A very considerable industry exists in the West End which has not heretofore attracted much notice. Messrs. D. W. The other day a man in Bridgetown N. S., gave two small boys \$1 to procure some rum for him. With some enterprise and a good deal of indiscretion they picked up a dirty old bottle, had it nicely labelled, and filled it with a compound of molasses water and gave it to the old man in lieu of his crisp dollar bill. After a while the man took a taste of the liquid, and finding that he had been sold throw the bottle away. A little later he took deathly sick and continued so all night and was not fit to be sent home.

Mr. Corning Crowell in writing to the Sheep Breeder concerning his sheep farm at Seal Island, Barrington, N. S., says: My brother and I have 400 sheep which are doing well without shelter or feed, excepting what they get for themselves. There is not more than 20 acres of good pasture on the island, but then "Old Ocean" is casting up on the beach tons of good feed for our sheep every day. Our sheep live the greater part of the year (and thrive), on Irish moss dulse, and other weeds brought up by the sea. We bring our lambs into an inclosure about the 1st January, where we have a dry, well ventilated shed, and feed them on good clover hay and oats, with all the water and salt they want, until the first of April. The island is in the southern part of Nova Scotia, washed by the Atlantic ocean. There are 20 acres of sheep pasture, and about 900 acres in a dense fir forest. We intend to fell the trees, burn the wood on the ground, fence it into 50 acre fields, sow down to pasture, build sheds, if we think they require shelter, and have them go to the beach twice daily.

All the Europeans connected with the caravan are well with the exception of Stevens who is ill with the fever. Stanley brings 289 of Emin Pasha's people. Many of these are aged, decrepit or sick, and all are being carried to the coast by Stanley's Zanzibar men. The troops and carriers in Stanley's command elicit the unbounded admiration of every one. They are under the most perfect discipline and when on the road march in perfect order, only expected of a well trained well provisioned army. In a cable letter Stanley recounts the important geographical discovery made and says he was not prepared for such harvest of rich knowledge. His band was subjected to almost indescribable hardships and sufferings, but with the good accomplished he can see no reason for any heart's discontent.

Consumption Can Be Cured

Dr. D. D. McDonald, Petitcodiac, N. B., says: "I have been prescribing Scott's Emulsion with good results. It is especially useful in persons with consumptive tendencies." A BIG NUGGET

OF gold may make a man rich, but it cannot make him healthy. If afflicted with any form of dyspepsia, biliousness, constipation, scrofula, bad blood, kidney complaint or skin disease, the remedy that will make you well is Burdock Blood Bitters. It is the best blood cleanser known.

I CAN say that your Hagyard's Yellow Oil is the best thing I ever saw for croup, coughs, colds, cuts, or burns, and it is good for man or beast. MISS E. M. HOPKINS, Claremont, Ont. Yellow Oil cures rheumatism, neuralgia and all pain.

THAT CHRISTMAS MONEY.

In the next few weeks people will talk Christmas more than all other subjects combined. And very many will count their pennies to see if they will go around. And some will realize for the countless things offered for sale, "that money talks." Yes, and many a poor tired clerk will wish that they too could talk—back. To give unsel- fishly without thought of return is the true Christmas spirit; but how many times, oh human nature, will the thought occur this month "Now if I make so and so a Christmas present, wonder if I will get a return next year." The growing Christmas present custom comes hard among certain classes, who do not always have plenty of ready money; among farmers and people near towns, who keep poultry the egg supply, is a great source of Christmas money, because prices are always very high at this season. If the old hens will only shell out the eggs now, thinks many a mother: I can soon get back all the money taken for Christmas. The surest way we have heard of to get it back is this—E. A. Hubbard of Hatfield, Mass., says, "about one year ago I sent \$5.00 for six cans of Sheridan's Condition Powder to make hens lay and in January my 28 hens laid 29 dozen eggs. I have sent \$5.00 this year for six more cans and the Farm-Poultry monthly." Certainly that Christmas money came back in short order. Mrs. Warren Delano, Hampden, Me., said recently to the manufacturers of this wonderful powder "I sent \$6.00 for Farm-Poultry two years, and six large cans of Sheridan's Powder. It is the very thing needed. Last winter my hens did so poorly I almost lost heart, but this year, 50 hens have cleared me \$125.00. "All for a little courage and Sheridan's Powder, her hens paid her more than double the average usually allowed per hen, so that her Christmas money returned manyfold. Husbands, a word to the wise is sufficient; Make your wives a Christmas present of six cans of Sheridan's Powder and take no other. For 50 cents I. S. Johnson & Co., Boston, Mass., will send two 25 cent packs; five packs for \$1.00; or for \$1.20, one large 2-1-4 pound can of Powder, postpaid; six cans for \$5.00, express pre-paid. The best Poultry paper—Farm Poultry one year, and a can of Powder for \$1.50.

THE NEW WORD.

EUPEPSIA is derived from the Greek, and means a condition of perfect digestion. This condition is always attained by those who use Burdock Blood Bitters, the only guaranteed medicine for all forms of dyspepsia, constipation, biliousness, rheumatism, scrofula and all blood diseases.

The public should bear in mind that Dr. Thomas' Electric Oil has nothing in common with the impure, deteriorating class of so-called medicinal oils. It is eminently pure and really efficacious—relieving pain and lameness, stiffness of the joints and muscles, and sores and hurts, besides being an excellent specific for rheumatism, coughs and bronchial complaints.

Mr. Henry Graham, Wingham, writes us: "For fifteen years I have suffered with indigestion, and during that time I could get nothing to give me relief, although I tried a great many different kinds of medicine recommended for that complaint. I now feel like a new man, and this wonderful change has been accomplished by the use of four bottles of Northrop & Lyman's Vegetable Discovery. To me it has been a valuable medicine."

Free and easy expectoration immediately relieves and frees the throat and lungs from viscid phlegm, and a medicine the promotes this is the best medicine to use for coughs, colds, inflammation of the lungs and all affections of the throat and chest. This is precisely what Bickle's Anti-Consumptive Syrup is a specific for, and where ever used it has given unbounded satisfaction. Children like it because it is pleasant, adults like it because it relieves and cures the disease.

Do not despair of curing your sick headache when you can so easily obtain Carter's Little Liver Pills. They will effect a prompt and permanent cure. Their action is mild and natural.
