

we are praying for many more. May God bless this place abundantly and save many souls that are now travelling the downward road to destruction.

L. A. COSMAN.

FROM REV. W. H. PERRY.—Perhaps some of your readers would like to hear from the Blissville circuit. It is composed of Blissville, Mill Settlement and Patterson Settlement churches. This Oromocto Valley is historic ground, the scene of the early labours of Elders Hartt, Mersereau, Pennington and others of precious memory, whose influence still lives and is felt here. At Blissville we have a large church building and quite a large membership; though death, old age, removals and other causes have considerably weakened the interest, yet we have some noble christian men and women here. We have held some special meetings, the cause has been helped, the kingdom of darkness has been disturbed, and we are hoping for brighter and better days. At Mill Settlement we have a small church membership; the interest is good. We have a nice church building partly completed. We are hoping to be able to occupy it during the Summer. At Patterson we have a good church building, remodelled and enlarged at a cost of over \$400 last Summer. The pastor can rest now in a beautiful chair the gift of Mrs. Morrison of Marysville, Y. Co. We expect to hold some special meetings in this church soon.

In addition to my regular work I make some missionary visits to outlying districts. Wednesday, April 3rd, I went to Geary to attend a funeral. The arrangements were kindly placed their Hall at our disposal. I preached five times at Geary, once at Victoria, and five times at French Lake. The meetings were all interesting, and I trust, profitable. On Sunday I got a severe cold, and for the first time in my ministry, had to admit I was sick. Yet I continued to hold meetings till Wednesday night, when I told them I would have to rest awhile. I found kind friends everywhere who did all in their power for my comfort. The Lord gave me a warm place in the hearts of the young people of Geary and French Lake. God bless them all in my prayer. I came home yesterday, 11 inst., and am now on the sick list. I hope to be able to resume work in a few days.

W. H. PERRY.
Hoyt, S. Co., Apr. 12th.

KEMPTVILLE AND CARLETON, N. S.—From these two places (forming pastorate No. 8) we report encouragingly the work of the Lord. Kemptville covers a large area, and from the increase of inhabitants and Free Baptist sentiment, if they continue, a pastor for this, exclusive of other stations, will be the demand in the near future. Carleton is a thriving little village with natural beauty unsurpassed by any in Yarmouth Co.; the hills, valleys and lakes presenting, to the eye of one who is at all attracted by rustic beauty, a picture of surpassing delight. I have endeavored during my stay here to work to advantage, desirous of seeing good done. The Lord has blessed the work in some degree, and yet I feel a great desire for more.

Several have given themselves to the Lord at Kemptville, but have not yet advanced farther than to make a public declaration to that effect. Three have been baptized at Forest Glen, and a good interest is now maintained there. The loyal and tried of Carleton retain the love for Zion, and hope soon to see the dawn of the long hidden day of revival blessing.

A musical and literary entertainment was given Friday evening, 5th inst., by the young people of Kemptville; the productions were highly commendable. A collection was taken which showed by its amount (\$28) the generosity of the people of Kemptville.

The following is the programme rendered:—

Invocation; Anthem, Choir; Reading, Miss M. S. Johnson; Original Essay, (Self denial), Miss L. Prosser; Trio, (Male); "We've sighted the golden gate"; Recitation, Miss M. Crowell; Solo, Mrs. Geo. Randall; Reading, Miss McWilliams; Italian Chant, "The Lord's prayer"; Dialogue, "The Motto"; Duett, Messrs B. Randall, E. S. Parker; Recitation, Miss S. Traverser.

PART II.
Choir Quartette; Recitation, (Advice to ministers) Mrs. B. Randall; Duett, Mrs. Geo. Randall, Mrs. Capt. Hatfield; Dialogue; Male Quartette, Messrs Geo. Randall, B. Randall, R. Randall, E. S. Parker; Recitation, "The new organ"; Miss L. Prosser; Song Medley; Organ Solo, Mrs. Geo. Ring; Anthem, "Hail for the cross," Choir.

E. S. PARKER.

YARMOUTH, N. S.—Rev. W. N. Knollin writes that Rev. L. A. Lang is doing a good work in Yarmouth and vicinity. Sabbath 14th inst. he baptized two converts in Yarmouth, and there are others who will probably be baptized soon.

FROM REV. A. H. McLEOD.—I am carrying for the church at Lewis Mountain, as last year. Also have preached occasionally at Steeves Settlement. The cause is quite low at the last named place, but still there is enough interest shown by the people to fix up the house of worship. It is to be overhauled both inside and out. The Baptist brethren are helping quite liberally.

A. H. M.

Temperance Notes.

Ninety-four per cent. of all the rum manufactured in the United States is made within five miles of Boston state house, and nearly all the liquor exported to Africa is shipped from the port of Boston.

