

collection be taken for that purpose ; just then it occurred to Bro. T. that he was not prepared for that part of the meetin as he had nothing less than a five cent piece, and he thought it would be better to postpone that part till the next meetin when he would come prepared. I did pity the deaconst I always do, for it seems to me that such people are so uncharitable and expect so much of them. If you never tried to run a Sunday school in a country church you do not know how to feel for those who hev. I never tried to run a Sunday school and had to be the head and tail and all the rest of it and I concluded it took some one bigger than me to be a Sunday school, and ever since I hev a pitten feelin for any who has sich experiences. When no one takes any interest only to find fault and tell what ought to be done, and then say any church is just as good as orn and better, for they do every-thing on a system, it aint very nice. But Sallie says she could not expect any thing else, for the other churches and their members read and take their denominational papers and know about their work, and she says the reason Bro. Tompkins is so close and does so little is cause he don't even take the INTELLIGENCER; but he has a Methodist friend who gives him a paper to read (a Methodist paper) and so he knows more about other people's business than he does about his own. And she says that is just like we ust to be, for we kept house a few years without the INTELLIGENCER. But then we knew there was somethin we ought to hev, and we got it when we subscribed for the paper. And we hev often said that we did not see how we got along so well as we did, and Sallie says she couldn't keep house without it now, for it brings so much of cheer every week, and then she says the editor is strate out on women's rites and that pleases her. Bless her life, she has good ideas of what womans rites is. O yes, I have wandered a little from the pint. I was a goin to say our church and deacons would get along better if they would take their own paper. And I mean pay for it too, so the editor could git along. You needn't mention this Mr. Editor, but I knowed one man that took a paper ten year, and that is all he did do, he never paid for it. I hope you may never know that man. Well I better quit for this time. I have a lot of things I want to tell you, if I could rite good it would not be so hard for you to read it. I told Sallie the other day I thought we would take our letter from Crystal Brook and go over and jine Jordanville church, but Sallie says she has traveled some and lived in a city once, and even there they hev things that is not pleasant and it is no use trying to find perfection here. But said I, Sallie, you know if we take our letter then we kin go where Bro. Tompkins aint always findin fault, and tellin how deacons and preacher should hev common sense, and what they should do. But stop, said Sallie, don't you know every church has a Bro. T., only sometimes he has another name. Its time to go to prair meetin, so I'll hev to tell you bout it next time.

Yours,
UNCLE NEWELL.

THE CHURCH UNION COUNCIL.—The Union Council of delegates from the Presbyterian, Methodist, and Episcopal churches of Canada, was in session last week in Toronto. The Council includes a number of the ablest men these churches have produced in this generation. On motion of the Rev. Dr. McMullen, Moderator of the General Assembly, seconded by the Rev. Dr. Williams, General Superintendent of the Methodist Church, the Bishop of Toronto was elected to the chair. Speeches were delivered by the Chairman, Principal Caven, the Bishop of Huron, the Rev. Dr. Sutherland, the Rev. John Langtry, and the Rev. Dr. Stewart, of New Brunswick. All expressed the desirability of union. Mr. Langtry's ideas summed up were that a united church could be secured by unity of doctrine and opposition to the Roman Catholic church. Dr. Stewart's address was practically a reply to Mr. Langtry, in which he held that a corporate unity was not altogether necessary. He believed a spirit of unity could be secured without organic union. What the world wants now more than ever is a better Christian fellowship between the followers of Christ. Several members of the three churches represented at the meeting expressed themselves highly delighted with the discussion and were not slow to say that much good may confidently be looked for, although organic union may be in the distant future. The press reporters were excluded from the meetings.

The Council has closed its session. All the proceedings seem to have been

pleasant. The subjects for discussion as arranged by the committee were. A corporate unity, the amount of unity in doctrine, worship and modes of action between the three bodies, the Holy Scriptures, the Creeds, the condition of administration of the Sacraments, the historic episcopate. All these topics were discussed freely with the very happy result that all discovered that the points on which they agreed were more numerous than those on which they differed. After passing the following resolution the Conference closed with the doxology, in which all heartily joined:—

Moved by the Rev. Septimus Jones, and seconded by the Rev. Principal Caven, that we desire to record our devout thankfulness to Almighty God that we have been led to assemble together, and that we acknowledge the profit these meetings tend to develop, and, believing that similar conferences would result in equal profit, we recommend them to our several churches.

The general impression is that another Conference like this one will be held next year.

Things About Town.

—Moving day.

—Mayor Hazen is to move to St. John some time this month.

—A new Mayor will have to be elected soon. Please select a good one, gentlemen.

—The construction of the wing to the Victoria Hospital, to be used for cases of contagious diseases, has been commenced. The \$1,000 given by Asa Dow, Esq., if being used for this purpose.

