

News of the Week.

NEW BRUNSWICK.

The body of an unknown man was found on Sugar Loaf Mountain near Campbellton last week. The head was severed from the body, and was found a short distance from the body.

The new deaf and dumb asylum the construction of which has been commenced on Hawthorn hill, will cost about \$12,000. The contractor for the whole work is Joshua Limerick.

The C. P. railway will build a round-house at McAdam Junction in the rear of the N. B. R. shops. This round-house will be capable of accommodating six locomotives. All the sidings on the N. B. railway are being lengthened some 300 or 400 feet, and each when completed will be about 1,100 feet, thus permitting the longest train to be side-tracked.

The lumbermen, it would appear, says the *Gleaner*, will not be so badly off this year as was anticipated. A great deal of lumber on the St. John is yet hung up, but the quantity got out after the sudden fall of water in the streams. Few of the operators have failed to get some out, and the majority have got the greater part of cut into useful quarters. Mr. Gibson has been the most successful of all. He has all of the season's cut now within ready command. Next to him are the operators on the Miramichi, nearly all of whom are safely out. The St. John men are the most unfortunate, but not so much so as to seriously affect the weakest of them. There appears to be sufficient of the cut within reach to supply the demand, and this fact, considering the reasonable prices prevailing in the lumber markets of the world, should be encouraging to all, for it will undoubtedly stimulate a more active general trade during the present summer.

The *Moncton Times* says that a girl employed for two years past at the Commercial hotel has gone insane through novel reading, and was taken to the asylum by Marshal Thibideau.

Thursday afternoon Samuel Jenkins, an employee in Waddell's mill, at Waddell's Landing, Kings County, had the thumb cut off his left hand.

A new feature in farming in the eastern end of the country is the raising of corn for the canning factory at Cape Tormentine. In his report to the secretary for agriculture, B. C. Raworth, Ennigrant road, says some farmers have planted from $\frac{1}{2}$ to $\frac{2}{3}$ acres.—*Times*.

At Upper Blackville, on Sunday the 16th, a nine year old son of Mr. John Donnelly of that place was drowned. The young lad was playing on some logs near the shore, when he fell into the river, and, being unable to swim, went down to a watery grave. It was Friday last before the body was recovered near Washington's Island.

An accident occurred Friday on the line of the N. B. railway a few miles outside of St. Andrews, by which Joseph Meagher, an employee on the section, had his left leg broken in two places. Meagher was working the pumping larry at the time of the accident and a portion of his clothing caught in the wheels, throwing him on the track in front of the wheels, which passed over his leg.

NOVA SCOTIA.

The citizens of Truro have offered a bonus of \$30,000 to the proposed Hants Central Railway from Truro to Windsor via. Maitland.

Hattie Conrod, aged 19, blew her brains out at Lunenburg, Halifax. Her body was found at midnight in a clump of bushes near her parents' house.

The Halifax council has voted to unseat Ald. C. H. Smith for taking city money in payment of his services as lawyer in prosecuting liquor cases for the inspector of licenses, a city official.

A few days ago a cyclone passed over Doyle's Mills, Cumberland Co. N. S. Trees were prostrated, fences flattened out and water was lifted in sheets from the river, and the afternoon became almost as dark as night. The track of the "clone" was about 100 feet wide, and it moved from S. W. to N. E. at the rate of about 40 miles an hour, in a spiral form.—*Record*.

The provincial government have offered a reward of \$500 for the arrest and conviction of the parties engaged in the robbery of Kirkpatrick's store at Shubenacadie.

Wednesday morning, ship *Nora Wiggins* was sold by Wm. Twining, master of the vice-admiralty court, to Captain Benjamin Davis for \$13,200. The *Nora Wiggins* is a ship of 483 tons, and was built at Jordan River, Shelburne county. She was sold at the suit of the Providence Insurance Co. to satisfy a claim for salvage.

A despatch, on the 26th, from a reliable correspondent at Guysboro, says a huge sea serpent was seen here Wednesday by a party of tourists, who were out on a boating excursion. The monster chased the boat for some distance, but by great exertions the occupants succeeded in gaining the shore.

OTHER PROVINCES.

Wm. Reid, a young man from Kin-cardine, Ont., burst a blood vessel Thursday afternoon and died a few minutes thereafter.