—It is said that 30,000 people go to bed drunk in Glasgow every Saturday night.

—Dr. Daniel Dorchester is responsible for the statement that a distillery firm within three miles of the Massachusetts State House, has a contract to furnish 3,000 gallons of rum daily to the African trade for the next seven years.

—A vigorous effort is being made to enforce the Scott Act in Westmorland. John Ritchie of Petitoctiac, and C. Sonier and A. Polley of Port Elgin have each been fined \$50 and costs for first offences. Several cases are yet to come up at Petitoctiac and Salisbury.

THE RUM CASES.—After a long time judgment was given the Coleman and Edwards cases. They were adjudged guilty, and each one sentenced to two months imprisonment in jail.

As in the other cases proceedings have been stayed, and the jail-birds are still at liberty.

The Supreme Court has granted a rule nisi for certiorari in all the cases. This means, in simple English, that the Court will in June hear arguments for and against making the rule absolute. If after hearing the arguments the rule is discharged, the sentences will be carried out. If the rule is made absolute, the Police Court proceedings will have to be submitted to the Judges, and they will then determine whether the convictions should be quashed.

Of course all these things take time, which is one of the things the rum men are glad to get, hoping that some fortunate turn or accident may save them from going to jail.

The points urged before the Judges against the convictions are these:

1st, relationship between Police Magistrate and Wesley Nichol, claiming that Wesley Nichol was one of the substantial prosecutors though Police-man Wright was the nominal prosecutor; 2nd, that since the amendment of the act in the session of 1888 no prior convictions can be used to make a third offence since the amendment; 3rd, that the Magistrate had no power to adjourn his court for more than one day at a time after the first adjournment; 4th, that there could be no conviction in third offence unless the defendants were personally present in court.

Patience, good people, patience. Right has always to encounter difficulties and obstructions. But it wins in the long run. It is some satisfaction that the law-breakers have been proved law-breakers. They have been convicted and ought to be in jail. If, by any means, they escape the just penalty of their crimes, they are walking about the streets today with the brand of crime on them, and are only out of jail because of some possible accidental irregularity. We are not without hope that eventually they will have to pay the full penalty of their crimes.

Four other cases have been laid before the Magistrate. Jas. Tennant, Wilmot Guio, Jas. Lowe and Turney Manzer are the fellows. May they get justice.

Literary Notes.

Wide Awake for April is a model number, whether for home reading or for supplementary reading in school. There is an interesting article by John Burroughs—his own story of his boyhood—that will be read with pleasure by young and old. And the same may be said of the article entitled "Raleigh and the Potato." The short stories are of unusual interest; especially "A Dash for a Flag," a story of the Civil War. The poems are good. The helpful series of Public School cookery articles treats this time of "marketing," with diagrams of the various "cuts" of beef.

"Five Little Peppers Midway," and "David Vane and David Crane," are interesting reading. There are over thirty different contributors to the number, and fifty illustrations. The publishers, D. Lothrop Company, Boston, send a sample for five cents. The price is 20 cents a number, \$2.40 a year.

The April Homiletic Review is full of interest. All of its departments are up to the mark. The sermons, 8 in all, are mostly by eminent preachers. The Prayer Meeting Service is highly instructive. The Exegetical Section has articles from three eminent Biblical exegetes. The European Department should be read attentively. In Miscellaneous Dr. Cuyler and Rev. G. S. Plumley well deserve thoughtful study. The Editorial Section is fresh and instructive in a high degree. In point of scholarship, ability, practical wisdom and adaptation to the needs of ministers, the Review is certainly the peer of any of our monthlies. Published by Funk & Wagnalls, 18 & 20 Astor Place, New York. \$3.00 per year; 30 cents per single number.

The series on "Norway and its People" is concluded in the April Number of Harper's Magazine. The reader cannot fail to have been impressed by the poet's sympathy with his countrymen and with nature as seen in his father-land. In the same Number Benjamin Constant gives a painter's impressions of "Tangier and Morocco," with twelve drawings. Andrew H. Smith, M. D., draws up a plan for an extension of the powers and usefulness of the family physician. John R. Coryell draws attention to certain curious species of sea-haunting birds. Charles Dudley Warner begins "A Little Journey in the World." The centennial features of the Number are the frontispiece, a portrait of Washington; and "Washington's Inauguration."

tion." A literary treasure-trove is the hitherto unpublished fragment by Sir Walter Scott, "Gibbons of Abbotsford," describing the apartments at his home and the curiosities they contain.

EDUCATION MEETING.—An adjourned meeting of the Directors of the Union Baptist Education Society will be held at the committee rooms, Domville Building, on Thursday next the 18th inst. at three P. M.

A full attendance is requested as important business is to come before the meeting.

THE LOST ATLANTIS.

For many centuries there has been a tradition of a long lost island called Atlantis.

