

posed, and righteousness to be set forth; both must go together. None can study the method of Christ, without being impressed with the twofold presentation of the truth; the clearing away, and the casting in the seed; creation of a right spirit in right action, and the embracing of light and life; standing in the light, and walking in the light of the Lord.

Our fervent hope is that through these meetings, a better and godlier spirit will pervade society; that through them the rounds of life will be christianized. What a great work! Yes! but how great are the means! "I am with you." Oh! how much those words contain! The sure word of promise to rest upon, and the conscious realized presence of Christ, in His grace and strength; what a stay and encouragement! God grant that here and everywhere God's people may prove the sure promises of grace we pray, "Thy Kingdom come," by expecting it, and putting ourselves in the way, each in his lot and place, saying, "Lord what wilt thou have me to do."

**DENOMINATIONAL NEWS.**

REV. C. T. PHILLIPS has recovered from the illness that confined him to his house for a time. He was able to occupy his pulpit last Sabbath.

**MILLSTREAM AND THE MOUNTAIN.**—Rev. G. A. Hartley baptized one and received two into the Lower Millstream church yesterday (17th), and I baptized three and received four into the Millstream Mountain church the same day.

A. H. McLEOD.

**LINCOLN, S. Co.**—A social was held at Lincoln Wednesday evening of last week. It was a rainy and dark evening, yet there was a very fair attendance. Deacon Nevers opened the meeting, Mr. Parker Glazier did the selling, Mr. A. Glazier, M. P. P., was Secretary, and the people were ready buyers of the things for sale. The proceeds were \$36.00 which was given Rev. Jos. McLeod who has been preaching there fortnightly during the Summer.

Licentiate Bonnell is now in the place, and is likely to have charge of the pastorate consisting of Lincoln, Waasis and Rosagornish. We hope so.

**MONCTON.**—Again, through the columns of the INTELLIGENCER, I address myself to the brethren in the Lord's vineyard. We are now quite settled in our new home, are fast getting acquainted with our work, and doing what we can for God's cause. Already I feel the touch of sympathy with His people, and a growing attachment to His cause in this place. Although the membership of our church is not large, yet there is manifest among the few a spirit of union, courage, and cheerfulness, that speak well for the future, and make the outlook bright. At our last communion I gave the hand of fellowship to three good working members, who were received by letter.

Now I will stop for fear I get too long, and Bro. Perry may think I have nothing to write about.

G. F. CURRIE.

Nov. 19th, 1889.

**FIRST DISTRICT.**—There is no doubt that many readers of the INTELLIGENCER, since General Conference, have been looking for news from the First District. I do not know if we have news of much interest to our friends just now. I have not been able to do much, if any, extra work in the field this Fall. The getting ready for winter here is tedious indeed. Last year we entered into the winter in the usual way, expecting to get hay and wood etc., when they were needed in the course of the winter; but it was a sad failure. It is true, we got the things, but in the most inconvenient way. The labor of fitting up about home for winter this fall is slower than usual. I am very lame and move about with a good deal of difficulty. Three weeks ago, while on my way to attend the S. Convention at Lower Perth, my horse got frightened at a R. R. hand-car; he suddenly sprang sideways, upset the buggy, the top and the seat were broken off, and threw me out; my daughter, who was with me, received no injury, but I was less fortunate; my ankle and shoulder were badly sprained. I was confined to the house some eight or ten days. Since that time I have been crawling about. I think I would soon be strong again if I could get a few days absolute rest, but that I cannot get just now. It is about impossible to hire help here. This is a very busy country; labour is exceedingly scarce, and I am obliged in my crippled condition to do the best I can without help.

With God's blessing I hope soon to be free and able for special work among the churches. Bro. Currier is getting on very well. He spends most of his time on Tobique. The interest on the Tobique river is good. We have a very good interest at Lower Perth also. We have added Bath and Bumfrau to our field here. We are deeply desirous of the prayers and interest of all the brethren.

J. J. BARNES.

**FROM REV. G. A. HARTLEY.**—Since my son has been labouring with the churches at Millstream, Sussex and Penobscot, we have exchanged pulpits several times. This has given him the opportunity of preaching to the people amongst whom he was born, converted, baptized and licensed to preach, and has afforded me the privilege of seeing a number of the few old friends yet remaining, whose acquaintance I formed in Kings Co. years ago, and of preaching to those congregations; all of which has been very gratifying to me. For a father and son to exchange pulpits is a joy known only to those who have had this experience.

To know that the son always has good audiences and an attentive hearing where he grew up, increases that pleasure, and then to learn from the people themselves, that the churches to whom the young man ministers, are increasing in efficiency and in numbers also, adds to the delight. The spiritual status of these churches as manifested by the increase of numbers at the communion services, especially so at Sussex, is highly encouraging.

My last visit to this pastorate was on Sabbath the 17th inst., when I did not get to Penobscot, no appointment for that evening being there. In the morning, at Millstream, I baptized a man and received him and his wife into the church. At the close of the preaching service, we had a very enjoyable and profitable communion service. The attendance and spirit were both good. At Sussex I preached at 3 o'clock, received into the church six members, and administered the Lord's Supper to a large number of communicants. It was a very interesting and helpful season. These accessions represent a good deal of strength. Letters had been obtained, and all the necessary arrangements had been made for these additions by my son leaving only the acts of baptism and giving the hand of fellowship for me to do.