The police at Montreal state that witnesses for the crown in the case of Donald Morrison, the Megantic outlaw, are rapidly leaving the country and unless something is done to prevent the exodus the crown is likely to stand unsupported when the case is called for a hearing next September. The opinion generally expressed is that the most important witnesses should have been subpoenaed immediately and put under bonds and, if deemed necessary, even placed under arrest.

An unknown man was killed by a train near Vaudreuil Wednesday. The man, who was walking towards the train, apparently looking at the engine as it approached. The engineer tried to stop the train but could not and the man was killed instantly.

Rev. R. T. Burns, deputy postmaster at Kingston Ont., committed for trial for having appropriated money entrusted to his care by Mrs. Love, while clerk in the post office savings bank, was brought before Judge Price for trial on Thursday. He pleaded guilty and was sentenced to two years' imprisonment.

Roland Israel Barnett was sentenced Thursday to seven years imprisonment in Kingston penitentiary for appropriating to his own use security for \$10,000, the property of the Central Bank of Canada. In pronouncing sentence his lordship made some strong remarks as to the conduct of Barnett, who, he said, had been instrumental to a great extent in wrecking the Central Bank.

At Port Colborne, Ont., Friday some workmen struck what appears to be an Indian burying-ground. Twenty five skulls and other bones, three iron tomahawks, two brass kettles, pipes, and other relics were dug up.

Father Whelan of Ottawa recently issued a challenge with five hundred dollars forfeit to any person who would prove the charge that the Jesuits have ever taught the doctrine that "The end justifies the means." The challenge has been accepted by Doctor Hurlbert of Ottawa. Father Whelan invited his readiness to carry out the challenge, and theologians are much exercised over the coming contest. Professor Scrimger of Montreal is named as one of the arbitrators.

UNITED STATES.

Wednesday morning three freight trains were wrecked on the Pennsylvania railroad about a mile east of Latrobe. Two freight trains were telescoped. Twenty-five cars and two engines were wrecked. One of the engines with several cars rolled over the embankment and fell into the river. Six persons were killed, another was fatally injured and several others more or less seriously injured. A train dispatcher's misunderstanding of orders is supposed to have been the cause of the disaster.

At Fremont, Ohio, Mrs. Hayes, wife of the ex-President, died Wednesday.

In Indiana complaints about the destruction of wheat by a strange insect are increasing, and the secretary of the state board of agriculture regards the reports as alarming. The insect is known as the "Green Midge." It has not been seen by farmers since 1865, when it entirely destroyed the wheat crop of Indiana.

Last week a remarkable case of pluck and endurance occurred at Rockport, Me. James Bennett of Boston, a diver, was at work at the Pigeon Hill Granite Company's dock this afternoon, and, while chaining a large stone, preparatory to hoisting it out of water, the chain slipped, and the stone weighing several tons, fell back upon Bennett's leg, severing the foot, but pinning him there, several feet under water. He exhibited great presence of mind, however, and signalled to his tenders for another chain, which was sent him. This he managed to place around the rock, which was hoisted sufficiently to free him, and he was hauled to the surface.

A meeting of the sales agents of six great coal companies in New York, decided to advance prices to take effect July 1st. Grate, 5 cents; egg 15 cents; stove, 10 cents; chestnut, 15 cents.

BRITISH AND FOREIGN.

The *Gazette* says the Brigadier General of the British army stationed in Madras has been attacked by leprosy. The name of the officer is not given.

The Portuguese government has cancelled the concession granted for building a railroad to Delagoa Bay. The British consul at Delagoa Bay has asked that a man-of-war be sent there to protect the interests of the British subjects. It is reported Germany is backing Portugal in an endeavor to counteract British influence in Africa.

Lord Salisbury, in the house of lords, stated the government earnestly requested Portugal to refrain from taking hasty action, and to give time in which to settle this considerable difficulty. He declared it would not be within Portugal's right to refuse to arbitrate the matter.

Advices from Delagoa Bay say a British gunboat is expected on Saturday and the railway employees are preparing to make a forcible resistance to any attempt on the part of Portugal to take charge of constructing the road. The company to whom Portugal granted a concession to build the Delagoa Bay railway and the chamber of commerce will request the London stock exchange and European bourses to cease quoting Portuguese securities until Portugal has made reparation.