MR. JOHN S. McLEAN of Halifax died on Thursday last. He was a leading merchant and President of the Bank of Nova Scotia. For many years he has been prominently connected with Y. M. C. A. work and actively interested in every moral and religious movement. He will be much missed.

THE PROPOSED Prohibitory Amendment to the Constitution of Massachusetts was defeated in the vote of last week. Boston went strongly against it.

PROTEST.—Some fifty members of the Episcopal church in Ottawa known as St. Bartholomew's have petitioned to prevent the minister Rev. Mr. Hannington, from continuing ritualistic practices.

—The Sons of Temperance in Nova Scotia number 300 divisions and about 16,000 members. The agency committee of the Grand Division had two lecturers employed last year who travelled 6716 miles in 16 counties of the province, addressing 442 public meetings, visiting 277 schools and 199 divisions. Thirty-seven societies were organized.

—A sensible judge has decided that the saloon keeper who sells the first glass to a man who afterwards gets drunk at some other place and commits a deprecation, is just as liable in a suit for damages as any of those who subsequently sold him drink.

A Public Benefactor.

“Who is H. H. Warner, of Rochester, N. Y., whose Safe Remedies, especially Warner's Safe Cure, have attained such success and celebrity at home and abroad?”

Hon. B. H. Warner, then, is a leading and honored resident of Rochester, not only, but a prominent and influential citizen of the United States. On several occasions chosen by his party as a National delegate to nominate a President of the Republic, he has been a member of the Republican State Committee and of its Executive Committee. He is a member of the American Institution for the Advancement of Science; President of the Rochester Chamber of Commerce; a successful and upright business man. He has given away fortunes in charities. The celebrated and costly Warner Observatory of Rochester was conceived, endowed, and is maintained by him. His munificent prizes for the discovery of comets has been at once the wonder and delight of the scientific world.

The yellow fever scourge in the South, the Ohio floods, the fire disasters of Rochester and other cities awakened his profoundest sympathies and in each instance his check for from \$500 to \$5,000 swelled the several relief funds. Where other wealthy men give tens and hundreds, he gives hundreds and thousands.

The world has need of more such men.

An incident led him into the manufacture of medicine. Seized some twelve years ago with what the ablest physicians termed fatal kidney disease, he was miraculously restored to health by what is now known as Warner's Safe Cure. At once he resolved to make known the merits of so potent a remedy, and the consequence is that to-day he has immense laboratories and warehouses in the United States, Canada, England, Germany, Austria, Australia, and Burma. Sales of his Safe Remedies are enormous, and their power over disease simply marvelous.

The merit of a production is in exact keeping with the character of its producer. An honest and reliable man himself, Mr. Warner makes honest and reliable medicines—a fact abundantly attested by their phenomenal efficacy and popularity.

ADVICE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of Cutting Teeth? If so send at once and get a bottle of “Mrs. Winslow's Soothing Syrup” for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it; mothers; there is no mistake about it. It cures Dysentery and Diarrhoea, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system.

“Mrs. Winslow's Soothing Syrup” for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for “MRS. WINSLOW'S SOOTHING SYRUP,” and take no other kind. July 16th

Special Announcement.

We have made arrangements with Dr. B. J. Kendall Co., publishers of “A Treatise on the Horse and his Diseases” which will enable all our subscribers to obtain a copy of that valuable work free by sending their address (enclosing a two-cent stamp for mailing same) to Dr. B. J. Kendall Co., Enosburgh Falls, Vt. This book is now recognized as standard authority upon all diseases of the horse, as its phenomenal sale attests, over four million copies having been sold in the past ten years, a sale never before reached by any publication in the same period of time. We feel confident that our patrons will appreciate the work, and be glad to avail themselves of this opportunity of obtaining a valuable book.

It is necessary that you mention this paper in sending for the “Treatise.” This offer will remain open for only a short time.—6w.

THE late Dr. Austin Flint, professor in Bellevue Hospital Medical College, Fellow of the New York Academy of Medicine, member of the state medical societies of New York, Virginia, Rhode Island, Massachusetts, etc., says in speaking of advanced kidney disease (or Bright's): “Fatal termination is many times due to pericarditis (heart disease), apoplexy, difficult breathing, dropsy.” The foregoing are but symptoms of disease. That being the case there is nothing absurd in the claim made by the proprietors of Warner's Safe Cure that they prevent apoplexy and cure heart disease, etc., with Warner's Safe Cure. Why? Because it removes the cause of disease, and when the cause is removed the symptom called a disease is cured.

DO TELL ME? the name of that delightful Perfume you use. With pleasure. It is the “Lotus of the Nile.”

THE BEST COUGH MEDICINE we know of is Allen's Lung Balm.

TO ATTAIN PERFECTION in the art of Flavoring use the “Royal Extracts.”

THE FAVORITE MEDICINE WITH ALL Classes—Perry Davis' Pain-Killer.