On Monday as I was thinking of returning home, a telephone message was received, asking if I could go to North River and baptize some converts. At once I changed my plans and took the train for Salisbury. Here Deacon Taylor met me, and we were soon at his home in Eagle Settlement, where I met Bro. Abram Perry, the young preacher, whose labours God had so blessed that the assistance of an ordained minister was needed. I soon learned that Bro. Perry had been holding special meetings amongst the people two weeks, and that the Lord has greatly blessed his ministry. We had a meeting that evening when I preached to a full house. From the warm testimonies and the deep feeling there was amongst the people I knew that a blessed work of grace was in progress. The next morning we held a meeting when the meeting house was well filled. It was a time of unusual power. At the close of this service we repaired to the beautiful stream near at hand, where I baptized seven converts. A nice baptism I have not seen for a long time. Each candidate seemed solemn and happy, and came out of the water without either a dry or a wry face. Nine were received into the church at the water side. This seems to be a good work. Bro. Perry appears to be a zealous and faithful labourer, and has the prospects, I think, of seeing other souls brought to the Saviour. God bless him and the people of Eagle's Settlement.

G. A. HARTLEY.

**THE GLEANER**, which has heretofore been published tri-weekly has become a daily. The first issue of the daily was on Monday. The Gleaner is enterprising and newswy. We wish the new venture success.

**THE MEETING OF ADVENTISTS** in Screemerville, Va., last month to witness the coming of Christ, as we announced, was largely attended. A dispatch to the Chicago Inter Ocean says that all day, (October 22d) "the believers, clad in garments of white, were assembled in their meeting-house anxiously awaiting the great event. The clouding of the sun at intervals was hailed with joyous acclaim, the fatuous people believing that it was a sign that the momentous Coming was at hand. When the clouds rolled by again and the King of day re-appeared in his usual form, prayers, shouts and supplications rent the air, and moans of disappointment were heard on every side. As the shades of evening fell with no indications of the dissolution of this whirling world a feeling of deep sorrow prevailed among the weary and worn worshippers, who sadly departed for their homes."

There are many forms of nervous debility in men that would be the use of Carter's Little Liver Pills. Those who are troubled with nervous weakness, night sweats, etc., should try them.

It is hinted that Parliament will meet about the middle of January.

**PERSONAL.**—Rev. T. A. Blackadar has accepted a call to the Hampton Baptist church. He will be missed from York Co., where he has laboured several years.

We are glad to be able to say that Mrs. Wm. Downey is better than a week ago. Improvement is slow, but her family and friends are encouraged.

**SUNDRIES.**—Russia has 350,000 beggars. No wonder.....The baby king of Spain is to have his picture placed on postage stamps. ....Canon Blackley affirms that no less than ten per cent. of the population of England are paupers.....Women outnumber men everywhere except in the jails. Mr. George Muller has decided to spend the rest of his days in Sydney.

—The keeper of the morgue in New York city states that four-fifths of the five thousand bodies that reach the city dead-house every year are sent there by drunkenness.

**ADVICE TO MOTHERS.**—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers; there is no mistake about it. It cures Dysentery and Diarrhea, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale at all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

**Hospital Remedies.**

There is a new departure in the treatment of disease. It consists in the collection of the specifics used by noted specialists of Europe, and America, and bringing them within the reach of all. For instance the treatment pursued by special physicians who treat indigestion, stomach and liver troubles only, was obtained and prepared. The treatment of other physicians, celebrated for curing catarrhs, were procured, and so on till these incomparable cures now include disease of the lungs, kidneys, female weakness, rheumatism and nervous debility. Ask your druggist for them. Those who cannot procure these remedies from their druggist may remit the price to Hospital Remedy Co., 303½ West King St., Toronto, and the remedy will be shipped to them direct. (The price is one dollar each.) Descriptive catalogue sent on receipt of stamp to pay postage.

**IMPORTANT TO WORKINGMEN.**

**ARTIZANS**, merchants, and laboring men are liable to sudden accidents and injuries, as well as painful corks, stiff joints and lameness. To all thus troubled we would recommend Hagyard's Yellow Oil, the handy and reliable pain cure for outward or internal use.

**Hindard's Liniment Lumberman's Friend.**

For Cholera, Cholera Infantum, Summer Complaint, Cramps and Pains in the Bowels, there is no remedy that can be more relied upon than Kendrick's Mixture, for children or adults.

**C. C. Jacobs**, Buffalo, an employee of the U. S. Express Co., says:—"Dr. Thomas' Electric Oil cured him of a bad case of Piles of 8 years standing, having tried almost every known remedy besides 'two Buffalo Physicians' without relief, but the Oil cured him; he says it cannot be recommended too highly."