The Greek geographers located it in the Atlantic Ocean, west of the north-west part of Africa and the Pillars of Hercules. The sea-kings of Atlantis are said to have invaded Europe and Africa, and to have been defeated by the Athenians.

All the legends agree that it was a vast island, of inexhaustible resources, and inhabited by a race of superior people. For ages this island has existed only in legendary lore. But now, when the light of modern research is turned full upon the investigation, behold the lost Atlantis at our very doors.

So the bigoted medical fraternity goes groping about in the dark. If they would investigate, they would behold the lost Atlantis at their very door. They experiment and dose with their injurious drugs, and with no person or laws to hold them accountable, they continue their bigoted, unjustified practice, staring into vacancy, imagining that they see in themselves an Esculapius.

Wrapped in ancient bigotry, they denounce any new idea advanced by a layman or an opposition school as a fraud.

Why? Because humanity will not be benefited? Not at all, but because their specialism did not make the discovery.

Yet they concede that there is no remedy known to their materia medica that will cure an advanced kidney malady and the diseases arising therefrom—although many of them know from crowning proof that Warner's Safe Cure will—but unscrupulously treat symptoms and call them a disease, when in reality they know they are but symptoms.

A few of the more honest physicians admit that Warner's Safe Cure is a valuable remedy, and a great blessing to mankind, but say, in so many words, when asked why they do not prescribe it that they cannot, according to their code.

The late eminent physician and writer, Dr. J. C. Holland, published in "Scribner's Monthly," and showed his opinion of such bigotry, and no doubt was satisfied that Atlantis might possibly be discovered in a proprietary medicine, when he wrote editorially, as follows:

"Nevertheless, it is a fact that many of the best proprietary medicines of the day were more successful than many of the physicians, and most of them, it should be remembered, were first discovered or used in actual medical practice. When, however, any shrewd person, knowing their virtue, and foreseeing their popularity, secures and advertises them, then, in the opinion of the bigoted, all virtue went out of them."

H. Gladden, West Shefford, P. Q., writes: For a number of years I have been afflicted with rheumatism. Two years ago I was attacked very severely. I suffered a great deal of pain, from which I was not free for a day, until last spring, when I began to use Dr. Thomas' Eclectic Oil, and I rejoice to say it has cured me, for which I am thankful.

Dyspepsia and Indigestion.—C. W. Snow & Co., Syracuse, N. Y., writes: "Please send us ten gross of Pills. We are selling more of Parnelec's Pills than any other Pill we keep. They have a great reputation for the cure of Dyspepsia, and Liver Complaint." Mr. Chas. A. Smith, Lindsay, writes: "Parnelec's Pills are an excellent medicine. My sister has been troubled with severe headache, but these pills have cured her."

The proper channel for the escape from the system of impurities which would, if they remained, poison the blood, is through the bowels. When this outlet is obstructed it may be disencumbered with Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, a remedy which regulates the system, invigorates digestion, and is pure and safe as well as effective. It cures all diseases arising from impure blood.

Messrs. Mitchell & Platt, druggists, London, Ont., write Dec. 1881: We have sold Dr. Thomas' Eclectic Oil since its first introduction, and we can safely say, no medicine on our shelves has had a larger sale, or gives better satisfaction. We always feel safe in recommending it to our customers.

WM. ROBERTS, M. D., Physician to the Manchester, Eng., Infirmary and Lunatic Hospital, Professor of Medicine in Owen's College, says: "The attention of the patient is awakened some months, or it may be years, after advanced kidney disease exists." If you think it unwise to take further chances use Warner's Safe Cure before the malady becomes any further advanced.

You need not cough, all night and disturb your friends; there is no occasion for you running the risk of contracting inflammation of the lungs or consumption, while you can get Bickel's Anti-Consumptive Syrup. This medicine cures coughs, colds, inflammation of the lungs and all throat and chest troubles. It promotes a free and easy expectoration, which immediately relieves the throat and lungs from viscid phlegm.

PROF. WM. R. THOMPSON, M. D., of the University of New York says that more adults are carried off, in this country by chronic kidney disease than by any other one malady, except consumption, and many people look upon a slight kidney difficulty as of little consequence. Others take Warner's Safe Cure and remove any possible danger. When kidney disease becomes chronic, or Bright's Disease, it becomes a very serious matter.

All disorders caused by a bilious state of the system can be cured by using Carter's Little Liver Pills. No pain, griping or discomfort attending their use. Try them.

Ministers, Lawyers, Teachers, and others whose occupation gives but little exercise, should use Carter's Little Liver Pills for torpid liver and biliousness. One is a dose. Try them.

Dyspepsia in its worst forms will yield to the use of Carter's Little Nerve Pills, aided by Carter's Little Liver Pills. They not only relieve present distress but strengthen the stomach and digestive apparatus.

A Beautiful Easter Gift.