AFTER A TOO HEARTY DINNER, if you feel dull and heavy, try a dose of Campbell's Cathartic Compound.

BE SURE when you buy Condition Powders, to get the “Maud S.” refuse all others.

AN UNWELCOME GUEST.

Disease in any of its myriad forms is never welcome, and the end of its visit is always rejoiced at. Burdock Blood Bitters cures all diseases of the stomach, liver, bowels and blood, giving life and hope with every dose.

FROM OCEAN TO OCEAN.

Fishermen and miners in Nova Scotia, mechanics and farmers in Ontario and Quebec, hunters and trappers in the Territories, and gold miners in British Columbia, use and praise Hagyard's Yellow Oil, the great internal and external remedy for all pain. It cures rheumatism, neuralgia, sore throat and croup, and is the reliance of thousands.

“I WAS SUFFERING,”

Says S. S. Shewfelt, of Kingsley, Man., “from weakness and loss of appetite, with a severe headache, and could scarcely walk. My first bottle of Burdock Blood Bitters enabled me to walk about the house, and when I had taken the second bottle I found myself entirely cured.

QUICK TIME—48 HOURS.

“I always use Hagyard's Pectoral Balsam for colds and it cannot be beaten. It has always cured me within 48 hours, which no other medicine will do and I always keep a bottle by me.” These words from Chester Miller, Leiry, Ont., prove the efficacy of a popular preparation.

SEVERELY BURNED.

“I burnt my hand severely, and did not know what to do till a friend ran in with some Hagyard's Yellow Oil and applied it, and it drew out the pain and healed it in a few days. I would not be without it.” Mary Lepard 59 Cecil St., Toronto.

STRONG RESISTANCE.

A healthy human body has strong powers of resistance against disease, but where weakness or lack of tone exists disease quickly assails it. Keep the system clean, the blood pure and the vital powers vigorous and active by the use of Burdock Blood Bitters, the true vitalizer and restorative.

MESSRS. C. C. RICHARDS & Co., Gents.—Having used MINARD'S LINIMENT for several years in my stable, I attest to its being the best thing I know for horse flesh. In the family we have used it for every purpose that liniment is adapted for, it being recommended to us by the late Dr. J. L. R. Webster. Personally I find it the best allayer of neuralgia pain I have ever used.

Deaths.

JONES.—April 21st, Arthur S., infant son of Mr. and Mrs. Geo. P. Jones died of fever, after eight days painful suffering. We extend sympathy to the bereaved parents.—D.

JONES.—At the residence of his daughter, Mrs. H. Thomas, Fredericton Junction, on the 17th ult., after a lingering illness, Mr. Stephen Jones, aged 66 years. Funeral services conducted by the writer, Friday, April 19th.—Geo. W. Foster.

MONTEITH.—At her son's residence, Bridgewater, Me., on the 20th inst., Jane, widow of the late David Monteith, in the 57th year of her age, leaving two sons and two daughters, with a number of relatives and friends to mourn their loss. Sister Monteith professed religion and was baptized by the late Rev. A. Taylor over 30 years ago. By her request her funeral services were conducted by the writer. The esteem in which she was held as a Christian lady was evinced by the large congregation that attended her funeral.—E. B. Gray.

ADAMS.—At Yarmouth, N. S., on the 7th inst., after a lingering illness, Vesta, aged 31 years, beloved wife of Henry Adams. Fourteen years ago she was baptised by the late Rev. J. Shaw and united with the F. C. Baptist church of Lutz Mountain. Her last days were passed in Christian resignation. She was the oldest daughter of Mr. and Mrs. Henry Budd, of Cocaine, W. Co. She leaves a kind husband, 5 children, 3 brothers, 4 sisters and her parents, besides a host of friends to mourn their loss. “No lead she trusted.” Funeral in Yarmouth on the 10th ult.

JACQUES.—At Woodstock, on the 17th ult., Edith May, aged 8 years and 6 months, only daughter of James M. and Phoebe Jacques. Much sympathy is felt for Mr. and Mrs. Jacques in their sore affliction, as they have lost two children within a week, from that dread disease scarlet fever. Their two remaining children have been very low with the same disease, but hopes are now entertained of their recovery.—Com.

RIBKEL.—At Kars, K. Co., on the 23rd ult., Herbert M., eldest son of Martin Ribker, aged 22 years. This young brother gave his heart to Christ about two years ago under the labours of Rev. B. H. Nobles and was by him baptized and received into the F. C. Baptist church at Kars. He lived an exemplary christian life and commanded the confidence and esteem of all who knew him. During his sickness he was preciously sustained by the covenant-keeping God, upon whose promises he rested with unwavering confidence. And when the margin of the “River” was reached he stepped trustingly into its chilly waters and passed triumphantly to the other side. A large number of weeping relatives and sympathizing friends were in attendance at the funeral services, and followed him to the grave.—J. T. P.