A band of members of the Salvation army was attacked and dispersed by the police in London, Thursday night while marching along the Strand on the way to Exeter hall. Musical instruments carried by the paraders were smashed and several soldiers injured. A number of paraders were arrested. The police warned the officers of the Salvation army they would not be permitted to obstruct the streets.

Curiosities of Punctuation.

The following specimens of curious punctuation are given by the *Printers' Register*: A man who was suddenly taken sick "hastened home while every means for his recovery were resorted to. In spite of all his efforts, he died in the triumphs of the Christian religion." "A man was killed by a railroad car running into Boston,

supposed to be deaf." A man writes: "We have decided to erect a school-house large enough to accommodate 500 scholars five stories high." On a certain railway the following luminous direction was printed: "Hereafter, when trains in an opposite direction are approaching each other on separate lines, conductors and engineers will be requested to bring their respective trains to a dead halt before the point of meeting, and be careful not to proceed till each train has passed the other." A steamboat captain, advertising an excursion, says: "Tickets, 25 cents; children half-price to be had at the office." A hotel was thus advertised: "This hotel will be kept by the widow of the former landlord, Mr. Brown, who died last summer on a new and improved plan."

"Wanted, a saddle-horse for a lady weighing about 950 pounds." An Iowa editor says: "We have received a basket of fine grapes from our friend W., for which he will please accept our compliments, some of which are nearly two inches in diameter." "Board can be had at No. 4 Pearl street for two gentlemen with gas."

OUR FISHERMEN.—The fish we use on our tables, are quite a luxury, but we seldom reflect at what a cost this luxury is provided. What powers of endurance, and what toil our fishermen undergo on their fishing grounds. It is said that there are 12,000 fishermen always afloat in the North Sea alone. Tens of thousands of men and boys from the British Isles are engaged in this occupation. Oh, how many lives are lost on the stormy sea. About eight years ago a mission was started among the deep shore fishermen. A Christian gentleman cruising among them, noticed a floating Dutch grog-shop, and he thought something of a different kind ought to be provided. A mission vessel was obtained, and a good work is now carried on among the deep shore fishermen.

AN OLD TIME FAVORITE.

THE season of green fruit and summer drinks is the time when the worst forms of cholera morbus and bowel complaints prevail. As a safeguard, Dr. Fowler's Extract of Wild Strawberry should be kept on hand. For 30 years it has been the most reliable remedy.

THE SUPERIORITY of the "Royal Flavouring Extracts" is purity and strength.

FOR IMPROVING and preserving the hearts of your Horses and Cattle, use "Maud S." Condition Powders.

THE POWER OF THE PRESS.

From one end of the country to the other the press is making known the wonderful curative properties of Nasal Balm, for catarrh and cold in the head. P. H. Munroe, Perry Sound says: "Nasal Balm, has no equal as a remedy for cold in the head. It is speedy and effective in its results."

Much of the discomfort of wash day is removed by the use of James Pyle's Pearline. It removes dirt without the least injury to the most delicate fabric. For sale by grocers generally.

The Medicine for Liver and Kidney Complaint.—Mr. Victor Auger, Ottawa writes: "I take great pleasure in recommending to the general public Parmelee's Pills, as a cure for Liver and Kidney Complaint. I have doctor for the last three years with leading physicians, and have taken many medicines which were recommended to me without relief, but after taking eight of Parmelee's Pills I was quite relieved, and now I feel as free from the disease as before I was troubled."

KELLY'S CROSS, P. E. I.

KIDNEY complaint and bad stomach troubled me for years, but I was cured by taking less than one bottle of Burdock Blood Bitters. For my present good health I owe my thanks to B. B. B., writes JAMES GORMAN, SEN.

C. C. Jacobs, Buffalo, N. Y., says: "Dr. Thomas' Electric Oil cured him of a bad case of piles of 8 years' standing, having tried almost every known remedy, 'besides two Buffalo Physicians' without relief; but the Oil cured him; he thinks it cannot be recommended too highly."

H. F. MacCarthy, Wholesale and Retail Druggist, Ottawa, writes: "I was afflicted with Chronic Bronchitis for several years and have been completely cured by the use of Dr. Thomas' Electric Oil in doses of five drops on sugar. I have also pleasure in recommending it as an embrocation for external use."