**Mrs. L. Squire**, Ontario Steam Dye Works, Toronto says:—"For about 30 years I have doctored for Liver Complaint and Dyspepsia without getting any cure. I then tried Northrop & Lyman's Vegetable Discovery, and the benefits I have received from this medicine are such that I cannot without this expression of my gratitude. It acts immediately on the Liver. As a Dyspepsia remedy I don't think it can be equalled."

Their gentle action and good effect on the system really make them a perfect little pill. They please those who use them. Carter's Little Liver Pills may be termed "Perfection."

Derangement of the Liver, with constipation, injures the complexion, induces pimples, sallow skin. Remove the cause by using Carter's Little Liver Pills. One a dose. Try them.

There are many forms of nervous debility in men that would be the use of Carter's Little Liver Pills. Those who are troubled with nervous weakness, night sweats, etc., should try them.

When the end came he peacefully fell asleep in Jesus. May the Lord graciously sustain the bereaved parents and brothers. The funeral service was conducted by the writer, who preached a short sermon from Isaiah 40:6—GIDEON SWIM.

**ESTES.**—At Jacksonville, C. Co., on the 19th inst., after a long illness, Luella, aged 23 years, beloved wife of Ernest Estes, and daughter of John and Mary Seely, of Houlton, Me. Mrs. Estes was a graduate of Pittsfield Institute, Me., and for several years was a teacher in Houlton Academy. She was a member of the Free Baptist Church in Houlton, and was a devoted Christian worker of far more than ordinary gifts, natural and acquired, she easily made and retained many friends, who mourn and sympathize with the young husband and the father and mother and brothers and sister in their sore bereavement. When she was conscious that her earthly work was done, she made arrangements for her funeral, and then, with a last prayer for patience, and commending her spirit to her Heavenly Father, went home. The 14th Psalm was a favourite with her, and from the 7th verse she selected the text for the funeral, "The Angel of the Lord encampeth round about them that fear him and delivereth them." The funeral service was held in the Fourth Baptist church, sermon by Rev. C. T. Phillips, assisted in the services by Revs. Archibald and Todd. (Visitor and Messenger please copy).

"THE CENTURY MAGAZINE" IN 1890—JOSEPH JEFFERSON'S AUTOBIOGRAPHY—NOVELS BY FRANK R. STOCKTON, AMELIA E. BARR, AND OTHERS—A CAPITAL PROGRAMME.

During 1890 The Century Magazine (whose recent successes have included the famous "War of Wonders" the Lincoln History and George Kennan's series on "Siberia and the Exile System") will publish the long looked-for Autobiography of Joseph Jefferson, whose "Rip van Winkle" has made his name a household word. No more interesting record of a life upon the stage could be laid before the public. Mr. Jefferson is the fourth in a generation of actors, and with his children and grandchildren, there are six generations of actors among the Jeffersons. His story of the early days of the American stage, when, as a boy, traveling in his father's company, they would settle down for a season in a Western town, playing in their own extemporized theatre, the particulars of the creation of his "Rip van Winkle" how he acted "Ticket-of-Leave Man" before an audience of that class in Australia, etc., all this, enriched with illustrations and portraits of contemporary actors and actresses, and with anecdotes, will form one of the most delightful serials The Century has ever printed.

Amelia E. Barr, Frank R. Stockton, Mark Twain, H. H. Boyesen, and many other well-known writers will furnish the fiction for the new volume, which is to be unusually strong, including several novels, illustrated novelettes, and short stories. "The Women of the French Salons" are to be described in a brilliant series of illustrated papers. The important discoveries made with the great Lick Telescope at San Francisco (the largest telescope in the world) and the latest explorations relating to prehistoric America (including the famous Serpent Mound, of Ohio) are to be chronicled in The Century. Prof. George P. Fisher of Yale University is to write a series on "The Nature and Method of Revelation," which will attract every Bible student. Bishop Potter of New York will be one of several prominent writers who are to contribute a series of "Present-day Papers" on living topics, and there will be art papers, timely articles, etc., etc., and the choicest pictures that the greatest artists and engravers can produce. Every bookseller, postmaster, and subscription agent takes subscriptions to The Century (\$4.00 a year), or remittance may be made direct to the publishers, THE CENTURY CO., of New York. Begin new subscriptions with November (the first issue of the volume) and get Mark Twain's story, "A Connecticut Yankee in King Arthur's Court," in that number.

**An Awful Sore Limb**

Skin entirely gone. Flesh a mass of disease. Leg diminished one third in size. Condition hopeless. Cured by the CUTICURA Remedies in two months.

**Cured by Cuticura**

For three years I was almost crippled with an awful sore leg from my knee down to my ankle; the skin was entirely gone, and the flesh was one mass of disease. Some physicians pronounced it incurable. It had diminished about one third the size of the other, and I was in a hopeless condition. After trying all kinds of remedies and spending hundreds of dollars, from which I got no relief whatever, I was persuaded to try your CUTICURA REMEDIES, and the result was as follows: After three days I noticed a decided change for the better, and at the end of two months I was completely cured. My flesh was purified, and the bone (which had been exposed for over a year) got sound. The flesh began to grow, and to-day, and for nearly two years past, my leg is as well as ever it was, sound in every respect, and not a sign of the disease to be seen.