Scott & Bowne, manufacturers of the well-known Scott's Emulsion of Cod Liver Oil, offer a most beautiful Easter gift—composed of eight artistic studies of Birds and Flowers, put up in portfolio—worth at least \$2.00, for 25 cents. On receipt of above in stamps, it will be mailed at once.

Perfection at last is found in that exquisite Perfume, "Lotus of the Nile."

"Ayer's Hair Vigor is a most excellent preparation for the hair. I speak of it from experience. Its use promotes the growth of new hair, and makes it glossy and soft. The Vigor is a sure cure for dandruff."—J. W. Bowen, Editor Enquirer, McArthur, Ohio.

In purchasing medicines, don't try experiments; the first and only consideration should be genuineness. Ayer's Sarsaparilla has stood the test of forty years, and to-day it is in greater demand than ever—a triumphant proof of popular approval.

WOOD.—At French Lake, S. Co., on December 22nd, of diphtheria, Edith O., only daughter of the late William and Hannah Wood, in the 17th year of her age, leaving a widowed mother and four brothers to mourn their loss. Funeral sermon at French Lake, April 7th, by Rev. W. H. Perry.

RICE.—In Augusta, Me., on the 6th inst., Mrs. Almira Emery Rice, aged 75 years, and 3 months, widow of the late Hon. R. W. Rice. The deceased was aunt of the editor of the INTELLIGENCER. Of her the Augusta Journal says:

Mrs. Rice has held a prominent position in the society of Augusta for many years. She was active and energetic, and gave her support to the best movements for the promotion of the welfare, moral and religious, of the people among whom she dwelt. She was kind, benevolent and generous to the poor and needy, and omitted no opportunity to alleviate the sufferings and misfortunes of those who came within the reach of her aid. She was a devoted member of St. Marks' Episcopal church, and contributed largely of her means for the erection of its beautiful church edifice, and for the regular support of that parish. St. Marks' Home for Aged Women was the daily object of her care and interest, and the constant recipient of her bounty. She will be greatly missed from all the useful and benevolent ways of life in this community, and her memory will be precious to a large number of friends and neighbors who were attracted to her for many years by her amiable life and affectionate intercourse. The malady which terminated her life was of several months' duration, during which she was a severe sufferer. But her fortitude, faith and christian resignation made her equal to the emergency, and she bore all without a murmur or complaint."

LASKY.—At French Lake, S. Co., on Dec. 13th, of diphtheria, Chas. E., aged 3 years and 2 months; also on Dec. 16th, Wm. C., aged 5 years, only children of Andrew H. and Annie J. Lasky; also, on January 1st, of consumption, Annie J., beloved wife of Andrew H. Lasky, aged 34 years. Funeral sermon on Sunday, April 7th, by Rev. W. H. Perry.

HILTON.—Sister Erminde, beloved wife of Capt. Benj. Hilton, died at her pleasant home in Yarmouth, N. S., March 27th, aged 62 years. This dear sister possessed an amiable disposition with which but few are blessed. Her religious faith sustained her until the last. When confined to her bed, she took the same interest as if well in the affairs of her household. She was a modest, humble christian, without display. She drew about her many warm and appreciative friends, who sadly mourn their loss. The loss is deeply felt in the home and far away. May God sanctify and bless it to the husband, the two daughters and one son who are left to mourn for one whom they loved so dearly and bring them nearer to the Cross of Christ, and eventually to the heaven of rest to dwell with Christ and dear ones gone before in our prayer.—L. A. LASKY.

BUNNELL.—At Westfield, King's Co., on the 24th ult., of paralytic stroke, Mrs. Lavina Bunnell, in the 79th year of her age, widow of the late Isaac Bunnell. By the death of this sister another has joined the church triumphant. She leaves four sons and five daughters to mourn their loss, besides a large circle of grandchildren and great-grandchildren. About twenty-five years ago, while in the prime of life, she embraced religion and was baptised by the late Rev. George Burns, and united with the Baptist Church at Jerusalem, Queen's County. Of this church she remained a devoted, earnest member until a few years ago, when she united with the Baptist church at Greenwich Hill. When bodily infirmities did not hinder she was always in her place in the house of God, where she loved to praise her Saviour. Redeeming grace was her constant theme. She has often been heard in her prayers to say, "Lord remember my children that they may all be converted; and her prayers have been heard; some of them have embraced religion and joined the Free Baptist churches in different localities where they live. And now their mother is gone; she has passed over the swelling of Jordan, and her spirit is with the ransomed to await the last trump of God, when soul and body will be united and live for ever. The funeral was conducted by B. H. Nobles, of St. John, and the friends and the children laid her to rest with sorrowing hearts in the quiet little graveyard at Brown's Flat. May the Spirit Divine comfort, support and abide with the bereaved.—J. C. B.