Minard's Liniment Cures Colds, etc.

C. C. RICHARDS & Co. Gents.—I sprained my leg so badly that I had to be driven home in a carriage. I immediately applied MINARD'S LINIMENT freely and in 48 hours could use my leg again as well as ever.

JOSHUA WYNAUGHT, Bridgewater, N. S.

LADIES go into ecstasies over the new perfume, "Lotus of the Nile."

It may be only a trifling cold, but neglect it and it will fasten its fangs in your lungs, and you will soon be carried to an untimely grave. In this country we have sudden changes and must expect to have coughs and colds. We cannot avoid them, but we can effect a cure by using Bickle's Anti-Consumptive Syrup, the medicine that has never been known to fail in curing coughs, colds, bronchitis and all affections of the throat, lungs and chest.

Scott's Emulsion of Pure COD LIVER OIL, WITH HYPOPHOSPHITES. For Children and Pulmonary Troubles.

Dr. W. S. Hoy, Point Pleasant, W. Va., says: "I have made a thorough test with Scott's Emulsion in Pulmonary Troubles and General Debility, and have been astonished at the good results; for children with Rickets or Marasmus it is unequalled." Put up in 50c. and \$1 size.

A SOLID FACT. THREE years ago I had liver complaint and indigestion. Nothing did me any good until I tried Burdock Blood Bitters, three bottles of which cured me. I have used B. B. B. as my medicine. JOHN FLOYD, Barnesville, N. B. B. B. regulates the liver.

No matter what may be the ills you bear from indigestion, a dose of Ayer's Cathartic Pills will ease you without question. Just try them once and be assured; they have much worse dyspepsias cured. You'll find them nice and amply worth the price.

Until the blood is cleansed of impurities, it is useless to attempt the cure of any disease. Rheumatism, which is traceable to an acid in the blood, has been cured, in numerous cases, by the use of Ayer's Sarsaparilla external treatment being of no avail.

FREELY USED.

MR. WM. MANN, of Ottawa, Ont., writes: I have used Dr. Fowler's Extract of Wild Strawberry in my family with the very best results. I recommend it to my friends and think it the best medicine in use for all summer complaints, diarrhoea, dysentery, etc.

Pain from indigestion, dyspepsia, and too hearty eating, is relieved at once by taking one of Carter's Little Liver Pills immediately after dinner. Don't forget this.

There is no one article in the line of medicines that gives so large a return for the money as a good porous strengthening plaster, such as Carter's Smart Weed and Belladonna Backache Plasters.

Mrs. M. Stevens, of Albany, N. Y., writes us as follows: "My stomach was so weak that I could not eat anything sour or very sweet, even fruit at tea-time would cause heartburn, fullness or oppression of the chest, short breath, restlessness during sleep, and frightful dreams of disagreeable sights, so that I would often dread to go to sleep. With the use of Northrop & Lyman's Vegetable Discovery this unpleasantness has all been removed, and I now can eat what suits my taste or fancy."

THE ANCIENT CAPITAL.

QUEBEC. I have been troubled with indigestion for the past two years and have tried many medicines without avail. I tried Burdock Blood Bitters and can say there is nothing equal to it. THOMAS O'BRIEN. B. B. B. cures dyspepsia, biliousness and constipation.

Many diseases of the skin are not only annoying but are difficult to cure. You will not be disappointed if you try Baird's French Ointment. It also cures insect stings, piles, chapped hands, &c. Sold by all dealers.

For Cramps, Cholera, Diarrhoea, Summer complaint, use Kendrick's Mixture. Kendrick's Mixture, a positive cure in nearly every case. Sold by dealers. 25 cents.

If sick headache is a misery, what a cure Carter's Little Liver Pills if they will positively cure it? People who have used them speak frankly of their worth. They are small and easy to take.

A CLOSE CALL.

AFTER suffering for three weeks from Cholera Infantum so that I was not expected to live, and, at the time, would even have been glad had death called me, so great was my suffering. A friend recommended Dr. Fowler's Extract of Wild Strawberry, which acted like magic on my system. But for this medicine I would not be alive now.

JOHN W. BRADSHAW, 393 St. Paul St., Montreal, P. Q.
