild Strawberry is the best, most prompt and safest cure for cholera morbus, dysentery, sick stomach, cramps, colic, diarrhoea and cholera infantum, that has yet been discovered. Its popularity increases each year. All medicine dealers sell it.

If you had taken two of Carter's Little Liver Pills before retiring you would not have had that coated tongue or bad taste in the mouth this morning. Keep a vial with you for occasional use.

Are free from all crude and irritating matter. Concentrated medicine only. Carter's Little Liver Pills. Very small; very easy to take; no pain; no griping; no purging. Try them.

C. C. RICHARDS & Co. Gents.—I sprained my leg so badly that I had to be driven home in a carriage. I immediately applied MINARD'S LINIMENT freely and in 48 hours could use my leg again as well as ever.

JOSHUA WYNAUGHT, Bridgewater, N. S.

THE HIGHEST PRAISE.

I USED a bottle of Burdock Blood Bitters for my Dyspepsia and it proved a perfect cure, and I was blessed the day I got it. I would not be without it now for a good long time. It is worth its weight in gold. Mrs. W. J. Smith, Haley Station, Ont.

Smart Weed and Belladonna, combined with the other ingredients used in the best porous plasters, make Carter's S. W. & B. Backache Plasters the best in the market. Price 25 cents.
